ITC Limited and its subsidiary Russell Credit Limited, members of the Company holding then 8.72% (at present 8.15%) of the equity share capital, had filed a petition under Section 241 of the Companies Act, 2013 on 22nd April, 2019 against the Company for oppression and mismanagement along with two applications for urgent hearing and for waiver of the requirement of minimum threshold of 10% shareholding in relation to the transaction with BSREP III India Ballet Pte. Ltd. or its affiliates ("Brookfield") for sale of hotel undertakings before the NCLT in May 2019. After hearing both the parties, the Ld. Tribunal allowed the Waiver Application of ITC Limited & ANR. vide their order dated 24th January, 2024. Company and its Promoters viz. Mr. Vivek Nair & Mr. Dinesh Nair have filed separate Appeals before NCLAT, Delhi challenging the order dated 24th January, 2024 of NCLT, Mumbai. The matter is being heard at NCLAT, Delhi.

Two minority members i.e. ITC Limited and Life Insurance Corporation of India (LIC) had filed complaint with Securities and Exchange Board of India (SEBI) against the aforesaid transaction with Brookfield, alleging violation of the provisions related to related party transactions and oppression and mismanagement by the majority members against minority members. Later LIC withdrew from contesting this case. On 23rd July, 2019, SEBI passed its detailed, reasoned and speaking order in the matter of "Complaints Filed by Minority Shareholder of Hotel Leela Venture Limited".

Aggrieved by the aforesaid Impugned Order, ITC filed an appeal before the Hon'ble Securities Appellate Tribunal ("SAT") challenging the findings in the Order.

On 14th August, 2019, ITC sought interim relief in the nature of a direction from the Hon'ble SAT that till the Appeal is finally heard, the Promoters of the Company and JM Financial Asset Reconstruction Company Limited should be restrained from voting in respect of the proposed sale of the Undertakings, failing which the captioned Appeal would be rendered infructuous. The Hon'ble SAT did not find it proper to grant a stay with respect to the Postal Ballot Notice and / or the voting process. The final judgment of the Hon'ble SAT was pronounced on 26th September 2019, wherein the appeal of ITC has been rejected. Subsequently, ITC filed a statutory appeal in the Supreme Court of India and reply has been filed by all the respondents. The matter will be listed in due course of time before the Supreme Court of India.

7.2 Litigations with Airports Authority of India

There are some ongoing disputes regarding the exorbitant demand of lease rentals and royalty in the form of Minimum Guaranteed Amount with Airports Authority of India (AAI) [as referred in the Lease Deed executed between the Company and AAI] which is in relation to the Mumbai Hotel land, admeasuring 18,000 sq. meters and the adjacent land of 11,000 sq. meters. The Company initiated Arbitration proceedings in the High Court of Bombay in 2017. AAI simultaneously initiated Eviction Proceedings against the Company before the Eviction Officer at Mumbai. However, there is a stay to the Eviction Proceedings, as granted by the Bombay High Court that continues to operate till date. There are a few litigations in regard to the above subject matter that are pending in the Bombay High Court, Supreme Court and the City Civil (District) Court in Mumbai. The cases will be taken up in due course of time.

The above disputes were referred to the Settlement Advisory Committee duly constituted by the Board of AAI since 2019. The Company in the various meetings held with them, put forth their submissions against the demand raised by them arbitrarily and requested for the renewal of lease for further period. The Company has received an offer letter dated 1st December, 2023 from AAI for the renewal of lease of land for 18,000 sq. meters subject to certain terms and conditions for which Company has made representation. The Company is awaiting for the response from AAI.

