July 24, 2022

Dear Sir, Madam,

Sub: Outcome of Board meeting

This has reference to our letter dated June 28, 2022 regarding the captioned subject. The Board, at their meeting held on July 23-24, 2022, transacted the following items of business:

Financial Results

1. Approved the audited consolidated financial results of the Company and its subsidiaries as per Indian Accounting Standards (INDAS) for the quarter ending June 30, 2022;
2. Approved the audited standalone financial results of the Company as per INDAS for the quarter ended June 30, 2022;
3. Approved the audited financial statements of the Company and its subsidiaries as per INDAS and IFRS for the quarter ended June 30, 2022;

Other matters

4. Grant of stock incentive units:

Shareholders at the 41st AGM held on June 25, 2022 have reappointed Salil Parekh as the CEO and MD of the Company for a term commencing on July 1, 2022 and ending on March 31, 2027 on the terms and conditions, including the remuneration payable as contained in the 41st AGM Notice.

In line with the shareholders' approval and revised employment contract which is effective July 1, 2022, the Board, on July 24, 2022, based on the recommendations of the Nomination and Remuneration Committee, approved:

- i. The grant of annual performance-based stock incentives (Annual Performance Equity Grant) of Restricted Stock Units (RSU's) amounting to ₹21.75 crore for the financial year 2023 under the 2015 Stock Incentive Compensation Plan (2015 plan). These RSUs will vest 12 months from the date of grant subject to achievement of certain strategic milestones as determined by the Board. This is in addition to the grants made on May 2, 2022 amounting to ₹13 crore resulting in a total grant of ₹34.75 crore for fiscal 2023.
- ii. The grant of annual performance-based stock incentives (Annual performance equity ESG grant) in the form of RSU's covering Company's equity shares having a market value of ₹2 crore as on the date of the grant under the 2015 Plan, which shall vest 12 months from the date of the grant subject to the Company's achievement of certain environment, social and governance milestones as determined by the Board.

investors@infosys.com

www.infosys.com

- iii. The grant of annual performance-based stock incentives (Annual performance Equity TSR grant) in the form of RSU's covering Company's equity shares having a market value of ₹5 crore as on the date of the grant under the 2015 Plan, which shall vest after March 31, 2025 subject to the Company's performance on cumulative relative TSR over the years and as determined by the Board.

The above RSUs will be granted w.e.f August 1, 2022 and the number of RSU's will be calculated based on the market price at the close of trading on August 1, 2022.

5. Allotment of equity shares pursuant to exercise of RSU's:

Allotted 97,309 equity shares, pursuant to exercise of RSU's by eligible employees as hereunder:

- 921 equity shares under the 2015 Stock Incentive Compensation Plan;
- 96,388 equity shares under the Infosys Expanded Stock Ownership Program 2019.

Consequently, on July 24, 2022, the issued and subscribed share capital of the Company stands increased to ₹ 21,038,590,140/- divided into 4,207,718,028 equity shares of ₹5/- each.

The Board meeting was held on July 23 and July 24, 2022. The Board meeting on July 24, 2022 commenced at 2.30 p.m. IST and concluded at 5.40 p.m. We are enclosing herewith the financial results and press release for your information and record. The same will also be made available on the Company's website www.infosys.com.

Yours sincerely,

For **Infosys Limited**

INDEPENDENT AUDITOR'S REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF INFOSYS LIMITED

Opinion

We have audited the accompanying Statement of Consolidated Financial Results of **INFOSYS LIMITED** (the “Company”) and its subsidiaries (the Company and its subsidiaries together referred to as the “Group”) for the quarter ended June 30, 2022, (the “Statement”) being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the “Listing Regulations”).

In our opinion and to the best of our information and according to the explanations given to us, the Statement:

- i. includes the results of the entities as given in the Annexure to this report;
- ii. is presented in accordance with the requirements of Regulation 33 of the Listing Regulations; and
- iii. gives a true and fair view in conformity with the recognition and measurement principles laid down in the Indian Accounting Standard 34 “Interim Financial Reporting” (“Ind AS 34”) prescribed under section 133 of the Companies Act, 2013 (the “Act”) read with relevant rules issued thereunder and other accounting principles generally accepted in India of the consolidated net profit and consolidated total comprehensive income and other financial information of the Group for the quarter ended June 30, 2022.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (“SA”s) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in Auditor’s Responsibilities for audit of the consolidated financial results section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the consolidated financial results for the quarter ended June 30, 2022 under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

Management’s Responsibilities for the Consolidated Financial Results

This Statement, which is the responsibility of the Company’s Management and approved by the Company’s Board of Directors, has been compiled from the related audited interim condensed consolidated financial statements for the quarter ended June 30, 2022. This responsibility includes the preparation and presentation of these consolidated financial results for the quarter ended June 30, 2022 that give a true and fair view of the consolidated net profit and consolidated other comprehensive income and other financial information of the Group in accordance with the recognition and measurement principles laid down in the Ind AS 34, prescribed under Section 133 of the Act, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations.

