Ref: 1. Clarifications sought by Exchange vide E-mail dated 29-5-2018
2. News item which appeared in www.thehindubusinessline.com

Dear Sir,

This has reference to the clarification/information sought by Exchange and response given by the Company on 29-5-2018 regarding News item which appeared in www.thehindubusinessline.com which mentioned minor gas leakage from Absorption Tower Circulation Pump and subsequent shutdown with full precaution and strict safety protocol.

As communicated in the aforesaid Company response, this is to further inform that now the plant has been started after fixing the technical issues with full safety precautions and normal production has been achieved today at 7.00 A.M.

With this, the changeover has been smoother since Company kept on catering to the customer requirements from its existing inventory and now will further supply out of fresh production in the normal course.

The Company appreciates and takes on record the very sincere efforts put in by all concerned especially its employees, Government agencies as well as support of surrounding areas/people to make this smooth changeover possible in shortest possible time.

We request you to kindly take note of the above.

Thanking you,

Yours faithfully,
For GUJARAT NARMADA VALLEY FERTILIZERS & CHEMICALS LTD
