Cyclone-hit NZ calls national emergency

Cyclone Gabrielle caused widespread flooding, landslides and ocean swells

Reuters
feedback@livemint.com
WELLINGTON

New Zealand declared a national state of emergency for only the third time in its history on Tuesday as Cyclone Gabrielle caused widespread flooding, landslides and huge ocean swells, forcing evacuations and stranding people on rooftops.

Cancelled flights stranded thousands of people, while hundreds of thousands remained without power.

"The severity and the breadth of the damage that we are seeing has not been experienced in a generation," prime minister Chris Hipkins told a news conference on Tuesday.

Australia and Britain had pledged support, he added.

At 6 pm (0500 GMT) Gabrielle had moved southeast of Auckland, near the east coast of the country's North Island, and was expected to continue moving southeast, roughly parallel to the coast. Weather warnings remained in place for much of the east coast of the North Island and upper South Island.

About 225,000 people were left without electricity, while dozens of supermarkets closed, with Hipkins urging New Zealanders not to panic-buy supplies.

Architect Lars von Minden, 50, lives in Muriwai, a beach town on the coast west of Auckland.

"I've seldom seen anything like it," he told Reuters by phone. "There are three or four areas where there are just these massive slips, some of them 300 metres (1,000 feet) across, that have come down, taking out houses and roads and everything."

Kieran McNulty, minister of emergency management, said that while New Zealand was now through the worst of the storm, more rain and high winds were expected.

The country was suffering from extensive flooding, landslides and damage to

roads and infrastructure, he added.

Transmission companies around the country reported damage to substations and power networks.

Authorities have evacuated beach settlements and are urging still more people to leave homes as rivers continue to swell and huge surf inundates beachfront properties.

Roads are closed, mobile phone services down and some towns cut off. Residents in hard-hit areas are being asked to conserve water and food because of fears of shortages. Air New Zealand restarted some flights in and out of Auckland, though many routes remained disrupted.

Helicopter and boat crews were rescuing people trapped by rapidly rising flood water in Hawke's Bay, southeast of Auckland.

Hipkins said it was too early to say how many people had been displaced or injured. No death has been confirmed.

Media reported one person was missing after a house had slid down a hill in Hawke's Bay, while the fire and emergency service said a volunteer firefighter was still in a house that had been swept downhill in a landslide.

Local media published photographs and video of people sitting on top of buildings surrounded by flood water, of houses swept to the bottom of hills by landslides and of roads under water.

A New Zealand warship rescued a person from a yacht that turned on its emergency beacon this morning off the east coast.

New Zealand declared national emergencies after an earthquake in 2011 and when the covid-19 pandemic hit in 2020.

Ford to slash 3,800 jobs across Europe

AFP
feedback@livemint.com
PARIS

U S automaker Ford said on Tuesday that it would cut 3,800 jobs in Europe, mostly in Britain and Germany, as competition in the electric car sector intensifies.

The company said 2,300 positions in product development and administrative functions would be slashed in Germany, 1,300 in Britain and another 200 elsewhere in Europe over the next three years.

Those are difficult deci-

sions, not taken lightly," said Martin Sander, general manager of Ford Model e in Europe.

"We recognize the uncertainty it creates for our team, and I assure them we will be offering them our full support in the months ahead," Sander said.

The company was aimed at revitalizing its business in Europe and competing profitably with a new line-up of passenger vehicles. "The company is taking

action to restructure its business in Europe, creating a leaner, more competitive cost structure," Ford said.

The company said it was "responding to rapidly changing market conditions and a growing field of electric vehicle competitors entering the market".

The job cuts in Germany are lower than the 3,200 layoffs that the IG Metall union had expected in January.

The union expressed relief, saying the move "includes cost

savings for the company and also safeguards its German sites".

But a union statement also warned the Ford case "shows that in an era of increasing digitalization and globalization, it is not just assembly and production jobs that could be relocated, but also those of highly qualified (workers)".

