Subject: Disclosure under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 - Update on Femto Green Hydrogen Limited, a Subsidiary Company of the Company.

Dear Sir / Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“LODR Regulations”), this is to inform that the Company has received an email dated February 25, 2026 from Mr. Nandan Vinayakrao Kundetkar, Director of Femto Green Hydrogen Limited (a subsidiary of Indo Thai Securities Limited), regarding filing of an international patent application under the **Patent Cooperation Treaty (PCT)**.

Mr. Kundetkar has informed that he has received a confirmation dated February 23, 2026 in respect of the international patent application bearing titled “*A Method for Treating Fuel with Electromagnetic Waves*”, bearing application no. **PCT/IN2026/050049**. The said international application was filed with the Indian Patent Office acting as the Receiving Office on January 12, 2026.

The invention pertains to ground surface transport de-carbonisation and is also the subject matter of a United States utility patent application, wherein Mr. Kundetkar is the first-named inventor. The filing under the PCT framework enables the extension of patent protection across multiple jurisdictions and aligns with the long-term strategy of the subsidiary for scalable deployment of de-carbonisation technologies.

Mr. Kundetkar had previously granted Femto Green Hydrogen Limited, the right to use and commercialise the aforesaid to be granted patented technology for applications in surface transportation within India and the Asia territory.

This is for the information of the Exchange and the members.

Thanking you.

For Indo Thai Securities Limited