The Company had entered into an MOU on 9th April, 2014, with PBSAMP Projects Private Limited (PBSAMP) for sale of land owned by the Company in Hyderabad admeasuring 3 acres and 28 guntas for a consideration of ₹ 85 crores. As per the MOU, the Company had agreed to settle all pending litigations on the land and obtain permission under the Urban Land Ceiling Act (ULC) for change in land usage from hotel to residential and for permission to alienate the land within 180 days from the date of MOU. As per the MOU, PBSAMP had advanced ₹ 15.5 crores to the Company and the Company settled two claims out of this amount. However, the Company could not settle remaining claims and could not get permission from the State Government under the Urban Land Ceiling Act (ULC) for change in land usage and to alienate the land. There were only two suits pending in the Hyderabad City Civil Court against the Company, wherein the certain individuals are claiming to be the owners of certain portion of the aforesaid land.

PBSAMP terminated the MOU on completion of 180 days from the date of MOU and demanded refund of ₹ 15.5 crores together with interest @ 21% per annum. Since the Company could not make payment, they initiated legal proceedings against the Company and secured an arbitral award in their favour. As per the arbitral award dated 8th September, 2019 an amount of ₹ 35 Crores inclusive of interest needed to be paid to the Claimant within 90 days of the award. The Company filed an appeal under Section 34 of the Arbitration and Conciliation Act, 1996 against the said impugned award before City Civil Court at Hyderabad which was dismissed. PBSAMP filed an Execution Petition before the City Civil Court, Hyderabad for execution of the said arbitral award. The Company has paid an amount of ₹ 44,42,05,254/-, including the outstanding interest, to PBSAMP. The matter was decided by the City Civil (Executing) Court in Hyderabad vide its order dated 2nd November, 2023 that was passed in favour of the Company against which, a Civil Revision Petition was preferred by PBSAMP against the Company before the High Court of Telangana. The matter was then remanded to the City Civil (Executing) Court in Hyderabad vide its order dated 22nd April, 2024, against which, the Company has currently preferred a Special Leave Petition in the Supreme Court of India, challenging the merits of the order dated 22nd April, 2024, passed by the High Court of Telangana.

Meanwhile, the Company sold the aforesaid land at Hyderabad by executing the "Agreement of Sale-Cum-Irrevocable General Power of Attorney" in favour of M/s. Sri Venkateswara Constructions represented by Sri Kadiyala Subba Rao, its Managing Partner on "as is where is basis" that is subject to taking over all the pending litigations and rival claims of diverse parties on Hyderabad Land for a total consideration of ₹ 84,42,05,254/-. This includes ₹ 44,42,05,254/- paid by the purchaser towards the settlement of the claim of PBSAMB on the land with the intervention before the executing court i.e. City Civil Court, Hyderabad in discharge of Company's liability towards PBSAMB under the Arbitral Award dated 8th September, 2019.

minimum threshold of 10% shareholding in relation to the transaction with BSREP III India Ballet Pte. Ltd. or its affiliates ("Brookfield") for sale of hotel undertakings before the NCLT in May 2019. After hearing both parties on 21st and 22nd December, 2023, the Ld. Tribunal allowed the Waiver Application of ITC Limited & ANR. vide their order dated 24th January, 2024. Company and its Promoters viz. Mr. Vivek Nair & Mr. Dinesh Nair have filed separate Appeals before NCLAT, Delhi challenging the order dated 24th January, 2024 of NCLT, Mumbai. The matter is being heard at NCLAT, Delhi.

Two minority members i.e. ITC Limited and Life Insurance Corporation of India (LIC) had filed complaint with Securities and Exchange Board of India (SEBI) against the aforesaid transaction with Brookfield, alleging violation of the provisions related to related party transactions and oppression and mismanagement by the majority members against minority members. Later LIC withdrew from contesting this case. On 23rd July, 2019, SEBI passed its detailed, reasoned and speaking order in the matter of "Complaints Filed by Minority Shareholder of Hotel Leela Venture Limited"

Aggrieved by the aforesaid Impugned Order, ITC filed an appeal before the Hon'ble Securities Appellate Tribunal ("SAT") challenging the findings in the Order.

