MISSION: POSSIBLE

20 YEARS & BEYOND

Lights. Camera. Mission.

Twenty years ago, we set out with a mission: to connect homes with entertainment, technology and possibility.

Since then, we have watched the world change and changed with it. We have expanded across Digital TV, Broadband and OTT, building an ecosystem around how people connect, watch and experience. Today, we connect 12 Mn+ households across 26 states and 5 Union Territories, with a growing presence across Digital TV, Broadband and OTT.

For us, reaching 20 was still just the beginning. It was never about arriving at the finish line; it was about earning the right to take on a bigger mission.

Our next act is already underway. GTPL Infinity opens new possibilities for Pan-India content delivery, as our broadband and digital ecosystem takes us beyond familiar markets, technologies and possibilities.

So, as we mark 20 years, consider this report as your ticket to our journey of becoming India's No. 1 Multi-System Operator (MSO).

Different missions. Different moments.

The next **20** give us the ambition to ask: What else can we make possible?

About the Company

of Connectivity and Entertainment

In Top Gun: Maverick, Maverick is called back to Top Gun after decades, not to relive the past, but to take on a new mission that demands everything he has learned. The aircraft has evolved, the mission is harder and the stakes are higher, but the instinct to push further remains.

That same spirit reflects the journey of GTPL Hathway.

Since 2006, GTPL Hathway Limited has grown into India's largest Multi-System Operator and a leading private wired Broadband service provider. We bring together the best of entertainment and connectivity through Digital TV and High-Speed Broadband, while expanding into OTT and digital services to meet the evolving media needs of our customers. Our mission is clear: to become an essential part of everyday life by uniting entertainment, content, and connectivity into one seamless experience.

Our Journey

BACK TO THE FUTURE: REWINDING OUR RISE

Marty McFly's journey in Back to the Future takes him across time, where he discovers that every step forward changes what comes next. What makes the journey memorable is not simply travelling to the future, but learning to embrace change and shape what lies ahead.

For two decades, GTPL has grown alongside India — evolving from connecting homes through television to becoming a trusted leader in entertainment and connectivity. As we look to the future, we carry forward every lesson, achievement, and innovation to shape the next chapter.

Twenty years brought us here. The future is ours to make.

Infrastructure Powering Growth

ROCKET BOYS:

THE INFRASTRUCTURE OF POSSIBILITY

The story of Homi J. Bhabha and Vikram Sarabhai in Rocket Boys is a story of turning ambition into possibility. They understood that India's aspirations could only become reality by first building the institutions, infrastructure and capabilities to support them.

GTPL's belief in strong foundations has guided every step of its journey. Our infrastructure is not just the backbone of the services we deliver — it is the launchpad for the opportunities we continue to unlock. Over the years, we have consistently invested in expanding our network, enhancing operational strength, and building the technological framework needed to serve a rapidly growing, deeply connected India.

Network Infra

A robust, nationwide network foundation designed for scale, coverage, and reliable service delivery.

Primary Headend

Ahmedabad, Gujarat, serving as the central hub for nationwide services.

Secondary Headend

Kolkata, West Bengal, strengthening coverage and service quality across Eastern India.

Channel Distribution

975+ channels, including
97+ HD channels, delivered across India

Network Reach

1,00,000+ km of owned network infrastructure

NOC Infra

A centralised operations hub enabling continuous network oversight and seamless customer service across India.

Ahmedabad NOC

Serves as the operational backbone for nationwide network services.

24×7 Operations

Enables continuous monitoring, rapid response, and operational continuity.

GTPL Infinity: Headend-in-the-Sky (HITS)

We are advancing our content distribution capabilities with GTPL Infinity — our Headend in the Sky (HITS) platform built to extend pan-India reach, accelerate network rollout, and serve diverse markets with efficiency. Since its launch in November 2025, GTPL Infinity has marked a pivotal step in strengthening India's digital broadcasting and content delivery infrastructure.

Key Features

Superior Broadcast Quality

Crystal-clear HD and SD channels with minimal signal loss, ensuring premium viewing experiences every day.

Robust Infrastructure

Nationwide content delivery network anchored by one of the world's largest C-Band green-field teleports in Ahmedabad, Gujarat.

Single Antenna Reception

Receive all channels through a single satellite dish, simplifying infrastructure requirements.

Low Maintenance

Fewer physical components mean fewer breakdowns and lower upkeep costs, freeing up time and resources.

Built for the Future

Our platform is robust, scalable, and compatible with evolving digital media standards — so you're ready for what's next.

HITS Platform: Enabling Scalable Growth

GTPL Infinity enables us to combine satellite-based reach, cost-efficient content delivery and rapid deployment, creating a scalable platform for our next phase of growth.

Platform Capabilities

- **~1,000** TV Channels, including **~100** HD channels
- Powered through **Telkom-4 satellite** in partnership with PT Telkomsat (Indonesia)

Key Strategic Benefits

- **Pan-India Expansion**
Enables entry into rural, cable-dark, and underserved markets
- **Cost Efficiency**
Significantly lowers delivery and bandwidth costs
- **Faster Go-to-Market**
Partners can go live within **24** hours using a single dish antenna
- **High Reliability & Uptime**
Satellite delivery ensures uptime, and low maintenance, even in challenging weather conditions

Strategic Impact

- Unlocks new growth opportunities through nationwide scalability
- Strengthens **GTPL's** leadership in digital content distribution
- Aligns with Digital Bharat vision and digital inclusion goals

Value for Partners

- Quick infrastructure setup with minimal capex
- Ability to bundle **Digital TV + Broadband + OTT**
- Enhanced monetisation through regional and content partnerships

Strengths

the social network: BUILT TO WIN

What began as a small network in The Social Network grew into a global ecosystem — as more people joined, connections multiplied, and the platform's reach expanded. The story shows how a network gathers unstoppable momentum, with every new connection creating greater scale and unlocking new possibilities.

GTPL's journey has been driven by the same belief in scale and connection that fuels transformation. Our strength lies in the vast reach of our operations and the capabilities we have built to connect a digital India. As our network expands, so does its power — reach creates scale, scale creates strength, and strength unlocks opportunity. Much like the idea in The Social Network that 'a million connections start with one', our interconnected foundation grows stronger over time, compounding its impact, expanding the value we create, and shaping what comes next.

Leveraging Technology

≡ We leverage technology to enhance our service delivery, operational efficiency and customer experience. Our HITS platform enables signal delivery at a pan-India scale, while our strategic partnerships with leading technology and broadcasting companies such as Oracle, Nokia, Aprecomm, Nagra and Harmonic strengthen our technological capabilities. We have also integrated GIVA, our AI-powered chatbot, into our consumer app and website to provide seamless self-service, support and customer assistance.

Pan-India Presence

≡ Our strong pan-India presence is one of GTPL's key strengths, with operations across 26 states providing premium Digital TV services nationwide and High-Speed Broadband. Our extensive subscriber base also gives us strong negotiation power with broadcasters and content partners, enabling us to strengthen our service offerings and maintain a competitive position across markets.

Pioneer Offerings

≡ We continue to introduce innovative offerings that respond to the evolving needs of our customers. GTPL Buzz App empowers users with seamless subscription management, access to 400+ Live TV channels, and entertainment across 25+ OTT platforms — all in one place. Customers can explore and choose plans effortlessly, with the added convenience of availability in 9 languages. All this is also available to subscribers through GTPL's official website, reinforcing our commitment to delivering differentiated digital entertainment experiences for a diverse and connected India.

Growth Initiatives

≡ We are focused on expanding our market presence through new initiatives, innovative products and technology-led solutions. Our HITS platform enables GTPL to expand into cable-dark and challenging regions, allowing us to reach new markets while improving the efficiency of signal delivery. These initiatives support our growth ambitions while also helping us reduce signal delivery and infrastructure costs.

Preferred Partner

≡ GTPL has built a strong and extensive ecosystem of partners and customers, making us a preferred partner across multiple segments. Our network includes 48,000+ business partners, 200+ broadcasters, 1,750+ enterprise clients and 30+ government projects. This broad ecosystem reflects the strength of our market relationships, distribution network and ability to serve diverse customer, enterprise and institutional requirements.

Huge Catalogue for Entertainment

≡ We offer one of the most comprehensive entertainment catalogues by combining a large selection of television channels with a seamless mix of OTT services. Our platform offers 975+ TV channels including 97+ HD channels and 130+ company-owned and operated platform services, giving our customers access to diverse entertainment content through an integrated ecosystem. This extensive catalogue strengthens our value proposition and enables us to cater to the evolving entertainment preferences of our customers.

THE AVIATOR:

Howard Hughes's story in The Aviator was about uniting ambition, engineering, and technology to push the boundaries of aviation. His vision went beyond faster aircraft — it was about combining capabilities to redefine what was possible.

The ability to bring multiple strengths together lies at the core of GTPL's Digital TV business. We unite content, distribution, and connectivity at scale. As the largest multi system operator, we aggregate programming from 200+ broadcasters and deliver 975+ channels — including 97+ HD — to subscriber households through our extensive network of local cable operators.

Strategic Levers to Accelerate Digital TV Growth

Inorganic Expansion & Industry Consolidation

The ongoing cable TV consolidation creates an opportunity for GTPL to selectively acquire smaller and regional operators. Rising regulatory compliance is accelerating the exit of non-compliant players, enabling GTPL to acquire quality assets, expand its subscriber base, strengthen market presence, and improve operating efficiencies.

Strengthening Content Availability

GTPL delivers a broad and differentiated content offering, combining broadcast, OTT, and extensive local and regional programming across multiple languages at competitive prices. Through GTPL Buzz, customers can also access Live TV and Distro TV on mobile devices at no additional cost, extending the entertainment experience beyond traditional television.

HITS-Led Market Expansion & Delivery Cost Optimisation

GTPL's HITS platform enables expansion into underserved markets, including rural, cable-dark and hilly areas where traditional network deployment is costly. It supports nationwide reach while reducing signal delivery and infrastructure costs, providing a scalable platform for market expansion and long-term cost optimisation.

Enhancing User-Friendly Services

GTPL is focused on enhancing customer experience through digital-first services that offer greater convenience and accessibility. Instant online payments and multiple service touchpoints across WhatsApp, social media, the website and consumer app simplify customer interactions, strengthen engagement and support retention.

Broadband Business

Star Wars Episode VII: The Force Awakens marks the beginning of a new chapter built on an established legacy, carrying forward the strengths of what came before while opening the door to new possibilities. The story is about taking what already exists and using it to power what comes next.

Our broadband business leverages the strength of an established network to deliver high-speed wireline connectivity to homes and enterprises. Built on our extensive cable infrastructure and a largely fiber-based backbone, we provide speeds of up to 200 Mbps with unlimited data for retail subscribers. We offer customised solutions for businesses and government projects across multiple states.

Strategic Levers to Accelerate Broadband Growth

Expand Customer Acquisition

We are strengthening our customer acquisition engine by intensifying focus on the **B2B segment and leveraging Government-led digital and broadband connectivity**

initiatives across India. The rapid digitalisation of rural markets, particularly in Gujarat, presents a significant opportunity to expand our broadband subscriber base and deepen penetration in underserved regions

Unlock the Addressable Market

A major opportunity lies in converting over **12** million GTPL Digital TV households into broadband customers, leveraging our strong customer relationships and extensive distribution footprint. Further growth will be driven by expanding our presence in high-potential markets

such as **Andhra Pradesh, Telangana, Maharashtra, and rural Gujarat**, where accelerating digital adoption is fueling broadband demand.

Strengthen Our Competitive Proposition

We are enhancing broadband competitiveness by integrating OTT platforms and enriched content offerings as value-added services across our customer base. With nearly **75%** of our Homepass already FTTX-enabled, we have a strong infrastructure foundation to accelerate broadband expansion, drive customer upgrades, and deliver superior service quality.

Management Message

LETTER FROM THE MANAGING DIRECTOR

Anirudhsinh Jadeja
Managing Director

The importance of our journey lies not just in the scale your Company has achieved, but in the transformations it has navigated. Over the past two decades, the industry has shifted from analogue to digital, from standalone television to the convergence of TV, broadband and OTT, and now towards satellite-driven services.

Dear Shareholders,

Two decades ago, your Company entered a competitive arena with a simple conviction: quality entertainment and reliable connectivity should never be limited by geography. Over the years, as technology evolved and the environment shifted, your Company has consistently adapted to ever changing customer needs. Your Company's endeavour has been to ensure equal access to world-class services to every Indian household. Today, after 20 years of navigating challenges and competition, your Company stands resilient, ready to thrive in a rapidly changing digital landscape. What started in 2006 as a regional cable operator in Gujarat, has, over twenty years, transformed into India's largest multi-system operator — spanning 1,600+ towns across 26 states and 5 Union Territories, connecting over 12 Mn households.

The importance of our journey lies not just in the scale your Company has achieved, but in the transformations it has navigated. Over the past two decades, the industry has shifted from analogue to digital, from standalone television to the convergence of TV, broadband and OTT, and now towards satellite-driven services. Each transition has reshaped competition and tested established models. Through every shift, your Company remained profitable, expanded its market reach, and reinforced the foundations of the business.

The Year in Review

FY 2025-26 was a year of purposeful investment and long-term preparation. While financial results were steady rather than breakthrough, our focus was on fortifying the platform for the next phase of growth. Your Company consciously decelerated the pace of acquisitions and subscriber consolidation — which had driven expansion in recent years — and redirected capital and management attention towards strengthening core infrastructure, expanding capabilities, and improving the underlying economics of the business.

This strategy is clearly reflected in our financial results. Consolidated income rose 7% to ₹37,466 Million, with reported EBITDA at ₹4,323 Million and an EBITDA margin of 11.5%. More importantly, operating EBITDA — our preferred measure of underlying performance — held steady at ₹4,028 Million, maintaining a 22% margin, consistent with last year. On a standalone basis, income grew 11% to ₹24,725 Million, while EBITDA reached ₹2,369 Million.

Behind these results was a deliberate reallocation of resources. We invested ₹2,900 Million in capital expenditure during the year — ₹1,800 Million directed to Digital TV including for building the HITS (Headend in the Sky) infrastructure, and ₹1,100 Million to Broadband. These investments strengthen our network, expand capabilities, and build a more scalable platform across businesses. This marks an important transition: moving from growth-driven largely by consolidation to growth anchored in the quality, reach, and productivity of our core assets.

Your Company made this transition while preserving a disciplined financial position. As of March 31, 2026, our net debt-to-equity ratio stood at a healthy 0.17x, supported by net operating cash flow of ₹3,601 Million. For the eighth consecutive year, we remained free cash flow positive, underscoring our ability

to fund investments while maintaining prudence. Our credit ratings continue to reflect this strength, with India Ratings reaffirming IND AA-/Stable (LT) and IND A1+ (WC).

Our investment strategy remains firmly aligned with our commitment to shareholders. For the ninth consecutive year, the Board has recommended a dividend — 20% of face value, or ₹2 per share for FY 2025-26. We believe responsible capital allocation means striking the right balance: investing to secure future growth while consistently returning value to shareholders today.

FY 2025-26 was a year of building, not harvesting. Your Company deliberately focused on strengthening the foundations of the business — investing in network infrastructure, expanding capabilities, and preparing the organisation for scalable growth. The impact of these investments will not be captured in a single year's results; instead, they are designed to compound over time, reinforcing our competitive edge and creating a more resilient, valuable enterprise for the future.

Business Performance

Our core businesses continued to show resilience in a fast-changing competitive landscape. As of March 31, 2026, the Digital TV subscriber base stood at 9.40 Million subscribers. Your Company sustained this base despite mounting competition from free DTH in rural markets, bundled telecom offerings, and the increasingly platform agnostic nature of content. With 975+ channels, including 97+ HD, and 130+ owned and operated platform services, we continue to deliver a comprehensive proposition to subscribers. Our transition to a fully prepaid model — with more than 80% of collections now in digital form has ensured consistent efficiency and business quality — has further enhanced efficiency and strengthened business quality.

Broadband remains a critical pillar of our connectivity strategy. During the year, the active subscriber base reached 1.06 Million, with 15,000 net additions, supported by a Homepass of 5.95 Million. ARPU held steady at ₹465, while average monthly data usage rose 10% to 436 GB per customer per month. With data consumption rising and the economics of wireless connectivity becoming more challenging, fiber remains the most sustainable foundation for high capacity home connectivity. Your Company's extensive network, strong FTTX readiness, and established customer relationships position it to play a meaningful role in this transition.

GTPL Infinity

The launch of GTPL Infinity in November 2025 stands as one of the most significant milestones since digitisation. At its core, the platform tackles a long-standing challenge in our industry — the cost and complexity of extending television distribution to smaller, remote, and cable dark markets. India has nearly 332 Million households, but only around 194 Million are connected to television. A vast opportunity lies beyond the traditional ecosystem.

GTPL Infinity transforms the economics of reaching new households. Built on our C-band greenfield teleport in Ahmedabad and powered by Telkom 4 satellite transponders through our partnership with PT Telkomsat, the platform currently delivers ~800 channels, including ~100 HD, with a roadmap to exceed 1,000. A partner anywhere in India can connect via a single downlink antenna and be operational within 24 hours. This radically changes your Company's expansion model — enabling it to serve markets once uneconomical through a lighter, more scalable distribution approach.

The opportunity is twofold. GTPL Infinity not only expands the addressable market for our Digital TV business

but also enhances the economics of our existing subscriber base. As your Company migrates customers to the HITS platform, bandwidth and delivery costs are expected to decline, driving margin improvement. With major investments already behind us — teleport infrastructure established and transponder capacity secured — future market entry requires only modest on-ground investment, enabling us to scale with far greater capital efficiency.

Looking at the Third Decade

As your Company steps into its third decade, the priorities are clear. Your Company sees immense opportunity to build on the platform it has created, to extend its reach, and enhance the economics of the businesses it operates. The years ahead will be guided by four core priorities.

The first priority is to accelerate consolidation. Your Company believes the market is entering a phase where scale and continuous investment in technology will increasingly define competitiveness. An estimated 40–45 Million subscribers remain with smaller MSOs, many of whom may struggle to sustain operations in an environment demanding ongoing investment. Having deliberately moderated consolidation in FY 2025-26, your Company is now prepared to re-engage. Discussions with several significant players are already underway, and we see substantial scope to strengthen our subscriber base and market position through disciplined consolidation.

The second core priority is to expand in the underserved markets. GTPL Infinity enables your Company to take its Digital TV proposition beyond traditional boundaries, opening access to rural, cable-dark, and underserved geographies. GTPL Infinity will extend television services into these markets, while introducing broadband wherever subscriber density supports viable economics. This integrated approach allows both businesses to leverage the same network, local offices, and operating infrastructure — driving efficiencies as your Company expands its footprint.

The third major priority is to strengthen broadband expansion. With demand for high-speed connectivity rising across urban, semi-urban, and rural centres, your Company is prioritising GTPL's Broadband growth through three levers. The first lever focuses on expanding customer acquisition by targeting the B2B segment and leveraging Government-led digital initiatives. The second lever unlocks the addressable market by converting over 12 Million GTPL Digital TV households into

broadband customers. The third lever strengthens the competitive proposition by integrating OTT and enriched content offerings as value-added services that enable faster expansion, customer upgrades, and improved service quality.

Restoring and expanding margins is the fourth critical priority. As the benefits of GTPL Infinity flow through and volumes rise across cable and broadband, we expect operating margins to recover to 23–25% and ROCE to normalise around 15% over the next two to three years. This growth will be supported by capital expenditure ₹ 10,000 Million in the next 3 years. Our objective is not merely to preserve the network we have built, but to keep investing in it — increasing both its resilience and the value it can generate.

Today, your Company has the scale, infrastructure, and capabilities to address a far larger opportunity. As your Company enters its third decade, the focus is clear — to convert that opportunity into sustainable growth and long-term value for all our stakeholders.

To our employees, partners, broadcasters,

and shareholders — thank you for standing with us through every milestone. The past twenty years have been a journey of resilience and progress. The next decade will be about building on this legacy, reaching new horizons, and creating enduring value for all who are part of GTPL's story.

Financial Highlights

Moneyball is built on a simple premise: sustainable success comes from identifying the right strengths, allocating resources with discipline and consistently converting them into results. It is a story of building a winning model not through one advantage, but by making every strength work together.

GTPL's financial performance reflects the same philosophy. Our disciplined business model is built around two complementary engines, Digital TV and Broadband, supported by placement and carriage income. We have remained profitable and free-cash flow positive for eight consecutive years, while maintaining a consistent dividend track record and an IND AA-/Stable (LT) credit rating.

THE MATRIX: PLUGGED INTO THE FUTURE

Neo enters The Matrix believing he is living in an ordinary world, only to discover an entire system operating beneath the surface. As he learns to understand that system, connect the pieces and work with the technology within it, he discovers new ways to navigate and ultimately change what is possible.

In the same spirit, GTPL's approach is to harness technology as an enabler, combining the right capabilities and partnerships to unlock greater possibilities. By integrating established global vendors with our own customer-facing tools, we modernise service delivery, elevate subscriber experience, and expand reach — all without disproportionate infrastructure costs.

GTPL GIVA: AI-Powered Customer Engagement

GTPL GIVA (GTPL Interactive Virtual Assistant) is our AI-powered conversational chatbot designed to provide 24/7 automated customer support across our digital platforms. Through natural language-based interactions, GIVA enables customers to manage their accounts, troubleshoot connectivity issues, check bills, renew broadband plans and explore channel packages through convenient channels such as WhatsApp, App and our website.

By automating routine customer interactions and resolving queries in real time, GIVA reduces response times, improves service accessibility and enhances the overall customer experience. ~35% of the complaints are now raised using the assistant. Its digital-first approach also enables GTPL to efficiently serve our large and growing customer base while reducing dependence on manual support for routine queries.

GTPL Buzz: Integrated Digital & Entertainment Platform

GTPL Buzz is our all-in-one self-service and entertainment platform, enabling customers to conveniently manage their Digital TV and Broadband services through a single digital interface. Customers can renew or upgrade subscriptions, make payments, customise channel packages, track service requests and explore local plans with ease.

Beyond service management, GTPL Buzz brings entertainment and connectivity together, offering access to 400+ Live TV channels, an interactive TV guide, streaming content. Available across Android and iOS with multilingual support, the platform provides our customers with a convenient and unified digital experience to manage services and access entertainment anytime, anywhere.

GTPL Genie+: Integrated TV & OTT Entertainment Platform

GTPL Genie+ is a comprehensive OTT aggregation platform designed to transform conventional screens into smart entertainment hubs. The service consolidates 20+ premium streaming applications — including JioHotstar, SonyLIV, and ZEE5 — into a single subscription, delivering a unified streaming experience across mobile, tablet, and smart TV devices.

Stakeholder Commitment

In The Avengers, individuals with different strengths come together to confront challenges that none could overcome alone. Their power lies not in what each hero can do individually, but in how their distinct abilities combine to create a force greater than the sum of its parts.

We see our role in much the same way. Our strength comes from connecting our people, capabilities and reach to create value beyond connectivity. We build the capabilities of our employees, while bringing entertainment, information and digital access to communities across the towns we serve. By bringing these strengths together, we extend our impact well beyond the services we provide.

Nurturing Communities

In 2025-26, we expanded the scope of education activities through Lotus Petal Charitable Foundation under the project of supporting academic excellence complemented by Skill Education under the CBSE framework and building strong foundations through holistic support for Pre-Primary & Primary Learners. We participated in the empowerment of girls and women through Project Asmita in partnership with Rotary Club Charitable Trust, wherein the extensive programme introduced video content, practical tools and booklets encompassing financial literacy, mental health, technological skills and self-defense lessons. The journey for upliftment of rural

tribals through education continues by partnering with Friends of Tribal Society, which is affiliated to Ekal Abhiyan Trust for adoption of one-teacher schools. We also enabled education and healthcare projects by promoting and developing of better infrastructure facilities through organisations such as Shree Harbhamjiraj Garasia Chhatralay and Ambica Education and Charitable Trust. Thus, the thrust on education would empower communities across societies for better future opportunities and possibilities.

Empowering Stakeholders

Caring for Our People

Our responsibility doesn't stop with the communities we serve — it begins with the people who power us from within. Their strength, ambition, and well-being are the foundation on which everything we build stands. For 20 years, through shifting environments and rising competition, our employees have been the foundation of every success. Their well-being, growth, and aspirations are not side notes; they are the core of our journey.

This year, that commitment sharpened. We strengthened policies that stand by our people at every stage — from moments of care to moments of ambition. Maternity and paternity leave, special provisions, and comprehensive health cover were reinforced to ensure flexibility without career compromise. The result speaks louder than words:

in FY 2025-26, every employee who took parental leave returned — a 100% return-to-work rate. Proof that when empathy meets policy, people choose to stay.

Growth remained our next frontier. Upskilling and structured learning reached 60% of our workforce, preparing them for tomorrow while elevating performance today. Careers at GTPL are not confined by roles; they are shaped by ambition. Alongside training, we built community — through Yoga Day, Diwali and Navratri celebrations, and Sports tournaments that turned colleagues into teammates.

Diversity and inclusion deepened our journey. Women stepped into technical and field roles where representation has long been scarce. Respect anchored it all — with 94% of employees trained in human rights, ensuring dignity, fairness, and transparency across the workplace.

Our story is simple yet powerful: in a competitive, ever-changing environment, when we care for our people through policies that matter we don't just retain talent. We build a workplace where people choose to grow, thrive, and stay.

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2026

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
GTPL Hathway Limited
202, Sahajanand Shopping Centre,
Opposite Swaminarayan Mandir,
Shahibaug, Ahmedabad - 380004

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **GTPL Hathway Limited (CIN: L64204GJ2006PLC048908)** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit by using appropriate Information technology tools like virtual data sharing by way of data room and remote desktop access tools, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on **March 31, 2026**, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter. The physical Inspection or Verification of documents and records were taken to the extent possible.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2026 according to the provisions of:

- The Companies Act, 2013 ('the Act') and the rules made there under;
- The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and

External Commercial Borrowings; - **Not Applicable to the Company during the audit period.**

- The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
 - The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018: **Not Applicable to the Company during the audit period;**
 - Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021: **Not Applicable to the Company during the audit period;**
 - The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021: **Not Applicable to the Company during the audit period;**
 - The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021: **Not Applicable to the Company during the audit period;**
 - The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018: **Not Applicable to the Company during the audit period;**
 - The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
- Laws specifically applicable to the industry to which the Company belongs, as identified by the management, that is to say:

ANNEXURE 4 TO THE BOARD'S REPORT (CONTD.)

