PRESS RELEASE

Infosys Science Foundation to Announce the Winners of the 12th Infosys Prize

Six winners to be recognized for their contribution towards science and research

Bengaluru, India – November 17, 2020: Infosys Science Foundation (ISF) will announce the winners of the Infosys Prize 2020 on the evening of December 02, 2020, virtually. The Infosys Prize, which was instituted to elevate the prestige of science and research, also aims to inspire the youth to choose a vocation in research. The prize for each category comprises a pure gold medal, a citation, and a prize purse of USD 100,000 (or its equivalent in Rupees) this year.

Infosys Science Foundation will facilitate scholars across six categories - Engineering and Computer Sciences, Humanities, Life Sciences, Mathematical Sciences, Physical Sciences, and Social Sciences. A distinguished jury, comprising of leaders in each of these fields, evaluates the work of the nominees against the standards of international research, placing the winners on par with the finest researchers in the world.

"Over the last 12 years, the Infosys Prize has chosen the very best contemporary researchers and scientists who have gone on to distinguish themselves further. This reaffirms our faith in our process and purpose. We realized that there was a serious need to bring science to the fore and make it fashionable again, especially for the younger generation who need to see contemporary role models in these fields and be inspired by them," said **N.R. Narayana Murthy, Founder, Infosys, President - Board of Trustees, Infosys Science Foundation**.

Since its inception in 2009, Infosys Science Foundation has felicitated works of 68 laureates from not just institutes like the IITs, IISc, ISIs, and NCBS but also CSIR labs across the county, niche research institutes like JNCSAR and Harish Chandra Research Institute, among others. Last year, this time, Abhijit Banerjee and Esther Duflo, early winners of this Prize, won the Nobel memorial prize in Economics. Manjul Bhargava and Akshay Venkatesh went on to win the Fields Medal – one of the highest honors in mathematics given only once in four years to those under 40 years of age. Gagandeep Kang became the first woman from India to be elected as a member of the Royal Society. This year, Ashoke Sen and Thanu Padmanabhan, who were awarded Infosys Prize in 2009, made it to the top 30 in their field in a list of top 2 percent leading scientists in the world, according to a paper published by Stanford researchers.

Winners for this year will be announced and felicitated in a virtual ceremony on December 2, 2020.

Agenda of the event:

- Opening address by N. R. Narayana Murthy- Founder, Infosys, President - Board of Trustees, Infosys Science Foundation
- Address by the chief guest – Abel Prize winner, S R Srinivasa Varadhan
- Announcement of winners across six categories by the chairs of each jury panel
- Vote of thanks by Salil Parekh – CEO and MD, Infosys

About the Infosys Science Foundation

The Infosys Prize is awarded by the Infosys Science Foundation, a not-for-profit trust set up in 2009. The award is given annually to honor outstanding achievements of contemporary researchers and scientists across six categories: Engineering and Computer Sciences, Humanities, Life Sciences, Mathematical Sciences, Physical Sciences and Social Sciences. Each prize consists of a gold medal, a citation and a purse of USD 100,000. The award intends to celebrate success in research and stand as a marker of excellence in these fields.

Safe Harbor

Certain statements in this release concerning our future growth prospects, financial expectations and plans for navigating the COVID-19 impact on our employees, clients and stakeholders are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding COVID-19 and the effects of government and other measures seeking to contain its spread, risks related to an economic downturn or recession in India, the United States and other countries around the world, changes in political, business, and economic conditions, fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental

fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry and the outcome of pending litigation and government investigation. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2020. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
