PRESS RELEASE

Hi-Tech Pipes Commences Commercial Production at Sanand, Gujarat (Unit II – Phase II)

Strengthens Western India Presence; Enhances Capabilities in Large-Diameter ERW Pipes & Jumbo Hollow Sections

New Delhi, India – 26th Nov. 2025: Hi-Tech Pipes Limited, one of India's leading manufacturers of steel tubes, hollow sections and value-added steel products, is pleased to announce the commencement of **commercial production at its Sanand Unit II – Phase II (Gujarat) brownfield expansion.**

With this commissioning, the Company further strengthens its manufacturing footprint in Western India and enhances its capacity to cater to high-growth and high-demand industrial segments.

About the Sanand Unit II – Phase II Expansion

The Sanand brownfield expansion adds **1 Lakh MTPA** of capacity and significantly enhances the Company's capabilities in:

- ◆ **Large-diameter ERW Pipes**
- ◆ **Jumbo Hollow Sections**
- ◆ **Structural and fabrication-grade steel products**

The facility is strategically positioned to serve Western India's industrial clusters, benefiting sectors such as **solar, fabrication, engineering, and infrastructure**, while enabling substantial logistics efficiencies.

Strategic Benefits of the Sanand Expansion

The commercial commencement of Sanand Unit II – Phase II will:

- ◆ Strengthen Hi-Tech Pipes' presence across Western India
- ◆ Enhance supply capabilities to solar, fabrication and infrastructure customers
- ◆ Reduce logistics costs to key industrial hubs in Gujarat and neighbouring regions
- ◆ Improve product mix with larger diameters and value-added grades
- ◆ Support long-term volume visibility and scale-driven operating efficiencies
- ◆ Enhance Export Contribution by enabling supply of large Diameter ERW Pipes and heavy hollow sections to International markets.

This expansion aligns with the Company's roadmap to accelerate growth in value-added products and enhance its multi-regional manufacturing network.

**Commenting on the performance,
Mr. Ajay Kumar Bansal,
Chairman and Managing Director, Hi-Tech Pipes Ltd.**

“The commencement of commercial production at our Sanand Unit II – Phase II marks an important milestone in strengthening our Western India presence. This brownfield expansion enhances our capabilities in large-diameter ERW pipes and jumbo hollow sections—product categories witnessing strong structural demand.

The Sanand facility has been developed with modern technologies and improved operational efficiencies, enabling us to serve customers in solar, fabrication, engineering and infrastructure sectors more effectively and competitively. This commissioning reflects our commitment to expanding our manufacturing footprint, deepening our value-added product portfolio, and building a future-ready steel products ecosystem.”

Sanand Unit-II,Phase II (Gujarat)

The details as per requirement of Regulation 30 of Listing Regulations read with SEBI circular SEBI/HO/CFD/PoD2/CIR/P/0155 dated November 11, 2024:

S. No.:	Particulars	Sanand Gujarat:- Unit II- Phase 2 (Brown Field)	Hi-Tech Pipes (Consolidated) Annual Installed capacity post Sanand Addition
1.	Existing Capacity	1.70 Lakh MTPA	7.50 Lakh MTPA
2.	Existing Capacity utilization	60%	66%
3.	Capacity Addition	1.00 Lakh MTPA	1.00 Lakh MTPA
4.	Total Capacity Post addition	2.70 Lakh MTPA	8.50 Lakh MTPA
5.	Period within which the proposed capacity is to be added	Commencement of Commercial Production	Commencement of Commercial Production
6.	Investment	Rs.63 Cr.	-
7.	Mode of Financing	Internal Accruals and Equity	-
8.	Rationale	The facility is strategically positioned to serve Western India's industrial clusters, benefiting sectors such as solar, fabrication, engineering, and infrastructure, while enabling substantial logistics efficiencies.
