PRESS RELEASE

First Unit of GMR's Kamalanga Thermal Power Plant Synchronized

Dhenkanal (Odisha), 29 January 2013: The first unit of GMR Group's 3X350 MW coal based power project at Kamalanga, near Dhenkanal in Odisha, was successfully synchronized with the central grid on 27 January 2013. This is the Group's second coal-based power plant to be synchronized. Work on commissioning the second and third unit is in progress. The project has been implemented on multiple packages concept and is the first IPP in Odisha under MoU to have synchronized with the Central Grid. The project will cater to the power needs of various states of India including Odisha.

About GMR Infrastructure Limited:

The Company is a Bangalore headquartered global infrastructure major with interests in Airports, Energy, Highways and Urban Infrastructure sectors. It has successfully employed the public-private partnership model to build a portfolio of high quality assets. The Company has 16 power generation assets of which 5 are operational and 11 are under various stages of implementation and 10 Road assets, of which 6 are operational and 4 are under construction. In the Airports sector, it has developed and commissioned the Greenfield International Airport at Hyderabad. The Company, besides operating the existing Delhi International Airport, has also built a brand new integrated terminal T3 which was commissioned in time for the Commonwealth Games in October 2010. It has also upgraded and is operating the Istanbul Sabiha Gökçen International Airport. GMR Group is also committed to social development initiatives and executes these through its Corporate Social Responsibility arm, the GMR Varalakshmi Foundation which is present in 22 locations.
