YES Bank: Investors shouldn't be excited by rating upgrades

HAMSINI KARTHIK
Mumbai, 16 September

From being placed under moratorium in March to having a new management team that has proved effective on many counts — arresting the run on deposits, bolstering capital adequacy, and charting a new growth strategy — the past six months have been a whirlwind for YES Bank.

It has repaid in full the special liquidity facility (₹50,000 crore) availed from the Reserve Bank of India (RBI). Nearly five rating agencies, including Moody's, have upgraded their ratings on various facilities of YES Bank in a month.

The change appears to have been triggered by the follow-on public offering (FPO) of ₹15,000 crore raised at ₹12 per share — which altered the opinion of most rating agencies — as it increased the tier-1 capital adequacy ratio from 6.5 per cent to 13.4 per cent.

However, from an investor's perspective — more importantly, from a retail investor's perspective — it might be too early to join the bandwagon. YES Bank's ₹45 crore net profit, though meagre, reiterated the management's commitment to completely repair and overhaul financials.

The key takeaways were the 78 per cent sequential reduction in provisioning cost and 11 per cent growth in deposits. However, equity came only in July and provisioning cost might bulge once again, given the capital comfort. In the June quarter (Q1), the lender was starved for capital, which could have restricted it to make higher provisions.

As for deposits, current account deposits grew 8 per cent sequentially in Q1, while savings deposits (a better indi-

cator of retail money) shrank 1 per cent. The share of retail deposits to total deposits declined from 37 per cent in the March quarter to 33 per cent in Q1. "Retail term deposits will be a key number to watch out for," says Suresh Ganapathy of Macquarie Capital.

The larger concern for Siddharth Purohit of SMC Capital is the bank's shrinking business. While the entire banking sector is witnessing a moderation because of the economic disruption caused by the pandemic, YES Bank could be hit harder in terms of business growth and loan recoveries, both of which are crucial to the lender's new path.

YES Bank had a strong quarter operationally, even though loans and advances declined by 4 per cent sequentially in Q1. "It's too early to give it a clean chit and

Covid related pressures will be revealed only by year-end. Can the bank grow without consuming capital is the question," Purohit says.

And then, there's the perpetual question of whether the worst in terms of asset quality woes is behind the bank. Analysts at Kotak Institutional Equities have assumed YES Bank's slippage ratio (or loans turning bad) at 13 per cent for FY21-22 (as against management guidance of 5 per cent) and credit cost of 5 per cent for FY21 and 3.3 per cent for FY22.

What's more, trading at ₹14.26 a piece, YES Bank stocks might seem cheap, but it is at a steep premium to RBL Bank and IndusInd Bank, without fundamentals supporting the valuation.

Sample this: Pre-FPO investors have taken a 90 per cent equity dilution and

have to stay put in this position for the next two years. "We have not come to a point where we can establish a thesis that justifies this premium," the Kotak analysts' note said.

There's also the risk of another capital dilution if internal accruals do not support capital accretion. According to Ganapathy, ₹20,000 crore of accounts are yet to be recognised as bad, which could entail provisioning of ₹14,000 crore and ₹9,000 crore is the minimum required to meet the capital adequacy norms. "We estimate the total requirement without considering growth capital needs at ₹23,000 crore in less than a year," he says.

In all, with limited room for error, multiple uncertainties and abundant supply of shares in the secondary market, investors shouldn't rush into the YES Bank stock.

Markets build on gains ahead of Fed decision

PRESS TRUST OF INDIA
Mumbai, 16 September

The equity benchmarks darted up for the second straight session on Wednesday, as banking, auto, and IT stocks saw robust buying amid mixed global cues.

A strengthening rupee and supportive comments by the RBI governor also bolstered investor sentiment, traders said.

The Sensex jumped 258.50 points, or 0.66 per cent, to close at 39,302.85. The Nifty rose 82.75

points, or 0.72 per cent, to finish at 11,604.55.