- Cable Television Networks (Regulation) Act, 1995, Cable Television Network (Regulation) Rules, 1994 and Content Certification Rules, 2008;
- The Cinematography Act, 1952;
- Telecom Regulatory Authority of India Act, 1997.

We have also examined compliance with the applicable clauses of the following:

- Secretarial Standards issued by the Institute of Company Secretaries of India;
- The Listing Agreements entered into by the Company with Stock Exchange(s):

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above. However, there was a delay of one day in giving prior intimation to the National Stock Exchange of India Limited ("NSE") and the BSE Limited ("BSE"), about the Board Meeting held on 16th April 2025 pursuant to Regulation 29 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Company has already paid the required fine and has now fully complied with the requirements.

We further report that, the Board of Directors of the Company is duly constituted with proper balance of Executive

Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Meetings of the Board and its Committees. Agenda and detailed notes on agenda were sent at least seven days in advance and in certain cases, the shorter notice was given for meetings, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes.

We further report that, there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that During the year under review, following special resolutions have been passed at the Annual General Meeting held on September 26, 2025:

- Re-appointment of Mr. Anirudhsinh Jadeja (DIN: 00461390) as a Managing Director of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

GLOBAL ECONOMY

The global economy is expected to maintain a stable growth trajectory through CY 2026, supported by resilient demand, sustained investment, and favourable financial conditions. According to the IMF's World Economic Outlook (April 2026), global GDP is forecast to increase by 3.1% in 2026 and strengthen marginally to 3.2% in 2027, following an estimated expansion of 3.4% in 2025.

Growth continues to be driven by accelerating investment in digital technologies, supportive fiscal measures, and a gradually easing monetary environment across several major economies. However, the outlook is tempered by geopolitical uncertainties, including evolving US-China trade dynamics and instability in the Middle East,

which could weigh on the outlook. Even so, the global economy has repeatedly demonstrated resilience. Diversified supply chains, adaptive policy responses, and ongoing innovation continue to cushion shocks and support medium-term growth.

GDP Growth Projections (in %)

(Source: <https://www.imf.org/en/publications/weo/issues/2026/04/14/world-economic-outlook-april-2026>)

Global inflation is expected to remain elevated in CY 2026 before resuming its moderation in CY 2027. Headline inflation is projected to increase to 4.4% in CY 2026, from 4.1% in 2025. This is driven primarily by higher energy prices, supply chain disruptions, and geopolitical tensions stemming from the Middle East conflict. Inflationary pressures are expected to ease thereafter, with global inflation moderating to 3.7% in 2027. This is expected on the back of stabilising commodity markets, receding supply disruptions, and the continuing effects of monetary policy tightening. While the overall disinflation trend remains intact over the medium term, risks remain. Persistent geopolitical uncertainties and the risk of further energy price shocks could continue to pose upside risks to the inflation outlook.

OUTLOOK

The global growth outlook remains constructive, despite a challenging external environment marked by geopolitical tensions, trade fragmentation, and elevated policy uncertainty. Ongoing investment in digital technologies, improving financial conditions, and policy support across major economies, are expected to sustain economic activity. At the same time, energy market disruptions, supply chain realignments, and inflationary pressures remain key downside risks. Over the medium term, advances in technological innovation, productivity-enhancing reforms, and stronger international cooperation are expected to reinforce economic resilience. This is likely to support a more balanced and durable global expansion, provided geopolitical tensions ease and macroeconomic stability is preserved.

INDIAN ECONOMY

The Indian economy continued to demonstrate strong momentum in FY 2025-26, supported by resilient domestic demand, continuing policy reforms, and a stable macroeconomic environment. According to provisional estimates, real

GDP is expected to record 7.7% growth in FY 2025-26, positioning India among the world's fastest-growing major economies. Moderating inflation, improving employment conditions, and comfortable external sector fundamentals have

strengthened macroeconomic resilience despite an uncertain global backdrop. This is enabling the economy to sustain its growth momentum while navigating external challenges.

Annual GDP and GVA Estimates

Annual Gross Value Added Growth Rates (%) at Constant Prices

FRE: First Revised Estimates PE: Provisional Estimates
(Source: PIB, 2026)

The primary driver of economic activity was the services sector, delivering broad-based growth across major segments. Trade, Hotels, Transport, Communication, Broadcasting, and Storage recorded the highest growth at 11%, up significantly from 6.6% in FY 2024-25. This was supported by robust consumption, higher travel activity, and expanding logistics. Financial, Real Estate, IT, and Professional Services grew by 10.4%, improving from 10.0% in the previous year, reflecting continued momentum in financial intermediation and digital services. Meanwhile, Public Administration, Defence, and Other Services expanded by 5.0%, maintaining the previous year's growth rate and providing steady support to the overall services sector.

The Union Budget 2026-27 reaffirmed the Government's commitment to fiscal prudence, structural reforms, and long-term economic competitiveness, while maintaining policy continuity amidst a changing global environment. The Budget focuses on strengthening manufacturing, exports, MSMEs and financial services

through continued public investment, regulatory simplification, and enhanced market access. It also included measures to deepen India's integration with global value chains. Reforms in foreign investment norms, export-import regulations, and external borrowing frameworks are likely to improve the ease of doing business and draw greater capital inflows. The new

Income Tax Act, 2025 marks a significant step towards a simpler, more modern tax regime. It is complemented by streamlined compliance procedures, rationalised TDS/TCS provisions, and a voluntary foreign asset disclosure scheme. Continued policy support for GIFT City is further expected to reinforce India's position as an emerging international financial hub.

OUTLOOK

The RBI expects the Indian economy to remain resilient in FY 2026-27, supported by strong macroeconomic fundamentals despite an increasingly uncertain global environment. Although geopolitical tensions in West Asia, elevated crude oil prices, and potential supply chain disruptions could create inflationary and growth pressures, the economy remains well-positioned to absorb external shocks. The RBI has projected real GDP growth of 6.9% for FY 2026-27, with CPI inflation expected at 4.6%. This remains broadly aligned with its target, despite upside risks from volatile global commodity and energy prices. Overall, India's economic outlook remains favourable, although the evolving geopolitical landscape warrants continued vigilance.

INDUSTRY OVERVIEW

GLOBAL MEDIA AND ENTERTAINMENT INDUSTRY

The global media and entertainment industry was valued at US\$ 3.12 Trillion in CY 2026 and is projected to reach US\$ 3.78 Trillion by CY 2031, expanding at a 3.93% CAGR over the forecast period. The ongoing transition towards digital video, connected TV (CTV), streaming platforms and AI-enabled content personalisation is creating new avenues for growth across the media ecosystem. Expanding 5G connectivity and increasing smart TV penetration are driving higher digital consumption.

Additionally, the continued relevance of linear television, particularly across regional and emerging markets, provides a resilient foundation for diversified media distribution platforms. Mature markets are seeing greater adoption of hybrid ad-supported streaming models, while emerging economies such as India, China and Brazil continue to benefit from rising television, broadband and digital content consumption. In India, the combination of increasing broadband penetration, growing demand for high-speed connectivity and sustained consumption of regional and vernacular content is supporting opportunities for integrated cable TV and broadband operators.

Technological advancements, including digital network upgrades, software-defined workflows, cloud-based distribution and lower content localisation costs, are further enabling operators to enhance service quality, expand their addressable markets and improve customer engagement. The convergence of television and broadband is also creating opportunities to cross-sell services, strengthen subscriber relationships and drive greater revenue per customer.

INDIAN MEDIA AND ENTERTAINMENT INDUSTRY

India's Media & Entertainment industry continued its robust growth trajectory in 2025, driven by rapid digital adoption, evolving consumer preferences and technological innovation. The sector expanded to ₹ 2.78 Trillion (US\$ 32 Billion), registering 9% growth during the year. This outpaced India's nominal GDP per capita growth of 7.7%. Stronger-than-anticipated demand across digital platforms, increasing monetisation opportunities, and the sector's ability to adapt to changing consumption patterns supported industry performance. The continued integration of technology with content creation and distribution is reshaping audience engagement, strengthening long-term growth prospects.

Digital platforms continued to reshape the landscape, led by expanding digital advertising, e-commerce-led marketing, and rising subscription revenues across video and music streaming services. The increasing adoption of data-driven advertising and personalised content has strengthened digital's role as the industry's key growth engine. Traditional media also demonstrated resilience: linear television retained its extensive reach while increasingly complementing digital

platforms through integrated content consumption. Regulatory reforms and greater pricing flexibility are expected to support bundled offerings that help expand household penetration and unlock new monetisation opportunities. Meanwhile, the print segment remained stable, supported by steady growth in advertising revenues.

Live entertainment continued to emerge as a key growth segment, with rising demand for concerts, sporting events, and immersive experiences attracting global performers and expanding audience participation. Technology is redefining content creation and consumption, with AI enhancing production efficiency, personalisation, and multilingual content delivery. As creators and businesses increasingly leverage digital technologies to strengthen audience engagement, the industry is becoming more innovative, scalable, and globally competitive. Supported by these trends, India's Media & Entertainment industry is expected to surpass ₹3 Trillion by CY 2027, creating significant opportunities for investment, innovation and long-term value creation across the ecosystem.

₹ Billion (gross of taxes) | EY Estimates
(Source: India Media & Entertainment Report, EY)

India's Media & Entertainment sector expanded by ₹232 Billion to reach ₹2.78 Trillion (US\$ 32 Billion) in CY 2025, outpacing the country's nominal GDP per capita growth of 7.7%. Excluding the online gaming and video games segment, which was temporarily impacted by regulatory

restrictions on real money gaming, the industry recorded a robust 11.8% growth.

The sector contributes ~0.8% to India's GDP, supports direct employment for around 2.75 Million people, and generates indirect employment for over 10 Million.

Looking ahead, the industry is projected to grow by 2.8% in 2026 to ₹2.86 Trillion (US\$ 32.9 Billion). Excluding online gaming, it is projected to expand by 8% in CY 2026, maintaining a CAGR of over 7% to reach ₹3.3 Trillion (US\$ 37.9 Billion) by CY 2028.

INDIA'S DIGITAL INFRASTRUCTURE

India has built one of the world's largest Digital Public Infrastructure (DPI) ecosystems. The JAM Trinity integrates Jan Dhan, Aadhar and Mobile penetration to strengthen digital inclusion. As of March 2026, India had issued over 144 Crore Aadhaar numbers, and opened 57.71 Crore Jan Dhan accounts. Smartphone penetration reached 85.5% of households. The country had 125.87 Crore wireless subscribers and 5.18 Lakh 5G base stations, covering 99.9% of districts.

Built on this foundation, India Stack has evolved into an interoperable network powering payments, governance, and public services at population scale. UPI processed 2,170 Crore transactions worth ₹28.33 Lakh Crore in January 2026. Direct Benefit Transfers exceeding ₹49.09 Lakh Crore through PFMS generated savings of over ₹4.31 Lakh Crore.

Citizen platforms have significantly expanded digital public service delivery. DigiLocker serves over 67.63 Crore users with more than 950 Crore documents. UMANG supports 10.25 Crore users and has processed 723.36 Crore transactions. CoWIN has helped deliver over 220 Crore vaccine doses, while eSanjeevani has enabled 45.42 Crore consultations. DIKSHA has recorded 566 Crore learning sessions and Poshan Tracker has supported 8.90 Crore beneficiaries. Meanwhile, API Setu with 8,036 APIs and ONDC with 1.16 Lakh+ sellers across 630+ cities, have transformed payments, welfare delivery, healthcare, education, commerce, and governance. They have also helped improve transparency, lower leakages, and expand inclusion.

India's DPI model has emerged as a global benchmark for open, interoperable, and inclusive digital infrastructure. As of

February 2026, India had signed DPI and India Stack cooperation agreements with 24 countries. Meanwhile, UPI expanded to 8 countries, deepening cross-border payments and financial connectivity. During its G20 Presidency, India placed DPI at the centre of the global development agenda through the Global DPI Repository. It also championed international adoption by offering CoWIN as an open-source digital public good. Additionally, India's MOSIP, a global digital public good, is now being adopted or explored by 25+ countries, for sovereign digital identity systems. Scale, trust, interoperability, and public purpose combine to make India's DPI a model worth emulating. It shows how digital infrastructure can strengthen governance, accelerate economic growth, and deepen inclusion. For countries pursuing resilient, citizen-centric digital transformation, it offers a replicable blueprint.

INDIAN BROADBAND INDUSTRY

The Indian broadband industry is better understood as a multi-technology market than as a simple contest between wired and wireless access. TRAI's March 2026 classification distinguishes three broad segments: fixed wired, fixed wireless and mobile wireless broadband, each serving different connectivity requirements and deployment models.

Fixed wired broadband includes DSL, FTTH, Ethernet/LAN, cable modem and Internet leased lines, while fixed wireless broadband comprises 5G FWA, Wi-Fi, Wi-Max, Radio/UBR and satellite-based access. Mobile wireless broadband, meanwhile, covers handset, dongle and M2M-based 3G, 4G and 5G connectivity. This classification highlights the breadth of technologies through which broadband services are delivered across India.

The distinction is commercially important because each technology addresses a different combination of customer needs, coverage requirements and deployment economics. Mobile broadband offers mass-market reach, portability and widespread accessibility, making it the

primary connectivity layer for India's large wireless subscriber base. Fixed wired broadband, by contrast, is suited to customers that require dependable, high-capacity connectivity at a specific location, particularly households, enterprises and other high-data users.

FWA occupies an increasingly important position between these two models. It delivers a fixed broadband experience without requiring a physical wired last-mile connection to the premises, allowing operators to extend high-speed connectivity more rapidly and potentially

at lower deployment complexity than fiber in certain locations.

These technologies therefore function less as mutually exclusive alternatives and more as complementary access models. Their coexistence enables operators to serve different customer segments while balancing coverage, capacity, service requirements and network investment.

FY 2025-26 Highlights

India crossed the **1 billion broadband subscriber milestone**, reflecting the rapid expansion of 5G mobile broadband and fiber-to-the-home (FTTH) connectivity. Total subscriptions reached 1,065.88 million by March 2026, highlighting three distinct growth engines:

Broadband Subscriber Segment	Subscribers (million)
Fixed Wired	46.51
Fixed Wireless	17.10
Mobile Wireless	1,002.27
Total	1,065.88

- Mobile wireless remains the dominant form of broadband access and continues to drive the market in terms of scale.
- Fixed Wireless Access (FWA) is emerging as a faster-growing segment, albeit from a smaller base, reflecting increasing demand for fixed connectivity delivered over wireless networks.
- Wired broadband is also maintaining healthy expansion, indicating that demand for reliable, high-capacity fixed connectivity remains strong alongside the widespread adoption of mobile broadband.

COMPETITIVE LANDSCAPE

India's broadband market is highly concentrated, with the top five providers accounting for 98.60% of total broadband subscribers in March 2026. This concentration is particularly pronounced in wireless broadband, where the top five providers held a 99.99% share, reflecting the importance of national scale, network coverage, spectrum availability, capacity and sustained infrastructure investment. Mobile broadband remains the primary channel for mass-market and portable connectivity, while FWA is emerging as an important fixed-location access model that can extend broadband without requiring a traditional wired last-mile connection.

Fixed wired broadband, by comparison, represented around 4.4% of the overall broadband market, but remained strategically important for high-bandwidth and fixed-location requirements across households, businesses and institutions. The top five fixed wired providers accounted for 71.68% of the segment, indicating greater scope for regional and specialist providers than in the wireless market. Local fiber infrastructure, geographic focus, service differentiation and established customer relationships can therefore support competition alongside the scale advantages of larger operators.

Within this broader landscape, FWA is particularly important because it bridges the gap between mobile and traditional fixed broadband, offering fixed-location connectivity without requiring a physical wired last-mile connection. Its growing rural penetration suggests that FWA is likely to complement fiber rather than simply compete with mobile broadband, while the broader expansion of fiber and wireless fixed access could create new avenues for competition and extend high-capacity broadband to underserved locations.

Fixed Broadband penetration - Global benchmarks

URBAN RURAL DYNAMICS

India's connectivity landscape remains significantly more urban in its fixed and wireline segments, while wireless access has achieved a much broader geographic distribution. At the end of March 2026, urban telephone subscribers stood at 778.79 million compared with 551.79 million in rural areas. Despite the larger urban base, rural connectivity continued to expand at a faster pace, indicating gradual improvement in access outside major urban centres.

Metric	Urban	Rural
Wireless subscribers	735.73 Million	546.60 Million
Wireline subscribers	43.06 Million	5.19 Million
Wireless monthly growth	0.68%	0.74%
Share of wireline base	89.24%	10.76%

Source: Telecom Regulatory Authority of India, Press Release No. 53/2026

The urban-rural divide is considerably more pronounced in wireline connectivity. Urban wireline subscribers accounted for 43.06 million connections, or 89.24% of the total wireline base, compared with just 5.19 million rural subscribers. Wireless access, by contrast, was distributed much more broadly, with 735.73 million urban and 546.60 million rural subscribers. This gap highlights the structural advantage of wireless technologies in extending connectivity across geographically dispersed markets, while also pointing to significant headroom for expanding fixed broadband infrastructure in rural areas.

OUTLOOK

The next phase of India's fixed broadband market is expected to be driven by four structural factors:

Rising incomes are expanding the addressable market and improving affordability

Increasing household incomes are expected to support broader fixed broadband adoption. As disposable incomes rise, a growing number of Indian households will have sufficient purchasing power to subscribe to fixed broadband services.

As of FY 2025-26, up to 137 million households are estimated to be able to afford fixed broadband. This

addressable base could increase to up to 201 million households by FY2031, representing households with annual disposable income above ₹829,000 (~US\$9,211). This affordability threshold reflects current entry-level broadband pricing and consumer spending patterns, with digital connectivity accounting for approximately 1.2% of disposable income, across mobile and fixed services.

Growing demand for reliable, high-capacity connectivity is driving media-rich consumption

Fixed broadband is increasingly shifting from a basic connectivity service to an essential enabler of digitally intensive lifestyles. The adoption of bandwidth-heavy use cases, including AI applications, remote work, online learning, 4K OTT streaming and cloud gaming, is driving demand for **high-speed, reliable and low-latency connectivity**.

As these use cases become more mainstream, consumers are increasingly prioritizing network quality and reliability alongside price. Fixed broadband is therefore emerging as an important complement to mobile data, particularly for households with high levels of digital consumption.

Rapid FWA deployment is accelerating broadband penetration in underserved markets

Fixed Wireless Access (FWA) is emerging as a key growth engine, particularly in areas where fibre infrastructure remains limited. By leveraging technologies such as **5G and UBR**, FWA can deliver fibre-like speeds without the cost, complexity and deployment timelines associated with last-mile fibre rollout.

Government initiatives are supporting infrastructure expansion and lowering deployment barriers

Government initiatives continue to play an important role in expanding India's digital connectivity infrastructure. Programs such as **BharatNet** and **National Broadband Mission 2.0** are supporting connectivity expansion in rural and underserved areas.

At the same time, streamlined **Right of Way (RoW) regulations** and incentives for infrastructure sharing are helping reduce deployment costs and accelerate network rollout for private operators.

TELEVISION

India's television market continues to expand, supported by rising demand for smart TVs, greater availability of regional content, and widespread access to affordable internet services. Penetration across non-metropolitan regions, coupled with ongoing technological advancements, is expanding market reach. Meanwhile, evolving lifestyles and rapid digitalisation are reshaping viewing habits in both urban and rural households, reinforcing television's role as a primary home entertainment platform.

A significant technological transformation is also underway, as consumers increasingly prefer smart, connected entertainment solutions. Smart TV shipments have grown substantially, with Samsung and LG maintaining leading positions. Smart TVs now account for the vast majority of television sales in India, signalling a clear shift away from

conventional television sets. A growing population and an expanding middle-class consumer base continue to support higher television adoption, creating attractive growth opportunities. The rapid rise of OTT platforms and regional content is further driving demand for high-resolution displays, enhanced audio-visual technologies, and feature-rich televisions.

Television reach remained stable in 2025, while average daily viewing time edged up by 0.5%, to 3 hours and 44 minutes per day. Audience demographics remained consistent with 2024: the 15-50 age group accounted for 58.00% of viewership, and those aged 14 and below for 23.00%.

Content preferences also remained largely unchanged. General Entertainment Channels (GEC) and movies continued to dominate consumption at 76% of total viewership, a share that has remained

stable for the past seven years. Sports viewership, however, grew by 5%, driven by marquee events such as the ICC Women's Cricket World Cup, ICC Men's Champions Trophy, Asia Cup, and IPL. The IPL final alone became the third most-watched T20 match in television history, recording 15 billion viewing minutes and attracting 169 million live viewers.

Language preferences stayed stable as well. Hindi remained the most-watched language at 45% of total viewership, a marginal increase over 2024, while the top five languages together contributed 81% of total viewership. South Indian languages accounted for 34%, underscoring the continued strength of regional content. English language viewership remained below 1%, – a clear mark of vernacular programming's dominance.

Customer Average Revenue Per User (ARPU)

Linear television subscription revenues in India declined by 8% in 2025, despite a 2.4% increase in TV subscription ARPU, which reached an average of ₹288 (gross of taxes) at end customer prices. The decline stemmed mainly from a reduction of 11.5 Million Pay TV households as consumers increasingly shifted to Connected TV and Free TV platforms.

Pay TV households, including under-declared and/or pirated connections, fell by 11.5 million to just under 100 million in 2025. Combined with Connected TV households, however, the overall television base held stable at approximately 140 million homes.

Several factors drove the decline in Pay TV households. Premium consumers

continued migrating to Connected TVs, which is estimated to have surpassed 40 Million weekly active households, while digital entertainment platforms grew more popular. OTT services added premium exclusive content backed by strong marketing campaigns, and the Free TV expanded its bouquet of Hindi content. Free digital platforms such as YouTube also gained further ground.

India has an estimated 8-10 Million under-declared and/or pirated television households, with piracy occurring across both linear television and digital platforms.

Free TV continued to expand, adding 4.5 Million subscribers to reach an estimated 53 Million households in 2025. Growth was supported by the availability of premium

content from leading broadcasters, a wider selection of channels including regional language offerings, and affordable TV sets. Mobile connectivity challenges in rural areas, and rising cable and DTH subscription costs added further momentum.

FreeDish distributors report accelerating year-on-year growth, with demand expected to remain stable as the platform continues to benefit from a growing channel line-up and improving content quality.

Telecom Regulatory Authority of India (TRAI)

QoS Regulations

TRAI issued a consultation paper on proposed amendments to the *Standards of Quality of Service of Access (Wireline and Wireless) and Broadband (Wireline and Wireless) Service Regulations, 2024*. The proposals seek to strengthen standards for latency, packet loss, jitter, and automated compensation for service downtime.

MyCall App Upgrade

TRAI enhanced the MyCall mobile application to provide consumers with improved, crowdsourced monitoring of voice and data network quality.

Nationwide Drive Tests

TRAI conducted network quality assessments across major highways, railway routes, and urban corridors, including Delhi, Mumbai, Katra-Udhampur, and Srinagar, to assess compliance with prescribed service-quality benchmarks.

Satellite Communication Framework

TRAI released a consultation paper on *Satellite Communication Network Authorisation and Spectrum Assignment*, addressing the regulatory framework for commercial satellite broadband services.

Satellite Spectrum Assignment

TRAI finalized its recommendations to the Department of Telecommunications (DoT) on the terms and conditions for assigning spectrum for commercial satellite communication services.

Microwave Backhaul Spectrum

TRAI issued recommendations covering spectrum bands including 6 GHz, 7 GHz, 13 GHz, 15 GHz, 18 GHz, 21 GHz, E-Band, and V-Band to support high-capacity telecom backhaul requirements associated with 5G and fiber broadband expansion.

Rating Manual 2026

TRAI released the Rating Manual 2026 under the *Rating of Properties for Digital Connectivity Regulations, 2024*. The framework establishes criteria for evaluating residential and commercial properties based on fiber readiness and in-building digital connectivity infrastructure.

PM-WANI Expansion

TRAI issued a consultation paper examining barriers to the wider deployment of PM-WANI public Wi-Fi networks, particularly across tier-2, tier-3, and rural markets.

Domestic Leased Circuits

TRAI initiated a review of tariffs for Domestic Leased Circuits, including enterprise broadband ceiling tariffs and band rental charges.

Interconnection Framework

TRAI initiated a review of existing interconnection arrangements to address the evolving requirements of IP-based, high-capacity traffic exchange between fiber and wireless networks.

M2M and IoT Devices

TRAI issued recommendations concerning the sale and licensing of SIM/eSIM cards of foreign telecom service providers for use in M2M and IoT devices exported from India.

V2X Connectivity

TRAI released a consultation paper examining spectrum and bandwidth requirements for Vehicle-to-Everything (V2X) communication and connected vehicle networks.

Telecommunication (Broadcasting and Cable) Services Interconnection (Addressable Systems) (Seventh Amendment) Regulations, 2026

TRAI notified the Telecommunication (Broadcasting and Cable) Services Interconnection (Addressable Systems) (Seventh Amendment) Regulations, 2026, in February 2026. The amendment strengthens the audit framework for addressable television distribution and addresses concerns relating to repetitive audits and infrastructure sharing. It also seeks to improve regulatory oversight while reducing unnecessary compliance burdens on distributors.

Ministry of Electronics and Information Technology (MeitY)

Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Amendment Rules, 2026 (SGI Amendment Rules)

The Ministry of Electronics and Information Technology (MeitY) notified the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Amendment Rules, 2026, effective February 20, 2026. The amendments establish a regulatory framework to address risks associated with the creation and dissemination of synthetically generated information (SGI). They also promote greater transparency and accountability in digital content.

India Artificial Intelligence (AI) Governance Guidelines

MeitY unveiled the India AI Governance Guidelines in November 2025, marking the country's first comprehensive, sector-agnostic framework for the safe and responsible adoption of AI. The guidelines adopt a principles-based approach, built around seven guiding 'sutras' that emphasise trust, human-centricity, innovation, fairness, accountability, explainability by design, and safety and resilience.

Digital Personal Data Protection Rules, 2025

MeitY notified the Digital Personal Data Protection Rules, 2025 (DPDP Rules) to operationalise the Digital Personal Data Protection Act, 2023 (DPDPA). The implementation has three phases. Phase I, effective November 13, 2025, establishes the regulatory framework by operationalising the Data Protection Board and bringing foundational provisions and definitions into force. Phase II, commencing on November 13, 2026, introduces registration and operational requirements for consent managers. Phase III, effective May 13, 2027, marks the commencement of the principal compliance obligations applicable to data fiduciaries.

Reserve Bank of India (RBI)

AI Committee Report

The RBI released its report, Framework for Responsible and Ethical Enablement of Artificial Intelligence in the Financial Sector, on August 13, 2025. It sets out a high-level roadmap for the responsible adoption of AI by regulated financial entities.

