Hyundai Motor India Limited Crosses Domestic Sales of 9 Million Units Since Inception

- Hyundai Motor India Limited achieves total monthly sales of 60,774 units in April 2025
- The April sales volume includes domestic sales of 44,374 units and export sales of 16,400 units
- HMIL continues to champion 'Make in India, Made for the World', with over **21% year-on-year growth** in exports in April 2025

Gurugram | May 01, 2025: Hyundai Motor India Limited (HMIL) achieved a key milestone, surpassing domestic sales of 9 million units since inception. HMIL also recorded total monthly sales of 60,774 units in April 2025, comprising domestic sales of 44,374 units and export sales of 16,400 units.

Commenting on HMIL sales, Mr. Tarun Garg, Whole-time Director and Chief Operating Officer, HMIL said, "As we enter the 30th year of our operations in India on 6th May 2025, we are proud of our commitment to our country, that has led us to achieve the milestone of 9-million-unit sales in the Indian market since our inception in 1996. While the domestic market continues to face headwinds on account of various macro-economic factors, we continue to champion 'Make in India, Made for the World' emphasizing HMIL's strong focus on exports. This has resulted in a robust 21.5% YoY growth in export volumes in April 2025 and 16.2% growth during January to April 2025 as compared to same period in the previous year. Overall, we remain dedicated to enhancing value for our customers as we gear up to commence operations at our new plant at Talegaon in Q4 of this calendar year."