On 14th August, 2019, ITC sought interim relief in the nature of a direction from the Hon'ble SAT that till the Appeal is finally heard, the Promoters of the Company and JM Financial Asset Reconstruction Company Limited should be restrained from voting in respect of the proposed sale of the Undertakings, failing which the captioned Appeal would be rendered infructuous. The Hon'ble SAT did not find it proper to grant a stay with respect to the Postal Ballot Notice and / or the voting process. The final judgment of the Hon'ble SAT was pronounced on 26th September 2019, wherein the appeal of ITC has been rejected. Subsequently, ITC has filed a statutory appeal in the Supreme Court of India and reply has been filed by all the respondents. The matter will be listed in due course of time before the Supreme Court of India.

The above disputes were referred to the Settlement Advisory Committee duly constituted by the Board of AAI since 2019. The Company in the various meetings held with them, put forth their submissions against the demand raised by them arbitrarily and requested for the renewal of lease for further period. The Company has received an offer letter dated 1st December, 2023 from AAI for the renewal of lease of land for 18,000 sq. meters subject to certain terms and conditions for which Company has made representation. The Company is awaiting for the response from AAI.

However, the Company could not settle remaining claims and could not get permission from the State Government under the Urban Land Ceiling Act (ULC) for change in land usage and to alienate the land. There were only two suits pending in the Hyderabad City Civil Court against the Company, wherein the certain individuals are claiming to be the owners of certain portion of the aforesaid land.

PBSAMP terminated the MOU on completion of 180 days from the date of MOU and demanded refund of ₹ 15.5 crores together with interest @ 21% per annum. Since the Company could not make payment, they initiated legal proceedings against the Company and secured an arbitral award in their favour. As per the arbitral award dated 8th September, 2019 an amount of ₹ 35 Crores inclusive of interest needed to be paid to the Claimant within 90 days of the award. The Company filed an appeal under section 34 of the Arbitration and Conciliation Act, 1996 against the said impugned award before City Civil Court at Hyderabad which was dismissed. PBSAMP filed an Execution Petition before the City Civil Court, Hyderabad for execution of the said arbitral award. The Company has paid an amount of ₹ 44,42,05,254/-, including the outstanding

The matter was decided by the City Civil (Executing) Court in Hyderabad vide its order dated 2nd November, 2023 that was passed in favour of the Company against which, a Civil Revision Petition was preferred by PBSAMP against the Company before the High Court of Telangana. The matter was then remanded to the City Civil (Executing) Court in Hyderabad vide its order dated 22nd April, 2024, against which, the Company has currently preferred a Special Leave Petition in the Supreme Court of India, challenging the merits of the order dated 22nd April, 2024, passed by the High Court of Telangana.

1. Overview of Industry

The baseline forecast is for the world economy to continue growing at 3.2 percent during 2024 and 2025, at the same pace as in 2023. A slight acceleration for advanced economies, where growth is expected to rise from 1.6 percent in 2023 to 1.7 percent in 2024 and 1.8 percent in 2025, will be offset by a modest slowdown in emerging market and developing economies from 4.3 percent in 2023 to 4.2 percent in both 2024 and 2025. The forecast for global growth for five years from now at 3.1 percent is at its lowest in decades. Global inflation is forecast to decline steadily, from 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging market and developing economies. Core inflation is generally projected to decline more gradually. The global economy has been surprisingly resilient, despite significant central bank interest rate hikes to restore price stability. Changes in mortgage and housing markets over the pre-pandemic decade of low interest rates moderated the near-term impact of policy rate hikes. Medium-term prospects shows that the lower predicted growth in output per person stems, notably, from persistent structural frictions preventing capital and labor from moving to productive firms. [IMF: World Economic Outlook, April 2024: Steady but Slow: Resilience amid Divergence]

As per the report of World Bank, the Indian economy is projected to grow at 7.5 per cent in 2024. Overall, growth in South Asia is expected to be strong at 6.0 per cent in 2024, driven mainly by robust growth in India and recoveries in Pakistan and Sri Lanka. According to the report, South Asia is expected to remain the fastest-growing region in the world for the next two years, with growth projected to be 6.1% in 2025. Growth is expected to moderate to 6.6 percent in FY 2024-25 before picking up in subsequent years as a decade of robust public investment yields growth dividends. (Source: The Economic Times). However, the RBI has highlighted the risk of headwinds from geopolitical tensions, volatility in international financial markets, geoeconomic fragmentation, rising Red Sea disruptions and extreme weather events. Considering all these factors, the RBI has projected real GDP growth for FY 2024-25 at 7.0%. (Source: RBI Monetary policy statement, 2024-25).

