

Infotech signs a MoU with Sri Vishnu Educational Society as part of its industry-academia initiative

Hyderabad, India, August 22nd, 2012 – Infotech Enterprises Limited, a leading global engineering solutions company, signed a Memorandum of Understanding (MoU) with **Sri Vishnu Educational Society, Hyderabad (SVES)**. The MoU was signed *by Mr. B. Ashok Reddy, President – Global HR and Corporate Affairs, Infotech Enterprises and Mr R Rajagopalan, Vice Chairman, SVES* in a ceremony held at Infotech's facility at Hyderabad. The signed MoUs were exchanged in the presence of Dr B.V.R. Mohan Reddy, Founder and Chairman, Infotech Enterprises and Mr K V Vishnu Raju, Chairman SVES.

Sri Vishnu Educational Society (SVES) established in 1992 by Late Padmabhushan Dr. BV Raju provides education in Engineering, Pharmaceutical Sciences, Dental Sciences, Computer Education and Management Studies. The three campuses that provide courses in Engineering are: 1- Padmasri Dr. BV Raju Institute of Technology (Narsapur, Greater Hyderabad), 2- Shri Vishnu College of Engineering for Women, Vishnu Institute of Technology (Bhimavaram) and 3- BVRIT Hyderabad College of Engineering for Women (Bachupally, Hyderabad). SVES is the only institution to receive the National Quality Trophy in Education from Indian Merchants of Commerce, AP (IMC) and the only Indian institution to receive Best in Class, Global Performance Excellency Award in Education from Asia Pacific Quality Organization (APQO).

Under this MoU Infotech will provide industrial exposure to students of SVES through internships, industrial visits and live projects. Infotech will nominate domain experts as visiting faculty and organize special technical lectures at SVES campuses. Infotech will also organize orientation sessions for the faculty members so they are in sync with industry requirements. In addition, Infotech will also help design the curriculum for diploma, undergraduate and postgraduate programs.

The MoU provides for joint participation between Infotech and SVES on development projects. SVES will design certificate programs and further train Infotech's engineers on key skills. The academic experts from the institute will also deliver guest lectures for the benefit of Infotech employees. This partnership also strengthens Infotech's endeavor to create diversity as SVES also has dedicated engineering colleges for women students.

Dr. B.V.R Mohan Reddy, Founder and Chairman, Infotech Enterprises, said, *"Infotech is highly committed to supporting academic institutions to provide better quality education in Engineering through our industry-academia initiative. By interacting more intensely with students, faculty and management of academic institutions and providing support in areas including courseware, internship and teachers training, we are*

confident of improving the quality and increasing supply of engineering talent in the state of Andhra Pradesh."

The Chairman SVES Mr K V Vishnu Raju, said, "It is an honor to be associated with Infotech, a large, global engineering solutions company with proven leadership. This MoU would go a long way in enhancing the skills offered by our Institutions BVRIT, SVECW, VIT and BVRIT-W in core engineering disciplines, this interaction with Infotech will enable our faculty and students to know and practice the technological advances of Engineering Services space and thereby enhancing their career opportunities."

Infotech's industry-academia initiative is a bilateral association with academic institutions to improve the quality of technical education and create a talent pool that is employable. To promote partnership with academia, Infotech has entered into MoUs with IIT Hyderabad, JNTU Kakinada, JNTU Hyderabad, CBIT Hyderabad, SNIST Hyderabad, CIPET Hyderabad, MLRIT Hyderabad, IARE Hyderabad and UPES Dehradun.

About Infotech Enterprises (Infotech)

Infotech provides leading-edge engineering solutions, including development and life-cycle support, process, network and content engineering to major organizations worldwide. With over two decades of continuous growth, Infotech leverages a global delivery and collaborative engineering model to achieve measurable and substantial benefits for its clients.

Infotech has 10,000+ associates across 35 global locations. Infotech's clients span multiple industries such as Aerospace, Consumer, Energy, Medical, Heavy Equipment, HiTech, Transportation, Telecom and Utilities and include 22 'Fortune 500' and 27 'Global 500' blue chip organizations.
