GTPL launches high speed internet on GPON FTTX Technology

Ahmedabad is a first city to get 100mbps No Data Restriction Plans

Ahmedabad, February 3, 2018: GTPL Hathway, India's leading Cable TV and Broadband service provider, has launched high-speed broadband service in Ahmedabad on GPON FTTX technology, the most advanced technology adopted by global players. The Company has upgraded its network to GPON FTTX technology to meet the consumer demand and started providing high speed internet connections of 40Mbps and 100Mbps plans with no data restriction in the price range of Rs 635 - 763 per month excluding taxes.

The company has launched 40 Mbps and 100 Mbps plans with options of annual and half-yearly subscription. Currently, the services are launched in Ahmedabad only, but there are plans to progressively launch in other key cities of Gujarat.

"GTPL has been making continuous enhancement in its technological capabilities and deploying most advanced available technology in cable and broadband industry. Our deployment of the latest GPON FTTX technology has enabled us to provide a unique offering of high speed 'no data restriction' internet connectivity. This offer is a game changer and GTPL is proud to bring this to its valued customers." said **Mr. Aniruddhasinhji Jadeja, Managing Director, GTPL Hathway.**

"With the launch of our new broadband plans, for the first-time, customers in Ahmedabad will get "Sach mein Unlimited" - a unique combination of high speed connectivity at a reasonable price with no data restriction whatsoever. Currently, the company is offering 40Mbps and 100Mbps speed under this plan. However, the technology can provide up to 1Gbps, if customer demands." Added **Mr. Jadeja.**
