PRESS RELEASE

Infosys Foundation and Sri Ramakrishna Sevashrama to launch a first-of-its-kind Mobile Eye Hospital

The Shree Sharadadevi Mobile Eye Hospital will provide eye care facilities to over 5 lakh people, including children and students, residing in remote villages in Karnataka

Bengaluru, India – November 7, 2022: Infosys Foundation, the philanthropic and CSR arm of Infosys, has announced its collaboration with Sri Ramakrishna Sevashrama to launch the Shree Sharadadevi Mobile Eye Hospital, a first-of-its-kind fully equipped mobile eye hospital to serve people residing in remote villages in Karnataka. This collaboration is aimed at providing quality eye care to over 5 lakh people, including children and students, in the interior districts of Tumkur, Anantapur, Chitradurga and Raichur.

The Mobile Eye Hospital will offer screening facilities for ailments such as cataract, eye tumors, watery eyes, glaucoma, diabetic retinopathy, squint eye, retinoblastoma along with ENT and other general diseases. The Sharadadevi Eye Hospital & Research Centre has also been previously supported by Infosys Foundation with the construction of a new wing in 2021. Till date, the hospital has performed thousands of eye surgeries.

Sunil Kumar Dhareshwar, Trustee, Infosys Foundation, said, “We are delighted to team up with Shree Sharadadevi Eye Hospital & Research Centre to provide quality eye care to people who have long been deprived of basic healthcare. By bringing technological advancements like the Mobile Eye Hospital right to the doorstep of the underprivileged, we aim to provide support to address the problems of the community and resolving them as efficiently as possible.”

Swami Japananda, Chairman of Shree Sharadadevi Eye Hospital & Research Centre, Pavagada, said, “The eye care situation in India needs betterment with only one ophthalmologist available for nearly one lakh people in our country. The people / children / students living in rural India are deprived of even basic eye care. We thank Infosys Foundation for sponsoring the first ever hi-tech mobile eye hospital in Karnataka state to help thousands of people with eye care in Pavagada (in Tumkur), which has been a predominantly rural and medically deprived area. We hope that with the generous and precious support of Infosys Foundation, we are able to reach the needy patients in other inaccessible and interior parts of the state.”

About Shree Sharadadevi Eye Hospital & Research Centre, Pavagada

The Shree Sharadadevi Eye Hospital & Research Centre has been providing outstanding services for eye diseases for the deprived rural communities of the Karnataka-Andhra border region of Pavagada, since 2002. It has succeeded in providing the best ophthalmic treatment, especially cataract surgeries, through latest equipment and a highly qualified and dedicated medical team, at zero cost to the poorest of villagers.

The hospital is also involved in research and outreach initiatives in order to address the deeper issues behind the health care deprivation of marginalized people.

About Infosys Foundation
Established in 1996, the Infosys Foundation supports programs in the areas of education, rural development, healthcare, arts and culture, and destitute care. Its mission is to work in remote regions of several states in India. The Infosys Foundation takes pride in working with all sections of society, selecting projects with infinite care, and working in areas that are traditionally overlooked by society at large.

Safe Harbor
Certain statements in this release concerning our future growth prospects, financial expectations and plans for navigating the COVID-19 impact on our employees, clients and stakeholders are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding COVID-19 and the effects of government and other measures seeking to contain its spread, risks related to an economic downturn or recession in India, the United States and other countries around the world, changes in political, business, and economic conditions, fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India and the US, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry and the outcome of pending litigation and government investigation. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2022. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