The Report recommends enhancing existing RBI regulatory frameworks to address AI-specific risks. In particular, it proposes amendments to the RBI (Digital Lending) Directions, 2025, requiring disclosures where AI is used to support credit decisions. It also mandates fairness audits to identify and mitigate algorithmic bias. It further recommends updating the RBI (Outsourcing of Information Technology Services) Directions, 2023, to require service providers to disclose use of AI and undertake AI-specific risk assessments. This will reinforce accountability across outsourced technology services.

Ministry of Information and Broadcasting (MIB)

Draft Amendments to the Policy Guidelines for Television Rating Agencies

The Ministry of Information and Broadcasting released draft amendments to the Policy Guidelines for Television Rating Agencies in November 2025. The proposed reforms aim to enhance transparency, address conflicts of interest, and modernise audience measurement for evolving viewing platforms. They propose reducing the minimum net worth requirement for registration from ₹200 Million to ₹50 Million and raising the permissible cross-holding limit from 10% to 20% of equity. They also require the expansion of audience measurement panels. Further, it has been clarified that viewership generated from a channel's landing page following a television switch-on will no longer be counted towards official television viewership metrics. This will help improve the accuracy and reliability of audience measurement.

Indian Computer Emergency Response Team (CERT-In)

Comprehensive Cyber Security Audit Policy Guidelines

CERT-In issued the Comprehensive Cyber Security Audit Policy Guidelines on July 15, 2025. The Guidelines standardise cybersecurity audits and strengthen governance across the audit lifecycle, defining audit scope, methodology, reporting standards, and the roles and responsibilities of auditors and regulated entities.

The Guidelines require specified entities, including listed companies, banks, and fintech platforms, to undergo an annual audit by a CERT-In empanelled auditor. Additional audits are required before major system overhauls. They also introduce vulnerability classification using CVSS and EPSS frameworks, and mandate local storage of audit data. Further provisions prescribe oversight measures for non-compliance and eligibility criteria for CERT-In empanelled auditors.

Supreme Court

CCI's Jurisdiction Over the Broadcasting Sector

On 27 January 2026, the Supreme Court of India upheld the Competition Commission of India's (CCI) jurisdiction to examine competition law issues in the broadcasting sector. The Court dismissed a special leave petition filed by the Joint Star Private Limited challenging the Kerala High Court's decision that permitted the CCI's investigations. The decision reinforces the application of competition law principles to the broadcasting industry while providing greater regulatory certainty for market participants.

Company Overview

GTPL Hathway Limited is India's largest Multiple System Operator (MSO), offering Digital TV and wired broadband services across a wide geographic footprint. Since its inception in 2006, the Company has established industry leadership through advanced technology, a compelling content portfolio, robust infrastructure, and one of the country's largest distribution networks. Today, GTPL is the No. 1 MSO in India, the largest MSO and wired broadband service provider in Gujarat, and the second-largest MSO in West Bengal. Its operations span more than 1,500 towns across 26 states and 5 Union Territories, connecting over 12 million households through a network supported by 336 offices nationwide.

Alongside its Digital TV business, GTPL has built one of India's leading private wireline broadband businesses, serving more than 1 million broadband subscribers. The Company provides reliable high-speed internet through a robust fiber network with unlimited data plans catering to residential customers, enterprises, and small businesses. GTPL continues to benefit from rising adoption of higher-speed plans and customer-focused offerings that support steady ARPU growth.

GTPL has further strengthened its infrastructure by operating over 100,000 kilometres of owned optical fiber, a nationwide Network Operations Centre (NOC) in Ahmedabad, a secondary headend in Kolkata, and a distribution network delivering more than 975 television channels, including over 97 HD channels. These investments enable reliable service delivery across urban, semi-urban, and rural markets.

A major strategic milestone in FY 2025-26 was the launch of GTPL Infinity, the Company's Headend-In-The-Sky (HITS) platform. Backed by one of the world's largest C-band teleport facilities in Ahmedabad and powered through multiple C-band transponders on the Telkom-4 satellite, GTPL Infinity enables pan-India signal delivery with minimal infrastructure, faster deployment, lower delivery costs, and access to underserved and cable-dark regions. The platform delivers approximately 1,000 channels, including around 100 HD channels, and significantly enhances GTPL's nationwide growth potential.

The Company continues to strengthen its technology leadership through strategic

partnerships with global technology providers, AI-enabled customer service, digital platforms such as GTPL Buzz and GTPL Genie+, and an extensive ecosystem of more than 48,000 business partners, over 200 broadcasters, 1,750+ enterprise customers, and 30+ government projects.

GTPL's sustained investments have translated into consistent value creation. Over the last eight years, Digital TV subscribers have grown by approximately 1.5x, wired broadband subscribers by nearly 4x, revenue has delivered a CAGR of around 16%, and the Company has generated positive free cash flow while maintaining profitability every year. The Company has remained PAT positive for eight consecutive years, doubled its net worth during this period, and maintained a consistent dividend payout track record, with a 20% dividend recommended for FY 2025-26. Its financial strength continues to be supported by IND AA-/Stable (LT) and IND A1+ (WC) credit ratings from India Ratings.

In-House Platform Services for Entertainment

Beyond connectivity, GTPL offers a diverse in-house entertainment portfolio, owning and managing more than 130 channels across genres and regional languages. This content depth sharpens content differentiation and boosts engagement, reinforcing GTPL's position as an integrated digital entertainment and connectivity provider.

Business Partners

A robust network of over 48,000+ Last Mile Operators (LMOs), who serve as key business partners across the country, support GTPL's operations. The Company operates on a collaborative, bottom-up approach built on mutual growth, transparency, and long-term partnerships. By drawing on the local market knowledge and on-ground presence of its LMO network, GTPL is able to expand its reach and deliver consistent service quality across regions.

Technology

Technology anchors GTPL's promise of reliable, high-quality digital entertainment and broadband services. The Company has built a robust technology ecosystem in collaboration with leading global and domestic technology partners. This collaboration spans cloud infrastructure, network operations, security, content delivery, customer engagement, and enterprise applications.

Oracle powers the Company's cloud infrastructure and database, while its enterprise-wide business processes are managed by Oracle Fusion Applications. GTPL's broadcasting infrastructure is supported by headend technology partners including Broadpeak, Ateme, and Harmonic, enabling efficient content processing and seamless delivery across its nationwide network. Strategic partnerships with Juniper Networks, Nokia, and Alepo strengthen network operations, ensuring high network availability, scalability, and operational efficiency. Customer premises equipment is sourced from established technology providers such as ZTE, Nokia, Aprecomm, Jiuzhou, Changhong, and OVT, supporting consistent connectivity and customer experience.

To safeguard its digital infrastructure, the Company uses advanced cybersecurity and content protection solutions from NAGRA Kudelski, Fortinet, and Verimatrix. Digital service offerings are further enhanced through partnerships with DistroTV, and OTTplay, offering customers access to a diverse portfolio of gaming and OTT entertainment services.

AI-driven digital solutions from Yellow.ai and Affle help fortify customer engagement. GTPL also maintains an active presence across major digital platforms, including Facebook, Instagram, X, LinkedIn, YouTube, Google, and the Google Play Store. Magnaquest supports subscriber lifecycle management, while operational efficiency is further enhanced through the Company's proprietary in-house BSS applications, including CRM for MSO and GTPL Ledger.

GTPL's technology backbone is anchored by its primary headend in Gujarat, supported by a regional headend in Kolkata, enabling efficient nationwide service delivery. With the capability to distribute over 975 television channels, including over 97 HD channels, GTPL continues to invest in advanced technologies and strategic partnerships. These investments enhance service quality, strengthen network resilience, and deliver a seamless digital experience to customers across India.

Together, this integrated ecosystem allows GTPL to deliver secure, scalable, and future-ready digital entertainment and connectivity solutions, living up to its promise of **'Connection Dil Se.'**

SWOT Analysis

STRENGTHS

- Market leader as India's No. 1 MSO, largest MSO and broadband provider in Gujarat, and No. 2 MSO in West Bengal.
- Extensive presence across 26 states, 4 Union Territories and more than 1,500 towns, connecting over 12 million households.
- Robust infrastructure comprising over 100,000 km of owned optical fiber, nationwide Network Operations Centre, dual headends, and distribution of 975+ channels including 97+ HD channels.
- One of India's leading private wireline broadband providers with over 1 million broadband subscribers and strong digital cable franchise.
- GTPL Infinity (HITS) platform enables pan-India signal delivery, faster deployment, lower delivery costs and expansion into cable-dark and underserved markets.
- Strong partner ecosystem comprising 48,000+ business partners, 200+ broadcasters, 1,750+ enterprise customers and 30+ government projects.
- Diversified offerings including Digital TV, Wired broadband, OTT bundles, cloud gaming, Live TV, AI-enabled customer service and vernacular digital applications.
- Consistent profitability, positive free cash flow, eight consecutive years of PAT, regular dividend payments and strong investment-grade credit ratings.

S

WEAKNESSES

- Customer retention remains challenging amid intense competition from DTH, OTT platforms, and telecom broadband providers.
- Wired broadband business remains concentrated in selected states despite nationwide cable presence, leaving scope for wider geographic expansion.
- Digital TV business continues to face structural pressure from evolving digital content consumption and OTT adoption.

W

OPPORTUNITIES

- Television households in India are expected to exceed 200 million by 2028, supported by rising incomes and an expanding middle class, providing a significant opportunity for subscriber growth.
- India's fixed broadband penetration remains significantly below global benchmarks, creating substantial long-term growth potential for broadband services.
- Industry consolidation and cancellation of non-compliant MSO licences present opportunities to acquire customers and consolidate a market of nearly 40 million cable TV households.
- GTPL Infinity (HITS) enables expansion into rural, cable-dark and difficult-to-reach markets while reducing signal delivery and infrastructure costs.
- Integrated offerings combining Digital TV, Wired broadband, OTT platforms and cloud gaming provide opportunities to improve customer engagement and increase ARPU.
- Strategic acquisitions and expansion into new geographies can further strengthen the Company's leadership position.

O

THREATS

- Intensifying competition from DTH operators, telecom broadband providers and OTT platforms may put pressure on subscriber growth, pricing and market share.
- Changing consumer preferences towards streaming services and digital entertainment could reduce demand for traditional cable television services.
- Rapid advancements in broadband technologies and digital content delivery require continuous investment to remain competitive.
- Regulatory changes and increasing compliance requirements in the broadcasting and telecom sectors could impact operations and industry dynamics.

Human Resources

GTPL recognizes its employees as a key driver of business success and remains committed to building a high-performance, future-ready organization. During FY 2025-26, the Company continued to strengthen its people practices through focused investments in talent acquisition, enhancing employee productivity and engagement, promoting people practices, and digital HR transformation.

The Company continued to promote meritocracy, equal opportunity, and transparent people policies while strengthening its employer brand.

Learning and development remained a key focus area during the year. Employees participated in various technical, functional, behavioral, and leadership development programmes designed to enhance professional capabilities and prepare them for future business challenges. The Company also continued to invest in managerial effectiveness, customer service

excellence, compliance awareness, and technology-focused learning initiatives.

The Company's performance management framework continued to foster a culture of accountability, transparency, and continuous improvement by aligning individual goals with organizational objectives.

As part of its digital transformation journey, GTPL continued to enhance technology-enabled HR processes to improve employee experience, operational efficiency, and decision-making. Increased adoption of digital workflows, self-service platforms, and analytics-driven HR practices enabled greater transparency and effectiveness in people management.

The Company believes that its employees will continue to play a pivotal role in driving innovation, operational excellence, and sustainable growth while delivering superior value to customers and stakeholders.

Risk Management

Description and Specification

During FY 2025-26, GTPL's Enterprise Risk Management framework identified three key emerging risks requiring focused management attention: talent attrition and sourcing challenges in specialized technology roles, compliance obligations under the Digital Personal Data Protection (DPDP) Act, 2023, and supply chain and procurement disruption risk arising from evolving geopolitical and logistics conditions.

Potential Impact

GTPL operates in a fiercely competitive talent market for technology roles such as Digital Headend Engineers, application developers, and cybersecurity specialists, competing against better-resourced MSOs, telecom, and technology companies. Attrition among senior leadership and subject-matter experts during the Company's ongoing technology transformation poses a risk to operational continuity, driven by limited career-advancement perception, compensation gaps, and skill obsolescence amid rapid technological change.

Separately, as a data fiduciary managing personal data for millions of cable TV and broadband subscribers, GTPL faces new statutory obligations under the DPDP Act, 2023 — including consent management, breach notification, and data-principal rights. Gaps such as the pending appointment of a Data Protection Officer and an undeployed consent management platform expose the Company to regulatory and reputational risk.

On the supply chain front, GTPL's large-scale digital distribution network depends on timely procurement of set-top boxes and network equipment from domestic and international vendors. Geopolitical disruptions to key shipping routes, such as the Strait of Hormuz, together with a tightening marine insurance environment marked by elevated war-risk premiums and reduced reinsurance capacity, have increased the risk of deployment delays, cost escalation, and working capital pressure.

Internal Control Systems

The Company has established a comprehensive internal control framework to improve operational efficiency, optimise resource use, and ensure compliance with applicable laws and regulations. An independent firm of Chartered Accountants serves as Internal Auditor, reinforcing this framework.

The Audit Committee reviews internal audit findings and recommendations on a quarterly basis. Each review is aimed at strengthening business processes and controls. Management then implements appropriate preventive and corrective measures to address identified risks and safeguard the Company's assets and business interests.

Risk Management and Mitigation

To address talent risk, GTPL has strengthened its Balanced Scorecard system, competency matrices, and succession planning, supported by the ZingHR digital HR platform; the Company plans to expand Learning & Development programs, broaden succession coverage to Tier 2 and Tier 3 roles, and build its employer brand around its digital transformation narrative.

On data protection, GTPL has engaged a consultant for an independent DPDP compliance audit, alongside existing controls such as password policies, data masking, and two-factor authentication. The Company plans to deploy a Consent Management Platform by Q4 FY 2026-27 and conduct stakeholder awareness programs, with a formal compliance audit targeted for Q2 FY 2026-27.

On supply chain resilience, GTPL maintains a diversified vendor base with strategic rate contracts, ERP-integrated procurement systems for real-time tracking and demand planning, and a minimum 90-day buffer stock of critical components including set-top boxes. The Company continues to pursue alternate vendor development and increased sourcing localization, supported by continuous market monitoring and vendor performance reviews, to strengthen resilience against ongoing supply chain disruptions.

Cautionary Statement

The Company has disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This Report and other statements, written and oral, that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties, and even inaccurate assumptions. Readers are requested to keep this in mind. Actual results may differ from those expressed or implied. Our ESG Purpose

Connecting Responsibly: Leading Sustainably

Our ESG philosophy is embedded in our identity and guides not only what we do, but how we do it. Through every connection we build, we strive to foster digital inclusion, environmental responsibility, and ethical governance. We recognise the responsibility that comes with scale and are committed to managing our footprint responsibly while delivering sustainable, long term value for our stakeholders.

ESG Reporting Scope

We present our Environmental, Social and Governance (ESG) disclosures for the financial year FY 2025-26, reflecting our continued commitment to responsible growth, transparency, and long-term stakeholder value creation.

Our ESG reporting covers the full extent of our operations across 26 states in India, representing a

diverse and expansive footprint in both urban and rural markets. Through this wide operational presence, we remain closely connected to the communities we serve. It also enables us to integrate sustainability practices consistently across geographies.

This report outlines our approach, performance, and progress on key ESG parameters during the year. We aim to

provide our stakeholders with a clear, comprehensive, and transparent view of our sustainability efforts. It also highlights how we integrate sustainability into our business strategy and day-to-day operations.

Shaping Our Priorities: Stakeholder Voice & Material Issues

At GTPL, we recognise that stakeholder engagement is integral to how we operate and grow responsibly. Meaningful and continuous dialogue with our stakeholders enables us to stay aligned with their evolving expectations. It also helps us respond proactively to their concerns and co-create long-term value. Our engagement approach is structured, inclusive, and anchored in transparency, accountability, and mutual respect.

Our stakeholder ecosystem comprises diverse stakeholder groups, each playing a distinct role in shaping our strategic direction and ESG priorities:

We have established structured engagement mechanisms across all stakeholder groups to capture feedback consistently and address concerns in a timely manner. Through formal grievance redressal systems and ongoing dialogue, we incorporate stakeholder feedback into our operations. This helps us remain responsive, transparent, and accountable.

Translating Stakeholder Insights into Material ESG Priorities

Our materiality assessment is a strategic exercise that helps GTPL identify and prioritise ESG topics that matter most to our business and stakeholders. Our latest comprehensive materiality assessment was conducted in FY 2023. It established a strong foundation for our ESG strategy and continues to guide our sustainability priorities.

We follow a structured and systematic approach to determine material ESG issues:

Based on this process, ESG topics are plotted on a materiality matrix using two key parameters:

This framework categorises ESG issues into high, medium, and emerging priorities. It allows us to focus on areas that are most critical to long-term sustainability and value creation.

The materiality assessment is periodically reviewed to reflect changes in stakeholder expectations, evolving regulatory requirements, and shifting business priorities. This ongoing process ensures that our ESG strategy remains dynamic, relevant, and aligned with our long-term vision for responsible and sustainable growth.

From Materiality to Momentum: Our ESG Strategy

Our ESG philosophy is anchored in responsible growth, ethical governance, and creating long-term sustainable value for all stakeholders.

Building on the insights from our FY 2023 materiality assessment, we have structured our ESG approach around four strategic pillars. These pillars directly reflect the priorities identified through stakeholder engagement and issue mapping. They translate material topics into clear action areas, ensuring our efforts remain purposeful, measurable, and aligned with the expectations of those we serve.

Our ESG approach stands on four strategic pillars:

GTPL ESG Strategy and Framework

A Future Ready Foundation

These four pillars form the foundation of GTPL's ESG strategy—guiding every initiative, investment, and interaction across our business. Each pillar is supported by specific focus areas that directly align with the material topics identified through our comprehensive materiality assessment.

For every priority area, we have defined measurable goals and established Key Performance Indicators (KPIs) that turn strategy into action.

This approach keeps us agile in a dynamic world. It enables us to meet evolving expectations, stay ahead of regulatory developments, and deliver long-term value for all stakeholders. It is also instrumental in building a more inclusive and sustainable future.

Environmental Stewardship & Resource Management

Every connection we power through digital TV and wired broadband reflects our commitment to using resources responsibly and reducing our impact on the environment.

We focus on energy efficiency, responsible resource utilisation, and sustainable operational practices to minimise our environmental footprint. This helps us support the growing demand for reliable digital connectivity while balancing business growth with environmental responsibility. Our networks not only connect people but also contribute to a more sustainable future.

Policies Governing Environment

Our approach to environmental stewardship is guided by our overarching ESG Policy. It serves as the foundation for integrating sustainability principles into our business operations and decision-making processes. Through this framework, we embed environmental considerations across key areas

such as resource efficiency, energy management, emissions reduction, water conservation, and responsible waste management. We also ensure compliance with all applicable regulations and standards.

We strive to adopt efficient technologies, promote responsible consumption, and encourage sustainable practices

across our value chain, supported by continuous improvement and heightened internal awareness. This policy-driven approach enables us to minimise our environmental footprint, mitigate risks, enhance operational efficiency, and contribute to building a more sustainable and resilient future.

Energy Management

Our energy footprint is primarily derived from two sources—direct energy and indirect energy consumption. Direct Energy consumption mainly comprises fuel used in diesel generators and owned vehicles. Indirect Energy consumption includes electricity used across our offices and operational hubs to power network infrastructure and service delivery systems.

During FY 2025-26, our total energy consumption stood at 26,086.11 GJ, reflecting a year-on-year marginal reduction of 0.2%. This was achieved despite the continued expansion of our operations and growing demand for connectivity services. As depicted in the chart, our energy consumption has remained broadly stable over recent years. It has declined by 12% compared to FY 2022-23, demonstrating our sustained focus on improving energy efficiency even as our business scales.

Encouragingly, we continued to improve our operational efficiency during the year. Our energy intensity reduced by 10.6%, from 1.19 to 1.06 GJ per million INR of turnover year-on-year. This indicates more efficient energy utilisation relative to business growth. The improvement reflects our continued focus on optimising energy usage, enhancing infrastructure efficiency, and adopting better operational practices.

Emissions Management

We recognise the importance of actively monitoring and managing our greenhouse gas (GHG) emissions as part of our broader environmental responsibility. Our GHG emissions are primarily derived from two sources: direct energy consumption and indirect energy consumption. Direct emission (Scope 1) arises from diesel generators and owned vehicles, while indirect emission (Scope 2) are generated from grid electricity used across our offices and operational sites. Given the nature of our operations, Scope 2 emissions constitute the majority of our overall carbon footprint due to our electricity-intensive network infrastructure.

In contrast, Scope 1 emissions have remained minimal at approximately 2% of total emissions from FY 2022-23 to FY 2025-26.

Scope 1

Our Scope 1 emissions, arising from diesel generators and owned vehicles, reflect our ongoing commitment to optimising fuel use while ensuring operational reliability. As illustrated in the chart, Scope 1 emissions have shown an overall improvement over the medium term. They declined from 100.17 tCO₂e in FY 2022-23 to 77.41 tCO₂e in FY 2025-26, representing a reduction of approximately 23%. This gradual decline highlights our

efforts to enhance operational efficiency, improve fuel utilisation, and strengthen infrastructure resilience across our network. It also demonstrates our continued focus on managing direct emissions responsibly, despite operational variations in regions with intermittent power supply.

Scope 2

Our Scope 2 emissions arise from purchased electricity used across our offices and operational sites. They account for the largest share of our overall carbon footprint because of the electricity-intensive nature of our operations.

■ Scope 1 Emission ■ Scope 2 Emission

Total Scope 1 emissions tCO₂e

Total Scope 2 emissions tCO₂e

As shown in the chart, Scope 2 emissions declined from 6,274.33 tCO₂e in FY 2022-23 to 4,928.99 tCO₂e in FY 2025-26, representing a reduction of approximately 21%. This was achieved despite the continued expansion of our operations and increasing energy requirements. The decline reflects improved energy efficiency and a lower emission factor of grid electricity. These improvements support our efforts to optimise indirect energy use and reduce our overall carbon footprint.

Our continued focus on operational efficiency is evident in the steady decline in emissions intensity over the years. As shown in the chart, Scope 1 and Scope 2 emissions intensity reduced to 0.20 tCO₂e per million INR of turnover in FY 2025-26, compared to 0.23 in FY 2024-25. This extends the downward trend from 0.24 in FY 2023-24 and 0.38 in FY 2022-23. Overall, this demonstrates an improvement of approximately 46% over the four-year period, highlighting our success in decoupling emissions growth from business expansion.

FY 2025-26 marks an important milestone in our emission management framework, as we have initiated the assessment of Scope 3 emissions for the first time. During the year, we have evaluated emissions across selected categories, laying the groundwork for a more comprehensive understanding of our value chain impact. Going forward, we aim to expand the scope and coverage of our Scope 3 emissions, progressively including all relevant categories in line with evolving standards and best practices.

Scope 3 Category		Emission (tCO ₂ e)
Category 5	Waste Generated in Operations	48.36
Category 6	Business Travel	71.48
Category 7	Employee Commute	635.09
Category 8	Upstream Leased Assets	676.36
Category 9	Downstream Transportation and Distribution	289.15

Waste Management

We recognise that responsible waste management is critical to minimising our environmental impact and advancing a more circular, resource-efficient approach to operations. Our waste management strategy is designed to reduce waste generation at source, maximise recovery, and ensure safe and compliant disposal across our operational footprint.

During FY 2025-26, our total waste generation stood at 118.58 metric tonnes, reflecting a stable trend compared to 119.49 metric tonnes in FY 2024-25. This remained broadly stable despite the continued expansion of our operations. Over the years, our waste profile has evolved in line with business growth, with a clear focus on improving efficiency and recovery.

The majority of our waste comprises

e-waste (101.81 metric tonnes) and battery waste (14.81 metric tonnes), reflecting the technology-driven nature of our operations. Plastic waste remained minimal at 1.96 metric tonnes, while other waste categories continued to remain negligible.

Encouragingly, our waste intensity improved to 0.0048 MT per million INR, compared to 0.0054 in FY 2024-25. This indicates greater efficiency in waste management relative to revenue growth and reinforces our focus on optimising resource use while scaling operations.

A key pillar of our approach is our robust e-waste management programme. Under this programme, we prioritise the refurbishment, reuse, and recycling of electronic assets, particularly set-top boxes. We follow a structured lifecycle management process that extends the

usability of equipment wherever possible. Only assets that have reached the end of their lifecycle are directed for responsible disposal.

To ensure compliance with applicable environmental regulations and standards, we partner with authorised recyclers who are equipped to handle electronic and battery waste responsibly. This enables the recovery of valuable materials, reduces dependence on virgin resources, and strengthens our contribution to a circular economy.

Waste Generation (MT)

Waste intensity per rupee of turnover (MT / Million INR)

Water Management

We approach water management with a clear focus on responsibility, efficiency, and minimal environmental impact, aligned with our office-based and technology-driven operations. Although water is not a significant operational input for our business, we recognise the importance of managing this resource prudently. We therefore ensure that consumption practices remain efficient and sustainable across all our locations.

Our primary sources of water withdrawal include third-party supply and groundwater. Water is largely used for drinking and sanitary purposes, making our water footprint inherently lean and controlled. Given the predominantly domestic nature of our water use, total water withdrawal is equivalent to total water consumption. Our operations do not generate wastewater discharge, reflecting a low impact operating

model. This ensures that water is used purposefully, monitored regularly, and limited to essential requirements.

Total water withdrawal has declined from 32,116.50 kilolitres in FY 2022-23 to 24,733.80 kilolitres in FY 2025-26. The overall reduction over the period stood at approximately 23%. This steady decline highlights our sustained efforts to optimise consumption, improve efficiency across facilities, and embed a culture of responsible usage. Year-on-year, better monitoring practices, greater awareness, and disciplined resource utilisation further contributed to this performance, even as our business continued to expand.

In addition to lower water consumption, we have also achieved a significant improvement in water consumption intensity. As illustrated in the chart, water intensity reduced from 1.89 kilolitres per million INR of turnover in FY 2022-23 to 1.01 in FY 2025-26. This marks a

substantial improvement of nearly 47% over the period. The sustained reduction has enabled our ability to decouple resource consumption from growth, reinforcing our focus on operational efficiency and sustainable practices.