British union Unite said the job cuts in Britain were "another stark reminder that the shift to electrification

needs a just transition that requires long-term investment and planning from automakers and a proper industrial strategy from government.

EXPLORING LIMITLESS POSSIBILITIES

Tejas Mark 1: Stepping stone to self-reliance

AJAI SHUKLA
Bengaluru, 14 February

The central theme of the ongoing Aero India 2023 air show in Bengaluru is "atmanirbharta" or self-reliance in building India's requirement of military equipment. Emblazing atmanirbharta is the Tejas Mark 1 fighter, which has placed India on the map of countries that can design, develop and manufacture advanced fighter aircraft.

This is already yielding results. Hindustan Aeronautics Limited (HAL) CMD C B Ananthkrishnan revealed on Tuesday in Bengaluru that India is discussing the sale of 20 Tejas light combat aircraft (LCA) with Egypt and 15 Tejas fighters with Argentina. But for the Defence Research and Development Organisation (DRDO), the real value of the Tejas Mark 1 is the role it will now play in the development of India's next generation of fighter aircraft that will be more technologically advanced and lethal.

In the India Pavilion, dedicated to success stories in indigenisation, the Tejas Mark 1 fighter is lionised as the key stepping stone to the development of a range of fighters: Tejas Mark 2, the fifth-generation fighter eponymously called the Advanced Medium Combat Aircraft (AMCA) and the Twin Engine Deck Based Fighter (TEDBF) that is intended to fly missions from Indian Navy aircraft carriers.

In addition, the LCA (Navy) is eulogised as an important platform for technology development that will power naval aircraft such as the TEDBF.

Business Standard spoke to Girish Deodhare, who heads the Aeronautical Development Agency (ADA) — the DRDO laboratory that oversees fighter

more powerful than the current F404 engine. The F414 was selected in a global tender in 2012, in which it edged out the Eurojet EJ200 engine. The Mark 2 is designed around the F414 engine.

AMCA

"The design of the AMCA — a fifth-generation stealth fighter — is complete and it is at the stage of critical design review. We are at the preliminary design stage of the TEDBF and that should move along quickly now," said Deodhare.

Aero India 23 has displayed an AMCA simulator with a state-of-the-art cockpit. The DRDO has also displayed advanced actuators that are now being made in India and available for indigenous use.

"We have also developed the internal weapons bay for the AMCA and a working model of that is on display," said Deodhare. "The AMCA is being allotted a budget of ₹15,000-16,000 crore. The air force is looking at seven squadrons of AMCAs."

TEDBF

Deodhare explained that the TEDBF is not a fourth-generation fighter, but a generation-five minus aircraft. Its basic design has been completed and ADA is at the preliminary design stage. The fighter's all-up weight will be 25-26 tonnes and it will have twin F414 engines.

Inputs are being fed in from LCA (Navy) trials from Goa and from the INS Vikrant. The wing-folding mechanism has now been finalised. The fighter can carry weapons on its wing-tips despite the wing-folding mechanism. Its armament load will be 17.5 tonnes.

"We are trying to take inputs also from other programmes. We are doing everything indigenously, not even thinking of imported radar. Once we develop basic technologies it is easy to upscale it for larger platforms," said the ADA chief.

aircraft development.

LCA (Navy)

"Trials of landing and taking off from a carrier's deck are under way in INS Vikrant and we are successfully doing those with a prototype LCA (Navy)," said Deodhare.

The LCA Navy prototype is proving all the indigenous technologies coming out of our sister laboratories for future aircraft, said the ADA chief. These include the radar, the electronic warfare systems and weapons such as the Astra air-to-air missiles. Since all the avionics on the Astra are indigenous, this is easily done. Within months it can be made ready for testing and qualifying.

"Thanks to the LCA (Navy) prototype, we are understanding how to design carrier-based

naval aircraft and are progressing very well," said Deodhare.

