Gold imports plunge 99.5%

SHRUTI SRIVASTAVA
& SWANSYAFONSO
New Delhi/Mumbai, May 4

INDIA, THE WORLD'S biggest consumer of gold after China, imported its lowest monthly volumes in at least a decade after curbs to control the coronavirus pandemic grounded air transport and shuttered jewellery stores.

Overseas purchases slumped 99.5% to 60 kg in April from 13 tonne a month ago, according to a person with knowledge of provisional finance ministry data, who asked not to be identified as the information isn't public. That would be the lowest monthly inflow in records going back to 2010, according to data available with Metals Focus.

Finance ministry spokesperson Rajesh Malhotra wasn't immediately available for comment. "I don't expect a recovery in imports or demand for the next three to five months at least," Chirag Sheth, a consultant at the London-based Metals Focus, said by phone from Mumbai. Manufacturing in

the sector will also take a hit due to a scarcity of workers, who have returned to their hometowns after the virus outbreak, he said.

A nationwide lockdown, which has been in place since March 25, has riddled through the country's economy hitting incomes, jobs and shuttering many industries including airlines, and gems and jewellery. Imports were negligible in April as most of the country's imports are typically shipped by air, with a smaller volume coming via land from either Bangladesh or Nepal, said N Anantha Padmanabam, chairman of the All India Gem and Jewellery Domestic Council. He estimates imports will halve this year to about 350 tonne.

—BLOOMBERG

Small cardamom exports to Saudi Arabia likely to increase this Ramadan season

FE BUREAU
Kochi, May 4

SMALL CARDAMOM EXPORTS to Saudi Arabia are likely to increase during the current Ramadan season with the Saudi authorities agreeing to accept the globally accepted Codex Food Standards of the United Nations, the Spices Board has said.

In the past, Indian small cardamom had a steady share of over 50% in export volume and value in the Saudi market. But with the Saudi authorities introducing multiple checks on the consignments, there were procedural hurdles and detention of Indian export consignments.

Diplomatic engagements by the commerce & industry ministry with the Saudi Food & Drug Administration, spearheaded by the Spices Board and coordinated by the Indian embassy in Riyadh, have resulted in harmonisation of the standards and checks by the Saudi authorities, in line with the globally accepted Codex Food Standards.

To ensure compliance with the Codex standards, the Spices Board has included small cardamom exports to Saudi Arabia under the mandatory sampling and testing programme. Starting May 5, export consignments of

Consignments to be tested at Spices Board's labs before being approved for exports

small cardamom will be tested in Spices Board's quality evaluation labs and only the cleared consignments will be permitted for exports to Saudi Arabia. The testing protocol, based on six pesticides against over 120 compounds initially prescribed by Saudi

Arabia, will help improve the turnaround time for exports and overcome the procedural hurdles.

"Hassle-free exports to Saudi Arabia during the peak Ramadan season are expected to revitalise the sector, where activities at production, after harvest improvement, marketing etc, are currently affected by the Covid-19 curbs. A surge in export demand will also lead to better price realisation by cardamom growers," Spices Board secretary D Sathiyam said.