Our water management approach is further supported by continuous monitoring, internal awareness initiatives, and process-level controls aimed at minimising wastage and improving efficiency. We actively promote responsible consumption practices across our offices, ensuring that water is used judiciously and only where necessary. These initiatives, combined with our low-consumption operational model, enable us to maintain a disciplined and efficient water footprint.

Social – People, Customers & Communities

Every connection we enable through our digital TV and wired broadband services reflects our commitment to strengthening communities and fostering inclusive growth.

By prioritising customer well-being, employee development, and meaningful community engagement, we strive to create a positive and lasting social impact. Our efforts focus on enhancing inclusion, delivering services responsibly, and building lasting relationships with stakeholders. Through this approach, we aim to bridge digital divides, empower people with reliable connectivity, and contribute to a more connected, equitable, and resilient society.

Policies Governing Social Circle

Our approach to social responsibility is anchored in a robust policy framework comprising our ESG Policy, Employee Welfare Policy, Human Rights Policy, Prevention of Sexual Harassment Policy, and Vigil Mechanism. Together, these policies guide our commitment to fostering an inclusive, safe, and ethical workplace while upholding the rights, dignity, and well-being of all stakeholders.

We prioritise fair labour practices, equal opportunity, and a respectful work environment, supported by structured mechanisms to address grievances and promote transparency. Through continuous focus on employee development, diversity and inclusion, and responsible business conduct to strengthen trust, enhance organisational culture, and drive positive social impact.

This policy-led approach enables us to create a supportive ecosystem that empowers our workforce, safeguards stakeholder interests, and contributes to sustainable and equitable growth.

Our People

Our people are central to our growth and long-term success. We are committed to building an inclusive, equitable, and high-performing workplace where individuals feel respected, supported, and empowered to contribute meaningfully. By embracing diversity, fostering collaboration, and investing in continuous development, we aim to cultivate a resilient workforce. In turn, this helps us adapt to evolving business needs while delivering sustained value.

Gender Diversity

We believe that a diverse workforce brings varied perspectives, fosters innovation, and strengthens organisational resilience. We remain committed to enhancing gender diversity across all levels, including technical and field roles where female representation has traditionally been limited.

In FY 2025-26, women constituted 7% of our permanent workforce (47 out of 631) and 4% of our other-than-permanent workforce (55 out of 1,483). Overall, women accounted 5% of our total employee base (102 out of 2,114). While female representation remains modest, we continue to take focused steps to improve gender balance across functions and roles, particularly in traditionally underrepresented areas.

We have set a long-term target to increase women's representation to 10% by FY 2027. To guide our diversity and inclusion efforts, we also monitor workforce composition across gender, age groups, and management levels. This helps us drive data-informed diversity and inclusion initiatives and ensure sustained progress. The following table presents a detailed breakdown of our workforce for FY 2025-26.

Management Level	Gender (No.)		FY 2025-26
	Male	Female	
Permanent Workforce	584	47	631
Other-Than-Permanent Workforce	1428	55	1483
Total Workforce	2012	102	2114

Our workforce also reflects a strong regional presence, with 100% Indian nationals employed across our locations.

Talent Retention and Employee Policies

Retaining the right talent is critical to building a resilient and future-ready organisation. We recognise that a motivated, engaged, and supported workforce is fundamental to sustaining business continuity and driving innovation. Guided by our Employee Welfare Policy, we aim to create an environment where our people feel valued, respected, and empowered to grow.

Our approach to talent retention is anchored in the following key areas:

- **Employee Well-being and Support:** We promote a safe, healthy, and inclusive work environment through structured welfare measures and employee-friendly policies.
- **Learning and Development:** We undertake continuous upskilling and capability building initiatives to support career progression and prepare employees for evolving business needs.

- **Inclusive and Engaging Workplace:** We strive to create a culture of belonging by encouraging diversity, collaboration, and open communication across all levels.
- **Performance and Growth Opportunities:** We implement merit-driven performance management and provide internal growth opportunities to motivate employees and strengthen talent retention.

In FY 2025-26, we recorded an overall employee turnover rate of 16.3%. While this reflects the dynamic and competitive nature of the industry, we continue to strengthen our retention strategy. We do this by enhancing employee engagement, expanding development initiatives, and reinforcing a culture that prioritises well-being and inclusivity. These efforts aim to build stronger workforce stability and long-term organisational resilience.

Permanent Employees-Turnover

Our efforts to support employees returning from parental leave have resulted in a 100% return-to-work rate, with an overall retention rate of 68%. As part of our future roadmap, we aim to achieve 100% retention post-parental leave, while continuing to support employees at all life stages.

FY 2025-26	Male	Female	Total
Return to work rates of employees who took parental leave	100%	100%	100%
Retention rates of employees who took parental leave	68%	67%	68%

Employee Wellbeing and Development

We are committed to supporting the holistic well-being and professional development of our employees by creating a secure, inclusive, and enabling work environment. Our approach ensures that they feel supported not only in their professional roles but also in their overall health, safety, and personal well-being.

We provide a comprehensive range of benefits to all permanent employees, including health and accident insurance, as well as maternity and paternity benefits. These provisions are designed to offer financial security, promote work-life balance, and contribute to workforce stability and morale.

In addition to these benefits, we actively promote employee wellness and engagement through a range of initiatives, including:

- **Health and Wellness Programs:** We support employee well-being through benefits such as health and accident insurance coverage, ensuring financial protection and access to healthcare when needed.
- **Employee Engagement Activities:** We organise cultural and recreational events such as International Yoga Day celebrations, Diwali and Navratri festivities, and sports tournaments fostering team bonding and a sense of belonging.
- **Learning and Development Opportunities:** We invest in structured skill development trainings

and upskilling programs aimed at enhancing employee competencies and career progression. As a result of these efforts, 50% of our permanent workforce and 64% of our other than permanent workforce received skill development training in FY 2025-26.

- **Supportive Work Environment:** We promote work-life balance through inclusive policies such as maternity and paternity leave benefits, enabling employees to manage their personal and professional responsibilities effectively.

Through these engaging efforts, we aim to build a workplace where employees feel valued, cared for, and empowered to perform at their best.

Human Rights

We are committed to upholding and promoting human rights across all aspects of our operations. Our workplace culture is built on dignity, fairness, and mutual respect. We have set an objective to achieve 100% awareness of human rights among our permanent employees. As of FY 2025-26, 94% of permanent employees have undergone dedicated human rights awareness training. We continue to address the remaining gap through targeted sensitisation initiatives.

Our approach to human rights is supported by a comprehensive policy framework, including:

- **Code of Conduct:** Outlines our principles on non-discrimination, equal opportunity, and ethical workplace behaviour.
- **Employee Welfare Policy and ESG Policy:** Emphasise our responsibility to safeguard employee well-being and uphold human rights standards.

➤ **Human Rights Policy:** Provides a structured approach, defining our core principles, commitments, and expectations from all stakeholders.

➤ **Prevention of Sexual Harassment Policy:** Ensures a safe and respectful workplace, with clear guidelines and redressal mechanisms to address concerns.

All these policies are publicly available on our website, reflecting our commitment to transparency and accountability.

We also respect our employees' right to freedom of association and support their ability to form or join unions without restriction. While no unions were formed during FY 2025-26, we remain committed to upholding this right as an integral part of our human rights framework.

In FY 2025-26, GTPL recorded zero reported cases related to sexual harassment, workplace discrimination, child labour, forced or involuntary labour, and issues concerning equal wage

Occupational health and safety

We are committed to fostering a safe, healthy, and resilient workplace at GTPL through a comprehensive and proactive approach to Occupational Health and Safety (OHS). Our focus remains on strengthening awareness, enhancing preparedness, and embedding a culture of safety across all operations. We aim to achieve 100% training coverage on health and safety for all permanent employees. In FY 2025-26, 69% of our permanent workforce received health and safety training, reflecting steady progress in building organisation-wide awareness and capability.

Our commitment to safety is supported by a robust policy framework. The EHS Policy and ESG Policy define our approach, guiding responsible conduct, risk management, and adherence to safety standards across all operations.

To uphold high safety standards, we have implemented a structured EHS management system aligned with ISO 45001 guidelines, supported by well-defined protocols and procedures. Key elements of our approach include:

- **Safety Governance and Compliance:** A dedicated Health and Safety framework ensures compliance with applicable legal and regulatory requirements. Regular internal audits help identify risks and assess hazards across operational sites.
- **Safe Operations and Equipment:** Technicians strictly follow Standard Operating Procedures (SOPs) and are equipped with appropriate Personal Protective Equipment (PPE), including safety kits, shoes, and protective gear.

➤ **Health and Wellness Initiatives:** We promote holistic well-being through doctor consultations, health awareness talks, and sessions on nutrition, hypertension, and yoga, ensuring both physical and mental health support.

➤ **Safety Infrastructure and Awareness:** Our office premises are equipped with essential safety infrastructure, including first aid kits, smoke detectors, and fire extinguishers. Regular

communication of health and safety tips through internal channels further reinforces a culture of awareness and preventive care.

The effective implementation of our OHS initiatives is driven by active oversight from management, relevant committees, and functional teams. Together, they help ensure safety is prioritised, risks are proactively managed, and both physical and mental well-being are safeguarded across the organisation.

Customers & Service Responsibility

Delivering reliable, accessible, and customer-centric services remains a core priority for GTPL. We place a strong emphasis on transparency, responsiveness, and continuous improvement. Our focus is on understanding evolving customer needs, enhancing service delivery, and ensuring a seamless experience across all touchpoints.

To provide convenient access to information and support, we have established multiple platforms that facilitate seamless customer engagement and timely support:

Digital Access to Information

Our website and mobile application serve as comprehensive platforms, offering up-to-date information on services, pricing, and availability, enabling customers to make informed decisions.

24×7 Customer Support

Our dedicated toll-free customer care helpline operates round-the-clock, allowing customers to seek assistance, raise queries, and receive prompt support at any time.

Customer Awareness and Education

Through initiatives such as the 'Consumer Corner' on our website, we promote responsible usage and provide guidance on our products and services. We also collaborate with industry experts and associations to stay aligned with emerging concern and best practices.

Dedicated Support Team

Our trained customer support team ensures personalised assistance, addressing queries effectively and enhancing overall customer satisfaction.

Customer Satisfaction Survey

Customer satisfaction remains a key priority for us. We conduct customer satisfaction surveys for both our primary (PP) and secondary (SP) customers. The assessment covers parameters such as channel availability, picture quality, services, and cost. The average CSAT score stood at 84.66% for PP customers and 82.74% for SP customers.

We have also established a robust and accessible grievance redressal mechanism. Customers can register complaints through multiple channels, including:

Upon receiving a complaint or service request, a unique docket or complaint reference number is generated and shared via SMS to the registered mobile number. All complaints are addressed within defined timelines. Once resolved, an update on the action taken is communicated to the customer through SMS, ensuring transparency and timely closure.

Supply Chain Management

We are committed to building a responsible and sustainable supply chain that aligns with our ESG values and business objectives. Our ecosystem base includes both Business-to-Business (B2B) and Business-to-Consumer (B2C) segments. In the B2B space, we collaborate with Local Cable Operators (LCOs) for last-mile digital TV distribution and with broadcasters to offer diverse content. In the B2C segment, we deliver services directly to customers, providing seamless access to digital and entertainment solutions.

A robust governance framework underpins our supply chain practices. The Suppliers' Code of Conduct outlines clear expectations on ethical business practices, human rights, environmental stewardship, and regulatory compliance. This Code applies to all suppliers, including contractors, service providers, agents, and representatives. Supplier selection follows a structured evaluation process. This gives preference to partners who uphold fair labour practices, respect human rights, and demonstrate

commitment to sustainability. These expectations are further reinforced through our ESG Policy, which emphasises energy efficiency, resource conservation, and emission reduction.

Key elements of our responsible supply chain approach include:

01 Inclusive Sourcing

Procurement from Micro, Small, and Medium Enterprises (MSMEs) is prioritised to support local economic development and innovation. In FY 2025-26, 45% of input materials (by value) were sourced from MSMEs, reflecting a significant increase from the previous year.

02 Local Procurement

A strong focus is placed on domestic sourcing. In FY 2025-2026, 94% of inputs procured from within India, strengthening local supply networks and reducing dependency on external markets.

03 Vendor Governance

A structured vendor registration and evaluation system ensures adherence to applicable standards. It also encourages continual improvement in supplier performance and sustainability practices.

04 Circular Economy Practices

The reuse and refurbishment of set-top boxes, in collaboration with LCO partners, help minimise electronic waste and improve resource efficiency. In FY 2025-26, reclaimed products and packaging materials accounted for 14% of total products sold in relevant categories.

Through these measures, sustainability principles are embedded across the supply chain. They strengthen long-term partnerships, enhance operational efficiency, and contribute to environmental and socio-economic value creation.

Grievance Redressal Mechanism

We are committed to maintaining transparent and responsive grievance redressal mechanisms for all our stakeholders. Our structured approach ensures that concerns are addressed promptly, fairly, and in alignment with applicable policies and regulations.

In FY 2025-26, 100% of grievances received from all stakeholder groups were addressed

Investors/Shareholders

Complaints received from investors and shareholders are reviewed quarterly by the Board and annually by the Stakeholders' Relationship Committee, as outlined in the Committee's charter. Details of such grievances and their resolution are disclosed in our Annual Report in accordance with regulatory requirements.

Employees and Workers

We have a robust grievance redressal framework in place for our workforce. It includes a Vigil Mechanism for reporting unethical practices, a Prevention of Sexual Harassment (POSH) policy to address gender-based grievances, and provisions within our ESG Policy that promote a safe and equitable workplace. These channels ensure that employees and workers feel secure in raising concerns without fear of retaliation.

Customers

Customer grievances are handled through our dedicated Customer Care Service Centre. Issues related to services, billing, and technical support are logged, tracked, and resolved in a time-bound manner to ensure high customer satisfaction.

Value Chain Partners

Our suppliers and other value chain partners may raise concerns through the designated point of contact within the supply chain management team. We encourage open communication and timely resolution of issues to maintain ethical and sustainable business relationships.

Community Development and Responsible Supply Chain

Community development remains a key pillar of GTPL's Corporate Social Responsibility (CSR) approach, reflecting our commitment to inclusive and sustainable growth. Our initiatives are guided by need-based assessments and continuous engagement with local communities. This helps ensure interventions are relevant, impactful, and aligned with long-term development goals.

In FY 2025-26, CSR initiatives reached a wide base of beneficiaries across focus areas such as education, healthcare, and empowerment. A significant proportion belonged to vulnerable and marginalised groups. Our programmes are designed to create measurable impact by improving access to quality education, strengthening community well-being, and enabling equitable opportunities.

Key focus areas and outreach include:

Education

2,020 beneficiaries supported, with 78.81% from vulnerable groups, focusing on improving access to quality learning.

Daughter Empowerment

61,500 beneficiaries reached, with 100% belonging to marginalised communities, reflecting our commitment to gender inclusion and empowerment.

Healthcare and Education Support

290 beneficiaries covered, with 45.86% from vulnerable groups, addressing essential health and education needs.

Case Study 1 Empowering Young Girls and Women Through Life Skills Education

As part of our commitment to creating inclusive and empowered communities, we partnered with Rotary Club Charitable Trust to implement Project Asmita, a transformative initiative focused on the empowerment of girls and women in rural communities.

Recognizing that education extends beyond academics, Project Asmita was designed to equip participants with essential life skills that enable them to navigate personal, social, and economic challenges with confidence. Through a structured learning programme, beneficiaries were provided access to video-based learning modules, practical learning tools, and informative booklets covering critical topics such as financial literacy, mental well-being, digital and technological skills, and self-defense.

The programme created awareness on managing personal finances, encouraged open conversations around mental health, strengthened digital readiness, and enhanced personal safety and self-confidence among participants. By combining knowledge with practical application, Project Asmita helped foster greater self-reliance and decision-making ability among young girls and women.

Case Study 2 Supporting Holistic Learning

Our collaboration with the Lotus Petal Foundation extends to supporting students at the Lotus Petal Senior Secondary School in Dhunela, Gurugram, Haryana. Through the CSR initiative, "Supporting Academic Excellence Complemented by Skill Education under the CBSE Framework," we sponsor teaching expenses for pre-primary and primary classes, benefiting 455 students.

We have adopted a comprehensive approach to education by providing access to quality teaching. It also includes essential resources such as textbooks, notebooks, stationery, uniforms, nutritious meals, and transportation. In addition to strengthening academic foundations, our initiative integrates skill development aligned with NEP 2020 and CBSE guidelines. This helps equip students with future-ready capabilities.

Through this initiative, we aim to create a supportive and inclusive learning environment. It empowers students not only academically, but also socially and professionally helping them build confidence and prepare for future opportunities.

GOVERNANCE – ETHICS, OVERSIGHT & CONTROL

Strong governance forms the foundation of our ability to deliver reliable digital connectivity while creating long-term value for stakeholders.

Through a robust framework of ethical business practices, transparent decision-making, effective risk management, and regulatory compliance, GTPL strive to uphold accountability across our operations. Our governance approach is guided by integrity, oversight, and continuous improvement, ensuring that we operate responsibly in an increasingly dynamic business environment. By embedding good governance principles into our organisational culture, we strengthen stakeholder trust and support sustainable growth. We uphold the highest standards of professionalism and responsibility in conducting our business.

Policies Governing Social Circle

Our commitment to ethical business conduct is guided by a comprehensive governance framework comprising our Code of Conduct, Policy on Diversity of the Board of Directors, Public Policy Advocacy Framework, Risk Management Policy, Vigil Mechanism Policy, and Whistle Blower Policy. Together, these policies establish the principles

and processes that promote integrity, accountability, transparency, and responsible decision-making across the organisation. They provide clear guidance on ethical conduct, oversight, risk management, stakeholder engagement, and compliance with applicable laws and regulations.

Through structured mechanisms for reporting concerns, managing risks, and ensuring board effectiveness,

we foster a culture of trust and ethical behaviour at every level of the organisation. This policy-led approach strengthens corporate governance and safeguards stakeholder interests. It also supports sustainable value creation while reinforcing our commitment to conducting business with the highest standards of professionalism and responsibility.

Policy on Diversity of the Board of Directors, ESG Policy, Public Policy Advocacy Framework, Risk Management Policy, Vigil Mechanism Policy, and Whistle Blower Policy

ESG Governance Structure

Our ESG governance framework is designed to enhance transparency and accountability in our reporting and practices. At the heart of this framework is our 3-tier ESG governance structure, which includes the Board of Directors, the ESG Management Committee, and the Execution Team. This multi-layered approach ensures that ESG considerations are integrated into our strategic decision-making processes and operational practices.

Board of Directors

The Board serves as the highest governing body for ESG matters at GTPL and plays a crucial role in guiding us on ESG practices and sustainability.

Its key responsibilities include:

- Provide strategic ESG guidance aligned with global standards (e.g., SDGs)
- Approve and oversee ESG strategy and targets
- Monitor ESG progress and report to the ESG management committee
- Advise on ESG risks and integrate them into ERM
- Assess ESG performance using KPIs and ensure transparent disclosure
- Guide stakeholder engagement on ESG issues

ESG Management Committee

Supporting the Board is the ESG Management Committee, which plays a vital role in the operationalisation of our ESG initiatives. This committee is tasked with providing guidance on matters related to ESG practices. Its responsibilities mirror those of the Board, focusing on the execution of the ESG strategy and ensuring alignment with global standards. Additionally, **the Committee is responsible for:**

- Mapping sustainability roadmap by analysing risks and trends
- Define and manage ESG-aligned projects
- Guide Execution Team on ESG implementation
- Set ESG targets and execution plans
- Provide quarterly ESG progress updates to governance body

Execution Team

The Execution Team is responsible for implementing ESG initiatives and adhering to the established guidelines and targets to drive sustainability practices throughout the organisation. Their key functions include:

- Collect and validate ESG data for accurate reporting
- Promote ESG awareness through training
- Monitor and report progress toward ESG goals
- Prepare monthly updates on ESG activities and challenges

Note: Further details regarding the composition, expertise, and governance oversight of our Board of Directors are available in the Directors' Report section of this Annual Report.

Ethics & Compliance

Ethics and compliance are central to GTPL's corporate culture and business practices. We believe that sustainable growth is achieved through responsible conduct, transparency, and adherence to the highest standards of integrity. Our governance framework promotes ethical decision-making, regulatory compliance, and accountability across all levels of the organisation.

Our Code of Conduct serves as the cornerstone of this framework. It provides clear guidelines on ethical behaviour, professional conduct, conflict of interest management, confidentiality, anti-corruption practices, and compliance with applicable laws and regulations. The Code applies to all employees, directors, and associated stakeholders, supporting fair, responsible, and ethical business conduct.

Our governance framework is further supported by a comprehensive set of policies. Together, they safeguard the rights, dignity, and well-being of stakeholders while promoting a transparent and accountable work environment.

Our Ethics and Compliance Framework

Our approach is supported by the following policies and mechanisms:

01

Code of Conduct

Establishes standards of ethical behaviour and responsible business conduct across the organisation.

02

Human Rights Policy

Safeguards and promotes respect for fundamental human rights across our operations and value chain.

03

Employee Welfare Policy

Promotes employee well-being through fair employment practices, safe working conditions, and professional development opportunities.

04

Prevention of Sexual Harassment (POSH) Policy

Ensures a safe, respectful, and inclusive workplace, free from discrimination, harassment, and retaliation.

05

Vigil Mechanism and Whistle Blower Policy

Provides employees and stakeholders with secure channels to report concerns regarding unethical conduct, fraud, misconduct, or violations of company policies without fear of retaliation.

06

Risk Management Policy

Enables the identification, assessment, and mitigation of risks that could impact business operations, stakeholder interests, or regulatory compliance.

07

Public Policy Advocacy Framework

Guides responsible engagement with policymakers and industry bodies while maintaining transparency and integrity.

08

Board Diversity Policy

Supports diverse perspectives, skills, experience, and backgrounds within the Board to enhance governance effectiveness and decision-making.

Strengthening a Culture of Integrity

We are committed to fostering a workplace culture where ethical conduct is embedded in everyday decision-making. Through regular communication, policy dissemination, awareness initiatives, and leadership oversight, employees are encouraged to uphold our values and act responsibly in all business interactions.

Key focus areas of our ethics and compliance framework include:

By embedding strong ethical principles and compliance practices throughout our operations, we seek to build trust with our employees, customers, investors, regulators, and communities. This commitment helps safeguard our reputation, enhance stakeholder confidence, and create sustainable long-term value. We achieve this by conducting our business with the highest standards of professionalism and responsibility.

Data Privacy & Cybersecurity

In an increasingly digital and connected world, safeguarding information assets and maintaining stakeholder trust are fundamental to our operations. As a leading provider of digital TV and wired broadband services, GTPL recognises the importance

of protecting customer, employee, and business data from evolving cyber threats. We are committed to maintaining a secure digital ecosystem through robust cybersecurity practices, strong governance mechanisms, and continuous monitoring of our technology infrastructure.

Our cybersecurity framework is built on internationally recognised

standards and is supported by our ISO 27001-certified Information Security Management System (ISMS). It enables us to proactively identify, assess, and mitigate cyber risks while safeguarding the confidentiality, integrity, and availability of information assets across our operations.

Our Approach to Security and Data Privacy

To strengthen our cyber resilience and foster a culture of security awareness, we focus on the following key areas:

01

Information Security Awareness and Training

We conduct ongoing awareness programmes to equip employees with the knowledge and skills needed to identify and respond to cybersecurity risks effectively. The training covers:

- Recognising phishing emails and social engineering attempts
- Identifying suspicious links, attachments, and online activities
- Adopting secure digital practices and responsible data handling
- Understanding emerging cybersecurity threats and preventive measures
- Reinforcing compliance with information security policies and protocols

Regular awareness sessions and communications help maintain a strong security-first culture across the organisation.

02

Cyber Risk Management

Our dedicated IT and information security teams oversee a comprehensive cyber risk management framework designed to identify, monitor, and mitigate potential threats. Key measures include:

- Continuous monitoring of critical systems and networks
- Proactive identification and assessment of cyber vulnerabilities
- Implementation of preventive and corrective security controls
- Incident detection, response, and recovery mechanisms
- Periodic reviews to strengthen cybersecurity preparedness and resilience

03

Data Privacy and Protection

We are committed to protecting sensitive information and ensuring personal and business data are handled responsibly and securely. Our data protection practices are designed to safeguard information throughout its lifecycle and support compliance with applicable regulatory requirements.

We continue to invest in cybersecurity capabilities, technology safeguards, and employee awareness. This enables us to protect stakeholder information, strengthen digital resilience, and maintain trust amid an evolving threat landscape.

Customer relationship management	Opportunity	As a service provider, the Company's Customer Relationship Management (CRM) systems play a critical role in enabling enhanced understanding of customer behaviour, thereby supporting improved customer satisfaction and increased retention levels.	The Company has implemented a comprehensive customer grievance management framework supported by dedicated call centres and complaint handling centres to facilitate timely resolution of customer concerns and to foster strong, trust-based relationships. The framework is designed to improve responsiveness and enhance overall customer satisfaction. In addition, e-support services are provided to ensure seamless day-to-day operations, enabling customers to access assistance and information efficiently through multiple touchpoints.	Positive
Employee Training and Development	Opportunity	Investment in employee training is a strategic initiative that enhances workforce productivity, fosters innovation, and contributes to overall job satisfaction, all of which are critical to sustaining competitiveness. Such initiatives support employee retention, reduce recruitment and onboarding costs, and strengthen the Company's ability to attract and retain high-quality talent. Further, training programmes assist in ensuring compliance with applicable regulations, mitigating operational risks, and improving service quality, thereby contributing to enhanced customer satisfaction and loyalty.	Investment in employee training enhances productivity, promotes innovation, and improves job satisfaction, thereby supporting the Company's ability to maintain a competitive advantage. Such initiatives contribute to improved employee retention, reduced recruitment costs, and the attraction of skilled talent. Governance, Leadership and Oversight

7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets, and achievements.

I am pleased to present GTPL’s Business Responsibility and Sustainability Report (BRSR) for the year, which reaffirms our unwavering commitment to responsible growth, transparent governance, and longterm value creation for all stakeholders. This report reflects our continued efforts to integrate sustainability into our core strategy while responsibly addressing the opportunities and challenges of a rapidly evolving digital and operating environment.

During the year, we made meaningful progress in strengthening our Environmental, Social, and Governance (ESG) framework. We enhanced oversight mechanisms, reinforced policy implementation, and improved ESG data monitoring to ensure accountability at all levels of the organisation. Our focus remained on aligning business objectives with sustainability priorities, while adhering to applicable regulatory requirements and recognised best practices.