The LCA (Navy) was sanctioned in 2003 and it first flew in 2012. It did the first ski-jump in 2014 and the first arrested landing in 2019. Two months later, it graduated to a carrier deck — such as the Navy's confidence in the aircraft.

Tejas Mark 2

The LCA Mark 2 is going to be a 17.5-tonne fighter, with significantly more weapons load and fuel carriage than the 14-tonne Mark 1. The LCA Mark 2 will fly by 2024-25 and will be ready for production by 2027, said Deodhare. The drawings for the Mark 2 are ready and manufacturing will soon commence. The Indian Air Force (IAF) is looking at six squadrons of the fighter.

The LCA Mark 2 will be powered by the General Electric (GE) F414 engine, significantly

'Indian Pros See Bright Job Prospects'

Work-life balance a core element; 8 in 10 employees confident of landing a new job: Randstad study

Prachi.Verma@timesgroup.com

New Delhi: Employees in Indian companies continue to be confident of their job prospects despite the spate of global technology layoffs, and work-life balance is a core element for them while considering a change of employment, said a new study.

At least eight in ten employees are confident of landing a new job within three to six months, show the India findings of recruitment firm Randstad's Workmonitor 2023 study, shared exclusively with ET. The study, which was also conducted globally, covered all major sectors including retail, consumer, manufacturing, FMCG, construction, IT and real estate.

Seven out of 10 employees at India Inc are looking at switching jobs in the next six months for reasons like better job security, higher pay packages and improved work-life balance, according to the findings.

"This reflects the strength and robustness of India's job market as well as the

strong trust in its ever-growing size and potential," Randstad India managing director Viswanath PS told ET.

Work-life balance and a sense of belonging are more important to Indian employees than most of their counterparts elsewhere. Most employees in India (74.9%) are ready to quit a job if it prevents them from "enjoying their life", according to the findings.

"More than half (58.7% and 60.6%, respectively) agreed to have quit their job because of the toxic workplace and the job didn't fit in with their personal life," said the survey report.

Disengagement and dissatisfaction with work have already led to "quiet quitting" among 56% of the survey respondents. "Quiet quitting" is where workers perform only the bare minimum in their jobs.

A large chunk of employees also value flexibility in terms of working hours, intensity and location. As much as 93% of Indian respondents (compared to 70% respondents at the global level) feel that remote work is important to them, according to the findings.

Last year, only 59% employees in India were seeking a job change, as per the findings, as most were still trying to protect their jobs amid the aftereffects of the pandemic.

According to the survey, 97.4% of the respondents considered job security to be extremely important, 69.5% were worried about losing job, while 80.2% were worried

about the impact of economic uncertainty on their jobs. "This suggests that they are also exploring job change opportunities to create a safety net for themselves," according to the report.

"Today, employee-centricity is one of the most crucial factors that employers must consider, in a world where talent is becoming exponentially scarce and expensive," said Viswanath. "These trends necessitate the need for employers to introspect and rethink their employee value proposition."

The Randstad Workmonitor was launched in 2003 and now covers 34 markets in Europe, Asia Pacific and the Americas. According to the study, 98% respondents in India agreed that employer's values and purpose were important (77% global), while 75% of Indian respondents were optimistic about retiring before 65 (compared with 51% globally).

Countervailing duty on saturated fatty alcohol

New Delhi: The Commerce Ministry has recommended imposition of countervailing duty on imports of a chemical, used in making personal care products such as shampoo, soap and detergents, from Indonesia, Malaysia and Thailand, according to a notification. The Ministry's investigation arm Directorate General of Trade Remedies (DGTR) stated that imposition of the definitive countervailing duty on imports of 'saturated fatty alcohol' is required to offset subsidisation by these countries and injury to domestic players. **PTI**