The global tourism industry demonstrated remarkable resilience and adaptability in 2023. During the year, tourist arrivals internationally were 1,286 million, showing a 34% increase vis-à-vis 2022 and an 88% recovery from the pre-pandemic levels of 2019. Europe retained the largest share of global inbound tourism, with 55% share in 2023, growing by 17% over that of 2022, and reaching 94% of the pre-pandemic levels.

The United Nations World Tourism Organisation (UNWTO) expects international tourism to fully recover to pre-pandemic

levels in 2024, with initial estimates pointing to 2% growth above 2019 levels, led by increased air connectivity, visa facilitation and a stronger recovery of Asian destinations. As many as 67% of the tourism professionals participating in the UNWTO Confidence Index Survey indicated better or much better prospects for 2024 compared to 2023 (Source: UNWTO, Barometer January 2024).

FY 2023-24 was a year of record results and growth for the industry. Indian tourism is being driven by favourable demographics, increasing employment, higher disposable incomes of a young middle class, robust domestic demand, increased investments and improving infrastructure and connectivity.

Outbound tourist departures for 2023 were 27.27 million, surpassing the pre-pandemic levels of 2019. Domestic air passenger traffic for 2023 grew 23% at 152 million over 2022, also surpassing the pre-pandemic levels. Demand for accommodation was mainly from domestic leisure travel, weddings, social events, and conferences supported by emerging corporate business travel. Horwath HTL's India Hotel Market Review 2023 pegged the occupancy for 2023 at 63.6% in comparison to 59.6% in 2022, higher by 4% points yet lower than the 2019 levels of 64.5%, mainly due to the widening supply in Tier II and Tier III cities, and leisure markets. The average daily rate (ADR) for 2023 was ₹ 7,479, an increase of 22% over 2022 and 32% over 2019. Udaipur topped the charts of market-wide ADR while Mumbai, Goa and Delhi have positively gained in both occupancy and ADR. Revenue per available room (RevPAR) at ₹ 4,757 grew 30% as against ₹ 3,654 and ₹ 3,664 for 2022 and 2019, respectively.

2. Outlook

The Indian hotel industry is poised for a remarkable growth driven by long-term demand. Notable drivers of this growth are (i) improved connectivity with new airports and national highways across the country, (ii) increase in business travel led by buoyant economic conditions, new convention centres and global capability centres, (iii) recovery of foreign tourist arrivals, additional middle-income households and a clearly visible trend of premiumisation leading to higher demand for leisure destinations. The advent of spiritual tourism, weddings in India, a resurgent M.I.C.E (Meetings, Incentives, Conferences and Exhibitions) tourism surrounding recent and upcoming conventions centres and growing wildlife tourism give rise to new destinations and circuits providing a strong impetus to growth. Continuing infrastructure development projects within the country, growth in air and railway passenger traffic and growth in demand are expected to provide a long and sustainable upcycle for hospitality in India. Growth in demand for branded rooms is expected to outpace growth in supply of those rooms. A report from Horwath HTL estimates growth in all India demand at 10.6% till 2027, with growth in key leisure markets at 13.3%. Supply, on the other hand, is estimated to grow at 8% with 60% of the supply outside the top 10 destinations.

While challenges such as inflation and geopolitical tensions persist, proactive government support and policies, alongside a renewed focus on sustainability are likely to bolster the sector's resilience and foster sustainable growth in the coming fiscal year. Growth in India's services sector and higher disposable income of people working in it, referred to as 'Affluent India', are also expected to increase demand for holidays.

