Press Release

Granules India's FY14 Sales increase 43% to Rs. 1,096 Cr.; Net Profit jumps 131% to Rs. 75 Cr

Hyderabad, April 24, 2014: Granules India Ltd., a fast growing pharmaceutical manufacturing company, announced financial results for its fiscal year ended March 31, 2014. Granules consolidated net sales increased 43% to Rs. 1,096 Cr. while consolidated net profit increased 131% to Rs. 75 Cr.

Financial Highlights for Fiscal Year ended March 31, 2014

- Net Sales: Rs. 1,096 Cr., an increase of 43% compared to Rs. 764 Cr. in FY13
- EBITDA: Rs. 163 Cr., an increase of 87% compared to Rs. 87 Cr. in FY13
- PBT: Rs. 112 Cr., an increase of 143% compared to Rs. 46 Cr. in FY13
- Net Profit: Rs. 75 Cr., an increase of 131% compared to Rs. 33 Cr. in FY13
- Basic EPS: Rs. 37.20 per share as compared to Rs. 16.21 per share in FY13.

The Company reported record sales of Rs. 1,096 Cr. including Rs. 317 Cr. in Q4FY14, its highest revenue in a quarter. The Q4FY14 revenue was 55% higher than the corresponding quarter in FY13 and marks the sixth consecutive quarter of higher sequential sales.

Growth was driven by strong performance across all manufacturing facilities including the Company's Chinese JV. The primary growth driver in FY14 was led by the Company's commercialization of its PFI and Finished Dosage expansion at the Gagillapur facility. The Company improved utilization in the newly expanded facility throughout the year and expects to continue improving utilization in the future. In addition, the API facilities continued to increase production which contributed to strong sales.

On a standalone basis, the Finished Dosage business contributed the largest share of revenue at 35% while PFI and API contributed 33% and 32%, respectively. This is compared to 31%, 32% and 37% for Finished Dosages, PFI and API, respectively in FY13.

In addition to strong revenue growth, profitability margins expanded in the fiscal year. EBITDA grew 87% to Rs. 163 Cr. in FY14; the margin expanded 345 basis points to 14.8%. During Q4FY14, the EBITDA margin was 16.2%, the highest for the year and an improvement of 227 basis points as compared to the corresponding quarter in FY13. Net Profit was Rs. 75 Cr., the highest in the Company's history and an increase of 131% as compared to FY13. The net profit margin improved by 261 basis points to 6.9%.

Profitability outpaced revenue growth due to several reasons. First, the Company improved its economy of scale by increasing production utilization in its newly expanded PFI and Finished Dosage capacity at the Gagillapur facility. Due to the increased utilization, the product mix shifted more towards finished dosages which bolstered profitability. Also, due to the Company's focus on operational excellence, the API units also increased capacity through de-bottlenecking which drove profitability. Granules believes the profitability margins from the standalone operations are sustainable.

Due to the Company's strong performance, the Board of Directors has recommended to increase the dividend to 35% of equity value or Rs. 3.50/share from the rate of 20% (Rs.2.00 per share) that was paid in fiscal year 2013.

“The past fiscal year was exciting for Granules. We were able to increase sales while improving profitability due to our relentless focus on delivering high-quality material at a cost-effective price. We believe our product portfolio offers compelling opportunities and we will continue to strengthen our leadership position. In addition to growing our core business, we have been looking at opportunities to diversify our sales by leveraging our core competency of efficient manufacturing. In FY14, Granules made its first acquisition by purchasing Auctus Pharma. The acquisition of Auctus fits into our strategy of being a fully integrated manufacturer while diversifying our product portfolio by adding high-value products with significant market demand. In the short-to-midterm, we will focus on selling APIs from the Auctus portfolio to customers in the regulated markets. Over the long-term, we will add value by offering finished dosages from select APIs in the same portfolio. While we’re certainly happy with the progress we made in FY14, we have our eyes toward the future. We will continue to strengthen our model and build systems that are sustainable as we continue to scale-up” said Krishna Prasad, Managing Director of Granules India.