NMDC's profit rises to ₹904 crore in Q3

New Delhi: State-owned NMDC's consolidated net profit more than halved to ₹903.89 crore for the December quarter, mainly on account of lower income. The company had clocked a net profit of ₹2,046.88 crore in the October-December period of the preceding 2021-22 fiscal, the miner said in a regulatory filing. Its total income also tumbled to ₹3,924.75 crore from ₹6,026.68 crore in the year-ago quarter. **PTI**

ONGC Q3 profit rises 26% to ₹11,045 crore

Press Trust of India

State-owned Oil and Natural Gas Corporation (ONGC) reported a 26 per cent jump in its third quarter net profit on the back of a rise in oil and natural gas prices. Net profit of ₹11,044.73 crore in October-December compared with ₹8,763.72 crore in the same period a year back, according to a company's stock exchange filing. The profit was, however, lower than the ₹12,825.99 crore earnings in the immediately preceding quarter of July-September. WHAT'S DRIVING THE SPURT. Industry players attribute rise in smuggling to increase in customs duty

Shishir Sinha

Gold smuggling appears to be on the rise, as seizures have surged by over 62 per cent between 2020 and 2022. Even in January this year, over 384 kg of gold were seized.

Industry players say that the seizure is just a part of what has actually been smuggled and one reason for higher smuggling is the rise in customs duty. According to the World Gold Council (WGC), smuggling could in-

crease by 33 per cent to touch 160 tonnes in calendar year 2022 compared with the pre-Covid period, due to the increase in the import duty on the yellow metal to 12.5 per cent from 7.5 per cent. The customs duty was hiked last July.

SEIZURES, ARRESTS Data presented in Lok Sabha, as part of a written response to a question by the Minister of State in Finance Ministry Pankaj Chaudhary, showed about 2,567 cases of gold seizures in 2020 with 2,155 kg confis-

RED ALERT OVER YELLOW METAL

- As many as 2,567 cases of seizures involving 2,155 kg were reported in 2020
- In 2021, the number of cases and quantity seized rose to 2,445 and 2,383 kg
- 2022 saw a further rise with 3,982 cases and seizure of 3,502 kg

ed. In 2021, the number of cases and quantity seized rose to 2,445 and 2,383 kg, respectively. The year 2022 saw further rise with 3,982 cases and 3,502 kg of

seizure, respectively. In the past three years, over 4,500 people were arrested. In January this year, around 414 cases of gold seizures were registered with the arrest of 115 persons. "To deter smuggling of gold and drugs, customs field formations and the DRI kept constant vigil and took operational measures such as passenger profiling, risk-based interdiction and targeting of cargo consignments, non-intrusive inspection, rummaging of aircraft and co-ordination with other agencies. Modus

Operandi Circulars related to new modus/method, used by the smugglers are issued from time to time," Chaudhary said. Data also revealed that smuggling of drugs is also on the rise. In 2020, over 55,000 cases came to light with the arrest of over 73,000. In 2021, these numbers rose to around 68,000 cases with the arrest of 93,500 traffickers.

DRUG SMUGGLING In 2022 (January-November), the total number of cases registered were over

66,700 and around 80,000 traffickers were arrested. CBCS (Cannabichromene) was the most preferred drug to be smuggled, followed by ganja and poppy husk. Further, "To counter the menace of NDPS smuggling, various central law enforcement agencies and State police departments are monitoring drug smuggling in India. A narco co-ordination centre (NCORD) has been set up by the Ministry of Home Affairs, for effective co-ordination among various law enforcement agencies," Chaudhary said.

CBDT notifies six ITR forms for AY23-24

Shishir Sinha

The Central Board of Direct Taxes (CBDT) has notified six income tax return (ITR) forms for assessment year 2023-24 (FY22-23). It has also notified ITR-V (verification form) acknowledgement.

The forms will come into effect from April 1, 2023, a CBDT notification said.

Ved Jain, former President of the Institute of Chartered Accountants of India, says these forms are for various classes of taxpayers. This is not in line with the Finance Minister's proposal in Budget 2023 for a next-generation common ITR for all taxpayers.

