

Gayatri Rubbers and Chemicals Limited (GRCL) Secures Order for EPDM Rubber from Indian Space Research Organisation (ISRO)

Faridabad, 21th August, 2026 - Gayatri Rubbers and Chemicals Limited (NSE: GRCL) (INE0LVM01018), a leading manufacturer of specialized HL3 grade Rubber gaskets and precision chemical solutions, today announced that it has secured a pilot order for EPDM Rubber from the Indian Space Research Organisation (ISRO).

This strategic engagement marks the company's **formal entry into the high-precision aerospace and space exploration sector**. Under the scope of this pilot order, Gayatri Rubbers and Chemicals will **supply high-performance, specialized elastomeric components** engineered to meet the stringent thermal, atmospheric, and reliability standards required for space-grade applications.

Aligned with the 'Make in India' mission, this milestone validates the company's technical capabilities and lays the foundation for expanding its footprint across the defense, aerospace, and critical engineering sectors. Upon successful pilot deployment and qualification, the company is **strategically positioned to secure recurring defense and space-tech contracts with major agencies** and emerging private space-tech enterprises, establishing long-term, scalable commercial partnerships.

Management Perspective

Mr. Utsav Chotai, Chief Financial Officer of Gayatri Rubber and Chemicals Limited, commented **"This milestone positions GRCL to expand its footprint across defence, aerospace, and critical engineering sectors**, while strengthening its capabilities in high-precision, mission-critical applications. Successful pilot deployment could help the company build scalable and recurring commercial partnerships with government agencies and private-sector players, while opening opportunities for specialized rubber and elastomeric products in space and defence applications. **The engagement with ISRO also provides an important qualification reference for the company as it looks to expand into higher-value, high-barrier product segments and deepen its presence in India's growing aerospace and defence ecosystem."**

About Gayatri Rubbers and Chemicals Limited

Incorporated in 2022 and headquartered in Faridabad, Haryana, Gayatri Rubbers and Chemicals Limited is a specialized manufacturer and trader of high-quality rubber products that serve as critical components for railway, industrial, automobile, and architectural applications.

The company is a key producer of EPDM rubber profiles, Neoprene rubber, Sponge rubber, and Automobile rubber profiles which are essential materials used for sealing and insulation. Its product portfolio caters to multiple sectors, including automotive, railways, and the smart meter industry.

With manufacturing facilities in Faridabad, brands like "GOYAL" and "Elements India," and a recent capacity expansion to meet growing demand, Gayatri Rubbers and Chemicals continues to drive value through precision manufacturing, durability, and operational excellence.
