Subject: HOAC Exports Achieves New Milestone with Australia Container Shipments.

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, HOAC Foods India Limited is pleased to announce another significant milestone in its international business expansion through its subsidiary, HOAC Exports Private Limited.

The Company has successfully dispatched 2 export containers to Australia, marking Australia as a new international destination in the Company's growing global export network. After establishing export operations in countries such as the United States and the United Kingdom, this development further strengthens the Company's international presence and demonstrates its continuous growth in global markets.

Over the last twelve months, the Company has made remarkable progress in strengthening its export footprint across multiple international markets, including the United States of America, the United Kingdom, and Australia.

The Company is aggressively expanding its export business and continuously pitching to new international buyers across multiple regions. HOAC Exports Private Limited operates with a dedicated export-focused team whose sole objective is to strengthen and expand the Company's international business operations.

Despite challenging global market conditions, the Company has demonstrated strong export performance through quality products, strategic market targeting, and long-term buyer relationships. The Company is particularly focusing on countries with a large Indian and Asian population where demand for authentic Indian food products continues to grow rapidly.

The management is pleased to share that several international buyers are regularly repeating orders, reflecting strong customer satisfaction and confidence in the quality of the Company's products. Feedback received from overseas customers consistently highlights the superior quality standards maintained by the Company.

The Company believes that HOAC Exports Private Limited is not merely a subsidiary but a strategic growth engine and an important pillar for the future expansion of the HOAC Group. Within a short period, the export division has gained substantial international business experience, which is expected to play a vital role in the Company's future global expansion strategy.

With this achievement, HOAC Foods India Limited is steadily transforming itself from a domestic Indian brand into an emerging global food brand with growing international recognition.

The Company expresses its sincere gratitude to its investors, customers, international buyers, and employees for their continuous trust and support. The management remains committed to achieving sustained growth, larger expansion opportunities, and creating long-term value for all stakeholders.