3. Business Review

During the FY 2023-24 occupancy levels at the Company's Hotel were at 76% as against 78% in the previous year. On an average, 301 rooms were sold per day. Average room rate was ₹ 10,193 in the FY 2023-24 as against ₹ 8,771 in the FY 2022-23. During the FY 2023-24 RevPAR has improved upto ₹ 7,846 against ₹ 6,966 in the FY 2022-23. It shows that the Company has performed well in the FY 2023-24. The MICE (Meetings, Incentives, Conferences and Exhibitions) segment and Weddings segment have contributed significantly to improved revenues in food and beverages and is expected to perform better in the future.

INDEPENDENT AUDITOR'S REPORT

To the Members of HLV Limited

Report on the Standalone Financial Statements

Opinion

We have audited the accompanying financial statements of HLV Limited ("the Company") which comprise the Balance Sheet as at 31st March, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) specified under section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, and Profit including Other Comprehensive Income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Emphasis of Matter

We draw attention to the following matters in notes to the financial statements: -

Note 37.1(a) relating to enhancement in lease rentals and unilateral termination of lease agreement of 18000 sq. mtrs. of land by Airports Authority of India (AAI) relating to Mumbai hotel and eviction proceedings initiated by them which the Company is legally contesting. Disputed amount not provided in the Books for the period up to 31st March, 2024 cumulatively amounts to ₹ 13,359 lakhs (Previous Year ₹ 11,479 lakhs).

Note 37.1(b) relating to the demands made by AAI relating to Rent and Minimum Guarantee Fees as royalty including interest in respect of 11000 sq. mtrs. of land in Mumbai cumulatively amounting to ₹ 80,705 lakhs up to 31st January, 2019 (Previously ₹ 28,537 lakhs up to 31st January, 2017) not provided in the Books as the liability is disputed and not crystalized as per the legal opinion and the additional cost the company may have to incur towards restoration of FSI, which is not ascertainable.

Matter related to Going Concern

We draw attention to Note no. 37.3 in the Financial Statements regarding the preparation of financial statements on 'going concern basis' for the reasons stated therein. However, matters stated in Emphasis of Matter above indicate that there is uncertainty exists that may cast doubt on company's ability to continue as a going concern. As stated in Note no. 37.3, the appropriateness of assumption of going concern depend on getting favorable judgments and settlements in respect of disputes with Airports Authority of India including the renewal of lease and continuing the Business.

Our conclusion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matter to be communicated in our Report:

Information Other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive Income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE - B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred in Para 2(g) under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of HLV Limited ("the Company") as of 31st March, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

Note 1: Corporate Information

HLV Ltd. (“HLVL” or the “Company”) is a public limited company incorporated in India and has its registered office situated at “The Leela Mumbai”, Sahar, Mumbai 400 059.

The Company is primarily engaged in the business of owning, operating & managing hotels, palaces and resorts.

The financial statements for the year ended 31st March, 2024 were approved by the Board of Directors and authorised for issue on 24th May, 2024.

Note 2: Basis of Preparation, Critical Accounting Estimates and Judgements, Material Accounting Policies and Recent Accounting Pronouncements:

(i) Compliance with Ind AS

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as prescribed under Section 133 of the Companies Act, 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules, 2015 as amended, and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statements.

(ii) Basis of preparation

These financial statements have been prepared on a historical cost basis, except for the following:

- i) Defined benefit plans – plan assets measured at fair value.
- ii) Certain financial instruments which are measured at fair value at the end of each reporting period.
- iii) Assets held for sale (or disposal groups) –measured at lower of carrying amount or fair value less cost to sell.

