PRESS RELEASE

Himadri Speciality Chemical Limited Recognised as 'India's Leading ESG Entity' by Dun & Bradstreet

Kolkata, India – April 2, 2026 – Himadri Speciality Chemical Limited, a global leader in speciality chemicals and advanced materials, has been recognised as **'India's Leading ESG Entity'** by Dun & Bradstreet in its prestigious report, **"ESG Horizons: Now and Next 2026."**

Dun & Bradstreet's annual flagship ESG report features a curated listing of leading companies in India for FY25. These companies are identified based on the firm's *proprietary ESG Intelligence Framework Rating*, which evaluates organisations across key environmental, social, and governance parameters. The report also brings together insights from industry leaders and experts and is widely circulated among regulatory bodies, government departments, and industry associations.

Himadri's inclusion in this distinguished list underscores its sustained

commitment to embedding ESG principles into its core business strategy and operations. The recognition reflects the company's consistent efforts in driving sustainable growth, responsible manufacturing, and long-term value creation for all stakeholders.

Commenting on the recognition, **Mr. Anurag Choudhary, CMD & CEO of Himadri Speciality Chemical Ltd**, said:

"We are honoured to be recognised by Dun & Bradstreet as one of India's Leading ESG Entities. This recognition reaffirms our deep-rooted commitment to sustainability, with ESG embedded at the core of our strategy, innovation, and operations as we continue to advance clean technologies, improve resource efficiency, and create long-term meaningful impact across the value chain."

Himadri has consistently demonstrated leadership in sustainability through its focus on clean energy adoption, circular resource utilisation, and strong governance practices. With ESG deeply integrated into its growth roadmap, the company continues to invest in innovation-led solutions, pioneering in the advanced materials and lithium-ion battery value chain, contributing to the global transition towards a greener economy.

About Himadri Speciality Chemical Ltd

Himadri Speciality Chemical Ltd is a global speciality chemical conglomerate with a strong focus on research and development (R&D), innovation and sustainability.

As pioneer in the production of lithium-ion battery materials in India, it continuously develops and innovates raw materials of lithium-ion battery value chain. It's diverse product portfolio includes speciality carbon black, coal tar pitch, refined naphthalene, advance materials, SNF, speciality oils, clean power, etc. catering to various industries such as lithium-ion batteries, paints, plastics, tyres, technical rubber goods, aluminium, graphite electrodes, agrochemicals, defence and construction chemicals. Himadri operates in both domestic and international markets, exporting to over 56 countries across the globe.

With a strong commitment to corporate governance, safety and sustainability, it has 8 zero-liquid discharge manufacturing facilities and utilizes in-house clean power for 100% of its electrical energy needs. Himadri is a people-first organization and is making a positive impact on the industry, both in India and globally through its focus on innovation fuelled by extensive R&D, new business opportunities and sustainability.
