'रिपाइं'चा वर्धापन दिन मुख्यमंत्र्यांच्या उपस्थितीत

म. टा. प्रतिनिधी, मुंबई

'रिपब्लिकन पार्टी ऑफ इंडिया' चा ६१वा वर्धापन ३ ऑक्टोबरला मुख्यमंत्री देवेंद्र फडणवीस यांच्या प्रमुख उपस्थितीत ठाण्यातील झोकाळी भागातील हायलँड मैदानात आयोजित करण्यात आला आहे. बाबासाहेबांच्या

संकल्पनेतील व्यापक रिपब्लिकन पक्ष उभारण्याचा संकल्प या कार्यक्रमात होणार असल्याचे पक्षाचे अध्यक्ष, केंद्रीय सामाजिक न्याय राज्यमंत्री रामदास आठवले यांनी सांगितले. डॉ. बाबासाहेब आंबेडकरांनी ३ ऑक्टोबर १९५७ रोजी रिपब्लिकन पार्टी ऑफ इंडियाची स्थापना केली होती.

तत्कालीन सत्ताधारी काँग्रेस पक्षाविरोधात देशात समर्थ विरोधी पक्ष निर्माण करण्याचा डॉ. बाबासाहेब आंबेडकर यांचा संकल्प होता. त्यानुसार सर्व जाती-धर्मीयांचा सर्वसमावेशक पक्ष निर्माण करण्याचा प्रयत्न आहे. त्यासाठी दरवर्षी पक्षाचा स्थापना दिवस आम्ही साजरा करतो, असे आठवले म्हणाले. दुपारी

तीन वाजता होणाऱ्या या कार्यक्रमासाठी ठाण्याचे पालकमंत्री एकनाथ शिंदे, राज्यमंत्री रवींद्र चव्हाण, महापौर मीनाक्षी शिंदे, खा. कपिल पाटील, खा. राजन विचारे, आ. संजय केळकर, निरंजन डावखरे, प्रताप सरनाईक आदींना आमंत्रित करण्यात आल्याचेही त्यांनी सांगितले.

Musk to resign as Tesla chairman

Settles SEC fraud case for \$40 mn; will continue as CEO

REUTERS
Washington/San Francisco, 30 September

Tesla and Elon Musk have agreed to pay \$30 million each to financial regulators and the bill will be split down as the company's chairman

but remain as chief executive, under a settlement that caps a tumultuous two months for the carmaker. The securities fraud investigation, disclosed by the Securities and Exchange Commission on Saturday, will come as a relief to investors, who had worried that a lengthy legal fight would further hurt the loss-making electric car company.

The SEC on Thursday charged Musk, 47, with misleading investors with tweets on August 7 that said he was considering taking Tesla private at \$420 a share and

had secured funding. The tweets had no basis in fact, and the ensuing market chaos hurt investors, it claimed.

Investors and corporate governance experts said the agreement could strengthen Tesla, which has been bruised by Musk's recent behaviour, which included smouldering marijuana and wielding a sword on a webcam, and attacking a British rescue diver via Twitter. The settlement should place more oversight on Musk while not taking the devastating measure of forcing him

out, said Steven Helm, a director at Boston Common Asset Management, which owns shares in Tesla's battery maker Panasonic. Tesla must appoint an independent chairman, two independent directors, and a board committee to set controls over Musk's communications under the proposed agreement.

"The prompt resolution of this matter on the agreed terms is in the best interests of our markets and our investors, including the shareholders of Tesla," SEC Chairman Jay Clayton said,

Indonesian quake toll jumps to 832

The toll from an earthquake and tsunami in Indonesia soared on Sunday to 832 confirmed dead, with authorities fearing it will only climb as rescuers struggle to reach outlying communities cut off from communications and help.

Hundreds of people were reported to be trapped in the rubble of two hotels and a mall in the city of Palu, which was hit by waves as high as six metres (20 feet) following the 7.5 magnitude earthquake on Friday. A woman was pulled alive from the debris of the city's Rona Rona Hotel, where up to 60 people were believed trapped. Hundreds of people gathered at the wrecked mall searching for loved ones. With most of the confirmed deaths from

Palu, authorities are bracing for much worse as reports filter in from outlying areas, in particular, Donggala, a region of 300,000 people north of Palu and close to the epicentre of the quake, and two other districts. Vice President Jusuf Kalla said the toll could rise into the thousands. President Joko Widodo visited a housing complex flattened when the quake liquefied the soil it stood on, and called for patience. "I know there are many problems that need to be solved in a short time, including communications," he said.

The ruins were the rebuilt, he said, as aftershocks rattled the region 48 hours after the quake.

US wants changes in UN climate change report

MITIN SETHI
New Delhi, 30 September

The United States has asked for more than a hundred dilutions, alterations and deletions in a report of the United Nations' inter-governmental panel of scientists on climate change (IPCC). The report, to be released on October 7, explains what it would take the global community to keep the rise in global average temperatures below 1.5 degrees Celsius and the consequences of not doing so for the planet.

Business Standard reviewed the set of comments sent by the US government to UN IPCC for changes in the draft before it is finalised for public release.

In a large number of comments, the US has asked for more sharply and rigorously highlighting the 'uncertainty' involved in projecting increases in greenhouse gas emissions, the consequent global warming and the subsequent impacts on environment and economy.

Where that is not done or possible it has

asked for removal of the scientists' conclusions. In some of its comments, it has challenged various aspects of the report, such as its use of adverse impacts for people and the planet and asked that this 'fact' be addressed in the climate change report.

While making these critical demands in its submissions to the UN, the US has reiterated that it "intends to withdraw from the Paris Agreement at the earliest opportunity absent the identification of terms that are more favourable to the American people. The comments provided on this report are expert comments on scientific and technical issues. They do not reflect any statement on or change in the US position on climate change policy or represent any implied commitment."

It has also distanced itself from the UN Sustainable Development Goals (SDGs), saying, "At this time, the US Government cannot express support for specific goals or targets of the SDGs."

The scientists on the IPCC prepare such

reports. The report is prepared in two parts, a summary for policymakers and the longer and more detailed scientific evidence that is marshalled to write the summary.

The Summary for Policymakers, or SPM as it is often called, becomes the core scientific basis for countries to further the UN climate change negotiations, including those under the Paris Agreement.

This particular report is likely to be the basis for countries to negotiate in December 2018, when and under what circumstances to ramp up their existing commitments and targets under the Paris Agreement, which is to be implemented starting 2020.

The draft prepared by the authors is sent to a round of scientific reviews to experts around the world and then the second draft is shared with all governments for their review. Government representatives are set to meet starting October 1 to finalise the summary based on the comments.
