DOMINATING RESILIENCE

# India's Growth Gets Further Votes of Confidence

Moody's lifts FY27 growth forecast to 7%; SBI sees Q2 GDP growth accelerating to 7.8%

**Our Bureau**

**New Delhi:** India's broad-based economic momentum and resilience to the energy supply shock have prompted Moody's Ratings to upgrade the country's economic growth forecast for 2026-27 to 7% from 6.5%. The rating agency attributed potential sustained growth of close to 7% over the medium term to robust consumption, improving investment dynamics and strong macroeconomic fundamentals, even as it cautioned that a possible policy interest rate hike could impact private investment.

Moreover, SBI Research said that India's economy could have grown 7.8% in the July-September quarter, faster than the Reserve Bank of India's (RBI) forecast of 7.2%, citing all leading indicators pointing to this despite global challenges.

In its Global Macro Outlook 2027-28, Moody's Ratings said that near-term risks to growth persist as household consumption remains vulnerable to "intensifying and broadening price pressures", with headline inflation close to the upper end of the RBI's 2-6% target range, while a deficient southwest monsoon and strengthening El Niño conditions will weigh on agricultural output and rural demand. Global growth is likely to slow to 2.6% and stabilise at that level in 2027 and 2028, from 2.8% in 2025, according to the agency. A prolonged energy shock, renewed trade and geopolitical tensions, rising bond yields and weaker returns from investments in artificial intelligence could dampen growth, it said, with emerging markets being particularly exposed, albeit to varying degrees.

With the RBI on track to raise rates further, tighter monetary policy could delay the recovery of private investment in India.

"Central banks in India and South Africa are tightening in response to external pressures from global rate increases," Moody's Ratings said.

The agency noted that India has weathered the energy price shock better than expected by diversifying its crude oil and gas supplies and shielding consumers from the immediate price impact through state-backed oil marketing companies and tax cuts. Further, it said that India's vast, advanced refining sector—which includes the world's largest single-site refining complex—has minimised domestic fuel disruptions while supporting the country's role as a major exporter of refined petroleum. "High frequency indicators, including robust capital goods production and imports, accelerating industrial credit growth and rising capacity utilisation, suggest that India may be at the cusp of a new private capex cycle after several years of corporate and banking-sector balance sheet repair," Moody's Ratings said.

It highlighted that overall economic activity remains strong, supported by expanding manufacturing and services purchasing managers' indices, alongside double-digit year-on-year increases in goods and services tax revenue, vehicle sales and merchandise exports.

According to the agency, governments increasingly seek to preserve the benefits of trade while protecting domestic productive capacity and economic security, a trend it expects to intensify over the next two years in the US, EU and emerging markets such as India, Brazil and Indonesia.

**SBI RESEARCH PEGS Q2 GROWTH AT 7.8%**

In a report released on Wednesday, SBI Research forecast GDP growth for July-September at 7.8%, gross value added (GVA) between 8-8.2% with subsidies far outstripping tax collection and nominal GDP growth in the range of 11-11.5%, based on 54 high frequency indicators across agriculture, industry and services. "The percentage of indicators showing acceleration is 88% in Q2 FY27, compared to 78% in Q1 FY26," it said.

# India, Canada Begin 6th Round of Trade Talks

Piyush Goyal with Maninder Sidhu on Wednesday

**Our Bureau**

**New Delhi:** India and Canada began the sixth round of negotiations for their proposed Comprehensive Economic Partnership Agreement (CEPA) here on Wednesday, as the two sides seek to conclude a mutually beneficial pact to expand bilateral trade and investment at the earliest.

Commerce and industry minister Piyush Goyal met Canada's international trade minister Maninder Sidhu, who is leading a delegation to India, ahead of the negotiations. "Reaffirmed our shared commitment to taking the India-Canada economic partnership to new heights, with CEPA serving as a catalyst for deeper commercial engagement and shared prosperity," Goyal said in a social media post after the meeting.

The two ministers also exchanged views on the importance of a balanced agreement that delivers meaningful market access, leverages the complementarities of the two economies and creates new opportunities for trade and investment.

The commerce department in a social media post said the meeting "underscores the shared commitment of both nations to fast-track the discussions and work towards concluding a mutually beneficial India-Canada CEPA and unlock new opportunities to expand bilateral trade and investments."

# NITI Aayog Pitches for Gold Mining Policy Reforms

**New Delhi:** NITI Aayog CEO Anurag Jain on Wednesday emphasised on the need to develop a suitable evaluation matrix for awarding exploration and mining projects to promote technical competence, investment, and sustainable development of India's gold resources.