1

The respective Boards of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial results by the Directors of the Company, as aforesaid.

In preparing the consolidated financial results, the respective Boards of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Boards of Directors either intends to liquidate their respective entities or to cease operations, or have no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for Audit of the Consolidated Financial Results

Our objectives are to obtain reasonable assurance about whether the consolidated financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.
- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under Regulation 33 of the Listing Regulations.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial results or, if such disclosures are inadequate, to modify our opinion.

Deloitte Haskins & Sells LLP

Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial results, including the disclosures, and whether the consolidated financial results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial results. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial results of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial results.

We communicate with those charged with governance of the Company and such other entities included in the consolidated financial results of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

INDEPENDENT AUDITOR’S REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF INFOSYS LIMITED

Opinion

We have audited the accompanying Statement of Standalone Financial Results of **INFOSYS LIMITED** (the “Company”), for the quarter ended June 30, 2022, (the “Statement”), being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the “Listing Regulations”).

In our opinion and to the best of our information and according to the explanations given to us, the Statement:

- a. is presented in accordance with the requirements of Regulation 33 of the Listing Regulations; and
- b. gives a true and fair view in conformity with the recognition and measurement principles laid down in the Indian Accounting Standard 34 “Interim Financial Reporting” (“Ind AS 34”) prescribed under section 133 of the Companies Act, 2013 (the “Act”) read with relevant rules issued thereunder and other accounting principles generally accepted in India of the net profit and total comprehensive income, and other financial information of the Company for the quarter ended June 30, 2022.

Basis for Opinion

We conducted our audit of the Statement in accordance with the Standards on Auditing (“SA”s) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in Auditor’s Responsibilities for the Audit of the Standalone Financial Results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the standalone financial results for the quarter ended June 30, 2022 under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

Management’s Responsibilities for the Standalone Financial Results

This Statement, which is the responsibility of the Company’s Management and approved by the Board of Directors, has been compiled from the related audited interim condensed standalone financial statements for the quarter ended June 30, 2022. This responsibility includes the preparation and presentation of the standalone financial results for the quarter ended June 30, 2022 that give a true and fair view of the net profit and other comprehensive income and other financial information of the Company in accordance with the recognition and measurement principles laid down in Ind AS 34, prescribed under Section 133 of the Act, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to

the preparation and presentation of the standalone financial results that give a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the standalone financial results, the Board of Directors is responsible for assessing the Company's ability, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the standalone financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.
- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under Regulation 33 of the Listing Regulations.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial results, including the disclosures, and whether the standalone financial results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the standalone financial results of the Company to express an opinion on the standalone financial results.

Deloitte Haskins & Sells LLP

Materiality is the magnitude of misstatements in the standalone financial results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial results.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

1. Notes pertaining to the current quarter

a) The audited interim condensed consolidated financial statements for the quarter ended June 30, 2022 have been taken on record by the Board of Directors at its meeting held on July 24, 2022. **The statutory auditors, Deloitte Haskins & Sells LLP have expressed an unmodified audit opinion.** The information presented above is extracted from the audited interim condensed consolidated financial statements. These interim condensed consolidated financial statements are prepared in accordance with the Indian Accounting Standards (Ind-AS) as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules thereafter.

b) Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The Group has considered the possible effects that may result from the pandemic relating to COVID-19 and does not expect any material impact on the recoverability of the financial and non financial assets.

c) Proposed acquisition

On July 13, 2022, Infosys Consulting Pte. Ltd (a wholly owned subsidiary of Infosys Limited) entered into a definitive agreement to acquire BASE life science A/S, a consulting and technology firm in the life sciences industry in Europe for a total consideration of upto EUR 110 million (approximately ₹906 crore), which includes management incentives, bonuses and retention. This acquisition is expected to augment the Group's life sciences expertise, scale its digital transformation capabilities with cloud based industry solutions and expand its presence in Nordics region and across Europe.

