Dear Sir/Madam,

Press Release dated November 13, 2026

Ref: BSE Scrip code: 506480, NSE Scrip symbol: GOCLCORP

Please find enclosed herewith the Press Release of this date titled "GOCL Corporation Signs Strategic MoU with Blaze Automation for Product Development and Scaled Electronics Manufacturing"

This is for your information and records.

Thanking you.

Yours faithfully,
For **GOCL Corporation Limited**

GOCL Corporation Signs Strategic MoU with Blaze Automation for Product Development and Scaled Electronics Manufacturing

~The partnership will use design innovation and manufacturing excellence to accelerate market delivery timeline and build supply chain resilience~

~Strategic MoU establishes product co-development, engineering, new product introduction and scaled manufacturing~

Hyderabad, 13 November 2026: GOCL Corporation Ltd, a Hinduja Group company, specialising in Electronics Manufacturing Services (EMS) provider has signed a strategic Memorandum of Understanding (MoU) with Blaze Automation Services Pvt. Ltd, a leading Original Design Manufacturer (ODM) in the IoT industry, to develop and supply integrated electronic design and high-volume manufacturing to Indian and global customers.

The strategic MoU to establish a long-term, multi-year partnership focused on product co-development, new product introduction, scaled manufacturing and supply chain collaboration, across industrial, automotive, defence, and e-mobility sectors. Further, the initiative would bridge the gap between hardware engineering and scaled production. The collaboration is aimed at creating an integrated ecosystem that will accelerate product development, reduce time-to-market, enhance quality and cost competitiveness, and provide customers with a more resilient and sustainable electronics manufacturing ecosystem.

The collaboration comes at a significant juncture for the Indian electronics manufacturing industry, which is witnessing accelerated growth driven by domestic demand, government-led manufacturing initiatives, increasing localisation and global supply chain diversification. According to reports, India's EMS industry, estimated at approximately US$40–45 billion in FY2025, is projected to exceed US$150 billion by FY2030. Globally, the EMS market, estimated at approximately US$640–686 billion in 2025, is expected to expand to approximately US$850 billion or more by 2030, presenting substantial opportunities for companies with integrated design, engineering and manufacturing capabilities.

Speaking on the occasion **Mr. Kalyana Putrevu, Chief Operating Officer, GOCL Corporation Ltd (EMS Division)** commented, *"By integrating our manufacturing expertise with Blaze Automation Services Pvt. Ltd.'s design and engineering strengths, we are creating a seamless pathway from product conceptualisation to scaled manufacturing. Built on a foundation of trust, transparency and shared ambition. As we strengthen our presence in the Electronics Manufacturing Services sector, we see significant opportunities to drive innovation, deliver greater value to customers and create a strong foundation for sustainable, long-term growth."*

Mr. Arjun Valluri, Chairman, Blaze Automation Services Pvt Ltd, said, *"This strategic partnership with GOCL Corporation (EMS) brings together complementary strengths in product design, engineering and manufacturing, creating an integrated platform to accelerate innovation and market delivery. By combining our ODM capabilities with GOCL's*

manufacturing expertise and operational scale, we aim to streamline the journey from product development to commercial production. We believe this collaboration will enable us to respond more effectively to evolving customer requirements, enhance operational efficiencies and build competitive, high-quality electronics solutions for the Indian and global markets."

About GOCL Corporation Ltd (EMS):

GOCL Corporation Limited (EMS) part of the Hinduja Group is built on a foundation of trust, integrity, and operational excellence. The Company is committed to delivering world-class Electronics Manufacturing Services (EMS) by continuously investing in advanced manufacturing technologies, quality systems, digitalization, and skilled talent.

With growing capabilities in Printed Circuit Board assembly, box-build integration, supply chain management, and value-added manufacturing, GOCL-EMS serves customers across Industrial, Automotive, Defence, IoT, Consumer Electronics, and E-Mobility sectors as a trusted long-term manufacturing partner.

About Blaze Automation Services Pvt Ltd:

Founded in 2007, Blaze Automation is a leading Original Design Manufacturer in the IoT industry. The Company partners with a global customers to design, develop, test, manufacture, and certify a wide range of hardware products and software solutions tailored to the clients' needs. The Company's unparalleled expertise spans connectivity protocols, silicon platforms, app development, and cloud architectures, allowing them to significantly reduce time-to-market for customers. Serving industries including Smart Homes, Energy Management, Industrial, Access Control, Utilities, and Consumer Electronics, the Company is dedicated to delivering innovative and efficient solutions.

About Hinduja Group:
The Hinduja Group is a 111-year-old transnational conglomerate with over 250,000 employees across 100 countries. Founded in 1914 by Late Shri Parmanand Deepchand Hinduja, the Group has evolved into one of India's most respected diversified business houses, with leadership in automotive, financial services, lubricants & specialty chemicals, energy, digital solutions, real estate and healthcare. Through its enterprises, the Group has contributed to India's industrial evolution and economic progress while building strong global partnerships and market presence worldwide. Anchored in robust governance, disciplined risk management and long-term value creation, the Hinduja Group is guided by its enduring credo, "My Dharma is to work so that I can give," reflecting a legacy that combines global enterprise with nation-building and community commitment.
