### Rationale and key rating drivers

The ratings of various instruments of Housing and Urban Development Corporation Limited (HUDCO) continue to reflect its status as a strategically important entity for the Government of India (GoI) in implementing policies related to social housing and urban infrastructure. The ratings also consider its strong parentage, with the GoI holding a majority stake of 75.0% as on March 31, 2026. Further, the ratings derive comfort from HUDCO's portfolio quality, as a majority of its exposure is backed by Central or State Government guarantees supported by budgetary provisions, notwithstanding the relatively weaker financial profiles of some states. HUDCO's asset quality metrics have remained adequate and have shown an improving trend over the past few years, with net non-performing assets (NNPA) at 0.05% as on March 31, 2026. Additionally, the company benefits from a diversified resource profile, its relatively low, albeit increasing, gearing and an adequate liquidity position.

Further, the ratings for HUDCO's perpetual debt instruments (PDI) factor in its comfortable capital adequacy ratio (CAR) of 39.93% as on March 31, 2026, well above the regulatory requirement of 15%. The ratings also take into account its healthy profitability supported by negative credit cost and low operating expenses. While CareEdge Ratings notes that HUDCO incurred a loss of ₹937 crore (0.6% of average total assets [ATA]) during FY26 on account of fair value changes in foreign exchange (forex) borrowings,

<sup>1</sup>Complete definition of ratings assigned are available at [www.careratings.com](http://www.careratings.com) and other CARE Ratings Limited's publications.

this is expected to reduce going forward, as its FCNR(B) borrowings have fully run down as on March 31, 2026. CareEdge Ratings expects HUDCO to continue growing at a healthy pace while maintaining its asset quality and profitability; however, it may need to raise capital in the medium term to support its growth plans.

The credit strengths are partially offset by its concentrated portfolio with its top 20 exposures accounting for 74.0% of its total loan book and 615% of its tangible net worth as on December 31, 2025. Any chunky exposure slippage could increase its gross NPA materially, thereby impacting its credit cost and profitability. However, the risk is mitigated to some extent given a major part of its loan book is backed by government guarantee.

Simultaneously, CareEdge Ratings has withdrawn the outstanding ratings of 'CARE AAA; Stable' assigned to the Non Convertible Debenture bearing ISIN INE031A07AL1, INE031A07AN7, INE031A07AQ0, INE031A07AS6, INE031A08871 and INE031A08855 with immediate effect due to redemption. The above action has been taken at the request of the company and 'No Due Certificate' received from the debenture trustee.

## Rating sensitivities: Factors likely to lead to rating actions

### Positive factors

Not Applicable

### Negative factors

- Material changes in the shareholding pattern and/or reduction in strategic importance to GoI.
- Significant deterioration in asset quality affecting profitability.

### Negative factors (additional) for PDI

- Deterioration in capitalisation levels, with cushion over the regulatory benchmark remaining below 5%
- Weakening in profitability, with RoTA remaining below 1% on a sustained basis
- Perpetual Debt Issue to Tangible Network exceeding 15%

**Analytical approach:** Standalone; factoring in strategic importance to and majority shareholding by GoI.

### Outlook: Stable

CARE Ratings Limited (CareEdge Ratings) expects that HUDCO will remain strategically important to the GoI and will continue to maintain its healthy profitability, capitalization and asset quality.

## Detailed description of key rating drivers:

### Key strengths

#### Strategic importance and majority shareholding by the GoI

HUDCO is majority owned by the Government of India (GoI), with a 75.0% stake as on March 31, 2026. It is a strategically important entity to the GoI and has played a significant role in the implementation of various government initiatives in urban infrastructure and social housing projects. HUDCO serves as the Central Nodal Agency (CNA) for the 'Housing for All' scheme and is actively involved in key programmes such as the Jal Jeevan Mission (JJM), Atal Mission for Rejuvenation and Urban Transformation (AMRUT), and Pradhan Mantri Awas Yojana, among others. With substantial investments envisaged under the National Infrastructure Pipeline (NIP), HUDCO is expected to play an active role in meeting these requirements. The company lends under these schemes and also provides consultancy services for the appraisal of projects sanctioned under them.