From an environmental perspective, energy efficiency, and responsible resource management remain key challenges for the industry. In response, GTPL has adopted a structured approach to reducing its environmental footprint through optimised energy consumption, and responsible waste management practices.

On the social front, ensuring workforce wellbeing, data protection, and customer trust continued to be central priorities. In an increasingly digital ecosystem, data security and privacy present both a responsibility and a challenge. During the year, we further strengthened our information security framework through robust controls, regular risk assessments, and employee sensitisation, reinforcing our commitment to safeguarding stakeholder data. We also continued initiatives focused on employee development, workplace safety, diversity, and customer satisfaction, recognising people as a critical enabler of sustainable growth.

Strong governance remains the cornerstone of GTPL’s sustainability journey. We maintained a high standard of ethical conduct through comprehensive policies, effective internal controls, and ongoing compliance oversight. Enhanced boardlevel engagement on ESG matters ensures that sustainability considerations remain embedded in decisionmaking and risk management processes.

While the evolving regulatory landscape, climaterelated risks, and technological advancements present ongoing challenges, they also provide opportunities to innovate and strengthen our resilience. Our ESG targets, clearly defined milestones, and continuous performance monitoring demonstrate our commitment to measurable and meaningful progress rather than symbolic actions.

As we move forward, GTPL remains focused on balancing business excellence with environmental stewardship, social responsibility, and ethical governance. Through disciplined execution of our ESG strategy, we aim to create enduring value for shareholders, customers, employees, and the communities we serve, while contributing responsibly to broader economic and societal development.

8. Details of the highest authority responsible for implementation and oversight of the Business Responsibility policy (ies).	The Board of Directors, as the apex governing body of the Company, oversees the implementation of the Business Responsibility policies and ensures that ESG-related initiatives receive sustained focus and direction from the Company’s senior-most leadership. LEADERSHIP INDICATORS

1. Awareness programmes conducted for value chain partners on any of the Principles during the financial year:

Total number of awareness programmes held	Topics / principles covered under the training	%age of value chain partners covered (by value of business done with such partners) under the awareness programmes
While the Company has not instituted dedicated programmes specifically aimed at promoting fair and ethical business practices among value chain partners, it consistently provides guidance, resources, and advisory support to encourage the adoption of such practices. This approach reflects the Company’s recognition of shared responsibility in fostering integrity, transparency, and ethical conduct across the value chain.		

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same.

Yes, the Company has implemented a comprehensive Code of Conduct that addresses key areas including integrity, gifts and hospitality, respect for individuals, honesty, and ethical behaviour. The Code is made accessible to all employees through the Company’s intranet. Senior management and members of the Board of Directors formally affirm their compliance with the Code on an annual basis.

The Code explicitly requires Designated Persons, whether acting in a personal or professional capacity, to avoid situations, roles, or interests that may give rise to actual or potential conflicts with the Company’s objectives or impair their ability to discharge duties impartially. In addition, the Company has instituted robust mechanisms to identify, prevent, and manage conflicts of interest, particularly at the Board level, through a dedicated Code of Conduct tailored to the roles and responsibilities of Directors.

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Yes, the Company has implemented a comprehensive Suppliers’ Code of Conduct that establishes clear standards for ethical, responsible, and sustainable business practices. The term “Supplier” includes all entities with whom the Company engages, such as contractors, agents, service providers, and other representatives.

The Company follows a structured and rigorous vendor evaluation and selection process, with preference given to suppliers that demonstrate adherence to human rights, ethical business conduct, and fair operating practices. In this context, the Company has an ESG Policy applicable to all suppliers, covering key areas including energy efficiency, emissions reduction, and protection of human rights.

A welldefined vendor registration process ensures supplier compliance with applicable local and international regulations. Further, the Company actively encourages suppliers to adopt environmentally responsible practices, minimise waste, and conserve natural resources, thereby promoting sustainability across the supply chain.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

Product	Process to safely reclaim the product
a. Plastics (including packaging)	Not Applicable
b. E-Waste	At GTPL, the Company’s core operations focus on providing digital television and wired broadband services, rather than manufacturing physical products. However, as part of service delivery, the Company utilises essential components such as set-top boxes and related devices and accordingly assumes responsibility for managing their lifecycle in an environmentally responsible manner. As part of its sustainability commitment, the Company has adopted measures aimed at waste reduction and minimising environmental impact. A key initiative in this regard is the reuse and refurbishment of set-top boxes. Through its network of Local Cable Operators, used set-top boxes are collected, refurbished where feasible, and redeployed for customer use. This approach not only reduces electronic waste but also enhances operational efficiency through optimal resource utilisation. For equipment that is outdated, defective, or unsuitable for refurbishment, the Company ensures responsible disposal through authorised and certified e-waste recyclers. This process is carried out in strict compliance with applicable government regulations governing e-waste, battery waste, and hazardous materials. Through these practices, GTPL ensures environmentally safe waste management across the product lifecycle while contributing to sustainability objectives and delivering efficient, eco-friendly solutions to its customers.

Not Applicable; As a service provider, the Company ensures strict compliance with all relevant regulations pertaining to waste management. Additionally, the Company has taken proactive steps to address waste-related challenges specific to its operations. One such initiative involves providing incentives to customers to encourage the return of set-top boxes upon discontinuation of service. This approach has enabled the Company to reclaim a significant portion of its equipment, facilitating reuse and recycling. Looking ahead, the Company is committed to exploring further opportunities to enhance its waste reclamation and recycling efforts.

6. Is there a mechanism available to receive and redress grievances for the following categories of employees and worker? If yes, give details of the mechanism in brief.

Category	Yes/No	Details of the mechanism in brief
Permanent Workers	No	The Company has established a comprehensive Code of Conduct for its employees, which serves as a guiding framework for ethical behaviour, grievance resolution, and the maintenance of a positive and respectful work environment. Employees are encouraged to raise concerns or report issues affecting their workplace by approaching their reporting manager, Head of Department (HoD), or the Human Resources (HR) department.
Other than Permanent Workers	No	In addition, the Company has instituted a Vigil Mechanism / Whistle Blower Policy, under which any reported or suspected violations are subject to appropriate review and investigation. All matters disclosed during the investigation process are handled with strict confidentiality, except where disclosure is required for conducting the investigation or implementing remedial actions in compliance with applicable laws.
Permanent Employees	Yes	To oversee compliance with the Code of Conduct, the Company has constituted a Code of Conduct Apex Committee comprising five members drawn from managerial and senior leadership positions. The Committee meets at least twice annually to monitor implementation of the Code and address instances of non-compliance. It investigates complaints and grievances related to the Code and submits its recommendations to the management committee. An annual report on the implementation of the Code of Conduct is submitted to the management committee by 30 April each year for the preceding financial year.
Other than Permanent Employees	Yes	Further, the Company has implemented a policy to prevent, prohibit, and address sexual harassment at the workplace, in accordance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. An Internal Complaints Committee (ICC) comprising six members and chaired by a senior woman employee has been constituted to investigate complaints related to sexual harassment. Employees may register complaints by approaching any ICC member or by emailing feelsafe@gtpl.net. All complaints are addressed and resolved within the timelines prescribed under the policy.

Note: The Company recognises succession planning as a critical component of its long-term strategic growth and sustainability. It acknowledges the importance of identifying, developing, and retaining leadership talent to ensure business continuity and sustained success. Accordingly, the Company has instituted a structured succession planning framework, supported by defined development plans for each key leadership position within the organisation. This framework includes periodic assessments of employee skills and competencies to identify critical roles requiring succession coverage. By adopting a proactive approach, the Company seeks to anticipate leadership transitions and facilitate effective knowledge transfer and continuity of expertise. The performance review for the financial year 2025-26 is scheduled to be conducted in FY 202627, and the outcomes of this evaluation are expected to provide further insights to strengthen and enhance the Company's succession planning initiatives.

10. Health and safety management system:

a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/No). If yes, the coverage such system?	Yes, the Company has established comprehensive workplace safety standards and measures in compliance with all applicable environmental, health, and safety laws and regulations. A well-defined Health and Safety Policy is in place to ensure the protection and well-being of employees across operations. Employees are regularly engaged through internal communications and healthrelated awareness programmes to keep them informed and empowered on safety matters. The Company also collaborates with external vendors to conduct training programmes and equip employees with the necessary skills to respond effectively to medical emergencies. The Company is committed to providing a safe and healthy working environment across its offices and operational sites. Standard Operating Procedures (SOPs) have been defined for technicians, and appropriate Personal Protective Equipment (PPE), including safety kits, protective gear, and safety shoes, is provided to mitigate occupational risks. Further, the Company follows the guidelines of ISO 45001 and has implemented an Occupational Health and Safety Management System aligned with this standard, reinforcing its commitment to continuous improvement in workplace safety practices.

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT (CONTD.)

b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?	The Company has established a robust internal audit mechanism to proactively identify potential hazards and systematically assess associated risks, thereby strengthening its overall safety management framework. These audits are conducted at regular intervals across all operational locations to ensure the consistent maintenance of high standards of health and safety practices. The Company's health and safety management systems are implemented across the workforce, irrespective of location or nature of operations, demonstrating its firm commitment to safeguarding employee wellbeing. This structured and comprehensive approach ensures that safety considerations remain integral to all operational activities and reinforces the Company's focus on maintaining a safe and healthy work environment at all times.
c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Yes/No)	Yes, each operational site of the Company is overseen by a designated Area Head who is responsible for receiving, reviewing, and addressing all work-related issues. Reported matters are evaluated based on their nature and severity and are escalated through a structured escalation mechanism to ensure timely and appropriate corrective actions. This well-defined oversight and escalation process enables the prompt resolution of critical issues and supports the maintenance of a safe, efficient, and well-managed working environment across all locations.
d. Do the employees/worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No)	Yes, the Company is committed to the well-being and financial security of its employees and has implemented a comprehensive suite of employee welfare programmes. All employees are covered under a group medical and accident insurance policy, which provides access to quality healthcare benefits for employees and their families and offers financial protection against unforeseen medical emergencies or accidents. In addition, in the unfortunate event of the demise of an employee, the Company provides a death relief benefit to extend financial support to the bereaved family, reaffirming its commitment to employee welfare and social security during difficult circumstances.

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

The Company adopts a comprehensive and proactive approach to workplace safety and employee well-being. A robust Environment, Health and Safety (EHS) framework is in place, supported by clearly defined policies including the Prevention of Sexual Harassment (POSH) Policy and Employee Welfare Policy. The Company focuses on the continuous improvement of workplace conditions, ensuring access to timely medical support and equipping office premises with essential safety infrastructure such as first-aid kits, fire extinguishers, and smoke detectors to enable prompt response to emergencies.

To ensure the safety of field personnel, the Company provides appropriate Personal Protective Equipment (PPE) kits, enabling employees to perform their duties safely. Responsibility for the effective implementation of health and safety policies is shared by management, relevant departments, and designated committees, ensuring strong governance and accountability.

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT (CONTD.)

Recognising the importance of both physical and mental well-being, the Company follows a people-centric approach through various health and wellness initiatives. These include doctor consultations, health awareness sessions, and expert-led talks on topics such as diet, nutrition, hypertension, and overall wellness. In addition, a Cardiopulmonary Resuscitation (CPR) training programme conducted in collaboration with the Red Cross Society has equipped employees with critical life-saving skills. Regular health and wellness communications, including guidance on yoga, eye health, and general well-being, are shared to promote continuous employee engagement.

Further, the Company conducts role-based safety training and capacity-building programmes aimed at strengthening employee awareness and competencies related to workplace safety. These initiatives collectively support a holistic approach to employee well-being and reinforce the Company's commitment to providing a safe, healthy, and supportive work environment.

- Employees (Yes/No): Yes
- Workers (Yes/No): NA

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

The Company places a high priority on regulatory compliance, recognising its critical role in maintaining a responsible and ethical value chain. To support this commitment, the Company has established a well-defined vendor selection process, which includes a vendor declaration form. This form captures essential details, such as the valid registration of value chain partners under statutory mandates like Provident Fund (PF) and Employee State Insurance Corporation (ESIC). Before partnering with any vendor, the Company ensures that they are fully compliant with these obligations, including the accurate deduction and timely deposit of taxes with the appropriate government authorities.

To uphold continuous compliance, the Company requires contractors to regularly submit copies of attendance and wage registers, along with challans, as ongoing proof of the payment of statutory dues. This ensures that the Company can monitor the compliance practices of its value chain partners effectively and take corrective action if any discrepancies are found. Additionally, the Company mandates documented proof of compliance from all value chain partners before processing any payments. This policy serves as a safeguard against non-compliance, ensuring that the Company's value chain consistently meets the highest regulatory standards.

PRINCIPLE 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TO ALL ITS STAKEHOLDERS.

ESSENTIAL INDICATORS

1. Describe the processes for identifying key stakeholder groups of the entity:

The Company has adopted a strategic and systematic approach to the identification of its stakeholders, encompassing individuals, groups, and organisations that influence or are impacted by the Company's operations and decisions. Stakeholder identification and engagement form an integral part of the Company's overall business strategy.

As part of this process, stakeholders are mapped and categorised based on their level of interest and influence. This exercise includes both internal stakeholders, such as employees and management, and external stakeholders, including customers, vendors, regulators, government authorities, and the communities in which the Company operates. The Company subsequently seeks to understand the specific needs, expectations, and concerns of each stakeholder group.

Based on this assessment, stakeholders are prioritised and tailored engagement strategies are developed to address their respective requirements. The Company's stakeholder engagement framework emphasises open, transparent, and continuous communication. By integrating stakeholder inputs into strategic planning and decision-making processes, the Company reinforces its commitment to responsible business conduct and long-term value creation for all stakeholders.

LEADERSHIP INDICATORS

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

The Company recognises the importance of engaging with both internal and external stakeholders, including employees, workers, customers, communities, and vendors, who have a direct influence on its operations. Through active and continuous engagement, the Company gains valuable insights into stakeholder expectations, concerns, and perspectives, which play a key role in informed decision-making.

The Company places significant emphasis on obtaining feedback from stakeholders associated with material topics, ensuring that their inputs are duly considered and integrated into strategic initiatives. Stakeholder consultation on sustainability-related matters is undertaken prior to the implementation of major projects, reinforcing the Company's commitment to responsible, transparent, and inclusive decision-making.

Effective communication forms the cornerstone of the Company's stakeholder engagement approach, fostering trust, transparency, and collaboration. The Board and senior management closely monitor emerging issues and ensure that relevant insights are communicated to departmental leadership for timely action. Through a strong focus on stakeholder engagement, the Company continues to strengthen relationships, enhance accountability, and support sustainable growth in a dynamic business environment.

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT (CONTD.)

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes, the Company acknowledges the critical role played by stakeholders in the identification of material issues. To ensure that stakeholder perspectives are effectively captured, the Company engages with various stakeholder groups at multiple levels through diverse communication channels, including both physical and virtual interactions.

Feedback received through these engagements is systematically analysed and consolidated to identify and prioritise key material issues impacting the business. This structured materiality assessment process informs the Company's strategic planning and business priorities for the ensuing year and has also contributed to the formulation of the Company's ESG Policy.

By aligning its strategic focus with material issues identified through stakeholder engagement, the Company reinforces its commitment to responsive decision-making, collaborative relationships, and long-term sustainability. This approach strengthens stakeholder trust and supports the Company's continued resilience and responsible growth.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalised stakeholder groups.

Through proactive engagement with stakeholders under its Corporate Social Responsibility (CSR) initiatives, the Company focuses on identifying and addressing the needs of vulnerable and marginalised sections of society in the communities surrounding its operational locations. The Company's CSR Policy reflects its commitment to delivering meaningful and measurable social impact across identified focus areas.

The Company's CSR interventions are directed towards the eradication of hunger and poverty, promotion of preventive healthcare, and advancement of education across age groups to support inclusive growth and development. In addition, the Company undertakes initiatives aimed at rural development to enhance quality of life and improve basic infrastructure in underserved areas.

The Company also prioritises gender equality and women empowerment, recognising their critical role in social and economic progress. Environmental sustainability remains a core component of CSR activities, with initiatives focused on environmental protection and conservation. Further, the Company supports efforts to preserve and promote national heritage, art, and culture, acknowledging their importance in safeguarding community identity and legacy.

Through these CSR initiatives, the Company endeavours to foster inclusive and sustainable development, create longterm value for communities, and contribute positively to social and environmental wellbeing.

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

The Company adopts a comprehensive and structured approach to the identification, prevention, and redressal of human rights-related grievances through established internal mechanisms. It undertakes proactive due diligence to identify and mitigate potential adverse impacts on human rights and strictly prohibits any violations by employees, business partners, or other associates. Respect for human rights is embedded within the Company's management systems and core values.

Accessible grievance redressal channels are available to individuals impacted by the Company's operations, with a particular focus on safeguarding vulnerable groups and preventing practices such as child labour, forced labour, or any form of exploitation. The Company also respects and upholds fundamental employee rights, including freedom of association and collective bargaining, and maintains open and constructive engagement with trade unions where applicable.

The Company is committed to providing a secure and transparent platform for employees and external stakeholders to raise concerns or report suspected violations of the GTPL Code of Conduct, internal policies, or applicable laws, including human rights-related issues. To support this, a Vigil Mechanism / Whistle Blower Policy has been established, enabling the reporting of misconduct without fear of retaliation, while ensuring confidentiality and fair investigation processes.

This strong commitment to human rights is deeply ingrained in the Company's culture and values and guides decision-making and conduct at all levels of the organisation, reinforcing ethical business practices and responsible operations.

REPORT ON CORPORATE GOVERNANCE

In accordance with Regulation 34(3) read with Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (including any amendments thereto), hereinafter referred to as SEBI Listing Regulations, the Board of Directors of GTPL Hathway Limited ("GTPL") has pleasure in presenting the Company's report containing the details of governance systems and processes for the Financial Year 2025-26.

COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

The Company believes that good Corporate Governance is essential for achieving long term corporate goals of the Company and is a pre-requisite to fulfil the aspirations of all its stakeholders. The Board understands that good Corporate Governance can be achieved by maintaining transparency in dealings of the Company, creating robust policies and practices for key processes and systems with clear accountability, integrity, transparent governance practices and the highest standards of regulatory compliances. The Company's philosophy on code of governance is based on the following principles:

- Transparency, accountability and integrity in business practices;
- Compliance with all applicable laws of the land;
- Effective management control of the Board; and
- Transparency in timely disclosure of financial and other important information to the Board of Directors.

APPROPRIATE GOVERNANCE STRUCTURE WITH DEFINED ROLES AND RESPONSIBILITIES

The Company has put in place an internal governance structure with defined roles and responsibilities of every constituent of the system. The Company's members appoint the Board of Directors, which in turn governs the Company. The Board has established various committees to discharge its responsibilities in an effective manner.

The Company has appointed the Chairman to guide the functioning of the Board. The Company also has Managing Director ("MD"), who in consultation with the Chairman and Board of Directors provides overall direction and guidance to the Company. In the operations and functioning of the Company, the MD is assisted by a core group of senior level executives. The MD is responsible for corporate strategy, brand equity, planning, external contacts and all management matters.

The Chairman being member of various Committees, actively works to plan the Board and committees' composition, induction of directors to the Board, plan for directors'

succession and provide constructive feedback and advice on performance evaluation to directors.

The Company Secretary assists the Chairman and MD in management of the Board's administrative activities such as meetings, schedules, agendas, communications and documentation.

ETHICS / GOVERNANCE POLICIES

At GTPL, we strive to conduct our business and strengthen our relationships in a manner that is dignified, distinctive and responsible. We adhere to ethical standards to ensure integrity, transparency, independence and accountability in dealing with all stakeholders. To support this commitment, we have adopted various codes and policies to carry out our duties in an ethical manner, which are available on the website of the Company at <https://bit.ly/3Ubh1Mp>.

INDEPENDENT AUDITOR'S REPORT

To The Members of **GTPL Hathway Limited**

Report on the Audit of the Standalone Financial Statements

OPINION

We have audited the accompanying standalone financial statements of GTPL Hathway Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its profit and other comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together

with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

EMPHASIS OF MATTER

We draw attention to note 30(A)(ii) of the standalone financial statements, which describes in detail the status of the demand from DOT in connection with the levy of license fees aggregating to Rs. 9,754.15 million. Basis its assessment of the recent developments and legal position on the matter as well as based on the opinion of independent legal experts, the Company is confident that it has good grounds on merit to defend itself in this matter. Accordingly, no provision has been recognized in respect of the aforesaid matter in the standalone financial statements. The contingent liability includes such demand for the financial year for which demands have been received by the Company and the related penalty and interest thereto.

Our opinion is not modified in respect of this matter.

KEY AUDIT MATTER

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. We have determined the matter described below to be the key audit matter to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	Revenue Recognition Revenue recognition from Cable Television business has been identified as a Key Audit Matter due to the significance of volumes of data processed by the IT systems for subscription revenue including the impact of subscription plans and related agreements with local cable operators (customers) Refer note 1.4 "Revenue recognition" for material accounting policies.	Principal audit procedures performed with respect to subscription revenue by us: - Evaluated and tested the design, implementation and operating effectiveness of the key IT general controls, automated controls, interface controls and reports generated through the Company's subscription management system and other relevant support systems involved in the subscription revenue by involving IT specialists. - Tested the reconciliation between subscription revenue as per the subscription management system and the financial records. - Performed substantive procedures on subscription revenue.

INDEPENDENT AUDITOR'S REPORT (CONTD.)

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report including annexures thereof, Management Discussion and Analysis, Business Responsibility and Sustainability Report and Corporate Governance Report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND BOARD OF DIRECTORS FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the

Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to

INDEPENDENT AUDITOR'S REPORT (CONTD.)

continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- As required by Section 143(3) of the Act, based on our audit we report that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flow and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164(2) of the Act.
 - With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.
 - With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

INDEPENDENT AUDITOR'S REPORT (CONTD.)

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer note 30 to the standalone financial statements;
 - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 58 to the standalone financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 59 to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.
- As stated in note 44 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, as applicable.
- Based on our examination, which included test checks, the Company has used accounting softwares for maintaining its books of account for the year ended March 31, 2026 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the softwares. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with.
- Additionally, the audit trail that has been enabled and operated upto March 31, 2025 have been preserved by the Company as per the statutory requirements for record retention, as stated in Note 45(a) to the standalone financial statements.
- As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to standalone financial statements of GTPL Hathway Limited (the "Company") as at March 31, 2026 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with

reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT (CONTD.)

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements

were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- d) The Company has not revalued any of its property, plant and equipment (including Right of Use assets) and intangible assets during the year.
- e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2026 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) a) The inventories were physically verified during the year by the Management at reasonable intervals.

In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT (CONTD.)

- b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns or statements comprising cash flow statements, book debts statement and statements on ageing analysis of the debtors/other receivables filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters.

The Company is yet to submit the return / statement for the quarter ended March 31, 2026 with the banks.

- (iii) The Company has made investments in, provided guarantee or security and granted loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, in respect of which:

- a) The Company has granted loans during the year and details of which are given below:

The Company has not provided advances in the nature of loans, guarantees or any security to any other entity during the year.

- b) The investments made, guarantees provided and the terms and conditions of the grant of all the above-mentioned loans, during the year are, in our opinion, not prejudicial to the Company's interest. The Company has not given any securities to any parties during the year.

- c) In respect of loans granted, the schedule of repayment of principal and payment of interest has been stipulated and the repayment of principal amounts and receipt of interest are regular as per stipulation.

- d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted, there is no overdue amount remaining outstanding as at the balance sheet date.

- e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.

- f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii) (f) is not applicable.

- (iv) The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

- (v) According to the information and explanation given to us, the Company has not accepted any deposits from the public to which the directives issued by the Reserve Bank of India and the provisions of section 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposit) Rules, 2014, as amended would apply. Accordingly, clause 3(v) of the order is not applicable.

- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013 in respect of the Cable TV Business. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- (vii) In respect of statutory dues:

- a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of Customs, Professional

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT (CONTD.)

(viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

(ix) a) Loans amounting to Rs. 4.03 million outstanding as at March 31, 2026 are repayable on demand and terms and conditions for payment of interest thereon have not been stipulated. According to the information and explanations given to us, such loans and interest thereon have not been demanded for repayment during the financial year. Considering the above, in our opinion, the Company has not defaulted in the repayment of such loans or other borrowings, or in the payment of interest thereon to any lender during the year.

b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.

d) On an overall examination of the financial statements of the Company, funds raised on short-term basis

have, not been used during the year for long-term purposes by the Company.

e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associate or joint ventures.

f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, associate or joint ventures.

(x) a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.

(xi) a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT (CONTD.)

b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.

(xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.

(xiv) a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.

b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto December 31, 2025 and the draft of the internal audit reports where issued after the balance sheet date covering the period January 1, 2026 to March 31, 2026 for the period under audit.

(xv) In our opinion during the year the Company has not entered into any non-cash transactions with directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

d) The Group does not have any CIC as part of the group and accordingly reporting under clause 3(xvi) (d) of the Order is not applicable.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing, expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

NOTES TO STANDALONE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

1. NOTES TO THE STANDALONE FINANCIAL STATEMENTS

1.1.1 Corporate Information

GTPL Hathway Limited ("the Company") is a Public Limited Company incorporated and domiciled in India having its registered office in Ahmedabad, Gujarat, India. The Company is engaged in distribution of television channels through digital cable distribution network.

1.1.2 Basis of Preparation and Presentation

These standalone financial statements (hereinafter referred to as "financial statements") are prepared in accordance with the Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013 ("the Act") and amendments there to, other relevant provisions of the Act as applicable.

The financial statements are authorised for issue by the Board of Directors of the Company at their meeting held on April 15, 2026.

1.1.3. Adoption of New and Revised Standard

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to existing standards under the Companies (Indian Accounting Standards) Rules from time to time. MCA has notified amendments to Ind AS 1 - Presentation of Financial Statements (classification of liabilities as current or non current, including liabilities with covenants), Ind AS 12 - Income Taxes (International Tax Reform - Pillar Two Model Rules), Ind AS 21 - The Effects of Changes in Foreign Exchange Rates (Lack of Exchangeability), and Ind AS 7 - Statement of Cash Flows and Ind AS 107 - Financial Instruments: Disclosures (Supplier Finance Arrangements), effective from April 01, 2025. The Company has reviewed these amendments and based on its evaluation, has determined that they do not have any impact on the Company's financial statements.

1.1.4 Historical cost convention

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities (including derivative instruments) are measured at fair value at each reporting period as explained in the accounting policies below:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using another valuation technique. In determining the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

1.2 Material Accounting Policies

1.2.1 Functional and presentation currency

The Company's financial statements are presented in Indian Rupees, which is also the Company's functional currency. All amounts have been rounded off to the nearest millions, except where otherwise indicated.

