Greenleaf Envirotech Limited

Website Temporarily Taken Offline for Preventive Technical Review

Surat | April 09, 2026 — Greenleaf Envirotech Limited ('Company') informs its stakeholders and the public that its official website is subject to a cyber-attack resulting in display of unauthorized content including blogs and hacking of its web server.

In the interest of user safety and system integrity, the website has been temporarily taken offline while corrective and security-related work is underway. The Company has proactively:

- Commenced a technical and security review
- Engaged relevant experts to identify and rectify the issue
- Implemented measures to prevent recurrence

The website will be restored after full resolution and verification to ensure a secure and reliable experience for users. The Company prioritizes responsible digital practices and stakeholder confidence, and appreciates the cooperation and understanding of all concerned during this period. Updates, if required, will be communicated through official channels.

About the Company:

Greenleaf Envirotech Limited, founded in 2010, is a trusted environmental solutions company committed to building a cleaner and greener India. With 350+ completed projects across industries, government bodies, and educational institutions, the company has established a strong reputation for reliability and impact.

Supported by a team of 75+ technical experts, Greenleaf specializes in turnkey solutions that prioritize innovation, compliance, and sustainability. Through advanced systems like LIMS, CRM, and a custom project management platform, the company ensures efficient, transparent, and high-quality project execution while contributing to environmental protection and public health.