Jain was speaking at a meeting to deliberate on the report "India's Gold Mining Policy: Challenges, Learning and the Road Ahead", prepared by Pahle India Foundation (PIF) with support from the World Gold Council (WGC). The Aayog in a social media post on X said the meeting focused on India's gold mining potential, the growing dependence on gold imports, and the need to strengthen domestic exploration and mining capabilities. Key issues discussed included geological data gaps, limited exploration, prolonged project development timelines, auction design and investment viability, it added.—**PTI**

# RE Expansion Saves India $100 B in Coal, Natural Gas Imports

**Press Trust of India**

**New Delhi:** India's rapid expansion of renewable energy has helped the country avoid more than $100 billion (about ₹9.4 lakh crore) in coal and natural gas import costs between 2011 and 2025, with cumulative savings projected to rise to nearly $240 billion (₹22.6 lakh crore) by 2030, according to a new report by the International Energy Agency (IEA).

The findings underline the growing economic and energy-security dividends of India's renewable energy transition, with increased domestic electricity generation reducing exposure to imported fossil fuels and volatility in international energy markets.

The IEA's India Renewable Energy Market Report 2026, released on November 3, estimates that without the solar photovoltaic (PV), wind and bioenergy capacity added since 2010, India's coal imports in 2025 alone would have been around 110 million tonnes higher. The country's dependence on imported fuels for electricity generation would also have exceeded 30 per cent, approximately twice the actual level.

The agency projects annual savings on coal and natural gas imports could reach approximately USD 35 billion (₹ 3.3 lakh crore) by 2030, exceeding India's actual expenditure on non-coking coal and natural gas imports in FY2024-25. The projections assume international fuel prices remain broadly around their 2024-25 average levels.

The estimates highlight how renewable energy is increasingly contributing not just to India's climate commitments but also to its external-sector resilience, by reducing the foreign exchange required to meet the country's growing electricity demand.

# Net Direct Tax Mopup Rises 11.76%

**Our Bureau**

**New Delhi:** India's net direct tax collections rose 11.76% year-on-year to ₹14.42 lakh crore as of November 10, supported by strong corporate tax receipts and a sharp increase in securities transaction tax (STT) collections.

**Revenue Snapshot**

| Net Collection (₹ cr) | YoY Growth % |
|---|---|
| CORPORATE TAX | |
| 6,31,959.53 | 17.84 |
| NON-CORPORATE TAX | |
| 7,55,944.96 | 5.30 |
| SECURITIES TRANSACTION TAX | |
| 54,077.90 | 51.56 |
| REFUNDS | |
| 3,08,306.98 | 25.91 |

The government has achieved 53.5% of its FY27 direct tax target of ₹26.97 lakh crore.

The growth came despite a sharp increase in refunds, which rose 26% year-on-year to ₹3.08 lakh crore.

Gross direct tax collections before adjusting for refunds rose 14% to ₹ 17.50 lakh crore, according to official data. Corporate taxes continued to drive collections. Net corporate tax receipts rose 18% to ₹6.32 lakh crore, while net non-corporate tax collections grew at a slower pace of 5.3% to ₹7.56 lakh crore.

The latter category includes taxes paid by individuals, firms and Hindu Undivided Families. The divergence in growth rates suggests that corporate tax payments are providing stronger support to revenue collections than personal income tax receipts.

STT collections recorded the sharpest growth, surging 52% to ₹54,078 crore, reflecting higher receipts from securities market transactions amid increased retail activity.

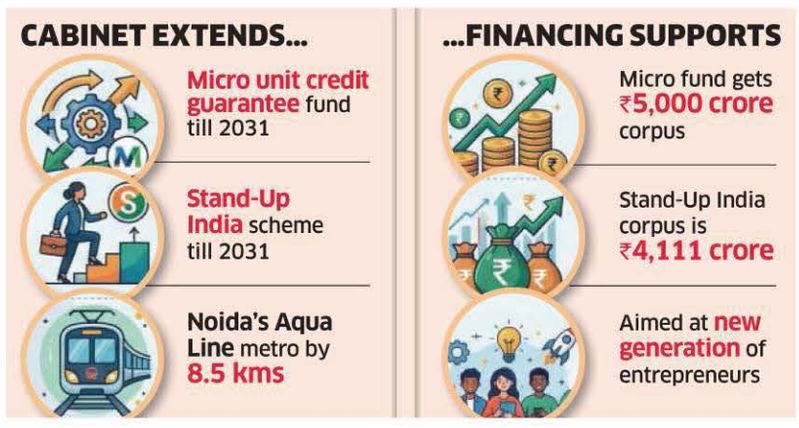

On a gross basis, corporate tax collections stood at ₹8.01 lakh crore, while non-corporate tax collections amounted to ₹8.94 lakh crore.