(iii) Critical accounting estimates and judgements

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires, management to make judgements, estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements pertain to:

(a) Useful lives of property, plant and equipment and intangible assets:

The Company has estimated the useful life of each class of assets based on the nature of assets, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes, etc. The Company reviews the useful life of property, plant and equipment and intangible assets as at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

(b) Impairment testing:

Property, plant and equipment and intangible assets that are subject to amortisation /depreciation are tested for impairment when events occur or changes in circumstances indicate that the recoverable amount of the cash generating unit is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less cost to sell. The calculation involves use of significant estimates and assumptions which include turnover and earnings multiples, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, and future economic and market conditions.

(c) Income Taxes:

Deferred tax assets are recognized to the extent that it is regarded as probable that deductible temporary differences can be realized. The Company estimates deferred tax assets and liabilities based on current tax laws and rates and in certain cases, business plans, including management’s expectations regarding the manner and timing of recovery of the related assets. Changes in these estimates may affect the amount of deferred tax liabilities or the valuation of deferred tax assets and thereby the tax charge in the Statement of Profit or Loss.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

Provision for tax liabilities require judgements on the interpretation of tax legislation, developments in case law and the potential outcomes of tax audits and appeals which may be subject to significant uncertainty. Therefore the actual results may vary from expectations resulting in adjustments to provisions, the valuation of deferred tax assets, cash tax settlements and therefore the tax charge in the Statement of Profit or Loss.

(d) Litigation:

From time to time, the Company is subject to legal proceedings the ultimate outcome of each being always subject to many uncertainties inherent in litigation. A provision for litigation is made when it is considered probable that a payment will be made and the amount of the loss can be reasonably estimated. Significant judgement is made when evaluating, among other factors, the probability of unfavourable outcome and the ability to make a reasonable estimate of the amount of potential loss. Litigation provisions are reviewed at each accounting period and revisions made for the changes in facts and circumstances.

(e) Defined benefit plans:

The cost of the defined benefit plans and the present value of the defined benefit obligation are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each Balance Sheet date.

(iv) Material Accounting Policies:

(a) Revenue recognition:

(i) Income from operations

Revenue from operations is accounted on accrual, is net of indirect taxes, returns and discounts. Revenue is measured at the fair value of the consideration received or receivable. Revenue comprises of sale of rooms, food and beverages and allied services. Rentals basically consists of rental revenue earned from letting of residential and commercial spaces. Revenue for rental is recognised in the period in which services are being rendered.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

On transition to Ind AS, the Company has elected to continue with the carrying value of all property, plant and equipment recognised as at 1st April, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

(c) Investment Property:

Investment in a subsidiary is a long-term investment and is carried at cost. On transition to Ind AS, previous GAAP carrying amount as on that date, i.e. 1st April, 2016 is considered as cost.

(h) Inventories:

Stock of food and beverages, stores and operating supplies are stated 'at cost or net realisable value, whichever is lower'. Cost comprise fair value of consideration paid including duties and taxes (other than those refundable), cost of conversion and other costs in bringing the inventories to their present location and condition computed under weighted average cost method. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

(i) Employee benefits:

- (i) Short-term benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service.

- (ii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) The Company makes annual contributions to gratuity fund which is a defined benefit plan.

The liability or asset recognised in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

calculated annually by actuaries using the projected unit credit method. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

(b) Defined contribution plans such as provident fund are charged to the Statement of Profit and Loss as and when incurred.

(j) **Borrowing Costs:**

Borrowing costs that are directly attributable to the acquisition and construction of qualifying assets are capitalised. A qualifying asset is an asset that necessarily takes substantial period of time to get ready for its intended use.

Interest cost for the borrowings is computed under effective interest method.

Foreign exchange difference relating to foreign currency borrowings regarded as an adjustment to borrowing cost to the extent not capitalised is disclosed under finance cost.

(k) **Taxation:**

(i) Provision for current taxation has been made in accordance with the Income Tax laws applicable to the assessment year considering the taxable income of both continued and discontinued operations.

(ii) Deferred tax is recognized on timing difference being the difference between taxable incomes and accounting income that originates in one period and is capable of reversal in one or more subsequent periods. Where there is unabsorbed depreciation, or carry forward losses, deferred tax assets are recognised only if there is virtual certainty of realisation of such assets.

