Press Release

Raipur | 05/02/2026

Clarification on Inaccurate Harvester Sales Data Published by a Third-Party Website

Gurunanak Agriculture India Limited (GAIL), a leading manufacturer of harvesters, threshers, and other agricultural equipment, wishes to bring to the attention of its shareholders and the investing public certain inaccuracies in harvester sales data published by a third-party digital platform.

The Company has observed that an article published on TractorGyan.com titled “Retail Harvester Sales – December 2025” contains information that is not based on actual sales of our company.

The Company would like to clarify that the data and interpretations presented in the said article:

- Are not derived from our sales data.
- Do not reflect the actual market conditions.
- May lead to misinterpretation of industry performance if relied upon

The Company does not endorse or validate third-party reports or market data that are not sourced from verified and authenticated channels. Any material information relating to the Company’s operations or performance is disclosed only through official filings with stock exchanges, in compliance with applicable SEBI (LODR) Regulations.

Shareholders, investors, and analysts are advised to rely solely on the Company’s statutory disclosures and official communications for accurate information.

About Gurunak Agriculture India Limited

Gurunak Agriculture India Limited is a leading manufacturer of a wide range of agricultural machinery, including threshers, harvesters, reapers, rotavators, cultivators, and other essential farm equipment. The Company has established a strong domestic presence across key agricultural states such as Chhattisgarh, Odisha, Madhya Pradesh, West Bengal, Andhra Pradesh, and Maharashtra. In addition to its domestic footprint, the Company also exports its products to several international markets, including Bhutan, Ghana, Nepal, Nigeria, South Africa, Sri Lanka, Sudan, and Uganda. Further, the Company is actively exploring opportunities to expand into European markets through a dealership-based model.

One of the flagship products of the Company is the Track Combine Harvester (TCH) - a lightweight, efficient, and cost-effective solution designed specifically for Indian farming conditions. The 7.5 ft TCH is known for its affordability, high mobility in muddy terrains, and superior performance. It also stands out as one of the few such machines in India that is fully manufactured in-house, contributing to the nation's import substitution efforts.
