Sub: Disclosure under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR")

It has come to our notice that certain print media outlets have inaccurately reported the recent Supreme Court judgement dated 18th October 2024 passed in connection with the Appeals filed by the Airports Economic Regulatory Authority of India (AERA) against the decisions of the TDSAT where various private airport operators, including Delhi International Airport Limited (DIAL), a subsidiary of GMR Airports Limited (formerly GMR Airports Infrastructure Limited) is a party. In particular, it has been misreported/ misinterpreted in some media reports that the judgement upholds AERA's decision-making authority over tariffs for Non-Aeronautical Services.

We would like to categorically clarify that the said Judgement has nothing to do with decision-making power of AERA over tariffs for Non-Aeronautical Services, but only upheld the ability of AERA to file an appeal challenging the TDSAT judgements in Supreme Court and participate as a party Appellant/Respondent as the case may be when such challenge to the TDSAT judgements is being heard in the Supreme Court.

This limited finding was pursuant to a legal objection by the private airport operators challenging AERA's right to file an appeal.

As such the said Judgement is limited in its scope and operation only to the above and the Appeals filed by AERA remain pending decision on its own merit, including on the issue whether the AERA has jurisdiction to determine tariff for non-aeronautical services like Cargo and Ground Handling Services at such private airports.

This is for your information and records.
