Dear Sir/Ma'am

**Sub: Disclosure under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations")**

This is further to our earlier intimation dated June 01, 2026 regarding the fire incident at one of the Company's supplier's manufacturing facility i.e. Mobis India Limited, which led to temporary disruption at Company's production. In this regard, we wish to update that the Company is taking all the necessary steps so that production activities return to normal, including arranging the automotive parts from alternate source locations.

Further to the above, the operations at the Pune plant and Chennai Plant 2 of the Company remain mostly unaffected and continue as usual. The temporary production disruption is confined primarily to Chennai Plant 1 of the Company. This facility is also expected to regain its production pace by June 15, 2026, and all production operations are projected to return to normal by June 22, 2026.

The Company is also in the process of ascertaining the extent of impact of above incident on its operations. The Company expects that any loss of production arising due to this incident shall be mostly recovered within the next quarter itself.

We wish to reiterate that we do not expect any noteworthy impact on our retail sales in June 2026 since we have adequate inventory in our network.

This is for your information and records.

Thanking you,

For **Hyundai Motor India Limited**

**Pradeep Chugh  
Company Secretary &  
Compliance Officer**
