

Stampede Capital Limited on boarded as a client by Goldman Sachs Asset Management India for Indian ETFs.

Stampede Capital Limited on boarded as a client for active management of Creation / Redemption of ETFs directly with Goldman Sachs AMC in National Stock Exchange.

Worldwide from 715 bn AUM (Assets Under Management) inside ETFs by 2008 grew spectacularly to \$3 trillion at the end of 1st Qtr. 2016. Those assets spreads across more than 270 global providers and were listed on 64 separate exchanges throughout 51 countries.

Global Institutional investors expects the global ETF market to double during the next 5 years in between 2016 to 2020. (Source: UK Services Limited).

Lower cost than mutual funds increase in available funds, additional ETF innovation, passive ETF to active ETF Creation and Redemption will help AUM under ETFs to grow at 100% growth rate.

"Stampede is well positioned to capture exponential growth curve of ETF markets in India, Singapore, Hong Kong and Asia Pacific with its own co-location facilities connected on an ultra-low-latency Proprietary Platform." _____ *Emmanuel D. Executive Director.*