1.2.2 Classification of Assets and Liabilities into Current/ Non-Current

Based on the nature of activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of classification of its assets and liabilities as current and noncurrent.

For the purpose of Balance Sheet, an asset is classified as current if:

- It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to realize the asset within twelve months after the reporting period; or
- The asset is a cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within twelve months after the reporting period; or
- The Company does not have an unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

1.3 Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of financial statements in conformity with Ind AS requires management to make judgments in the application of accounting policies that have a significant impact on the amounts recognised and to make estimates and assumptions, that affect the reported amounts of assets liabilities and

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

contingent liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience after considering factors that are relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

a. Useful lives of property, plant & equipment and intangible assets:

Estimates are involved in determining the cost attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the management. The Company uses its technical expertise along with historical and industry trends for determining the economic life of an asset/ component of an asset and depreciates them over the estimated useful life after taking into account the estimated residual value. The useful life and residual value are reviewed by management periodically and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the remaining useful life of an asset. (Refer Note No.2)

b. Impairment assessment of Goodwill and Investment in Subsidiaries, Joint Ventures and Associates:

The Company determines the recoverable amount of Goodwill and its investments in subsidiaries, associates and joint ventures by estimating the future cash flows from operations of these entities. The future cash flows comprise forecasts of revenue, operating costs, discount rates, terminal growth and overheads based on current and anticipated market conditions that have been considered by the management. Such revenue projections are inherently uncertain due to market conditions and changing customer preferences. (Refer Note No. 3)

c. Control over Subsidiaries:

The Company evaluates its control over the entities where it holds significant voting rights and considers them as Subsidiaries where it exercises control over their operations. (Refer Note No. 3)

d. Contingencies:

Management judgement is required for assessing the possible outcomes of contingencies, claims and litigations against the Company and estimating the possible outflow of resources, if any, in respect of such contingencies, claims and litigations. Due to uncertainties

associated with such matters, there is a possibility that on conclusion of the open contingencies, claims and litigations, the outcome may differ significantly. (Refer Note No. 30 related to such contingencies, claims and litigations)

1.4 Revenue recognition

1.4.1 Revenue from Operations

Revenue is recognised on the basis of approved contracts regarding the transfer of control for goods or services to a customer for an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of consideration received or receivable taking into account the amount of discounts, rebates, outgoing taxes on sales of goods or services.

a. Subscription income includes cable TV subscription charges from subscribers/ Cable Operators. Cable TV subscription income is recognised on accrual basis over a period of time based on underlying subscription plan or agreements with the concerned subscribers/ Cable Operators. Amounts received in advance under the subscription plan relating to services to be rendered beyond the reporting date are considered as contract liabilities and are presented as deferred revenue.

b. Unbilled revenue represents the value of services rendered but not yet been invoiced on the reporting date due to contractual terms.

c. Revenue from Engineering, Procurement and Construction ('EPC') contracts is recognised over the time when the criteria for recognising revenue over the time as per IND AS 115 – Revenue from Contracts with Customers are met. The Company uses the output method to measure the progress towards complete satisfaction of the performance obligation, based on direct measurement of the value delivered to customer relative to the remaining performance obligations. In the period in which the performance obligation of the project is significantly completed, actual revenue and costs for the project are compared with revenue and cost recognised in the earlier periods and the differential amount are recognised in the period in which the project is significantly completed.

d. Costs to fulfil a contract which is directly related to a contract or to an anticipated contract, generates or enhance resources of the Company that will be used in satisfying performance obligations in the future and expected to be recovered are recognised as an Asset.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

- e. Activation fee & Installation fees on Set top Boxes (STBs) is recognised on accrual basis based on underlying agreements. One-time Rent on Set top Boxes (STBs) is deferred over expected customer retention period of 5 years.
- f. Placement / Marketing Incentive is recognised on accrual basis based on agreements with the concerned broadcasters on completion of the performance obligations
- g. Advertisement income is recognised when relevant advertisements get telecasted.
- h. Revenue from Operations and Maintenance (O&M) shall be recognised over time as services are performed.

The Company collects Goods and Service Tax (GST) on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

1.4.2 Other Operating Revenues

Other Operating Income comprises of fees received for Lease & Rent of Equipment, consultancy services and License Fees. Income from such services is recognised as per the terms of underlying agreements/arrangements with the concerned parties, when no significant uncertainties exist regarding the amount of consideration that will be derived.

1.4.3 Interest Income

Interest income is recognised using the effective interest rate method.

1.5 Income tax

Income Tax expenses comprise current tax and deferred tax.

1.5.1 Current Tax

Current Tax is measured on the basis of estimated taxable income for the current accounting period in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

1.5.2 Deferred tax

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purpose and the corresponding amounts used for taxation purpose. Deferred tax liabilities are recognised for all taxable temporary differences, except for:

- temporary differences arising from the initial recognition of an asset or liability in a transaction that is not a business

combination and that affects neither the accounting nor taxable profit or loss; and

- Taxable temporary differences arising on the initial recognition of goodwill

Deferred tax assets are recognised for all deductible temporary differences including unused tax credits and tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax credits and unused tax losses can be utilised. Deferred tax assets and liabilities are measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilise.

Deferred tax related to items recognised outside profit or loss in correlation to the underlying transaction either in OCI or Equity.

1.6 Leases

The determination of whether an agreement is, or contains, a lease is based on the substance of the agreement at the inception date, whether fulfilment of the agreement is dependent in the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

1.6.1 The Company as a Lessee

Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is depreciated using the straight-line method from the commencement date to the earlier of useful life of the underlying asset and period of lease term.

The estimated useful lives of right-of-use assets are determined on the same basis as those of Property, plant and equipment or as per the lease term whichever is lower. The right-of-use asset is periodically reviewed for impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

rate cannot be readily determined, Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments.
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date.
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise and lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is re-measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities in 'financial liabilities' in the financial statements.

Short-term leases and leases of low-value assets

Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of real estate properties that have a lease term of less than 12 months. It also applies the lease of low-value assets recognition exemption that are considered to be low value. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

1.6.2 The Company as a Lessor.

Lease income from operating leases where the Company is a lessor is recognised as income over the lease term.

1.7 Property, plant and equipment

Property, plant and equipment is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price, any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of decommissioning obligation, if any. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Set Top Boxes (STBs) on hand at the year-end are included in Capital Work in Progress. STBs are capitalised when they are issued from warehouse for the purpose of installation at customer premises.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Stores & Spares which meet the definition of property, plant and equipment and satisfy the recognition criteria of Ind AS 16 are capitalised as property, plant and equipment.

1.7.1 Depreciation on Property, plant and equipment

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company.

In case of Set Top Boxes (STBs) Company uses different useful lives than those prescribed in Schedule II to the Act. The useful lives have been assessed based on technical advice, taking

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

into account the nature of the PPE and the estimated usage of the asset on the basis of management's best estimation of obtaining economic benefits from those classes of assets.

Such classes of assets and their estimated useful lives are as under:

Sr No.	Nature	Useful Life
1	Set Top Boxes (STBs)	5-8 Years
2	Co-axial Cables	13 Years

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition and in case of Projects from the date of commencement of commercial production. Depreciation on deductions/disposals is provided on a pro-rata basis up to the month preceding the month of deduction/disposal.

The estimated useful lives, residual values, depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

1.8 Intangible Assets

1.8.1 Intangible Assets acquired separately

Intangible assets comprise of Cable Television Franchise, Non-Compete fees,, HITS License and Software. Cable Television and Non-Compete fees represents purchase consideration of a network that is mainly attributable to acquisition of subscribers and other rights, permission etc. attached to a network.

The Intangible Assets with finite useful lives are carried at cost less accumulated amortisation and impairment losses, if any.

Intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired. Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level.

1.8.2 Amortisation of intangible assets

The intangible assets are amortised on a straight-line basis over their estimated useful lives as follows:

No.	Nature	Useful Life
1	Cable Television Franchisee and Non-Compete Franchisee	5-20 Years (As per Contractual terms)
2	Software	5 Years
3	HITS License	10 Years

The estimated useful lives, residual values, amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

1.8.3 De-recognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

1.9 Goodwill

Goodwill is not amortised but tested annually for impairment. For the purpose of impairment testing goodwill is allocated to each of the Company's cash generating units expected to benefit from the synergies of the combination. Cash generating units to which goodwill has been allocated are testing for impairment annually, or more frequently of when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to other assets of the units on pro-rata basis of the carrying amount of each asset in the unit. An impairment loss in respect of goodwill is not subsequently reversed.

1.10 Impairment of Property, Plant and Equipment, Intangible Assets and investments carried at cost

At the end of each reporting period, the Company reviews the carrying amounts of its property, plant and equipment, intangible assets and investments carried at cost to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

The recoverable amount of an individual asset or CGU is the greater of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount. Impairment losses are recognised in profit or loss. They are allocated first

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

The Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

1.11 Investment in subsidiaries, joint ventures and associates

The Company's investments in its subsidiaries, joint ventures and associates are measured at cost and reviewed for impairment at each reporting date.

On disposal of the investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

1.12 Inventories

Inventories are carried at lower of cost and net realizable value. Cost of inventories comprises all cost of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing inventories to their present location and conditions.

1.13 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank, cash / cheques in hand, demand deposits with banks and other short-term investments with an original maturity of three months or less. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

1.14 Financial Assets

1.14.1 Classification of Financial Assets

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

1.14.2 Initial Recognition of Financial Assets

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset subsequently not measured at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

1.14.3 Subsequent measurement of Financial Asset

A Financial Asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

Financial Assets included within the fair value through profit and loss (FVTPL) category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

The Company subsequently measures all equity investments, except Equity instruments measured at cost in accordance with Ind AS 27, at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss.

1.14.4 Impairment of financial assets

Expected credit losses are recognised for all financial assets subsequent to initial recognition other than financials assets in FVTPL category. For financial assets other than trade

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

receivables, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition.

The Company provides, for trade receivable, expected credit loss as per simplified approach using provision matrix on the basis of its historical credit loss experience.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

1.14.5 De-recognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- the rights to receive cash flows from the asset have expired, or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
 - the Company has transferred substantially all the risks and rewards of the asset, or
 - the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

1.15 Financial liabilities and equity instruments:

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received.

1.15.1 Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are initially measured at fair value plus, except for financial liability subsequently not measured

at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

(ii) Subsequent measurement

All financial liabilities are subsequently measured at amortised cost using effective interest method or at FVTPL.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships and effective as defined by Ind-AS 109. Gains or losses on liabilities held for trading are recognised in the profit or loss.

(iii) De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

1.16 Foreign Currency Transactions:

Monetary items

Foreign currency transactions are recorded at the exchange rate prevailing at the date of transaction. Exchange difference arising on settlement of transactions is recognised as income or expense in the year in which they arise.

Monetary assets and liabilities denominated in foreign currencies and remaining unsettled at the end of the year are translated to functional currency at the exchange rate prevailing at the reporting date. Exchange differences are recognised in profit or loss except exchange differences arising from the translation of items which are recognised in OCI.

For monetary items that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in statement of profit and loss.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

For monetary items that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

Non - Monetary items:

Non-monetary items carried at fair value that denominated in foreign currencies are translated at the rate prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

1.17 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, result into insolvency or bankruptcy of the Company or the counterparty.

1.18 Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

1.19 Provisions, Contingent liabilities and Contingent Assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from

past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised. A contingent asset is disclosed, in financial statements, where an inflow of economic benefits is probable.

1.20 Retirement and other Employee benefits

Short-term obligations

Short term employee benefits are recognised as an expense at an undiscounted amount in the Statement of profit and loss of the year in which the related services are rendered.

a) Post-employment benefits

Defined Benefit Plans

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. Liability with regards to gratuity plan is determined using the projected unit credit method, with actuarial valuations being carried out by a qualified independent actuary at the end of each reporting period.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and will not be reclassified to Statement of Profit and Loss.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. The defined benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

Defined Contribution plans

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions for provident fund as per the provisions of the Provident Fund Act, 1952 to the government. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service. The Company's obligation is limited to the amounts contributed by it.

Other long-term employee benefit obligations - Compensated Absences

The Company provides for the encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment. The liability is provided based on the number of days of unutilised leave at each balance sheet date on the basis of an independent actuarial valuation.

1.21 Earnings Per Share (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equities shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.22 Exceptional items

Exceptional items refer to items of income or expense within the statement of profit and loss from ordinary activities which are non-recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the Company.

1.22 New standards or amendments not yet adopted

The below amendments to the existing standard which are notified by Ministry of Corporate affairs but are not yet effective:

Amendment to Ind AS 1 'Presentation of Financial Statements'- Classification of Liabilities as current or non-current and non-current liabilities with covenants. The amendment includes specific provisions that will take effect for reporting periods beginning on or after April 01, 2026, retrospectively, as outlined below: a) Breach of material covenant for long-term loan arrangement on or before end of reporting period with effect that liability becomes payable on demand as on reporting date, then it shall be classified as current liability, if lender agreed after reporting period and before approval of financial statements to not demand payment as a consequence of breach. b) Classify as non-current liability, if lender agreed by end of reporting period to provide grace period ending at least 12 months after reporting period within which entity can rectify the breach provided lender does not demand immediate repayment. c) Disclose information about the timing of settlement to understand the impact of the liability on the financial statements. The Company does not expect this amendment to have an impact on its operations or financial statements.

* The Company participates in a supplier finance arrangement under which its suppliers may elect to receive early payment of their invoices from a bank. Under this arrangement, the bank agrees to pay amounts due to participating suppliers in respect of invoices owed by the Company and the Company repays the bank at a later date. The principal purpose of this arrangement is to facilitate efficient payment processing and provide the willing suppliers early payment terms, compared with the related invoice payment due date.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

From the Company's perspective, the arrangement does not significantly extend the payment terms beyond the normal terms agreed with other suppliers that are not participating; however, the arrangement does provide participating suppliers with the benefit of early payment. The financing terms are negotiated by the Company, and it bears interest in the range of 7.95% -8.70% on the credit availed beyond the due date, and the interest cost has been presented under finance costs. As at the reporting date, there were no outstanding balances payable to suppliers under the supplier finance arrangement.

(ii) The Department of Telecommunications, Ministry of Communications, Government of India ("DoT") has raised demand of Rs 9,754.15 Million on the Company consisting of Principal amount of Rs. 2,286.50 Million (as of July 31, 2020) and related interest, penalty and interest on penalty of Rs 7,467.65 Million towards license fee by including the revenue generated from its cable television business.

These demands are mainly based on Hon'ble Supreme Court's Judgment in the matter of Union of India v/s AUSPI & Ors. bearing C.A. Nos.6328 - 6399 on AGR dues from telecom operators ("AGR Judgment"). Subsequently, vide order dated June 11 and June 18, 2020, the Supreme Court clarified that the AGR judgement pertaining to telecom companies could not have been basis for raising demands in the non-telecom PSUs and accordingly DoT withdrew the demands on the non-telecom PSUs. The Company, in line with the observations made by the Supreme Court has made representations to DoT against said demands, which DoT has taken on record.

Also, All India Digital Cable Federation (AIDCF) for all its member companies had filed an intervention petition in TDSAT in the matter of Asianet Satellite Communications Private Limited versus Union of India bearing TP No. 54 of 2020 challenging the demands raised on such member companies (the Company being a member too) by including its non-licensed income for computation of license fees. Further, the Ministry of Information & Broadcasting has in February 2021 written to DoT (along with the representation of AIDCF) that it grants permission to Multi System Operators ("MSOs") for cable tv operations and does not levy any license fee on the revenue, and hence the revenues earned by MSOs from cable tv business may not be clubbed with the revenue earned by them under Internet Service Provider's license.

With effect from 01/10/2021, definition of AGR has been amended and Applicable Gross Revenue (ApGR) was introduced which was starting point for arriving AGR. ApGR specifically excludes revenue from activities under a license / permission issued by MIB. Further, by an order dated 05.10.2021, the TDSAT has stayed all demands of additional license fee. The interim order is continuing and the petition is pending before the TDSAT. Additionally, TDSAT in February 2022 set aside the demands raised by DoT in matter relating to another ISP license holder by treating them at par with some PSUs who held similar license. The DoT has challenged the TDSAT order which is still pending. Hence, the extent and timing of outflow of funds that may be required is dependent on the outcome of litigation.

Basis its assessment of the legal position as stated above and based on the opinion of independent legal experts, the Company is confident that it has good grounds on merit to defend itself. Accordingly, the Company is of the view that no provision is necessary to be made in the financial statements in relation to the demands and the same has been considered as a contingent liability.

(iii) The matters listed in (i) and (ii) above are based on either demands received by the Company or are based on expected outflow of economic resources estimated by management. Based on expert opinion obtained by the Company, The Company does not expect the outcome of the above proceeding to have materially adverse effect on the functioning of the Company.

NOTE-31: CLASSIFICATION OF FINANCIAL ASSETS AND LIABILITIES

The Fair value of Assets and Liabilities are not significantly different from the carrying value and Assets and Liabilities are carried at Amortised cost.

NOTE-31(A): FAIR VALUE MEASUREMENT

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company has established the following fair value hierarchy that categorises the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:-

Level 1: This hierarchy uses quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on Company specific estimates. If all significant inputs required for fair value and instruments are observable, then the instruments are included in Level-2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

NOTE-32: FINANCIAL RISK MANAGEMENT

The Company's principal financial liabilities comprises of borrowings, trade payable, lease liabilities and other payable. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets includes trade and other receivables, investments, cash and cash equivalents and other assets that derive directly from operations.

The Company's activities expose it to market risk, liquidity risk and credit risk. Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance of the Company.

The sources of risks which the Company is exposed to and their management is given below:

Risk	Risk Arising from	Measurement
(A) Market Risk		
(a) Interest rate risk	Long term & short term borrowings at variable interest rates	Sensitivity analysis of Interest rate movements
(b) Foreign Currency Risk	Fair value of future cash flows of various assets and liabilities which are denominated in currencies other than ₹	Sensitivity analysis of foreign exchange rate movement.
(B) Credit Risk	Counter party's default on its contractual obligation.	Ageing analysis
(C) Liquidity Risk	Shortage of funds to meet contractual obligations.	Cash flow forecast

(A) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve optimal maturity profile and financing cost.

The Company's main interest rate risk arises from borrowings with variable rates which expose the Company to future cash outflow. The Company's borrowings at variable rate were mainly denominated in INR.

(B) Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the Company. Credit risk arises from Company's activities in investments and outstanding receivables from customers.

The Company has a prudent and conservative process for managing its credit risk arising in the course of its business activities. Credit risk arising from the investments in the nature of Fixed Deposits is actively managed through investment in top rated Banks.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

Trade Receivables

Customer credit risk is managed by the Company's established policy, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing. Outstanding customers receivables are regularly monitored. With respect to the cable business, the Company has low concentration of credit risk as the customer base is widely distributed both economically and geographically.

As per IND AS 109, Company follows the simplified approach in determining allowance for credit losses of trade receivables. However, for receivables from certain customers, the Company considers the credit risk to be low based on historical default experience and the nature of the counterparties. Accordingly, the ECL recognised on such balances is considered to be insignificant. This assessment is periodically reviewed to ensure consistency with the Company's risk management policies and prevailing economic conditions. The Company makes the provision of expected credit losses on certain trade receivables using provision matrix to mitigate the risk of defaults of payments. Provision matrix is prepared based on historic data and the same is adjusted considering forward looking estimates. The provision matrix followed by Company is as follows:

Particulars	0-90 days	91-180 days	181-365 days	1- 2 Years	2- 3 Years	> 3 Years

Based on past performance and current expectations, the Company believes that the cash and cash equivalents, cash generated from operations and available undrawn credit facilities will satisfy its working capital needs, commitments and other liquidity requirements associated with its existing operations for foreseeable future.

As at the financial year ended March 31, 2026, The Company's current liabilities (including ₹ 597.13 Million pertaining to deferred revenues) exceed current assets by ₹ 4,335.36 Million. The business being capital intensive having long gestation period, the management expects that there will be significant increase in the operations of the Company that will lead to improved net cash flows. The Management believes that the Company will be able to meet its operational requirements as they arise and when they fall due. Accordingly, these financial statements have been prepared on a 'going concern' basis.

NOTE-33: CAPITAL MANAGEMENT

The Company's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to reduce the cost of capital.

Consistent with others in the industry, the Company monitors capital on the basis of the following gearing ratio:

Difference in Right-of-use asset and lease liabilities	-	41.10
Total Deferred Tax Liabilities	583.01	544.68
Net Deferred Tax Assets	(39.82)	11.19

Deferred tax assets and deferred tax liabilities have been offset where the Company has legally enforceable right to set off the current tax assets against current tax liabilities.

In assessing the realizability of deferred tax assets, the Management considers whether some portion or all the deferred tax assets will not be realised. The ultimate realisation of deferred tax assets is based on generation of future taxable income during the periods in which temporarily differences become deductible. The management considers the schedule reversals of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment.

NOTE-42: EMPLOYEE BENEFITS

Defined Contribution Plan

(a) Provident Fund: A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions for provident fund as per the provisions of the Provident Fund Act, 1952 to the government. The Company's contribution is recognised as an expense in the Profit and Loss Statement during the period in which the employee renders the related service. The Company's obligation is limited to the amounts contributed by it.

Contribution by Employer

(₹ in Million)		
Particulars	For the Year Ended March 31, 2026	For the Year Ended March 31, 2025
Employer's Contribution towards Provident Fund	37.04	37.08

Defined Benefits Plan

(a) Gratuity: The Company has a defined benefit gratuity plan. The scheme is funded with an insurance company in the form of a qualifying insurance policy. Every employee who has completed five or more years of service is eligible for gratuity as per the provisions of the Gratuity Act, 1972.

Risks: The Plan is defined benefit in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. Thus the Company is exposed to various risks in providing the gratuity benefit such as fall in interest rates, adverse salary growth, change in demographic experience, change in regulations. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to any longevity risk.

These plans typically expose the Company to actuarial risks such as: Investment Risk, Interest Risk, Longevity Risk and Salary Risk.

Investment Risk - The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest Risk - A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

Longevity Risk - The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk - The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

(h) Expected contribution during the next annual reporting period is ₹ 85.95 Million

(i) Asset Liability Matching Strategy

The Company has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in a increase in liability without corresponding increase in the asset).

(j) Weighted duration on defined benefit obligation

Particulars	As at March 31, 2026	As at March 31, 2025
Weighted Average duration (Based on discounted Cashflows)	6 years	6 years

Other Long term Benefits

Amount recognised as an expense in respect of Compensated Abscences is ₹ 12.77 Million (PY ₹ 5.12 Million)

NOTE-43: EXCEPTIONAL ITEMS

The Company has made an assessment of the recoverable values of certain investments made in subsidiary companies wherever impairment indicators existed. In determining the recoverable values, the Company considered the value in use of the related investments based on the business performance, prevailing business conditions and revised expectations of the future performance. Based on such assessment, the Company has recognised an impairment loss of ₹ 56.89 Million (Previous year - ₹ 37.94 Million) in the investment made in its subsidiaries - GTPL Sorath Telelink Private Limited, GTPL DCPL Private Limited and GTPL Zigma Vision Private Limited for Current year (Previous year - GTPL Narmada Cyberzone Private Limited, GTPL DCPL Private Limited and GTPL Link Network Private Limited). The total recoverable amount of such CGU is ₹ 238.31 Million (Previous year - ₹ 254.8 Million) determined based on its value in use less cost of disposal determined considering a discount rate of 14.5%. (Previous year - 15.25%).

NOTE-44: EVENTS AFTER REPORTING DATE

- (i) The Board of Directors have recommended dividend of ₹ 2 per fully paid up equity share of ₹ 10/- each for the financial year ended March 31, 2026 on outstanding paid up share capital of the Company as on date, in its board meeting held on April 15, 2026, subject to approval of shareholders at ensuing Annual General Meeting of the Company.

NOTE-45:(a)

- a) The Ministry of Corporate Affairs(MCA) has issued a notification(Companies(Accounts) Amendments Rules, 2021) which is effective from April 01, 2023, state that every Company which uses accounting software for maintaining its books of account shall use only such accounting software which has a feature of recording audit trail of each and every transaction, and further creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled.
- b) The Company uses a SaaS ERP as a primary accounting software for maintaining books of account, which has a feature of recording audit trail edit logs facility and that has been operative throughout the financial year for the transactions recorded in the software impacting books of account at application level. The database of the software is operated by third party software service provider hence audit trail at the database level is not applicable.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

- c) For subscriber management system audit trail feature was enabled and operative throughout the year for the transactions recorded in the software impacting at the application level. Additionally, the Company configured and enabled the audit trail feature at the database level w.e.f. March 24, 2025 to log any direct data changes.
- d) Audit trail that was enabled and operated upto year ended March 31, 2025, has been preserved by the Company in compliance with the statutory requirements for record retention.

NOTE-45:(b)

On November 21, 2025, the Government of India notified provisions of the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020 and the Occupational Safety, Health and Working Conditions Code, 2020, ('Labour Codes') which consolidate twenty-nine existing labour laws into a unified framework governing employee benefits during employment and post-employment. The Labour Codes amongst other things, introduced changes including a uniform definition of wages and enhanced benefits relating to leave. The Company had assessed the financial implications of these changes which had resulted in increase in gratuity liability arising out of past service cost and increase in leave liability. The Company continues to monitor the developments pertaining to Labour Codes and will evaluate impact if any on the measurement of liability pertaining to employee benefits.

Employee benefits expense includes an amount of ₹ 18.67 Million being the impact of implementation of the Labour Codes in current financial year.