(l) **Impairment of assets:**

The carrying amounts of assets are reviewed at each balance sheet date, to assess any indication of impairment. If any such indication exists, the recoverable amount of such assets is estimated. An impairment loss is recognized wherever the carrying amount of the assets exceed its recoverable amount. The recoverable amount is greater of the net selling price or value in use. In assessing value in use, the estimated future cash flows are discounted to their present value, based on an appropriate discounting factor.

After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life. A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

(m) **Foreign currency transaction:**

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transactions.

The monetary assets and liabilities in foreign currency as at balance sheet date are translated at rates prevailing at the year-end and the resultant net gains or losses are recognized as income or expense in the year in which they arise.

(n) **Leases :**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

Company as a lessee

The Company's leases assets mainly comprise buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified assets, the Company assesses whether: (i) the contact involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

As a lessee, the Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the incremental borrowing rate. Generally, the Company uses incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments;

The lease liability is measured at amortised cost using the effective interest method.

The Company has used number of practical expedients when applying Ind AS 116 - Short-term leases, leases of low-value assets and single discount rate.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less, leases of low-value assets and lease where term of the lease is already expired and not yet renewed. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments are presented as follows in the Company's statement of cash flows:

- short-term lease payments, payments for leases of low-value assets and variable lease payments that are not included in the measurement of the lease liabilities are presented within cash flows from operating activities;
- payments for the interest element of recognised lease liabilities are included in 'interest paid' within cash flows from operating activities; and
- payments for the principal element of recognised lease liabilities are presented within cash flows from financing activities.

As practical expedient of Ind AS 116 "Leases", the company has considered Covid-19-related rent concessions not to be lease modification, hence the income towards rent concession is recognised in "Other Income" in the statement of profit and loss account.

Company as a lessor

Leases for which the Company is a lessor is classified as finance or operating lease. Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

(o) Government Grants/Incentives:

Government grants/incentives that the Company is entitled to on fulfilment of certain conditions, but are available to the Company only on completion of some other conditions, are recognised as income at fair value on completion of such other conditions.

Grants/incentives that the Company is entitled to unconditionally on fulfilment of certain conditions, such grants/incentives are recognised at fair value as income when there is reasonable assurance that the grant/incentive will be received.

(p) Income from Joint Development Agreement (JDA):

Income from JDA is accounted under percentage of completion method (POCM) as per the Guidance Note on Accounting for Real Estate Transactions. Balance cost of land and other expense related to JDA is grouped under Assets held for sale.

(q) Accounting for Provisions, Contingent Liabilities and Contingent Assets:

- (i) Provisions are recognised when the Company has a binding present obligation. This may be either legal because it derives from a contract, legislation or other operation of law because the Company created valid expectations on the part of the third

NOTES FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

parties by accepting certain responsibilities. To record such an obligation it must be probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation.

- (ii) Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.
- (iii) Disclosure of the contingent assets are made when it is probable that there is an inflow of future economic benefits. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

(r) **Exceptional items:**

The company discloses certain financial information both including and excluding exceptional items. The presentation of information excluding exceptional items allows a better understanding of the underlying performance of the company and provides consistency with the company's internal management reporting. Exceptional items are identified by virtue of either their size or nature so as to facilitate comparison with prior periods and to assess underlying trends in the financial performance of the company.

(s) **Statement of Cash Flows:**

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year are classified by operating, investing and financing activities.

(t) **Earnings per Share:**

Basic earnings per share is computed, by dividing the profit or loss after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share.

(u) **Financial Instruments:**

(1) **Financial assets**

(i) **Initial recognition and measurement**

Financial assets are recognised when and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial assets at initial recognition.