d) Oddity acquisition

On April 20, 2022, Infosys Germany GmbH (a wholly-owned subsidiary of Infosys Consulting Pte. Ltd) acquired 100% voting interests in Oddity GmbH, Oddity Group Services GmbH, Oddity Space GmbH, Oddity Jungle GmbH, Oddity Code GmbH and Oddity Waves GmbH (collectively known as oddity), Germany-based digital marketing, experience, and commerce agency for a total consideration of upto EUR 50 million (approximately ₹420 crore) comprising of cash consideration, contingent consideration and retention bonuses. The payment of contingent consideration is dependent upon the achievement of certain financial targets by oddity.

e) Reappointment of Salil Parekh as a CEO and MD

Shareholders at the 41st AGM held on June 25, 2022 have reappointed Salil Parekh as the CEO and MD of the Company for a term commencing on July 1, 2022 and ending on March 31, 2027 on the terms and conditions, including the remuneration payable as contained in the 41st AGM Notice.

In line with the shareholders approval and revised employment contract which is effective July 1, 2022, the Board, on July 24, 2022, based on the recommendations of the Nomination and Remuneration Committee, approved:

i) The grant of annual performance-based stock incentives (Annual Performance Equity Grant) of Restricted Stock Units (RSU's) amounting to ₹21.75 crore for the financial year 2023 under the 2015 Stock Incentive Compensation Plan (2015 plan). These RSUs will vest 12 months from the date of grant subject to achievement of certain strategic milestones as determined by the Board. This is in addition to the grants made on May 2, 2022 amounting to ₹13 crore resulting in a total grant of ₹34.75 crore for fiscal 2023.

ii) The grant of annual performance-based stock incentives (Annual performance equity ESG grant) in the form of RSU's covering Company's equity shares having a market value of ₹2 crore as on the date of the grant under the 2015 Plan, which shall vest 12 months from the date of the grant subject to the Company's achievement of certain environment, social and governance milestones as determined by the Board.

iii) The grant of annual performance-based stock incentives (Annual performance Equity TSR grant) in the form of RSU's covering Company's equity shares having a market value of ₹5 crore as on the date of the grant under the 2015 Plan, which shall vest after March 31, 2025 subject to the Company's performance on cumulative relative TSR over the years and as determined by the Board.

The above RSUs will be granted w.e.f August 1, 2022 and the number of RSU's will be calculated based on the market price at the close of trading on August 1, 2022.

2. Information on dividends for the quarter ended June 30, 2022

For financial year 2022, the Board recommended a final dividend of ₹16/- (par value of ₹5/- each) per equity share. The same was approved by the shareholders in the Annual General Meeting (AGM) of the Company held on June 25, 2022 and paid on June 28, 2022.

⁽⁴⁾ Life Sciences includes enterprises in Life sciences and Health care

⁽⁵⁾ All other segments include operating segments of businesses in India, Japan, China, Infosys Public Services & other enterprises in Public Services

Notes on segment information

Business segments

Based on the "management approach" as defined in Ind-AS 108 - Operating Segments, the Chief Operating Decision Maker evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments. Accordingly, information has been presented along these business segments. The accounting principles used in the preparation of the financial statements are consistently applied to record revenue and expenditure in individual segments.

Segmental capital employed

Assets and liabilities used in the Group's business are not identified to any of the reportable segments, as these are used interchangeably between segments. The Management believes that it is currently not practicable to provide segment disclosures relating to total assets and liabilities since a meaningful segregation of the available data is onerous.

This Release contains 'forward-looking statements' within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that involve substantial risks and uncertainties. Forward-looking statements generally relate to future events or our future financial or operating performance and that are based on our current expectations, assumptions, estimates and projections about the Company, our industry, economic conditions in the markets in which we operate, and certain other matters. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as 'may', 'anticipate', 'believe', 'estimate', 'expect', 'continue', 'intend', 'will', 'project', 'seek', 'could', 'would', 'should' and similar expressions. Those statements include, among other things, statements regarding our business strategy, our expectations concerning our market position, future operations, growth, margins, profitability, attrition, liquidity, and capital resources, our ESG vision, our capital allocation policy, the effects of COVID-19 on global economic conditions and our business and operations, wage increases, change in the regulations including immigration regulation and policies in the United States. These statements are subject to known and unknown risks, uncertainties and other factors which may cause actual results or outcomes to differ materially from those implied by the forward-looking statements. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2022. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.

