Press Release

Indogulf Crop Sciences Signs MoA for PM's Fellowship with ICAR-IARI

New Delhi, February 26th, 2026 – Indogulf Crop Sciences Limited today announced the signing of a Memorandum of Agreement (MoA) with the Confederation of Indian Industry (CII), Indian Council of Agricultural Research–Indian Agricultural Research Institute (ICAR-IARI) for the implementation of the “Prime Minister’s Fellowship for Doctoral Research”, a joint initiative of CII and Anusandhan National Research Foundation (ANRF), formerly Science & Engineering Research Board (SERB).

Under this MoA, Indogulf Crop Sciences will support a full-time PhD scholar at ICAR-IARI, for a maximum period of four years starting 1 January 2026 up to 31 December 2029. The fellowship aims to promote high-quality, industry-relevant research and strengthen academia–industry collaboration in Indian agriculture. This partnership underscores Indogulf Crop Sciences’ commitment to fostering innovation, advancing scientific research, and developing next-generation talent to address emerging challenges in Indian agriculture.

In the agriculture sector, ensuring food security amid climate change demands innovation—mitigation strategies such as Bio-stimulants for alleviating the adverse effects of drought and heat stress. The proposed research will also encourage young research scholars to work on scientific solutions which will help in food security. This scientific collaboration would be under the direct mentorship of experienced researcher’s with expertise in areas of Abiotic stress tolerance of Plants, Phenomics and Genome Editing.

Commenting on the development, Mr. Sanjay Aggarwal, Managing Director, Indogulf Crop Sciences Limited, said, “We are delighted to partner with CII, ANRF and ICAR–IARI under the Prime Minister’s Fellowship for Doctoral Research. As a Company deeply rooted in Indian agriculture, we believe that meaningful innovation begins with strong research. Supporting a promising scholar at a premier institution like ICAR–IARI aligns with our mission to deliver science-based, sustainable solutions for farmers and to contribute to the long-term competitiveness of Indian agriculture.”

About Indogulf Crop Sciences Ltd:

Founded in 1993 and headquartered in New Delhi, Indogulf Crop Sciences Limited is a well-established player in the agri-inputs industry, engaged in the manufacture and distribution of crop protection products, plant nutrients and biologicals. The Company has a global presence across 34+ countries and offers a comprehensive portfolio covering multiple formulations, including WDG, SC, CS, ULV, EW, SG and FS, available in powder, granular and liquid forms. Indogulf operates state-of-the-art manufacturing facilities in Haryana and Jammu & Kashmir and remains committed to innovation, quality and sustainable agricultural practices.