When financial assets are recognised initially, they are measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

(ii) **Classification:**

a. **Cash and Cash Equivalents**

Cash comprises cash/cheques on hand and demand deposits with banks. Cash equivalents are short-term balances with an original maturity of three months or less from the date of acquisition, highly liquid investment that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

b. **Debt Instruments**

The Company classifies its debt instruments, as subsequently measured at amortised cost or fair value through Other Comprehensive Income or fair value through profit or loss based on its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

(i) **Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. Interest income from these financial assets is included as a part of the Company's income in the Statement of Profit and Loss using the effective interest rate method.

(ii) Financial assets at fair value through Other Comprehensive Income (FVOCI)

Financial assets are subsequently measured at fair value through Other Comprehensive Income if these financial assets are held for collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payments of principal and interest. Movements in the carrying value are taken through Other Comprehensive Income, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains or losses which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from Other Comprehensive Income to the Statement of Profit and Loss. Interest income on such financial assets is included as a part of the Company's income in the Statement of Profit and loss using the effective interest rate method.

(iii) Financial assets at fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on such debt instrument that is subsequently measured at FVTPL and is not part of a hedging relationship as well as interest income is recognised in the Statement of Profit and Loss.

c. Equity Instruments

The Company subsequently measures equity investment at cost. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payment is established.

De-recognition

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset. Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continued involvement in the financial asset.

(2) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised, and through the amortisation process.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

(3) Impairment of financial assets

The Company assesses, at each reporting date, whether a financial asset or a group of financial assets is impaired and allowance for losses on such assessment is made in the Statement of Profit and Loss.

37. Additional information to the Financial Statements

37.1 Disputes with Airports Authority of India (AAI)

- (a) The lease agreement with Airports Authority of India (AAI) for leasing of 18000 sq mtrs of land for Mumbai hotel was valid till 11th July, 2012. AAI vide letter dated 31st March, 2011, had offered to extend the lease for another 30 years, on the revised terms, which the Company had accepted. Pending execution of the lease agreement, AAI had been provisionally extending the lease for 3 to 6 months at a time and the latest extension was till 11th January, 2016. AAI has arbitrarily increased the lease rental payable for the Mumbai hotel, effective from 1st October 2014, the increased rentals on the basis of such arbitrary increase works out to ₹ 13,359 lakhs for the period upto 31st March 2024 (upto 31st March 2023, ₹ 11,479 lakhs). The Company has objected to this increase and therefore not provided for the same. AAI has unilaterally terminated the lease and commenced eviction proceedings. The Company is legally contesting the same and Hon'ble Bombay High Court vide interim order dated 30th June, 2021 directed to AAI not to proceed in the matter of eviction. The final judgement in the matter of eviction has not yet been passed. Depreciation on Mumbai hotel building is provided at the applicable rate, on the assumption that the lease will be renewed.

- (b) The Company had also entered into another lease agreement on 7th February, 1996 with the AAI for a land admeasuring 11,000 sqmt intended for the construction of a 150-room Hotel at Mumbai. A Supplementry Agreement dated 7th February 1996 entered into between the Company and AAI. The terms of the agreements was royalty on Gross Turnover with minimum guaranteed amount (MG) for a specified period and Ground Rent. The terms and conditions specified in the Supplemental Agreement, became impossible of performance for various reasons and therefore the project could not come through and the 150 room hotel could not be constructed. The Company vide letter dated 6th April, 2017 requested AAI to take over immediate physical possession of the land pending restoration of FSI by the Company. No Provision has been made for the cost of FSI as it is not ascertainable. However, AAI commenced the eviction proceedings with their claim of MG on projected turnover and enhanced rent. As per the revised claim filed by the AAI in February 2019 before the eviction officer, the amount claimed by AAI as on 31st January 2019 is ₹ 80705 lakhs towards royalty on projected turnover and rent including interest as against ₹ 28537 lakhs as on 31st January, 2017 claimed earlier by AAI, which the Company is disputing. The Company is legally contesting the same and Hon'ble Bombay High Court vide it's interim order dated 30th June, 2021 directed to AAI not to proceed in the matter of eviction. The final judgement in the matter of eviction has not yet been passed.