The government has budgeted ₹26.97 lakh crore in direct tax collections for FY27, 15% higher than the ₹23.40 lakh crore collected in FY26.

UNION CABINET APPROVALS

# Credit Guarantee Fund for Small Units Extended By Five Years

Schemes carry a combined credit guarantee corpus of ₹9,111 crore

**Our Bureau**

**New Delhi:** The Union Cabinet on Wednesday approved a five-year extension of the Credit Guarantee Fund for Micro Units and the Stand-Up India scheme until 2031, alongside an 8.5-km extension of the Noida-Greater Noida Metro corridor.

Announcing the decisions, Union information and broadcasting minister Ashwini Vaishnaw said the Cabinet had approved a ₹5,000-crore corpus for the micro units fund and a ₹4,111-crore credit guarantee corpus for Stand-Up India.

"Several changes have been made, such as reducing the guarantee fee to lower costs and ensuring an increase in the total amount of credit available," he said. The extension of the micro units fund is expected to facilitate ₹12.6 lakh crore in loans under the Pradhan Mantri Mudra Yojana over the next five years, read an official statement.

The fund provides lending institutions protection against default risks through the National Credit Guarantee Trustee Company. Eligible credit facilities include Mudra loans of up to ₹20 lakh to micro enterprises, overdrafts of up to ₹10,000 under Pradhan Mantri Jan Dhan Yojana accounts and specified self-help group loans ranging from ₹10 lakh to ₹20 lakh.

"The annual guarantee fee will be reduced from 1% to 0.75%. Self-help groups will continue paying 0.25% in the first year and 0.50% in subsequent years. Coverage will reflect lenders' actual risk exposure, based on disbursements for working capital and outstanding amounts for term loans," the statement said. The continuation of Stand-Up India aims to support at least 250,000 additional women, Scheduled Caste and Scheduled Tribe entrepreneurs over the next five years. Since its launch in April 2016, the scheme has facilitated loans to more than 275,000 entrepreneurs from these groups.

Eligible borrowers can access loans above ₹10 lakh and up to ₹1 crore to set up new enterprises in manufacturing, services, trading and agriculture-allied activities. The assistance can be in the form of a term loan or a composite loan combining working capital and term finance, covering up to 85% of project costs. Credit guarantee coverage under Stand-Up India will be 85% of the loan amount, with a standard guarantee fee of 0.50%.

The Cabinet also approved an 8.5-km extension of the Aqua Line Metro Rail Corridor from Noida Sector 51 to Greater Noida Sector 4. The extension, part of the Noida Metro Rail Project, will have five elevated stations.

"On operationalisation of this corridor, Noida and Greater Noida city will have 71.878 km of active metro rail network," another statement said.

LOAN ELIGIBILITY

**Eligible borrowers can secure loans of over ₹10 lakh and up to ₹1 crore to set up new enterprises**

# Rabi Fertiliser Subsidy Hiked to ₹62,370 Cr

**Jayashree Bhosale**

**Pune:** The Union Cabinet has approved the nutrient-based subsidy of ₹62,370 crore for rabi season 2026-27 on phosphatic and potassic fertilisers. This is ₹24,417.73 crore, or 64% more than the budgetary requirement for the rabi 2025-26 season, which was ₹37,952.29 crore.

The Cabinet has approved the Nutrient Based Subsidy rates for the rabi season, 2026-27 (November 1, 2026, March 31, 2027) on Phosphatic and Potassic (P&K) fertilisers. "The tentative budgetary requirement for Rabi 2026-27 would be approximately ₹62,370.02 crore. This is approximately ₹24,417.73 crore more than the budgetary requirement for the rabi 2025-26 season. The budget for rabi 2025-26 was ₹37,952.29 crore," a government release stated.

**₹24,417 cr, or 64% more than budgetary requirement for the rabi 2025-26 season**

The war in West Asia has led to global shortages of fertilisers and escalation of their prices. The government has said that the farmers will benefit from rationalisation of subsidy on P&K fertilisers in view of recent trends in the international prices of fertilisers and inputs. "Availability of fertilisers to farmers at subsidised, affordable and reasonable prices will be ensured," the release said.

The subsidy on P&K fertilisers, including DAP and NPKS grades, will be provided based on approved rates for rabi 2026-27.

ET had reported earlier that the government was planning to introduce differential subsidies for diammonium phosphate (DAP) under the Nutrient Based Subsidy (NBS) scheme, as surging sulphur prices made domestic production of the key fertiliser increasingly expensive. The government is making available 28 grades of P&K fertilisers, including DAP to farmers at subsidised prices through fertiliser manufacturers/importers. The subsidy on P&K fertilisers is governed by the NBS Scheme from April 2010.