INDEPENDENT AUDITOR'S REPORT

To The Members of **GTPL Hathway Limited**

Report on the Audit of the Consolidated Financial Statements

OPINION

We have audited the accompanying consolidated financial statements of GTPL Hathway Limited (the "Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as the "Group") which includes the Group's share of profit in its associate and joint ventures, which comprise the Consolidated Balance Sheet as at March 31, 2026, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flow and the Consolidated Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries, associate and joint ventures referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2026, their consolidated profit and their consolidated other comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associate and joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters

section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

EMPHASIS OF MATTER

- We draw attention to note 30(A)(ii) to the consolidated financial statements, which describes in detail the status of the demand from DOT in connection with the levy of license fees aggregating to Rs. 9,754.15 million. Basis its assessment of the legal position on the matter as well as based on the opinion of independent legal experts, the Parent is confident that it has good grounds on merit to defend itself in this matter. Accordingly, no provision has been recognized in respect of the aforesaid matter in the consolidated financial statements. The contingent liability includes such demand for the financial year for which demands have been received by the Parent and the penalty and interest thereto.
- We draw attention to note 30(A)(iii) to the consolidated financial statements, which describes in detail the status of ongoing litigation between Internet Service Providers and Department of Telecommunications in connection with the levy of license fee on pure internet services in case of GTPL Broadband Private Limited ("GBPL"), a subsidiary of the Parent aggregating to Rs. 3,657.24 million (including interest and Penalty thereto for which demands have been received by the Company). Basis its assessment of legal position on the matter as well as based on the opinion of independent legal experts, GBPL is confident that it has good grounds on merit to defend itself in this matter. Accordingly, the same has been considered contingent in nature and no provision has been recognised in respect of the aforesaid matter in the consolidated financial statements.
- We draw attention to note 30(A)(v) to the consolidated financial statements which describes in detail the status of ongoing litigation with the Department of Telecommunications for levy of license fee on pure internet services in case of GTPL KCBPL Broadband Private Limited, a step-down subsidiary of the Parent.

Our report is not modified in respect of these matters.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter. We have determined the matter described below to be the key audit matter to be communicated in our report.

INDEPENDENT AUDITOR'S REPORT (CONTD.)

Sr. No.	Key Audit Matter	Auditor's Response
1	Revenue Recognition Revenue recognition from Cable Television business has been identified as a Key Audit Matter due to the significance of volumes of data processed by the IT systems for subscription revenue including the impact of subscription plans and related agreements with local cable operators (customers) Refer note 1.5 "Revenue recognition" for material accounting policies.	Principal audit procedures performed with respect to subscription revenue by us: - Evaluated and tested the design, implementation and operating effectiveness of the key IT general controls, automated controls, interface controls and reports generated through the subscription management system and other relevant support systems involved in the subscription revenue by involving IT specialists. - Tested the reconciliation between subscription revenue as per the subscription management system and the financial records. - Performed substantive procedures on subscription revenue.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's report including annexures thereof, Management Discussion and Analysis, Business Responsibility & Sustainability Reporting and Corporate Governance Report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries, joint ventures and associate audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries, associate and joint ventures, is traced from their financial statements audited by the other auditors.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND BOARD OF DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation

of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including its Associate and joint ventures in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associate and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and its joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its associate and joint ventures are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associate and joint ventures are also responsible for overseeing the financial reporting process of the Group and of its associate and joint ventures.

INDEPENDENT AUDITOR'S REPORT (CONTD.)

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the

audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate and joint ventures to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate and joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the entities or business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters.

INDEPENDENT AUDITOR'S REPORT (CONTD.)

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

We did not audit the financial statements 41 subsidiaries, whose financial statements reflect total assets of Rs. 2,766.62 million as at March 31, 2026, total revenues of Rs. 2,977.42 million and net cash flows amounting to Rs. 6.89 million for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of Rs. 6.26 million for the year ended March 31, 2026, as considered in the consolidated financial statements, in respect of 1 associate and 18 joint ventures, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, associate and joint ventures, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, associate and joint ventures is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements of the subsidiaries, associate and joint ventures referred to in the Other Matters section above we report, to the extent applicable that:
 - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Group, its associate and joint ventures

including relevant records so far as it appears from our examination of those books and the reports of the other auditors.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 (THE “ACT”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as at and for the year ended March 31, 2026, we have audited the internal financial controls with reference to consolidated financial statements of GTPL Hathway Limited (hereinafter referred to as “Parent”) and its subsidiary companies, its associate company and joint ventures, which are companies incorporated in India, as of that date.

Management’s and Board of Directors’ Responsibilities for Internal Financial Controls

The respective Company’s management and Board of Directors of the Parent, its subsidiary companies, its associate company and joint ventures, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Parent, its subsidiary companies, its associate company and its joint ventures, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors of the subsidiary companies, associate company and joint ventures, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Parent, its subsidiary companies, its associate company and its joint ventures, which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT (CONTD.)

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent, its subsidiary companies, its associate company and joint ventures, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2026, based on the criteria for

internal financial control with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to 23 subsidiary companies, 1 associate company and 2 joint ventures, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matter.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 2026

1. NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1.1.1 Corporate Information

GTPL Hathway Limited ("the Parent Company") is a Public Limited Company incorporated in India having its registered office at Ahmedabad, Gujarat, India. The Parent Company, its subsidiaries, associates, and joint venture are engaged in distribution of television channels through digital cable distribution network and Internet services. The Parent Company and its subsidiaries together referred to as "the Group".

1.1.2 Basis of Preparation and Presentation

These consolidated financial statements (hereinafter referred to as "financial statements") are prepared in accordance with the Indian Accounting Standards ("Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013 ("the Act") and amendments there to, other relevant provisions of the Act.

The financial statements are authorised for issue by the Board of Directors of the Company at their meeting held on April 15, 2026.

1.1.3 Historical cost convention

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities (including derivative instruments) are measured at fair value at each reporting period as explained in the accounting policies below

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using another valuation technique. In determining the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

1.1.4 Adoption of New and Revised Standard

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to existing standards under the Companies (Indian Accounting Standards) Rules from time to time. MCA has notified amendments to Ind AS 1 – Presentation of Financial Statements (classification of liabilities as current or non current, including liabilities with covenants), Ind AS 12 – Income Taxes (International Tax Reform – Pillar Two Model Rules), Ind AS 21 – The Effects of Changes in Foreign Exchange Rates (Lack of Exchangeability), and Ind AS 7 – Statement of Cash Flows

and Ind AS 107 – Financial Instruments: Disclosures (Supplier Finance Arrangements), effective from April 01, 2025. The Group has reviewed these amendments and based on its evaluation, has determined that they do not have any impact on the Group's financial statements.

1.2 Material Accounting Policies

1.2.1 Functional and presentation currency

The Group's consolidated financial statements are presented in Indian Rupees, which is also the Group's functional currency. All amounts have been rounded off to the nearest millions, except where otherwise indicated.

1.2.2 Classification of Assets and Liabilities into Current/ Non-Current

Based on the nature of activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group has determined its operating cycle as twelve months for the purpose of classification of its assets and liabilities as current and non-current.

For the purpose of Balance Sheet, an asset is classified as current if:

- It is expected to be realized, or is intended to be sold or consumed, in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is expected to realize the asset within twelve months after the reporting period; or
- The asset is a cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- It is expected to be settled in the normal operating cycle; or
- It is held primarily for the purpose of trading; or
- It is due to be settled within twelve months after the reporting period; or
- The Group does not have an unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

1.3 Principles of consolidation

These Consolidated Financial Statements (CFS) are prepared on the following basis in accordance with Ind AS on “Consolidated Financial Statements” (Ind AS – 110), “Investments in Associates and Joint Ventures” (Ind AS – 28) and “Disclosure of interest in other entities” (Ind AS – 112), specified under Section 133 of the Companies Act, 2013

1.3.1 Subsidiaries

Subsidiaries are all entities over which the Group has control. Control is achieved when the Group:

- has the power over investee,
- is exposed to, or has rights to, variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns

Consolidation of subsidiary begins when the Group obtains the control over subsidiary and ceases when the Group loses control of subsidiary.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are no changes to one or more of the three elements of controls listed above

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member’s financial statements in preparing the consolidated financial statements to ensure conformity with the group’s accounting policies.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

1.3.2 Associate

An Associate is an entity over which the Group has significant influence but is neither a subsidiary nor an interest in a joint

venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost in the consolidated balance sheet.

1.3.3 Joint Venture

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement. The Group accounts for its interest in joint venture using the equity method, after initially being recognised at cost in the consolidated balance sheet.

1.3.4 Interest in associates and joint venture

Interest in associates and joint venture are accounted for using equity method. They are initially recognized at cost which includes transaction costs. Subsequent to initial recognition, consolidated financial statements include the Group’s share of profit or loss and OCI of equity accounted investees until the date on which significant influence or joint control ceases.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy.

1.3.5 Changes in ownership interests

The group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

1.3.6 Loss of control

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in profit or loss.

1.3.7 Goodwill on Consolidation

Goodwill represents the difference between the Group’s share in the net worth of subsidiaries and the cost of acquisition at each point of time of making the investment in the subsidiaries. For this purpose, the Group’s share of net worth is determined on the basis of the latest financial statements prior to the acquisition after making necessary adjustments for material events between the date of such financial statements and the date of respective acquisition.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

1.4 Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of Consolidated financial statements in conformity with Ind AS requires management to make judgments in the application of accounting policies that have a significant impact on the amounts recognised and to make, estimates and assumptions, that affect the reported amounts of assets, liabilities and contingent liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience after considering factors that are relevant. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

a. Recognition of deferred tax assets:

The extent to which deferred tax assets can be recognised is based on the assessment of the probability of the Group’s future taxable income against which the deferred tax assets can be utilised. The Group uses the judgement to determine the amount of deferred tax that can be recognised based upon the likely timing and the level of future Taxable profits and business developments. (Refer Note No. 41)

b. Useful lives of property, plant and equipment and intangible assets:

The Group uses its technical expertise along with historical and industry trends for determining the economic life of an asset/component of an asset. The useful lives are reviewed by management periodically and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the remaining useful life of an asset. (Refer Note No. 2A & 2C)

c. Customer acquisition Cost

The estimated useful life principally reflects management’s view of the average economic life of the customer base and is assessed by reference to customer churn rates. An increase in churn rates may lead to a reduction in the estimated useful life and an increase in the amortisation charge. (Refer Note No. 2C)

d. Impairment assessment of Goodwill and Investment in Joint ventures & Associate:

The Group determines the recoverable amount of Goodwill and its investments in Joint ventures & associate by estimating the future cash flows from operations of these entities. The future cash flows comprise forecasts

of revenue, operating costs, discount rate, terminal growth and overheads based on current and anticipated market conditions that have been considered by the management. Such revenue projections are inherently uncertain due to market conditions and changing customer preferences. (Refer Note No. 3)

e. Control Over Subsidiaries:

The Group evaluates its control over the entities where it holds significant voting rights and considers them as Subsidiaries where it exercises control over their Operations. Though the Group holds 26% ownership interest in DL GTPL Cabnet Private Limited (“DL GTPL”), the Group has concluded that the group has practical ability to direct the activities of DL GTPL by virtual of the operation control it exercises over the Company. (Refer Note No. 35)

f. Contingencies:

Management judgement is required for assessing the possible outcomes of contingencies, claims and litigation against the Group and estimating the possible outflow of resources, if any, in respect of contingencies, claim, litigations. Due to uncertainties associates with such matters, there is a possibility that on conclusion of the open contingencies, claims and litigations, the final outcome may differ significantly. (Refer Note No. 30 related to such contingencies, claims and litigations)

1.5 Revenue recognition

1.5.1 Revenue from sale of services

Revenue is recognised on the basis of approved contracts regarding the transfer of goods or services to a customer for an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of consideration received or receivable taking into account the amount of discounts, rebates, outgoing taxes on sales.

- Subscription income includes cable TV subscription charges from subscribers / cable operators. Cable TV subscription income is recognised on accrual basis over a period of time based on underlying subscription plan or agreements with the concerned subscribers / Cable Operators. Amount received in advance under the subscription plan relating to services to be rendered beyond the reporting date are considered a contract liabilities and presented as deferred revenue,
- Unbilled revenue represents the value of services rendered but not yet been invoiced on the reporting date due to contractual terms.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

- c. Revenue from Engineering, Procurement and Construction ('EPC') contracts is recognised over the time when the criteria for recognising revenue over the time as per IND AS 115 - Revenue from Contracts with Customers are met. Group uses the output method to measure the progress towards complete satisfaction of the performance obligation, based on direct measurement of the value delivered to customer relative to the remaining performance obligations. In the period in which the performance obligation of the project is significantly completed, actual revenue and costs for the project are compared with revenue and cost recognised in the earlier periods and the differential amount are recognised in the period in which the project is significantly completed.
- d. Costs to fulfil a contract which is directly related to a contract or to an anticipated contract, generates or enhance resources of the Group that will be used in satisfying performance obligations in the future and expected to be recovered are recognised as an Assets.
- e. Activation fee & Installation fees on Set top Boxes (STBs) is recognised on accrual basis based on underlying agreements. One-time Rent on Set top Boxes (STBs) is deferred over expected customer retention period of 5 years.
- f. Placement / Marketing Incentive is recognised on accrual basis based on agreements with the concerned broadcasters on completion of the performance obligations.
- g. Advertisement income is recognised when relevant advertisements get telecasted.
- h. ISP access revenue comprises revenue from installation and provision of internet service. Revenue from prepaid internet service plans, which are active at the end of accounting period, is recognised on time proportion basis. In other cases of internet service plan, entire revenue is recognised in the period of sale.
- i. Revenue From Operation & Maintenance (O&M) shall be recognised over time as services are performed.
- j. Costs to Obtain a Contract: The Group pays sales commission to its distribution and reseller network for customer acquisition. Such costs are recognised as an asset and deferred over the average expected customer life-cycle, which is currently estimated to be 5 years. The Company re-estimates the average customer life cycle on a periodic basis. (Refer Note No. 2C)
- k. Contract related cost: The direct and incremental costs of acquiring a contract including, for example, certain commissions payable to distributors for acquiring

customers on behalf of the Group, are recognised as contract acquisition cost assets in the consolidated statement of financial position when the related payment obligation is recorded. Costs are recognised as an expense in line with the recognition of the related revenue.

The Group collects Goods and Service Tax (GST) on behalf of the government and, therefore, it is not an economic benefit flowing to the Group. Hence, it is excluded from revenue.

1.5.2 Other Operating Revenues

Other Operating Income also includes fees received for Lease & Rent of Equipment, and consultancy services. Income from such services is recognised as per the terms of underlying agreements/arrangements with the concerned parties, when no significant uncertainties exist regarding the amount of consideration that will be derived.

1.5.3 Interest Income

Interest income from is recognised using the effective interest rate method.

1.6 Income tax

Income Tax expenses comprise current tax and deferred tax.

1.6.1 Current Tax

Current Tax is measured on the basis of estimated taxable income for the current accounting period in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

1.6.2 Deferred tax

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purpose and the corresponding amounts used for taxation purpose. Deferred tax liabilities are recognised for all taxable temporary differences, except for:

- temporary differences arising from the initial recognition of an asset or liability in a transaction that is not a business combination and that affects neither the accounting nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

- Taxable temporary differences arising on the initial recognition of goodwill

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax related to items recognised outside profit or loss in correlation to the underlying transaction either in OCI or Equity.

1.7 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

1.7.1 As a lessee

Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment or as per the lease term whichever is lower. The right-of-use asset is periodically reviewed for impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is re-measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in profit or loss if the carrying amount of the right-of use asset has been reduced to zero.

The Group presents right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities in financial liabilities in the financial statements.

Short-term leases and leases of low-value assets

Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases of real estate properties that have a lease term of less than 12 months. It also applies the lease of low-value assets recognition exemption that are considered to be low value. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

1.7.2 As a lessor.

Lease income from operating leases where Group is a lessor is recognised as income over the lease term.

1.8 Business combinations

Business combinations except for common control transactions are accounted for using the acquisition method. At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

values. Acquisition-related costs are recognised in profit & loss statement as incurred.

Business combinations involving entities or businesses under common control shall be accounted for using the pooling of interest method. Under pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts, the only adjustments that are made are to harmonise accounting policies.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

If the initial accounting for business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognised as of that date.

1.9 Property, plant and equipment

Property, plant and equipment is stated at cost, less accumulated depreciation and accumulated impairment losses. The initial cost of an asset comprises its purchase price, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any. The purchase price is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when

replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Set Top Boxes (STBs) on hand at the year-end are included in Capital Work in Progress. STBs are capitalised when they are issued from warehouse for the purpose of installation at customer premises.

Any assets whose value is less than ₹ 5,000 is charged to statement of profit and loss.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Stores & Spares which meet the definition of property plant and equipment and satisfy the recognition criteria of Ind AS 16 are capitalised as property, plant and equipment.

1.9.1 Depreciation on Property, plant and equipment

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Group, or the number of production or similar units expected to be obtained from the asset by the Group.

In case of Set Top Boxes (STBs) Group uses different useful lives than those prescribed in Schedule II to the Act. The useful lives have been assessed based on technical advice, taking into account the nature of the PPE and the estimated usage of the asset on the basis of management's best estimation of obtaining economic benefits from those classes of assets.

Such classes of assets and their estimated useful lives are as under:

No.	Nature	Useful Life
1	Set Top Boxes (STBs)	5-8 Years
2	Co-Axial Cables	13 Years
3	Router / ONU	10 Years

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition and in case of Projects from the date of commencement of commercial production. Depreciation on deductions/disposals is provided on a pro-rata basis up to the month preceding the month of deduction/disposal.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

The estimated useful lives, residual values, depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

1.10 Intangible Assets

1.10.1 Intangible Assets acquired separately

Intangible assets comprise of Cable Television Franchise, Non-Compete Franchise, Internet Service Provider Franchise, Movie & Serial Rights, Goodwill and Software. Cable Television and Non-Compete Franchisee represents purchase consideration of a network that is mainly attributable to acquisition of subscribers and other rights, permission etc. attached to a network.

The Intangible Assets with finite useful lives are carried at cost less accumulated amortisation and impairment losses, if any.

Intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired. Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level.

1.10.2 Amortisation of intangible assets

The intangible assets are amortised on a straight line basis over their estimated useful lives as follows:

No.	Nature	Useful Life
1	Cable Television Franchisee and Non-Compete Franchisee	5-20 Years (As per Contractual terms)
2	Software	1-5 Years

The estimated useful lives, residual values, amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

1.10.3 De-recognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

1.11 Goodwill

Goodwill is tested annually for impairment. For the purpose of impairment testing goodwill is allocated to each of the Group's cash generating units expected to benefit from the synergies of the combination. Cash generating units to which goodwill has been allocated are testing for impairment annually, or more frequently of when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit

is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to other assets of the units on pro-rata basis of the carrying amount of each asset in the unit. An impairment loss in respect of goodwill is not subsequently reversed.

1.12 Impairment of Property, Plant & Equipment, Intangible Assets and investment carried at cost

At the end of each reporting period, the Group reviews the carrying amounts of its Property, Plant & equipment, intangible assets and investment carried at cost to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

1.13 Inventories

Inventories are carried at lower of cost and net realisable value. Cost of inventories comprises all cost of purchase, duties,

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing inventories to their present location and conditions.

1.14 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank, cash / cheques in hand, demand deposits with banks and other short-term investments with an original maturity of three months or less. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

1.15 Financial Assets

1.15.1 Classification of Financial Assets

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

1.15.2 Initial Recognition of Financial Assets

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset subsequently not measured at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

1.15.3 Subsequent measurement of Financial Asset

A 'Financial Asset' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by

taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

Financial Assets included within the fair value through profit and loss (FVTPL) category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

The Group subsequently measures all equity investments, except Equity instruments measured at cost in accordance with Ind AS 27, at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss.

1.15.4 Impairment of financial assets

Expected credit losses are recognised for all financial assets subsequent to initial recognition other than financials assets in FVTPL category. For financial assets other than trade receivables, the Group recognizes 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition.

The Group provides, for trade receivable, expected credit loss as per simplified approach using provision matrix on the basis of its historical credit loss experience.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

1.15.5 De-recognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Group's balance sheet) when:

- the rights to receive cash flows from the asset have expired, or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

- a) the Group has transferred substantially all the risks and rewards of the asset, or
- b) The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

1.16 Financial Liabilities and equity instruments:

Classification as debt or equity

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Group are recognised at the proceeds received.

1.16.1 Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are initially measured at fair value plus, except for financial liability subsequently not measured at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

(ii) Subsequent measurement

All financial liabilities are subsequently measured at amortised cost using effective interest method or at FVTPL.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships and effective as defined by Ind-AS 109. Gains or losses on liabilities held for trading are recognised in the profit or loss.

(iii) De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified,

such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

1.17 Foreign Currency Transaction:

Monetary items

Foreign currency transactions are recorded at the exchange rate prevailing at the date of transaction. Exchange difference arising on settlement of transactions is recognised as income or expense in the year in which they arise.

Monetary assets and liabilities denominated in foreign currencies and remaining unsettled at the end of the year are translated to functional currency at the exchange rate prevailing at the reporting date. Exchange differences are recognised in profit or loss except exchange differences arising from the translation of items which are recognised in OCI.

For monetary items that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in statement of profit and loss.

For monetary items that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

Non - Monetary items:

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

1.18 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

1.19 Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

1.20 Provisions, Contingent liabilities and Contingent Assets

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Claims against the Group where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised or disclosed in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

1.21 Retirement and other Employee benefits

Short-term obligations

Short term employee benefits are recognised as an expense at an undiscounted amount in the Statement of profit & loss of the year in which the related services are rendered.

a) Post-employment benefits

Defined Benefit Plans

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. Liability with regards to gratuity plan is determined using the projected unit credit method, with actuarial valuations being carried out by a qualified independent actuary at the end of each reporting period.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and will not be reclassified to Statement of Profit and Loss.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. The defined benefit obligation recognised in the Balance Sheet represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Defined Contribution plans

A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions for provident fund as per the provisions of the Provident Fund Act, 1952 to the government. The Group's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service. The Group's obligation is limited to the amounts contributed by it.

Other long-term employee benefit obligations - Compensated Absences

The Group provides for the encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment. The liability is provided based on the number of days of unutilised leave at each balance sheet date on the basis of an independent actuarial valuation.

1.22 Earnings Per Share (EPS)

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.23 Segment reporting

The Chief Operational Decision Maker monitors the operating results of its business Segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

profit or loss and is measured consistently with profit or loss in the financial statements.

The operating segments have been identified on the basis of nature of products/service and have three reportable segments Cable Television, Internet service and other segment.

- Segment revenue includes sales and other income directly attributable with /allocable to segments including inter-segment revenue.
- Expenses that are directly identifiable with /allocable to segments are considered for determining the segment results. Expenses which relate to the Group as a whole and not allocable to segments are included under unallocable expenditure.
- Income which relates to the Group as a whole and not allocable to segments is included in unallocable income.
- Segment assets & liability include those directly identifiable with the respective segments. Unallocable assets and liability represent the assets and liabilities that relate to the Group as a whole and not allocable to any segment.

1.24 Exceptional items

Exceptional items refer to items of income or expense within the statement of profit and loss from ordinary activities which are non-recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the Group.

1.25 Annual revenue share license fees

The variable license fees, computed basis of adjusted gross revenue, are charged to the Statement of Profit and Loss in the period in which the related revenue arises as per the license agreement of the licensed service area at prescribed rate.

1.26 New standards or amendments not yet adopted

The below amendments to the existing standard which are notified by Ministry of Corporate affairs but are not yet effective:

Amendment to Ind AS 1 'Presentation of Financial Statements'- Classification of Liabilities as current or non-current and non-current liabilities with covenants. The amendment includes specific provisions that will take effect for reporting periods beginning on or after April 01, 2026, retrospectively, as outlined below: a) Breach of material covenant for long-term loan arrangement on or before end of reporting period with effect that liability becomes payable on demand as on reporting date, then it shall be classified as current liability, if lender agreed after reporting period and before approval of financial statements to not demand payment as a consequence of breach. b) Classify as non-current liability, if lender agreed by end of reporting period to provide grace period ending at least 12 months after reporting period within which entity can rectify the breach provided lender does not demand immediate repayment. c) Disclose information about the timing of settlement to understand the impact of the liability on the financial statements. The Group does not expect this amendment to have an impact on its operations or financial statements.

Impairment Testing of Cash Generating unit (CGU)

The Parent has assessed, as at March 31, 2026, whether there are any indications of impairment in respect of its Cable TV CGUs in accordance with Ind AS 36 – Impairment of Assets.

The recoverable amount of the CGUs has been determined based on value in use calculations using discounted cash flow projections derived from financial budgets approved by the management.

Based on the assessment performed and considering the estimated future cash flows and other key assumptions used, the management is of the view that the recoverable amount of the respective CGUs exceeds their carrying amount. Accordingly, no impairment loss is required to be recognised in the financial statements for the year ended March 31, 2026.

Key assumptions used:

*The Group participates in a supplier finance arrangement under which its suppliers may elect to receive early payment of their invoices from a bank. Under this arrangement, the bank agrees to pay amounts due to participating suppliers in respect of invoices owed by the Group and the Group repays the bank at a later date. The principal purpose of this arrangement is to facilitate efficient payment processing and provide the willing suppliers early payment terms, compared with the related invoice payment due date.

From the Group's perspective, the arrangement does not significantly extend the payment terms beyond the normal terms agreed with other suppliers that are not participating; however, the arrangement does provide participating suppliers with the benefit of early payment. The financing terms are negotiated by the Group, and it bears interest in the range of 7.95%-8.70% on the credit availed beyond the due date, and the interest cost has been presented under finance costs. As at the reporting date, there were no outstanding balances payable to suppliers under the supplier finance arrangement.

License Fee on Non-Telecom revenue	39.02	38.06

The above amounts are based on either demands received by the Group or are based on expected outflow of economics resources estimated by management. The Group does not expect the outcome of the above proceeding to have materially adverse effect on the functioning of the Group.

- (ii) The Department of Telecommunications, Ministry of Communications, Government of India ("DoT") has raised demand of ₹ 9,754.15 Million on the Parent consisting of Principal amount of ₹ 2,286.50 Million and related interest, penalty and interest on penalty of ₹ 7,467.65 Million (as of July 31, 2020) towards license fee by including the revenue generated from its cable television business.

These demands are mainly based on Hon'ble Supreme Court's Judgment in the matter of Union of India v/s AUSPI & Ors. bearing C.A. Nos.6328 - 6399 on AGR dues from telecom operators ("AGR Judgment"). Subsequently, vide order dated June 11 and June 18, 2020, the Supreme Court clarified that the AGR judgement pertaining to telecom companies could not have been basis for raising demands in the non-telecom PSUs and accordingly DoT withdrew the demands on the non-telecom PSUs. The Parent, in line with the observations made by the Supreme Court has made representations to DoT against said demands, which DoT has taken on record.