M&M was the top gainer in the Sensex pack, climbing 4.24 per cent, followed by Bajaj Auto, Sun Pharma, HDFC Bank, Infosys, L&T, and UltraTech Cement.

On the other hand, IndusInd Bank, NTPC, SBI, ONGC, Bharti Airtel, and Axis Bank were among the laggards, skidding up to 1.80 per cent.

According to traders, stock-specific action and sustained foreign fund inflows drove domestic

equities higher, despite mixed cues from global markets ahead of the US Federal Reserve's policy outcome. Foreign institutional investors bought equities worth ₹1,170.89 crore on a net basis on Tuesday, exchange data showed.

RBI Governor Shaktikanta Das on Wednesday said economic recovery is still not well entrenched and that the central bank is "battle ready" to take appropriate measures for liquidity and growth. Das said Q1 GDP data was a "reflection of the rav-

ages of the Covid-19", but high-frequency indicators such as PMI numbers point to some stabilisation of economic activity.

"Global cues were also positive as participants awaited policy statement from the US FOMC meeting. Markets are expected to be in sync with global cues tomorrow. Upsides seem to be limited, considering the lack of fresh domestic triggers for the market," said Vinod Nair, head of research at Geojit Financial Services.

Replace credit card dues with lower-cost loans

Secured loans a good alternative if your outstanding amount is high

SANJAY KUMAR SINGH

HDFC Bank, the market leader in credit cards, has hiked the finance charge (interest charged on rolled-over balance), late payment fee, and minimum over-limit fee with effect from September 1. The hike in rates has made it all the more critical for borrowers to exercise caution when handling their credit card dues.

The bank has increased the finance charge from 41.88 per cent to 43.2 per cent on most of its credit cards. The late payment fee has been increased for all credit cards (except Infinia), from ₹950 to ₹1,100 for bill amounts of ₹25,000-50,000, and to ₹1,300 for bill amounts of more than ₹50,000.

IndusInd Bank, too, plans to increase its late payment fee for certain bill amounts from October 1. Other players may do the same.

"When one of the leading players increases charges, others tend to follow suit," says Pankaj Bansal, chief business development officer, BankBazaar.

Customers who pay their credit card dues on time will not be affected, but those who roll over their dues will have to pay a higher cost. Says Gaurav Gupta, founder and chief executive officer, MyLoanCare: "Customers are coming out of a six-month moratorium. If they don't pay now, chances are their accounts could go into delinquency. By raising charges, lenders are nudging them to start paying."

Instead of trying to preserve cash, credit card holders should repay their bill amount within the due date, given the high interest rates. "Those failing to repay their bills due to sheer negligence should register themselves for autopay or pay heed to reminders sent by payment platforms," says Sahil Arora, director,

PaisaBazaar. Credit card owners should also try to stretch their repayment tenure. Adds Arora: "If you can't pay the entire credit card bill, convert it into equated monthly instalments (EMIs) to match your repayment capacity." The interest rates on such EMIs are lower (around 18-24 per cent). Another option is to take a personal loan, where the interest rates are even lower — about 10.5-15 per cent. "When a credit card customer goes for these options, he brings down his cost of borrowing. He also gets a longer period to pay off his loans, since the tenure on such options can go up to four-five years. The limit on this credit card also gets freed up," says Gupta.

Those who availed of the moratorium would have found that their debt burden escalated rapidly. If the amount has become unmanageable, take secured loans. "Borrowers who have substantial gold holdings should borrow against them," says Arora. Interest rates on gold loans begin from 7.5 per cent. Those who have a home loan may go for a top-up. Interest rates on top-up home loans are close to what they are paying on their home loan.

State Bank of India offers an over-draft facility on its MaxGain home loan. "If you have prepaid your home loan, you can withdraw that money and use it to repay more expensive loans," says Bansal. Salaried people may take advantage of the government's special dispensation, allowing them to withdraw from their Employees' Provident Fund corpus.