As a GoI-owned entity, HUDCO benefits from (i) Board representation through two Government Nominee Directors (in addition to one Independent Director (independent director's term completed on May 14, 2026) and three functional Directors, including the Chairman and Managing Director) as on April 30, 2026, (ii) facilitation of business growth, (iii) access to low-cost funding and foreign currency lines from multilateral institutions, and (iv) refinance assistance from the National Housing Bank (NHB) and India Infrastructure Finance Company Limited (IIFCL), among others. CareEdge Ratings expects HUDCO to remain a strategically important entity to the GoI.

**Healthy AUM growth with majority share of lending towards government sector**

HUDCO, incorporated in 1970, has over five decades of operational experience and has expanded its assets under management (AUM) to ₹1,60,724 crore as on March 31, 2026, reflecting a year-on-year growth of ~29%. The growth in HUDCO's AUM is driven by various government initiatives such as Housing for All, Jal Jeevan Mission (JJM), and the National Infrastructure Pipeline (NIP), among others. The share of lending towards urban infrastructure has been increasing over the past few years in line with the Government's focus on infrastructure development and related schemes, coupled with relatively slower demand in the housing segment. Additionally, the grant of infrastructure status to affordable housing has further contributed to the rising share of urban infrastructure in HUDCO's portfolio.

Following its registration as an NBFC-IFC in FY25, and in accordance with RBI guidelines requiring at least 75% of the loan book of an IFC to be towards infrastructure funding, HUDCO has submitted a representation to the RBI (vide letter dated May 4, 2026) seeking an extension to achieve the stipulated threshold. The same is currently under consideration. As on March 31, 2026, lending to the housing segment has declined to 26% of AUM, while urban infrastructure accounts for 74%, compared to 39% and 61%, respectively, as on March 31, 2025.

HUDCO's lending remains predominantly to the government sector, constituting 98.90% of its loan book as on March 31, 2026. As on December 31, 2025, 87.03% of its gross loans were secured by government guarantees, thereby resulting in relatively lower credit risk. While the company has regional concentration, particularly in Delhi, Andhra Pradesh, Rajasthan, Maharashtra, and Telangana, exposures backed by State or Central Government guarantees are not subject to concentration norms following the revision in RBI directions. CareEdge Ratings expects HUDCO to continue to grow at a healthy pace in near-to-medium term with focus on government sector.

**Diversified resource profile**

HUDCO has a diversified funding profile, with resources raised through bonds (both tax-free and taxable), bank loans, commercial paper, refinance lines from NHB/IIFCL, external commercial borrowings (ECBs), and other foreign currency borrowings. As on March 31, 2026, total borrowings stood at ₹1,21,390 crore, registering a growth of 39% year-on-year. Of this, taxable bonds accounted for 25% (excluding ₹20,000 crore of Government of India fully serviced bonds), tax-free bonds constituted 9%, and bank loans formed the largest share at 51%, followed by NHB/IIFCL refinance at 5%, with the balance 10% comprising foreign currency borrowings. The average cost of funds has remained largely stable at 7.17% (reported average cost of borrowings: 6.56%) as on March 31, 2026. However, the incremental cost of funds raised during Q4FY26 stood at 6.98% as on March 31, 2026.

**Healthy capitalisation profile**

HUDCO's capitalisation profile remains comfortable, as reflected in a capital adequacy ratio (CAR) of 39.93% as on March 31, 2026 (46.60% as on March 31, 2025), which is well above the regulatory minimum requirement of 15%. The CAR is supported by relatively lower risk weights (20% for State government-guaranteed projects). As on March 31, 2026, gearing stood at 5.7x, up from 4.9x as on March 31, 2025 (both adjusted for borrowings serviceable by the GoI on Building Materials and Technology Promotion Council (BMPTC)<sup>2</sup> exposure amounting to ₹20,000 crore). Gearing is expected to increase further as the company continues to grow at a healthy pace. Accordingly, CareEdge Ratings expects that HUDCO may need to raise capital in the medium term to support its growth plans while maintaining adequate gearing levels and capitalisation.

