Dear Sir/Madam,

Re: **Disclosure under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015**

Kindly be informed that at Visakhapatnam manufacturing facility of the Company, new line for manufacturing of Plastic Refractories as per technical know-how from Company's material subsidiary, Sheffield Refractories Ltd, UK has been started effective to-day, 19th February, 2026. With addition of comprehensive range of Plastic Refractories, the Company will be in a position to meet ever increasing demand therefor from ferrous and non-ferrous industries.

Plastic Refractories will strengthen Company's robust monolithics portfolio comprising Castables, Precast, Shotcrete and Ramming Mass and thus reaffirm Company's commitment to delivering high performance refractory solutions manufactured in India for advancing self-reliance and driving industrial progress. Capital outlay involved for this expansion project has been about Rs 2.10 crores financed largely by internal accruals. Installed capacity is 10,000 MT per annum.

With very few domestic manufacturers currently in this sector, Company's entry marks a significant step toward strengthening indigenous capacity and reducing reliance on imports.

This disclosure is also being hosted on Company's Website: <https://ifglgroup.com> and shall be available at link <https://ifglgroup.com/investor/announcement>.

Thanking you,
Yours faithfully,
For IFGL Refractories Ltd.

(Mansi Damani)
Company Secretary
