HCL Technologies Announces Its Participation at SAPPHIRE NOW® to Showcase Smart Logistics for Inventory Tracking 1.0 Accelerator

Noida, India, and Orlando, USA, 7th May 2019 — HCL Technologies, a leading global technology company, today announced that it will participate at SAPPHIRE NOW® and ASUG Annual Conference being held May 7-9 in Orlando, Florida, in booth #745. HCL Technologies will showcase a joint demo with Sierra Wireless, a leading provider of fully integrated device-to-cloud solutions for the Internet of Things (IoT), on the Smart Logistics for Inventory Tracking 1.0 Accelerator powered by SAP® Leonardo. This SAP-certified solution integrates with the Sierra Wireless Octave™ distributed data orchestration platform to deliver a secure, scalable solution that will transform how companies manage inventories of consumable products. The solution uses low-power, wide-area (LPWA) wireless technology and provides near real-time visibility into asset data to monitor inventory efficiently, improve traceability, and unlock additional revenue from assets.

"Supply-chain optimization is critical for business success today, and the combination of cellular technologies, IoT data orchestration, and blockchain adds levels of efficiency that result in significant resource and financial gains," said **Michael Romero, Senior Vice President, SAP Practice, HCL Technologies**. "HCL's expertise in IoT and blockchain, combined with Sierra Wireless' data orchestration capabilities, allow for a powerful solution."

HCL is driving digital business transformation by changing the way in which SAP systems are supporting users to perform their every day jobs. That may simply be through intuitive and responsive UIs and Chat Bots, efficiencies of RPA and AI, or through new business models and revenue streams enabled by technologies like IoT and Blockchain. The target is a clean Digital Core and a modern digital platform on which to deliver rapid business innovation and transformation. The question is how to get there without sacrificing years of investment. Visit the HCL booth to understand how we can deliver tomorrow's experience-centric intelligent enterprise, today.

SAPPHIRE NOW and ASUG Annual Conference are the world's premier business technology event and largest SAP customer-run conference, offering attendees the opportunity to learn and network with customers, SAP executives, partners, and experts across the entire SAP ecosystem.

About HCL Technologies

HCL Technologies (HCL) is a leading global technology company that helps global enterprises re–imagine and transform their businesses through Digital technology transformation.