Finance Minister Nirmala Sitharaman had said: "It has been the constant endeavour of the Income Tax Department to improve taxpayers' services by making compliance easy and smooth. Our taxpayers' portal received a maximum of 72 lakh returns in a day; processed more than 6.5 crore returns this year; average processing period reduced from 93 days in FY13-14 to 16 days now; and 45 per cent of the returns were processed within 24 hours. We intend to roll out a next-generation common IT-return form for tax-

payers' convenience, and also plan to strengthen the grievance redressal mechanism."

TYPES OF FORMS

Currently, there are seven types of ITR forms for various categories of taxpayers. ITR form 1 (Sahaj) and ITR form 4 (Sugam) are simpler forms that cater to a large number of small and medium taxpayers. Sahaj can be filed by an individual with income up to ₹50 lakh from salary, one house property/other sources (interest etc).

ITR-4 can be filed by individuals, Hindu Undivided Families (HUFs) and firms with income up to ₹50 lakh from business and profession. ITR-2 is filed by those with income from residential property; ITR-3 is for income as profits from business/profession; ITR-5 and 6 are filed by limited liability partnerships (LLPs) and businesses, respectively; and ITR-7 is filed by trusts.

Normally, the due date for individual and HUF (whose books of accounts are not required to be audited) is July 31. It is October 31 for businesses requiring audit and November 30 for businesses required to report transfer pricing

If the return is filed after the due date, the interest must be paid under Section 234 A at the rate of 1 per cent per month or part month on the unpaid tax amount. There is also a late fee of ₹5,000 under Section 234 F, which shall be reduced to ₹1,000 if the income is below ₹5 lakh.

LOSS ADJUSTMENT

Losses from the stock market, mutual funds, properties, or businesses can be carried forward and adjusted with the next year's income, which can significantly lower the tax liability. Loss adjustment is permitted only when declared in ITR and filed with the income tax department before deadline.

If one misses the ITR filing due date, a 'belated return' can be filed later with payment of late fee and interest; however, losses cannot be carried forward for future adjustments. The I-T department has specified December 31 as the due date for the belated return (unless extended by the government).

પંચની રચના કરવાની સત્તા નથી. લોકસભા અને વિધાનસભા મતવિસ્તારો માટે સીમાંકનનો આદેશ માત્ર ચૂંટણી પંચ જ આપી શકે છે...

પ્રમાણમાં મતદાન થઈ શકશે.

બીએસએફ સામે મમતાના ગંભીર આક્ષેપો

પશ્ચિમ બંગાળના મુખ્યમંત્રી મમતા બેનરજીએ રાજ્યના સરહદી વિસ્તારોમાં બોરોર સીક્યુરિટી ફોર્સ (બીએસએફ)ને સાંતક કહેવાનો આક્ષેપ કરીને તેમની સામે વિશેષાધિકાર...

મમતા પહેલાં પણ આ આક્ષેપો કરી ચૂક્યાં છે.

હવે તેમણે ફરી આ મુદ્દો ઉઠાવતાં લોકસભાની ચૂંટણીમાં તુલ્યમૂલ કોંગ્રેસ આ મુદ્દાને ચળવણે...

રાહુલનો વળતો જવાબ, ભારતમાં પિતાની અટક જ રખાય નરેન્દ્ર મોદીએ રાહુલ ગાંધીને નહેરુ અટક કેમ નથી રાખતા એવો સવાલ પોતાના સંસદના પ્રવચનમાં કરેલો...

બદલે મોદી સરકાર સ્ટોક માર્કેટ પર નિયંત્રણની જવાબદારી છે એવી સંસ્થાઓ સારી રીતે કામ કરે છે કે નહીં તેની તપાસ કરાવે છે, એ બાબતે આશ્ચર્ય સર્જાયું છે.

