Business Highlights

- We partnered with a global automotive leader to engineer new concepts in driver awareness and safety telematics. The core principles of the *proof of concept* were to reduce driver distraction, manage driver load and allow passengers to enable drivers with online navigation capabilities
- We launched a cloud-based version of our Clinical Trial Supply Management solution to help life sciences companies enhance the efficiency of clinical trial processes and drive greater collaboration between pharmaceutical companies and contract research organizations
- Our consulting practice continues to deliver innovative solutions for our clients. A leading insurance company has engaged us to develop a smartphone app that allows parents to set up a simple app-based driving agreement with their teenage drivers. The app helps establish where, when and how fast the teen can drive and the teen driver can earn "safe mile" points that can be accumulated and redeemed for rewards
- We continue to make significant progress in our efforts to accelerate the digital transformation of our clients. Our Cloud and Big Data business has executed over 260 engagements till date and won over 20 new engagements over the past quarter
- We were engaged by a leading pharmaceutical company to develop a B2C Android app to promote their anti-nicotine initiative. A leading developer of video games partnered with us to design, build and sustain a platform for mobile gaming that presents gamers with a connected experience integrated with social networking platforms
- Finacle™ sustained its growth momentum with 9 new wins and 13 go lives across the world. Eastern Bank, the largest and oldest mutually owned bank in the United States, selected Finacle e-banking, mobile banking, and enterprise alert solutions to make banking easier for its customers and drive growth. FONDEP, one of Morocco's leading microfinance institutions, chose Infosys Finacle for its strategic core banking transformation program
- Infosys Public Services Inc. was engaged to improve member service for a National Medicaid and Medicare Plan and reduce operations costs by rationalizing their technology landscape. We migrated their Medicare Advantage administrative systems to the TriZetto FACETS™ platform in a managed capacity model
- Our products and platforms business has seen good traction over the quarter. A large Europe-based multinational financial services company, now opening its doors to digital consumers, selected BrandEdge to reassess its growth strategies. A leading sports apparel and accessories trading company in India selected InteractEdge to design and launch the first omni-channel eCommerce website in the country
- We applied for 5 unique patents, in India and the USA, during the fourth quarter, adding to a total of 523 unique patent applications in various stages of patent prosecution in India, the USA and other jurisdictions. So far we have been granted 177 patents by the United States Patent and Trademark Office, 3 patents by the Luxembourg Patent Office and 1 patent by the Australian Patent Office