**Adequate earning profile**

HUDCO reported a profit after tax (PAT) of ₹4,034 crore in FY26 (₹2,709 crore in FY25), translating into a return on average total assets (RoTA) of 2.7% (2.4% in FY25) and a return on average tangible net worth (RoNW) of 20.4% (15.7% in FY25). The reported PAT for FY26 remained optically elevated due to a one-time reversal of deferred tax liability (DTL) amounting to ₹1,460 crore pertaining to FY25. The reversal was attributable to the write-back of an erstwhile statutory reserve created towards bad and doubtful debts, which is not applicable to NBFC-IFCs. Excluding this one-time reversal of DTL, RoTA stood at 1.7%.

The decline in RoTA (excluding the one-time gain from the DTL reversal) in FY26 was primarily due to foreign exchange losses amounting to ₹937 crore on short-term foreign currency loans, which have been fully repaid during FY26. While gearing increased during the year, improvement in lending spreads (driven by a reduction in the average cost of borrowings), along with lower operating expenses and negative credit costs, supported the overall earnings profile.

<sup>2</sup> HUDCO had extended ₹20,000 crore to BMPTC, raised by issue of "GOI fully serviced Bonds" as Central Assistance to State/UTs/CNAs for implementation of PMAY (U), repayment of which shall be met by Government of India through suitable provision in the Budget of Ministry of Housing and Urban Affairs.

Credit costs remained negative due to the reversal of provisions following recoveries from certain stressed exposures. HUDCO's ability to sustain and manage credit costs will remain a key factor in maintaining its earnings profile.

### **Key weaknesses**

#### **Concentrated loan book; Asset Quality remains monitorable**

CareEdge Ratings notes that HUDCO's asset quality has improved, with gross non-performing assets (GNPA) and net non-performing assets (NNPA) at 1.04% and 0.05%, respectively, as on March 31, 2026, compared to 1.67% and 0.25%, respectively, as on March 31, 2025. Further, the company maintains a high provision coverage ratio on GNPA at 94.90% as on March 31, 2026 (85.44% as on March 31, 2025), which limits incremental credit costs arising from the NPA book.

However, HUDCO's credit profile remains constrained by the concentration in its loan book, with the top 20 exposures accounting for 74.0% of the total loan book and 615% of its tangible net worth as on December 31, 2025. Any significant slippage in these large exposures could materially increase GNPA levels, thereby impacting credit costs and profitability.

However, the risk is partly mitigated by the fact that a substantial portion of its loan book is backed by government guarantees. During FY26, HUDCO's Stage 2 exposures increased by ₹2,071 crore due to the slippage of one exposure, and the performance of the same will remain a key monitorable.

#### **Liquidity: Adequate**

HUDCO's liquidity profile remains adequate. Its asset-liability management (ALM) profile is typically characterised by sizeable cumulative negative mismatches in the up to three-year buckets, primarily due to the relatively long tenure of the loans extended by the company. However, CareEdge Ratings derives comfort from HUDCO's quasi-sovereign status, its strategic importance in the housing finance sector, and its established track record of raising funds at competitive rates. Further, HUDCO has sanctioned but undrawn bank lines in the form of cash credit, working capital demand loans, and short-term loans amounting to ₹11,148.28 crore as on March 31, 2026, which, when considered, result in positive cumulative mismatches across all maturity buckets. Supported by the GoI, HUDCO enjoys strong financial flexibility and can access additional funding from banks and capital markets at competitive rates, if required. The gaps between outflows and inflows are partially bridged through cash balances, investments in government securities, and sizeable unutilised bank lines.

#### **Assumptions/Covenants: Not Applicable**

#### **Environment, social, and governance (ESG) risks**

Given that HUDCO operates in the lending business, it is indirectly exposed to environmental risks through its asset portfolio. The company has strategically aligned its financing towards infrastructure projects focused on clean energy, including renewable and hydroelectric power generation, EV charging infrastructure for e-buses, multi-modal transit hubs, flue gas desulphurisation (FGD) projects for environmental sustainability, and sustainable city initiatives involving green materials, technologies, and processes. However, any environmental or regulatory risks faced by entities to which HUDCO has exposure could translate into credit risks for the company.

