Subject: Intimation under Regulation 30 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

Script: HIGREEN Series: SM

Respected Sir,

Pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are pleased to inform the Exchange that:

As part of our continuous efforts to enhance energy efficiency and reduce our carbon footprint, we are excited to announce the commencement of a state-of-the-art 529 KW solar power plant at our Bhilwara unit. Said Power Plant is expected to generate approximately 8,00,000 kWh of clean energy annually, further solidifying our commitment to energy independence and environmental responsibility. Additionally, the Company will reduce its Electricity Cost by Rs. 60 Lakhs (approx.) annually.

The installation of the solar panels is a significant step in our group's ongoing mission to embrace and promote renewable energy. It will not only contribute to our energy recovery efforts but also help reduce our reliance on conventional energy sources. By leveraging solar energy, we are taking concrete action toward minimizing our carbon footprint and advancing the global transition to greener technologies.

Hi-Green Carbon Limited remains steadfast in its commitment to delivering sustainable solutions, and this latest development marks a new chapter in our journey toward a greener future. We look forward to continuing to lead the industry in eco-friendly practices and energy-efficient innovations.

Request you to take the same on record.

Yours Faithfully.

For, Hi-Green Carbon Limited