Also, All India Digital Cable Federation (AIDCF) for all its member companies had filed an intervention petition in TDSAT in the matter of Asianet Satellite Communications Private Limited versus Union of India bearing TP No. 54 of 2020 challenging the demands raised on such member companies (the Parent being a member too) by including its non-licensed income for computation of license fees. Further, the Ministry of Information & Broadcasting has in February 2021 written to DoT (along with the representation of AIDCF) that it grants permission to Multi System Operators ("MSOs") for cable tv operations and does not levy any license fee on the revenue, and hence the revenues earned by MSOs from cable tv business may not be clubbed with the revenue earned by them under Internet Service Provider's license.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

With effect from October 01, 2021, definition of AGR has been amended and Applicable Gross Revenue (ApGR) was introduced which was starting point for arriving AGR. ApGR specifically excludes revenue from activities under a license / permission issued by MIB. Further, by an order dated October 05, 2021, the TDSAT has stayed all demands of additional license fee. The interim order is continuing and the petition is pending before the TDSAT. Additionally, TDSAT in February 2022 set aside the demands raised by DoT in matter relating to another ISP license holder by treating them at par with some PSUs who held similar license. The DoT has challenged the TDSAT order which is still pending. Hence, the extent and timing of outflow of funds that may be required is dependent on the outcome of litigation.

Basis its assessment of the legal position as stated above and based on the opinion of independent legal experts, the Parent is confident that it has good grounds on merit to defend itself. Accordingly, the Parent is of the view that no provision is necessary to be made in the financial statement in relation to the demands and the same has been considered as a contingent liability.

- (iii) GTPL Broadband Private Limited ("GBPL") has been granted Unified License from the Department of Telecommunication ("DoT") in 2016, under which GBPL is required to pay annual license fee at the rate of 8% of the adjusted gross revenue ("AGR"). The definition of "Gross Revenue" under the ISP license issued prior to 2013 excluded revenue from Pure Internet Services ("PIS"). However, the Unified License introduced in 2013 removed the exclusion/exemption granted to revenue from PIS without following the due process of law as required under Section 11(1) of the TRAI Act. This discrimination was challenged by Internet Service Providers Association of India ("ISPAI") before the Telecom Disputes Settlement and Appellate Tribunal ("TDSAT") in telecom petition no.169 of 2014 and GBPL vide another petition alleging disparity and non-level playing field among similarly placed license holders. The TDSAT passed an order dated 18.10.2019 ("ISPAI Judgement") holding the clause to be discriminatory and contrary to the concept of level playing field and also stated that decision of DoT to remove the exclusion/exemption granted to ISPs was not in conformity with the requirements of fairness and transparency inherent in Section 11 (1) of the TRAI Act. Accordingly, all demands by DoT upon Unified Licensees on the basis of revenue from PIS were quashed and none of the unified license holders are required to pay license fees on PIS. The said TDSAT order has been challenged by DoT and a civil appeal is pending before Hon'ble Supreme Court. Additionally, TDSAT, following ISPAI judgement, has also allowed the petition filed by GBPL challenging inclusion of PIS for computation of AGR and set aside the letter of DoT seeking inclusion of revenue from PIS for computation of AGR. On March 31, 2021, DoT through amendment dated March 31, 2021 ("DOT Amendment") amended the definition of AGR for ISP Licenses granted under the old regime, thereby including the revenue from Pure Internet Services as part of AGR for calculating license fees payable by ISP Licenses. The said DOT Amendment has been stayed by the TDSAT in relation to cases filed by the license holders of the old regime.

In the previous years, DoT had issued demand-cum-show cause notices for assessment of license fees for financial years 2016-17 to 2023-24, and during the quarter ended December 31, 2025, had issued a similar demand-cum-show cause notice for financial year 2024-25, demanding license fees along with interest after disallowing deduction of revenue from PIS, subject to the outcome of the civil appeal pending before the Hon'ble Supreme Court. The extent and timings of outflow of funds that may be required is dependent on the outcome of litigation.

Based on its assessment of the legal position and the status of the matters as described above and based on opinion of independent legal experts, GBPL is confident that it has good grounds on merits to defend itself in this matter. Accordingly, no provision has been recognized in respect of the aforesaid matter in the financial statements as at March 31, 2026, towards the license fees and related interest and penalty thereon. Hence, an estimated amount of ₹ 3,657.24 Million (including interest and penalty thereto only to the extent the demands have been received by the GBPL) has been considered as contingent liability.

- (iv) A shareholder of GTPL Kolkata Cable & Broadband Pariseva Limited ("GTPL KCBPL") (one of the subsidiary) offered to sale his 30,000 shares to the GTPL KCBPL. The price offered by the GTPL KCBPL was not accepted by him and hence the matter was then referred to Company Law Board (CLB), whereby CLB appointed the valuer. The then valuation finalized by CLB was not accepted by the GTPL KCBPL, hence, a petition was filed with the Hon'ble Calcutta High Court against CLB's order. The value was finalized by the valuer of the Hon'ble Calcutta High Court at ₹ 24 Million (₹ 825/- per share). Hence, a petition was filed in Hon'ble Supreme Court against the order passed by the Hon'ble Calcutta High Court.

The Hon'ble Supreme Court agreed to admit the petition subject to the condition that the GTPL KCBPL had to deposit ₹ 20.00 Million in cash & ₹ 4.75 Million as bank guarantee with registrar of the Hon'ble Calcutta High Court. Hence, the GTPL KCBPL had paid ₹ 24.75 Million as guarantee with Registrar of the Hon'ble Calcutta High Court. The Hon'ble Supreme Court has redirected matter to the Hon'ble Calcutta High Court and petition is yet to be heard in the Hon'ble Calcutta High Court.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

- (v) GTPL KCBPL Broadband Private Limited ("KCBPL Broadband"), has been granted Unified License from Department of Telecommunication ("DoT"), under which KCBPL Broadband is required to pay annual license fee at the rate of 8% of the adjusted gross revenue ("AGR"). The definition of "Gross Revenue" under the ISP license issued prior to 2013 excluded revenue from Pure Internet Services ("PIS"). This discrimination was challenged by the Internet Service Providers Association of India ("ISPAI") before the Telecom Disputes Settlement and Appellate Tribunal ("TDSAT") alleging disparity and non-level playing field among similarly placed license holders. The TDSAT passed an order dated October 18, 2019 ("ISPAI judgment") holding the clause to be discriminatory and contrary to the concept of a level playing field. The said TDSAT order has been challenged by DoT and a civil appeal is pending before Hon'ble Supreme Court.

Further, the department of telecommunications, through amendment vide File No. 820-01/2006-LR(VOL-II) Pt-2 dated March 31, 2021 ("DOT Amendment") amended the definition of Adjusted Gross Revenue ("AGR") for Internet Service Provider ("ISP") Licenses granted under the applicable guidelines for Unified Licenses holder, thereby including the revenue from Pure Internet Services as part of AGR for calculating licenses fee payable by ISP Licenses. The DOT Amendment has been stayed by the TDSAT in relation to cases filed by the other licenses holders. KCBPL Broadband having Unified license and duly protected by the TDSAT judgement dated October 18, 2019 and also the DOT amendment being stayed by TDSAT in cases filed by other license holders and based on the legal opinion obtained from independent legal counsel, KCBPL Broadband is confident that it has good ground on merit to defend itself in this matter. Accordingly, KCBPL Broadband is of the view that no provision is required in respect of the aforesaid matter in the financial statement.

Since the litigation is pending with Hon'ble Supreme Court of India and also with TDSAT, a liability for payment of license fee till March 31, 2026 works out to ₹ 335.14 Million (8% of ₹ 3,576.53 Million Adjusted Gross Revenue including interest and penalty thereto only to the extent the demands have been received by KCBPL Broadband) while till March 31, 2025 works out to ₹ 264.16 Million (8% of ₹ 2,689.24 Million Adjusted Gross Revenue including interest and penalty thereto only to the extent the demands have been received by KCBPL Broadband) has been considered to be contingent in nature. However, KCBPL Broadband has paid ₹ 14.04 Million towards DOT fees under Protest.

NOTE 31 : CLASSIFICATION OF FINANCIAL ASSETS AND LIABILITIES

The Fair value of Assets and Liabilities are not significantly different from the carrying value and Assets and Liabilities are carried at Amortised cost.

NOTE 31 (a) : FAIR VALUE MEASUREMENT

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Group has established the following fair value hierarchy that categorises the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:-

Level 1: This hierarchy uses quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on parent specific estimates. If all significant inputs required for fair value and instruments are observable, then the instruments are included in Level-2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

A) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's constantly monitors the credit markets and rebalances its financing strategies to achieve optimal maturity profile and financing cost.

The Group's main interest rate risk arises from borrowings with variable rates, which expose the Group to future cash outflow . The Group's borrowings at variable rate were mainly denominated in INR.

B) Credit Risk

Credit risk is the risk that a customer or counterparty to a financial instrument fails to perform or pay the amounts due causing financial loss to the Group. Credit risk arises from Group's activities in investments and outstanding receivables from customers.

The Group has a prudent and conservative process for managing its credit risk arising in the course of its business activities. credit risk arising from the investments in the nature of Fixed Deposits is actively managed through investment in top rated Banks.

Trade Receivables

Customer credit risk is managed by the Group's established policy, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing. Outstanding customers receivables are regularly monitored. With respect to the cable business, the Group has low concentration of credit risk as the customer base is widely distributed both economically and geographically.

As per IND AS 109, Group follows the simplified approach in determining allowance for credit losses of trade receivables. However, for receivables from certain customers, the Group considers the credit risk to be low based on historical default experience and the nature of the counterparties. Accordingly, the ECL recognised on such balances is considered to be insignificant. This assessment is periodically reviewed to ensure consistency with the Group's risk management policies and prevailing economic conditions. The Group makes the provision of expected credit losses on trade receivables using provision matrix to mitigate the risk of defaults of payments. Provision matrix is prepared based on historic data and the same is adjusted considering forward looking estimates. The provision matrix followed by Group are as follows :

Particulars	0-90 days	91-180 days	181-365 days	1- 2 Years	2- 3 Years	> 3 Years

NOTE 37 : EMPLOYEE BENEFITS

Defined Contribution Plan

(a) Provident Fund :

A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions for provident fund and pension as per the provisions of the Provident Fund Act, 1952 to the government. The Group's contribution is recognised as an expense in the Profit and Loss Statement during the period in which the employee renders the related service. The Group's obligation is limited to the amounts contributed by it.

Particulars	Year Ended March 31, 2026	Year Ended March 31, 2025
Group's Contribution towards Provident Fund	71.62	70.42

Defined Benefits Plan

(a) **Gratuity:** The Parent has a defined benefit gratuity plan. The scheme is funded with an insurance company in the form of a qualifying insurance policy. Every employee who has completed five or more years of service is eligible for gratuity as per the provisions of the Gratuity Act, 1972. Some of the Subsidiaries also have similar defined benefit gratuity plan.

Risks: The Plan is defined benefit in nature which is sponsored by the Parent and hence it underwrites all the risks pertaining to the plan. Thus the Group is exposed to various risks in providing the gratuity benefit such as fall in interest rates, adverse salary growth, change in demographic experience, change in regulations. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to any longevity risk.

Significant actuarial assumptions for the determination of the defined benefit obligations are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

(₹ in Million)

Particulars	As at March 31, 2026	As at March 31, 2025
Defined benefit obligation (base)	195.79	156.85

(₹ in Million)

Particulars	As at March 31, 2026		As at March 31, 2025	
	Decrease	Increase	Decrease	Increase

% change compare to base due to sensitivity	6.13%	(5.83%)	7.20%	(6.21%)
salary growth (-/+ 0.50% to 1%)	185.28	207.18	147.83	166.94
% change compare to base due to sensitivity	(5.37%)	5.82%	(5.75%)	6.43%
attrition rate (-/+50% to 110% of attrition rate)	196.67	194.80	159.07	155.30
% change compare to base due to sensitivity	0.45%	(0.51%)	1.42%	(0.99%)
Mortality rate (-/+ 10% of mortality rate)	143.18	143.20	110.06	110.07
% change compare to base due to sensitivity	(26.87%)	(26.86%)	(29.83%)	(29.82%)

These plans typically expose the Group to actuarial risks such as: Investment Risk, Interest Risk, Longevity Risk and Salary Risk.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

Investment Risk - The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds.

Interest Risk - A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity Risk - The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary Risk - The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

(h) **Expected contribution during next reporting period is ₹ 116.98 Million**

(i) **Asset Liability Matching Strategy**

The Parent and its two subsidiaries have purchased an insurance policy, The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Group is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in a increase in liability without corresponding increase in the asset). The other subsidiaries are managing the scheme on unfunded basis.

Deferred Tax Assets/(Liabilities) after set-off	(498.66)	(463.80)

Deferred tax assets and deferred tax liabilities have been offset where the group has legally enforceable right to set off the current tax assets against current tax liabilities.

In assessing the realisability of deferred tax assets, the Management considers whether some portion or all the deferred tax assets will not be realised. The ultimate realisation of deferred tax assets is based on generation of future taxable income during the periods in which temporarily differences become deductible. The management considers the schedule reversals of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

NOTE 42 : AUDIT TRAIL

- The Ministry of Corporate Affairs(MCA) has issued a notification(Companies(Accounts) Amendments Rules, 2021) which is effective from April 01, 2023, state that every Company which uses accounting software for maintaining its books of account shall use only such accounting software which has a feature of recording audit trail of each and every transaction, and further creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled.
- The Parent & it's one subsidiary uses a SaaS ERP as a primary accounting software for maintaining books of account, which has a feature of recording audit trail edit logs facility and that has been operative throughout the financial year for the transactions recorded in the software impacting books of account at application level. The database of the software is operated by third party software service provider hence audit trail at the database level is not applicable.
- For Parent & it's two subsidiaries, subscriber management system audit trail feature was enabled and operative throughout the year for the transactions recorded in the software impacting at the application level. The audit trail feature at database level to log any direct data changes were configured and made operative w.e.f. March 24,2025.
- Audit trail that was enabled and operated up to March 31, 2025, has been preserved by the group in compliance with the statutory requirements for record retention.

NOTE 43 : DISCLOSURE UNDER IND AS 115 'REVENUE FROM CONTRACTS WITH CUSTOMERS'

In compliance with Ind AS 115 certain sales promotion are now treated as variable components of consideration and have been recognised as revenue deductions instead of other expenses.

(a) Disaggregation of Revenue:

Management conclude that disaggregation of revenue disclosed in Note No 34 meets the disclosure criteria of Ind AS 115 and segment revenue is measured on the same basis as required by Ind AS 115, hence separate disclosures as per Ind AS 115 is not required.

(b) Reconciliation of Revenue as per Contract price and as recognised in Statement of Profit & Loss

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2026 (CONTD.)

(d) Performance Obligation

Applying the practical expedient as given in Ind AS 115, the Group has not disclosed the remaining performance obligation related disclosures for contracts as original expected duration is one year or less

- The Contract liability outstanding at the beginning of the year was ₹ 3104.14 Millions out of which ₹ 3031.67 Millions have been recognised as revenue during the year ended March 31, 2026.
- The Group is engaged in distribution of television channels and Internet through digital cable distribution network and earn revenue primarily in the form of subscription, activation, placement and marketing. The Group does not give significant credit period resulting in no significant financing component.
- The original contract price is re-negotiated with the customer, the impact of the same is adjusted against the revenue since the re-negotiated price is considered as the revised contract price.
- With reference to the revenue from EPC contract, as per the terms, the revenue is certain on completion of end to end connectivity of each gram panchayats. Accordingly, The Parent recognises the revenue on completion of milestone with reference to end to end connectivity of each location.

NOTE 44 : PROJECT REVENUE AND COST

The Parent was appointed as sub-contractor to execute the works "Laying of Optical Fiber Cable (OFC) and its allied infrastructure from km. 697.220 (MP-Gujarat Boarder) to km 844.800 of Delhi-Vadodara expressway and from km. 26.600 to 378.722 of Mumbai -Vadodara Express and from km. 0.000 to 79.900 of spur to JNPT on EPC mode in the state of Gujarat and Maharashtra (Package-II)" hereinafter referred to as "The Project" on behalf of the Contractor on Sub-Contract basis. During the current year, The Parent has achieved cumulative 46.33%(Previous year 24.18%) Completion of the said project and recognised revenue amounting to ₹183.35 Million (previous year ₹200.49 Millions).

NOTE 45 : EXCEPTIONAL ITEMS

The Parent has made an assessment of the recoverable values of certain investments made in subsidiary companies wherever impairment indicators existed. In determining the recoverable values, the Parent considered the value in use of the related investments based on the business performance, prevailing business conditions and revised expectations of the future performance. Based on such assessment, the Parent has recognized an impairment loss of ₹ 56.89 Million in the investment made in its subsidiaries. The total recoverable amount of such CGU is ₹ 238.31 Million determined based on its value in use less cost of disposal determined considering a discount rate of 14.5%. Consequently, impairment was allocated to the carrying value of Goodwill on Consolidation for above mentioned CGU amounting to ₹ 4.65 Millions and (previous year ₹1.21 Millions).

NOTE-46

On November 21, 2025, the Government of India notified provisions of the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020 and the Occupational Safety, Health and Working Conditions Code, 2020, ('Labour Codes') which consolidate twenty-nine existing labour laws into a unified framework governing employee benefits during employment and post-employment. The Labour Codes amongst other things, introduced changes including a uniform definition of wages and enhanced benefits relating to leave. The Group had assessed the financial implications of these changes which had resulted in increase in gratuity liability arising out of past service cost and increase in leave liability. The Group continues to monitor the developments pertaining to Labour Codes and will evaluate impact if any on the measurement of liability pertaining to employee benefits.

Employee benefits expense includes an amount of ₹ 36.50 Million being the impact of implementation of the Labour Codes in current financial year.

PROCEDURE FOR “REMOTE E-VOTING” AND “E-VOTING” AT THE AGM (“INSTA POLL”):

- A. E-VOTING FACILITY:**

Pursuant to the provisions of Section 108 and other applicable provisions, if any, of the Act read with the Companies (Management and Administration) Rules, 2014, as amended and Regulation 44 of SEBI Listing Regulations read with circular of SEBI on e-voting Facility provided by Listed Entities, dated December 09, 2020, the Company is providing to its Members facility to exercise their right to vote on resolutions proposed to be passed at AGM by electronic means (“e-voting”). Members may cast

their votes remotely, using an electronic voting system on the dates mentioned herein below (**“remote e-voting”**).

Further, the facility for voting through electronic voting system will also be made available at the Meeting (**“Insta Poll”**) and members attending the Meeting who have not cast their vote(s) by remote e-voting will be able to vote at the Meeting through Insta Poll.

The Company has engaged the services of KFinTech as the agency to provide e-voting facility.

The manner of voting, including voting remotely by (i) individual members holding shares of the Company in demat mode, (ii) members other than individuals holding shares of the Company in demat mode, and (iii) Members who have not registered their e-mail address, is provided in the instructions given below.

The remote e-voting facility will be available during the following voting period:

REMOTE E-VOTING PERIOD	
Commencement of remote e-voting	9:00 a.m. (IST) on Thursday, September 24, 2026
End of remote e-voting	5:00 p.m. (IST) on Sunday, September 27, 2026

The remote e-voting will not be allowed beyond the aforesaid date and time and the remote e-voting module shall be forthwith disabled by KFinTech upon expiry of the aforesaid period.

Voting rights of a member/beneficial owner shall be in proportion to his/her/its shareholding in the paid-up equity share capital of the Company as on the cut-off date i.e. Monday, September 21, 2026 (“Cut-Off Date”).

The Board of Directors of the Company has appointed Mr. Chirag Shah (Membership No. F5545), or failing him Mr. Raimeen Maradiya (Membership No. F11283), Practicing Company Secretary, Partners - M/s. Chirag Shah and Associates, Practicing Company Secretaries, as Scrutiniser to scrutinise the remote e-voting and Insta Poll process in a fair and transparent manner and they have communicated their willingness to be appointed and will be available for the said purpose. The Scrutiniser’s decision on the validity of the votes cast through remote e-voting and Insta Poll shall be final.

B. INFORMATION AND INSTRUCTIONS RELATING TO E-VOTING ARE AS UNDER:

- The Members who have cast their vote(s) by remote e-voting may also attend the

Meeting but shall not be entitled to cast their vote(s) again at the Meeting.

- Once the vote on a resolution is cast by a Member, whether partially or otherwise, the Member shall not be allowed to change it subsequently or cast the vote again.
- A member can opt for only single mode of voting i.e. through remote e-voting or voting at the Meeting (“Insta Poll”). If a member casts vote(s) by both modes, then voting done through remote e-voting shall prevail and vote(s) cast at the Meeting shall be treated as “INVALID”.
- Only a person, whose name is recorded in the Register of Members/ Register of Beneficial Owners maintained by the Depositories as on the Cut-off Date, shall be entitled to avail the facility of remote e-voting or for participation at the AGM and voting through Insta Poll. A person who is not a member as on the Cut-off Date, should treat this Notice for information purpose only.
- The Company has opted to provide the same electronic voting system at the Meeting, as used during remote e-voting, and the said facility shall be operational till all the resolutions proposed in the Notice are considered and voted upon at the Meeting and may be used for voting only by the members holding shares as on the Cut-off date who are attending the Meeting and who have not already cast their vote(s) through remote e-voting.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 (1) OF THE COMPANIES ACT, 2013 ("THE ACT") AND ADDITIONAL INFORMATION AS REQUIRED UNDER THE SECURITIES AND EXCHANGE BOARD OF INDIA (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015 AND CIRCULARS ISSUED THEREUNDER.

The following Statement sets out all material facts relating to the Special Business proposed in this Notice:

ITEM NO. 4

The Board of Directors has, on the recommendation of the Audit Committee, approved the appointment of M/s. Rajendra Patel & Associates, Cost Accountants (Membership No. F29021), as Cost Auditor to conduct the audit of the cost records of the Company, for the financial year 2026-27 and also approved the remuneration of ₹ 2,00,000/- (Rupees Two Lakhs only) (excluding taxes) to be paid to the Cost Auditor.

In accordance with the provisions of Section 148 of the Companies Act, 2013 ("the Act") read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor, as recommended by the Audit Committee and approved by the Board of Directors, is required to be ratified by the members of the Company.

Accordingly, ratification by the members is sought for the remuneration payable to the Cost Auditor for the financial year ending March 31, 2027 by passing an Ordinary Resolution as set out at Item No. 4 of this Notice.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board of Directors commends the Ordinary Resolution set out at Item No. 4 of this Notice for ratification by the members.

ITEM NO. 5

The Nomination and Remuneration Committee, after evaluating and considering the skills, experience and knowledge of Mr. Rajendra Dwarkadas Hingwala (DIN:00160602) and pursuant to the provisions of the Companies Act, 2013 ('the Act') read with the Articles of Association of the Company, recommended to the Board of Directors the re-appointment of Mr. Rajendra Dwarkadas Hingwala as an Independent Director of the Company. The Board of Directors, at its meeting held on April 15, 2026, considered and recommended to the shareholders re-appointment of Mr. Rajendra Dwarkadas Hingwala (DIN: 00160602) as an Independent Director of the Company for a second term of 3 (three) consecutive years from the expiry of his first term, i.e. with effect from July 13, 2026.

Accordingly, it is proposed to re-appoint Mr. Rajendra Dwarkadas Hingwala as an Independent Director of the

Company, not liable to retire by rotation, for a second term of 3 (three) consecutive years on the Board of the Company.

Mr. Rajendra Dwarkadas Hingwala is qualified to be appointed as a Director in terms of Section 164 of the Act and has given his consent to act as a Director. The Company has also received declarations from Mr. Rajendra Dwarkadas Hingwala that he meets the criteria of independence as prescribed both under Section 149(6) of the Act and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the SEBI Listing Regulations") and that he is not debarred from holding the office of director by virtue of any order from Securities and Exchange Board of India ("SEBI")/Ministry of Corporate Affairs or any such statutory authority.

The Company has also received a notice under Section 160 of the Act from a Member proposing the candidature of Mr. Rajendra Dwarkadas Hingwala for the office of an Independent Director of the Company.

In the opinion of the Board of Directors, Mr. Rajendra Dwarkadas Hingwala fulfils the conditions for re-appointment as an Independent Director as specified under the Act and the SEBI Listing Regulations. Mr. Rajendra Dwarkadas Hingwala is independent of the management and possesses appropriate skills, experience, knowledge and capabilities required for the role of an Independent Director.

Mr. Rajendra Dwarkadas Hingwala is a Chartered Accountant and fellow member of Institute of Chartered Accountants of India. He was a Director & Partner with PricewaterhouseCoopers Private Limited (PwC) and served with them for more than 38 years. His area of work included advising on various provisions of Double Taxation Avoidance Agreements, direct and indirect tax implications of acquiring undertakings/ companies, structuring of business transactions, compliance of tax laws including litigation support and structuring of investment by foreign entities in India through various investment routes. Considering the educational background and rich experience of over four decades in the areas of finance and taxation, re-appointment of Mr. Rajendra Dwarkadas Hingwala as an Independent Director is in the interest of the Company

Details of Mr. Rajendra Dwarkadas Hingwala, pursuant to the provisions of (i) the SEBI Listing Regulations; and (ii) Secretarial

Standard on General Meetings (SS-2), issued by the Institute of Company Secretaries of India, are provided in the 'Annexure' to this Notice.

He shall be paid remuneration by way of fee for attending meetings of the Board of Directors or any Committees thereof.

In accordance with the provisions of Section 149, 150, 152 read with Schedule IV to the Act and applicable provisions of the Act, and in terms of Regulation 25(2A) of the SEBI Listing Regulations, re-appointment of Mr. Rajendra Dwarkadas Hingwala as Independent Director requires approval of members of the Company by passing a special resolution.

Further, Regulation 17(1A) of the SEBI Listing Regulations provides that no listed company shall appoint a person or continue the directorship of any person as a non-executive director who has attained the age of 75 (seventy five) years, unless a special resolution is passed to that effect.

Mr. Rajendra Dwarkadas Hingwala will be attaining the age of 75 (seventy five) years on August 26, 2027. Hence the resolution set out at Item no. 5 of this Notice requires approval of members by way of a special resolution.

Accordingly, the approval of the members is sought for re-appointment of Mr. Rajendra Dwarkadas Hingwala as an Independent Director of the Company.

Copy of draft letter of re-appointment to be issued to Mr. Rajendra Dwarkadas Hingwala setting out the terms and conditions of his re-appointment is available for inspection by the Members electronically. Members seeking to inspect the same can send an e-mail to complianceofficer@gtpl.net.

Mr. Rajendra Dwarkadas Hingwala is interested in the resolution set out at Item No. 5 of this Notice with regard to his re-appointment. Relatives of Mr. Rajendra Dwarkadas Hingwala may be deemed to be interested in the resolution to the extent of their shareholding interest, if any, in the Company.

Save and except the above, none of the other Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board of Directors commends the Special Resolution set out at Item No. 5 of this Notice for approval by the members.
