Granules India's Packaging Facility in US Completes FDA inspection with Zero Observations

Hyderabad, 4 December 2025: Granules India Limited announced that its US step-down subsidiary, Granules Consumer Health, LLC, a wholly-owned subsidiary of Granules Pharmaceuticals, Inc., successfully completed a GMP inspection by the U.S. Food and Drug Administration (FDA) with zero observations.

This was the facility's second FDA inspection, following the March 2023 audit that resulted in a No Action Indicated (NAI) classification.

"Granules Consumer Health plays a critical role in our global operations as a packaging and distribution site. We process controlled substances and over-the-counter (OTC) products across three advanced packaging lines. Achieving zero observations in this inspection reflects our unwavering focus on quality, safety, and regulatory excellence," said Dr. Krishna Prasad Chigurupati, Chairman and Managing Director of Granules India.

Granules Consumer Health serves as Granules' front-end division for OTC products in the U.S., leveraging Granules India's manufacturing efficiencies, regulatory compliance, and integrated supply chain.

END

About Granules India Ltd. (BSE: 532482, NSE: GRANULES)

Granules India Limited, incorporated in 1991 is a vertically integrated fast growing Indian pharmaceutical company headquartered at Hyderabad with best-in-class facilities and commitment to operational excellence, quality, and customer service. We are among the few pharmaceutical companies in the world to be present in the manufacturing of entire value chain – from Active Pharmaceutical Ingredients (APIs), Pharmaceutical Formulation Intermediates (PFIs), Finished Dosages (FDs) and Peptides CDMO. Our products are being distributed to over 300+ customers in regulated and semi-regulated markets with a global presence extending to over 80+ countries with offices across India, US, Germany, Canada and Switzerland. The Company has 11 manufacturing facilities out of which 8 are in India, 2 in the USA and 1 in Switzerland and has regulatory approvals from US FDA, EDQM, EU GMP, COFEPRIS, WHO GMP, TGA, K FDA, DEA, MCC, and HALAL.