Social risks, including cybersecurity threats, customer data breaches, or potential mis-selling practices, could impact HUDCO's regulatory compliance and reputation, and therefore remain key monitorables. On the social front, HUDCO has been actively involved in various Corporate Social Responsibility (CSR) initiatives, promoting social inclusion and equitable development by prioritising financing for sustainable affordable housing and infrastructure projects.

HUDCO's Board comprises six Directors, including one Independent Director (independent director's term completed on May 14, 2026) and two Nominee Directors from the Government of India as on April 30, 2026.

## About the company and industry

### Industry classification

Macroeconomic indicator	Sector	Industry	Basic industry
Financial Services	Financial Services	Finance	Non-Banking Financial Company (NBFC)

HUDCO was previously incorporated as Housing and Urban Development Finance Corporation Private Limited on April 25, 1970, as a private limited company under the Companies Act, 1956. Subsequently, the name was changed to HUDCO and a fresh certificate of incorporation was issued on July 9, 1974. On December 9, 1996, HUDCO was notified as a public financial institution by Department of Company Affairs, Ministry of Finance. It is mandated to provide long-term finance for social housing and core urban infrastructure development in the country. It is a central public sector undertaking and a public financial institution within the ambit of Clause (72) section 2 of the Companies Act, 2013.

On April 18, 2024, HUDCO was conferred with Navratna status by the Government of India. It was earlier classified as a housing finance company (HFC) and received the certificate of registration as a Non-Banking Financial Company – Infrastructure Finance Company (NBFC-IFC) from the Reserve Bank of India (RBI) on August 23, 2024, allowing it to finance various infrastructure sectors in addition to housing. Consequently, the company's exposure limits are increased for financing to various infrastructure sectors.

### Disclaimer:

This disclaimer pertains to the ratings issued and content published by CARE Ratings Limited ("CareEdge Ratings"). Ratings are opinions on the likelihood of timely payment of the obligations under the rated instrument and are not recommendations to sanction, renew, disburse, or recall the concerned bank facilities or to buy, sell, or hold any security. Any opinions expressed herein are in good faith and are subject to change without notice. The rating reflects the opinions as on the date of the rating. A rating does not convey suitability or price for the investor. The rating agency does not conduct an audit on the rated entity or an independent verification of any information it receives and/or relies on for the rating exercise. CareEdge Ratings has based its ratings/outlook on the information obtained from reliable and credible sources. CareEdge Ratings does not, however, guarantee the accuracy, adequacy, or completeness of any information and is not responsible for any errors or omissions and the results obtained from the use of such information. The users of the rating should rely on their own judgment and may take professional advice while using the rating in any way. CareEdge Ratings shall not be liable for any losses that user may incur or any financial liability whatsoever to the user of the rating. The use or access of the rating does not create a client relationship between CareEdge Ratings and the user.

CAREEDGE RATINGS DISCLAIMS WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR OTHER WARRANTIES OR CONDITIONS, TO THE EXTENT PERMITTED BY APPLICABLE LAWS, INCLUDING WARRANTIES OF MERCHANTABILITY, ACCURACY, COMPLETENESS, ERROR-FREE, NON-INFRINGEMENT, NON-INTERRUPTION, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE OR INTENDED USAGE.

Most entities whose bank facilities/instruments are rated by CareEdge Ratings have paid a credit rating fee, based on the amount and type of bank facilities/instruments. CareEdge Ratings or its subsidiaries/associates may also be involved with other commercial transactions with the entity. CareEdge Ratings does not act as a fiduciary by providing the rating. The ratings are intended for use only within the jurisdiction of India. The ratings of CareEdge Ratings do not factor in any rating-related trigger clauses as per the terms of the facilities/instruments, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and triggered, the ratings may see volatility and sharp downgrades. CareEdge Ratings has established policies and procedures as required under applicable laws and regulations which are available on its website.
