and opportunities are separate and distinct for the O&M services business and the Power Evacuation Business. Further, the Power Evacuation Business is capable of attracting different set of investors, strategic partners, lenders and other stakeholders.

- b) **Consolidation of Power Evacuation Business:** IRSL is, inter-alia, undertaking Power Evacuation Business. The proposed arrangement would enable consolidation of same line of business into IRSL, which will result in unlocking value for the Power Evacuation business. Such consolidation in a single entity will lend enhanced focus to the Power Evacuation business.*
- c) The Demerger aims to establish IGESL as a pure-play O&M player, and as a result, is considering hiving off the 'Power Evacuation Business'.*

This will enable both the entities pursue their respective strategies to deliver higher growth for all stakeholders with specific independent focus on the respective businesses.*

all assets, liabilities, rights and obligations pertaining to the Demerged Undertaking.

30. On perusal of the material placed on record, it is noted that the Petitioner Company No.1 is a public listed company engaged, inter alia, in the business of providing operations and maintenance services for wind turbine generators as well as power evacuation infrastructure. The proposed demerger seeks to consolidate the Power Evacuation Business in the Resulting Company in order to enable both entities to pursue their respective business strategies with greater operational focus and efficiency.

31. The share and warrant entitlement ratio in relation to the proposed demerger has been determined on the basis of a valuation exercise carried out by a registered valuer entity, namely M/s Finvox Analytics (Registration No. IBBI/RVE/06/2020/120). The valuation report has further been independently examined by M/s Marwadi Chandarana Intermediaries Brokers Private Limited, a SEBI registered Category-I Merchant Banker, which has issued its fairness opinion in respect of the proposed arrangement. The valuation report and fairness opinion dated 13.11.2024 have been placed on record along with the Company Petition.

32. The Petitioner Companies have also placed on record certificates issued by their respective statutory auditors

33. This Tribunal has carefully considered the representation filed by the Regional Director, North-Western Region, Ministry of Corporate Affairs, along with the report of the Registrar of Companies and the replies filed by the Petitioner Companies thereto. The proposed arrangement is primarily a business reorganisation intended to segregate distinct business verticals and enable focused growth of the respective entities. The Scheme also does not appear to be prejudicial to the interests of the shareholders or creditors of the Petitioner Companies.

40. The jurisdiction of this Tribunal in sanctioning a scheme of arrangement is supervisory in nature and the Tribunal is not expected to sit in appeal over the commercial wisdom of the shareholders. In this regard reliance may be placed on the judgment of the Hon'ble Supreme Court in **Miheer H. Mafatlal v. Mafatlal Industries Ltd., (1997) 1 SCC 579** wherein it has been held that once the scheme has been approved by the requisite majority of stakeholders and is not violative of any statutory provision, the Tribunal ordinarily ought to sanction the scheme.
