Hikal's Bengaluru API Facility Earns Swissmedic GMP Certification

Certification strengthens the site's global regulatory standing and expands access to European and other regulated markets

Mumbai, October 30, 2026: Hikal Limited (BSE: 524735 | NSE: HIKAL), a trusted life sciences partner to global pharmaceutical, crop protection, animal health and specialty chemical companies, today announced that Swissmedic, the Swiss Agency for Therapeutic Products, has granted a Certificate of GMP Compliance of a Manufacturer to its active pharmaceutical ingredient (API) facility in Bengaluru. The certificate confirms that the facility meets the Good Manufacturing Practice (GMP) requirements of the Mutual Recognition Agreement between the European Union and Switzerland.

The Swissmedic certification builds on successful inspections of the Bengaluru facility by Brazil's ANVISA and Japan's PMDA. Together, these recognitions reinforce the site's standing with leading global regulators and position Hikal to serve a wider base of customers across regulated markets. They also advance the Company's strategy to diversify the geographic footprint of its pharmaceutical business, building resilience against geopolitical and trade uncertainties.

Commenting on the development, **Mr. Sameer Hiremath, Chairman & Managing Director, Hikal Limited, said:** *"The Swissmedic certification is a strong endorsement of the quality systems at our Bengaluru facility. It is an important step in expanding the global reach of our pharmaceutical business and opens new opportunities with customers in Europe and other regulated markets. Quality, compliance and manufacturing excellence remain the foundation of our long-term customer partnerships."*

About Hikal Limited

Established in 1988, Hikal is a reliable partner to companies in the Pharmaceutical, Animal Health, Biotech, Personal Care and Specialty Chemical industries. We manufacture and supply quality Active Ingredients, Intermediates, Biocides to the global life sciences industry. Hikal has five manufacturing facilities in India at Maharashtra (Taloja and Mahad), Gujarat (Panoli) and Bengaluru (Jigani) and a world-class Research & Technology centre at Pune. Our facilities have been inspected and certified by the Global Regulatory Authorities. We create and deliver sustainable solutions for our partners and customers across the life-sciences value chain.

Hikal believes in inclusive growth that embraces all constituents. Hikal is one of the first Indian life-sciences companies to receive the Responsible Care® certification and has also been awarded the EcoVadis Gold Medal rating, placing it among the top 5% of companies assessed globally for sustainability performance. We accord top priority to the health and safety of our employees by adopting best practices in manufacturing.
