Sub: Provisional Performance Highlights of Malanjkhand Copper Project (MCP), HCL's Unit in Madhya Pradesh

Sir / Madam,

During Financial Year 2024-25, Malanjkhand Copper Project (MCP), HCL's flagship Unit in Madhya Pradesh, has achieved the following milestones:

- **Ore Production:**
  MCP has achieved an annual ore production of 27,25,206 tonnes, which is 103% of the annual target and marks the **highest-ever yearly ore production since inception.** The entire production has come from underground mines.

- **Ore Milling:**
  MCP has processed 24,34,285 tonnes of copper ore during the year and achieved 97% of the annual target. This is the highest yearly milling in the last two years.

- **Metal in Concentrate (MIC) Production:**
  The annual MIC production stands at 19,270 tonnes, which is an achievement of 92% of the annual target, and is the highest MIC production in the last five years.

Further, MCP has achieved significant success in the month of March 2025 as detailed below:

- **Ore Production:**
  A record 3,00,363 tonnes of ore was produced in March 2025, which is an achievement of 133% of the monthly target and the **highest-ever monthly production since inception.**

- **Ore Milling:**
  The ore milling in March 2025 was 2,19,035 tonnes, which is 104% of the monthly target and marking the highest monthly milling in the last five years.

- **Metal in Concentrate (MIC) Production:**
  The MIC production in March 2025 was 1,605 tonnes, which is an achievement of 81% of the monthly target.

Figures mentioned above are provisional.

The above is submitted pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for information please.

Thanking you,

Yours faithfully,

CHHATTAR SINGH SINGHI
