#### **Material Uncertainty related to going concern**

The Holding Company’s operating results have been materially affected due to various factors including non-realization of unconfirmed Trade receivables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against the holding company for recovery of its dues, notices/ summon to holding company/director(s) from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, commencement of CIRP proceedings against holding company as stated in Note No. 1, Debt Recovery Tribunals and other courts for recovery

of banks dues and possession/attachment/sale of holding company's properties, assignment and transfer of dues in favor of an asset reconstruction company (ARC), pending income tax demands and consequent attachment of bank accounts by Income tax department, reliance on occasional sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue unconfirmed trade payable, non-realization of loan and interest thereon from a subsidiary etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal and statutory authorities due to various factors mentioned herein above. These events cause significant doubts on the ability of the group to continue as a going concern. The appropriateness of the going concern assumption is dependent on the group's ability to raise adequate finance from alternative means, settlement of its due from banks and ARC, outcome of CIRP process and recoveries from overseas Trade Receivables to meet its short term and long term obligations as well as to establish consistent business operation. The above situation indicates that material uncertainty exist that cast significant doubt on group's ability to continue as a going concern.

Statement of Audited Standalone Financial Results for the Quarter & Year ended March 31, 2026 prepared in compliance with the Indian Accounting Standard (Ind-AS)

- 2 Lead Bank Punjab National Bank, on behalf of all consortium banks, had initiated SARFAESI proceedings against the company and has taken possession of the moveable and immovable properties mortgaged. PNB has also issued notice for classifying the company and its directors & guarantors as "wilful defaulter" against which the Company has filed its reply. Four lender banks up to the reporting date have already transferred and assigned its outstanding dues against company to an Asset Reconstruction Company.

The company and its managing director have also received enquiry and summon notices from Enforcement Directorate in respect of non-recovery of dues from overseas trade receivables against which the company has submitted its reply and managing directors have attended the personal hearing proceedings. The company has also received show cause notice from Reserve Bank of India (RBI) for non-realisation of export bills within the period prescribed under the Foreign Exchange Management Act, 1999, to which the company has replied. The Company has also received show cause notice from Office of the Development Commissioner, Surat SEZ regarding certain non-compliances and non-realisation of export proceeds, to which company has replied suitably.

- 3 The auditors in their report on financial statement for the year ended March 31, 2026 have given disclaimer of opinion on the basis of observations that The Company's operating results have been materially affected due to various factors including negative net worth, current liabilities exceeding current assets, write off of Export Trade Receivables and write back of Import Trade payables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against company for recovery of its dues, notices/ summon to company/director(s) from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, commencement of CIRP proceedings and non-adjustment of financial and operational creditors claims as referred in Note No. 1 above, proceedings of Debt Recovery Tribunals and other courts for recovery of banks dues and possession/attachment/sale of company's properties, assignment and transfer of dues in favor of an asset reconstruction company (ARC), income tax demands and consequent attachment of bank accounts by Income tax department, reliance on occasional sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, non-realization of loan and interest thereon from a subsidiary etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal, regulatory and statutory authorities and suppliers due to various factors mentioned herein above. These events cause significant doubts on the ability of the company to continue as a going concern. The management is of the view that due to certain unfavourable developments and sluggish market in earlier periods, there is a mismatch in the cash flow resulting in default in payment of statutory dues and repayment of dues to banks owing to which banks have classified the account as NPA and recalled their loans. The company shall continue to pursue filed legal suits in Mumbai High Court against majority of debtors. Further, the management is taking all possible steps to revive the business operations. The Company has approached NCLT with resolution plan with financial creditors and assumes that Company will have adequate cash flow to defray its entire debt obligation in phased manner. At the same time, management is hopeful that it will be able to raise adequate finance from internal accruals and alternate means to meet its short term and long term obligations. Hence, the accounts of the Company are prepared on going concern basis.

- 4 (a) Trade Receivables, Trade payables/other payables and Loans (including accrued interest) given to a subsidiary denominated in foreign currency have not been restated based on exchange rate as at the period end and consequential tax impact on above has also not been accounted for. These Trade Receivables and Loans (including accrued interest) have been carried forward based on exchange rate as at the end of March 31, 2015, March 31, 2016 and / or as at end of March 31, 2017, as it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables and loan to subsidiary. Consequently, the payment to creditors is also dependent on recovery from these Trade receivables. The company shall account for the actual exchange differences and its consequential tax impact at the time of realization of these trade receivables, Loans and advances and at the time of payment to trade creditors/ other payables.
- (b) No confirmations and/or statements have been received from lender banks having outstanding dues amounting to Rs. 17730.38 lacs, deposit/advance given to an assets reconstruction company amounting to Rs. 1405.61 lacs and various banks having debit balance of Rs. 1.58 Lacs as at March 31, 2026. These balances are subject to reconciliation and subsequent adjustments. However, the management to the best of its knowledge and belief have recorded all the transactions.
- (c) Had the exchange gains/(loss) as referred above have been accounted for, loss before tax for the quarter and year ended March 31, 2026 have been decreased by Rs. 2977.40 lacs and Rs. 5951.92 lacs respectively
- 5 The auditors have made observation regarding non recognition of expected credit loss on trade receivables and loan given to subsidiary. The management is of the opinion that in view of court cases initiated against the trade receivables and looking to the uncertainty regarding time frame and quantum of realisation from these trade receivables, amount of expected credit loss required to be recognized cannot be estimated. The same shall be provided as and when the information regarding quantum and time frame of realisation from these trade receivables is ascertained. With regard to loan due from subsidiary, the same is in the nature of long term loan for set up of business of the subsidiary and is part of net investment in the subsidiary. The operation of the subsidiary shall soon be revived and these loans will be recovered in future.

