Commenting on the performance for Q1 FY27, Mr. Sanidhya Mittal, JMD, Greenply Industries Ltd. Said

"Greenply remains firmly on track to achieve its full-year guidance, backed by a robust 20.7% year-on-year growth in consolidated revenue, our Plywood business continues to exhibit healthy volume momentum, while our MDF segment delivered an exceptional 32.8% increase in revenue.

True progress, however, must be sustainable. With the launch of our permanent 'One Sheet, One Tree' initiative, we are embedding ecological responsibility directly into our supply chain. For every plywood sheet supplied across India, we plant a tree, ensuring our corporate footprint fosters a greener, more resilient India as we continue to scale.

Our joint venture, Greenply Samet doubled its revenue from the corresponding quarter last year and we are confident that this business will witness significant growth in this year, supported by expanding market presence and improving customer acceptance."

About Greenply:
