The advertisement features a large image of three industrial PET blow moulding machines in a factory setting. To the right, there are three circular insets showing different types of PET moulds. Below these, a collection of various PET bottles and jars is displayed. The background is a clean, blue-toned industrial environment.

Engineered for Performance, Precision & Efficiency.

We are proud to announce a transformative milestone in our growth journey. To further strengthen our capabilities and enhance production efficiency, **Global PET Industries Ltd.** has successfully completed a strategic investment in advanced mould manufacturing machinery.

This expansion reinforces our commitment to precision engineering and faster delivery timelines, ensuring we remain your preferred partner for high-speed PET packaging solutions.

## What This Means for Our Clients:

- ✓ **High-Precision Manufacturing:** Enhanced accuracy for complex designs like 38mm neck finishes and multi-cavity configurations.
- ✓ **Faster Turnaround:** Significantly reduced lead times from design to final mould testing.
- ✓ **Consistent Quality:** Servo-driven precision and automated consistency across every batch.
- ✓ **One-Roof Solution:** Full synergy between our PET Blow Moulding Machines and our in-house precision moulds.

## Diverse Packaging Expertise

Our expanded facility is now optimized to deliver high-performance moulds for:

Beverage

Edible Oil

Lubricant & Engine Oils

Pharma

Home Care & Detergents

Agrochemical Packaging

A big thank you to our clients and partners for your continued trust as we build the future of PET packaging together.