However, the company is providing interest on its loan to subsidiary and simultaneously is also providing for expected credited loss against such interest accrued. Till date provision for expected credit loss amounting to Rs. 1,017.02 lacs has been made against the accrued interest on the loan to subsidiary.

Pending the final outcome of the CIRP, no adjustment has been made in these financial statements for the differential amounts, if any.

- 2 Lead Bank Punjab National Bank, on behalf of all consortium banks, had initiated SARFESI proceedings against the holding company and has taken possession of the movable and immovable properties mortgaged. PNB has also issued notice for classifying the holding company and its directors & guarantors as "wilful defaulter" against which the holding Company has filed its reply. Four lender banks up to the reporting date have already transferred and assigned its outstanding dues against holding company to an Asset Reconstruction Company.

The holding company and its managing director have also received enquiry and summon notices from Enforcement Directorate in respect of non-recovery of dues from overseas trade receivables against which the holding company has submitted its reply and managing directors have attended the personal hearing proceedings. The Holding company has also received show cause notice from Reserve Bank of India (RBI) for non-realisation of export bills within the period prescribed under the Foreign Exchange Management Act, 1999, to which the holding company has replied. The Holding Company has also received show cause notice from Office of the Development Commissioner, Surat SEZ regarding certain non-compliances and non-realisation of export proceeds, to which holding company has replied suitably.

- 3 The auditors in their report on consolidated financial statement for the year ended March 31, 2026 have given disclaimer of opinion on the basis of observations that The group's operating results have been materially affected due to various factors including non-realization of unconfirmed Trade receivables, defaults in repayment of loans and interest to banks, non-availability of finance due to recall of loans by banks in consortium, legal actions/ insolvency proceedings initiated by banks against holding company for recovery of its dues, notices/ summon to company/director(s) from Enforcement Directorate, Reserve Bank of India, Development Commissioner of Surat SEZ and from other regulatory authorities, commencement of CIRP proceedings and non-adjustment of financial and operational creditors claims as referred in Note No. 1 above, proceedings of Debt Recovery Tribunals and other courts for recovery of banks dues and possession/attachment/sale of holding company's properties, assignment and transfer of dues in favor of an asset reconstruction company (ARC), income tax demands and consequent attachment of bank accounts by Income tax department, reliance on occasional sales for meeting out expenses, overall substantial decrease in volume of business and sales, non-payment of statutory dues and taxes, overdue unconfirmed trade payable, non-realization of loan and interest thereon from a subsidiary etc. We are also unable to determine the impact of actions and forthcoming actions that may be taken by various legal and statutory authorities due to various factors mentioned herein above. These events cause significant doubts on the ability of the group to continue as a going concern. The management is of the view that due to certain unfavourable developments and sluggish market in earlier periods, the recovery from trade receivables are slow and there is a mismatch in the cash flow resulting in default in payment to creditors, payment of statutory dues and repayment of dues to banks owing to which banks have classified the account as NPA and recalled their loans. The management is hopeful that these trade receivables shall be recovered as the holding company has initiated legal action by way of sending legal notices and filing court cases. The holding company has filed legal suits in Mumbai High Court against majority of debtors. Further, the management is taking all possible steps to revive the business operations. The Holding Company has approached and assumes that it will have adequate cash flow from export realisation to defray its entire debt obligation and payment to creditors in phased manner. At the same time, management is hopeful that it will be able to raise adequate finance from internal accruals and alternate means to meet its short term and long term obligations. Hence, the accounts of the Group are prepared on going concern basis.

- 4 (a) Trade Receivables, Trade payables/other payables denominated in foreign currency have not been restated based on exchange rate as at the period end and consequential tax impact on above has also not been accounted for. In the opinion of management, it is deemed prudent not to take cognizance of unrealised exchange difference on notional basis due to uncertainties with regard to expected time frame for realisation of Trade Receivables. Consequently, the payment to creditors is also dependent on recovery from these Trade receivables. The Group shall account for the actual exchange difference and their consequential tax impact at the time of realization of these trade receivables and at the time of payment to trade creditors/ other payables.
- (b) No confirmations and/or statements have been received from lender banks having outstanding dues amounting to Rs. 17730.38 lacs, deposit/advance given to an assets reconstruction company amounting to Rs. 1405.61 lacs and various banks having debit balance of Rs. 1.58 Lacs as at March 31, 2026. These balances are subject to reconciliation and subsequent adjustments. However, the holding company management to the best of its knowledge and belief have recorded all the transactions.
- (c) Had the exchange gains/(loss) as referred above have been accounted for, loss before tax for the quarter and year ended March 31, 2026 have been decreased by Rs. 2760.35 lacs and Rs. 5585.45 lacs respectively
- 5 The auditors have made observation regarding non recognition of expected credit loss on trade receivables. The management of holding company is of the opinion that in view of court cases initiated against the trade receivables and looking to the uncertainty regarding time frame and quantum of realisation from these trade receivables, amount of expected credit loss required to be recognized cannot be estimated. The same shall be provided as and when the information regarding quantum and time frame of realisation from these trade receivables is ascertained.
