PRESS RELEASE

Infosys Selected as One of the Main Suppliers to Deliver Digital Transformation Services to Volvo Cars

Gothenburg (Sweden), Bengaluru (India) – October 7, 2019: Infosys (NYSE: INFY), a global leader in next-generation digital services and consulting, today announced that it has been selected as the main supplier to deliver Volvo Cars' digital transformation services for its Enterprise Digital Commercial Operations Applications and Products.

As part of this engagement, Infosys will offer next generation application services leveraging its Global Delivery Model (GDM), agile delivery, automation and other service optimization levers to deliver effective service operations. Based on the Scale Agile Framework (SAFe), Infosys will enable transformation of application management and application development deliveries to a 100 percent agile operating model.

Infosys will also leverage Fluido, a leading Salesforce Consulting Partner in Nordics which it acquired in 2018, to bring best-in-class Salesforce capabilities and localization to accelerate Volvo Cars' next generation retail and consumer experience roadmap.

Jasmeet Singh, Executive Vice President and Global Head of Manufacturing, Infosys, said, "We are delighted to be selected as one of Volvo Cars' main suppliers in its transformation journey to extend digitally advanced customer experience and create a scalable, cost effective and agile operating model. The association with Volvo Cars reaffirms our strategic commitment to offer an industry leading and localized solution to drive its digital transformation agenda to achieve the strategic business goals."

About Infosys

Safe Harbor

Certain statements mentioned in this release concerning our future growth prospects and our future business expectations are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995. Such statements involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property and general economic conditions affecting our industry. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2019. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. The company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the company unless it is required by law.