ચાંદખેડાનો યુવક ગુમ થવાના કેસમાં 23 દિવસે ઘટસ્ફોટ મિત્ર મળવાનું ટાળતો હોવાથી યુવકે કેનાલમાં ધક્કો મારી હત્યા કરી નાખી

અમદાવાદ | ચાંદખેડામાં યુવકે તેના મિત્રનું આહરણ કરી તેની હત્યા કરી મૃતદેહ છુપાવી પુરાવાનો નાશ કરી દીધો અને 23 દિવસ સુધી આહક્રીકત છુપાવી રાખી હોવાનો ઘટસ્ફોટ થયો છે. પોલીસનું કહેવું છે કે, દીપસિંહ અને મુકેશસિંહ મિત્ર હતા. દીપસિંહ સમયસર મળવા આવતો ન હોવાથી બંને વચ્ચે ઝઘડો થયો હતો, જેમાં મુકેશસિંહે તેની હત્યા કર્યાનું પ્રાથમિક તપાસમાં સામે આવ્યું છે.

સીસીટીવીમાં ભેદ ખૂલ્યો, મૃતદેહની શોધખોળ શરૂ કરાઈ

ચાંદખેડામાં કેનાલમાં યુવકનો મૃતદેહ મળવાની ઘટનામાં પોલીસે સીસીટીવી તપાસમાં મિત્રે જ તેની કેનાલમાં ફેંકીને હત્યા કરી હોવાનો ઘટસ્ફોટ થયો છે.

ચાંદખેડાના લેબર કોન્ટ્રાક્ટર ભરતસિંહ 23 જાન્યુઆરીએ પત્ની સાથે રાજસ્થાન ગયા હતા અને ત્યાંથી તેમણે તેમના 22 વર્ષીય દિકરા દીપસિંહને ફોન કર્યો હતો, પરંતુ ફોન બંધ આવતો હતો. તેઓ પરત ચાંદખેડા આવ્યા ત્યારે પણ તેમનો દીકરો ગમ્યો ન હોવાથી ભરતસિંહ તેમના પરિવાર સાથે દીપસિંહની શોધખોળ શરૂ કરી હતી, પરંતુ દીપસિંહ મળી આવ્યો ન હોવાથી તેમણે તેના ગુપ્ત થયાની કારણ તપાસી હતી. બીજા માસુ દીપસિંહના મિત્ર મુકેશસિંહને

યુવકે હત્યા બાદ મિત્ર ગુમ થયાની ફરિયાદ પણ નોંધાવી

આરોપી મુકેશસિંહે કેનાલમાં દીપસિંહને ધક્કો મારી ધરે આવી ગયા હતા. બાદમાં દીપસિંહના પરિવાર સાથે દીપસિંહ ગુપ્ત થઈ ગયો હોવાનું જણાવી પોલીસ સ્ટેશનમાં તેની શોધખોળ કરવા તથા ફરિયાદ નોંધાવવા પણ ગયો હતો. જ્યારે પરિવારે પૂછપૂછ કરી તો તેણે 26 જાન્યુઆરી પછી તે ક્યારેય મળ્યો ન હોવાનું તથા કોઈ સંપર્ક પણ થયો ન હોવાનું પણ જણાવ્યું હતું.

પૂછ્યું તો તેણે કહ્યું હતું કે, 26 જાન્યુઆરીએ તેમને જોવા માટે કોઈ સંપર્ક થયો ન હતો. જ્યારે પોલીસે સીસીટીવી તપાસ્યા તો 29મીએ દીપસિંહ મુકેશસિંહના એકિટના પર જતો હોવાનું તથા યોગ્ય સમય પછી મુકેશસિંહ એકિટવા લઈ એકલો પાછો આવતો હોવાનું જોવા મળ્યું હતું. આ બાબતે પોલીસે મુકેશસિંહની પૂછપૂછ કરી તેણે દીપસિંહને કેનાલમાં ધક્કો માર્યો
