Subject: Clause 36 of the Listing Agreement - Intimation

Dear Sir,

HCL Infosystems Limited is pleased to announce that it has been awarded an order over Rs. 300 crores (approx. US$ 66 million) by Indian Air Force for deploying the Wideband CDMA based Portable Wireless Network covering many Air Force Stations across India.

The copy of press release being made in this regard is enclosed.

This is for the information of the Exchange and its members.

Thanking you,

Very truly yours,
For HCL Infosystems Limited

Sushil Kumar Jain
Company Secretary

Encl: as above

HCL Infosystems bags over Rs. 300 crores (approx US$ 66 Million) order from Indian Air Force under its Systems Integration Defence Practice

- To supply, install and commission **WCDMA Based Portable Wireless Network** for Indian Air Force
- Spread across many Air Force Stations across India

New Delhi, March 17, 2011: HCL Infosystems, India's premier Hardware, Services and ICT System Integration Company, today announced the awarding of a prestigious order over Rs. 300 Crores (approx US$ 66 Million), from Indian Air Force to deploy the Wideband CDMA based Portable Wireless Network covering many Air Force Stations across India.

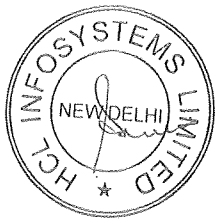

Indian Air Force has added another feather in its cap by finalising contract for establishing a captive 3G mobile network for its air warriors offering latest value added services using state of art mobile communication technology.

Commenting on the occasion **Mr. Rothin Bhattacharyya, Executive Vice President, HCL Infosystems** said, "*We are honoured to partner with the Indian Air Force in the deployment of this highly efficient state-of-the-art wireless network and congratulate them for their vision in embracing technology to play an active role. This being one of the key wins under our Defence System Integration Practice, further highlights the company's vast understanding in various industry verticals. Adopting a solution based approach with System Integration the company is today consistently winning various prestigious projects that are going to play an integral role in architecting the future of the country.*"

This WCDMA network will be integrated with the Air Force Network (AFNET), deployed earlier by HCL Infosystems, as the backbone connectivity and ensure video interactivity for video calls, cross connectivity with other communication platform like IP-based communication within Air Force Network.

The 3G network will also have transportable mobile base stations for establishing communication with higher echelons even from remote locations in the country. HCL Infosystems will implement the whole project on turnkey basis.

Conversion Rate 1 USD = Rs. 45.26