* Balances for the quarter ended June 30, 2022 and June 30, 2021 represent balances as per the audited Balance Sheet for the year ended March 31, 2022 and March 31, 2021, respectively as required by SEBI (Listing and Other Disclosure Requirements) Regulations, 2015

** EPS is not annualized for the quarter ended June 30, 2022, quarter ended March 31, 2022 and quarter ended June 30, 2021.

1. Notes pertaining to the current quarter

a) The audited interim condensed standalone financial statements for the quarter ended June 30, 2022 have been taken on record by the Board of Directors at its meeting held on July 24, 2022. The statutory auditors, Deloitte Haskins & Sells LLP have expressed an unmodified audit opinion. The information presented above is extracted from the audited interim condensed standalone financial statements. These interim condensed standalone financial statements are prepared in accordance with the Indian Accounting Standards (Ind-AS) as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules thereafter.

b) Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 and does not expect any material impact on the recoverability of the financial and non financial assets.

c) Reappointment of Salil Parekh as a CEO and MD

Shareholders at the 41st AGM held on June 25, 2022 have reappointed Salil Parekh as the CEO and MD of the Company for a term commencing on July 1, 2022 and ending on March 31, 2027 on the terms and conditions, including the remuneration payable as contained in the 41st AGM Notice.

In line with the shareholders approval and revised employment contract which is effective July 1, 2022, the Board, on July 24, 2022, based on the recommendations of the Nomination and Remuneration Committee, approved:

i) The grant of annual performance-based stock incentives (Annual Performance Equity Grant) of Restricted Stock Units (RSU's) amounting to ₹21.75 crore for the financial year 2023 under the 2015 Stock Incentive Compensation Plan (2015 plan). These RSUs will vest 12 months from the date of grant subject to achievement of certain strategic milestones as determined by the Board. This is in addition to the grants made on May 2, 2022 amounting to ₹13 crore resulting in a total grant of ₹34.75 crore for fiscal 2023.

ii) The grant of annual performance-based stock incentives (Annual performance equity ESG grant) in the form of RSU's covering Company's equity shares having a market value of ₹2 crore as on the date of the grant under the 2015 Plan, which shall vest 12 months from the date of the grant subject to the Company's achievement of certain environment, social and governance milestones as determined by the Board.

iii) The grant of annual performance-based stock incentives (Annual performance Equity TSR grant) in the form of RSU's covering Company's equity shares having a market value of ₹5 crore as on the date of the grant under the 2015 Plan, which shall vest after March 31, 2025 subject to the Company's performance on cumulative relative TSR over the years and as determined by the Board.

The above RSUs will be granted w.e.f August 1, 2022 and the number of RSU's will be calculated based on the market price at the close of trading on August 1, 2022.

2. Information on dividends for the quarter ended June 30, 2022

For financial year 2022, the Board recommended a final dividend of ₹16/- (par value of ₹5/- each) per equity share. The same was approved by the shareholders in the Annual General Meeting (AGM) of the Company held on June 25, 2022 and paid on June 28, 2022.

Chief Executive Officer and Managing Director

This Release contains 'forward-looking statements' within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that involve substantial risks and uncertainties. Forward-looking statements generally relate to future events or our future financial or operating performance and that are based on our current expectations, assumptions, estimates and projections about the Company, our industry, economic conditions in the markets in which we operate, and certain other matters. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as 'may', 'anticipate', 'believe', 'estimate', 'expect', 'continue', 'intend', 'will', 'project', 'seek', 'could', 'would', 'should' and similar expressions. Those statements include, among other things, statements regarding our business strategy, our expectations concerning our market position, future operations, growth, margins, profitability, attrition, liquidity, and capital resources, our ESG vision, our capital allocation policy, the effects of COVID-19 on global economic conditions and our business and operations, wage increases, change in the regulations including immigration regulation and policies in the United States. These statements are subject to known and unknown risks, uncertainties and other factors which may cause actual results or outcomes to differ materially from those implied by the forward-looking statements. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2022. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.

Industry leading revenue growth in Q1 lays robust foundation for the year
FY 23 Revenue guidance increased to 14%-16%. Margin guidance retained at 21%-23%

Bengaluru, India – July 24, 2022: Infosys (NSE, BSE, NYSE: INFY), a global leader in next-generation digital services and consulting, delivered a robust performance in Q1 with year-on-year growth at 21.4% and sequential growth at 5.5% in constant currency. Year on year growth was in double digits across all business segments in constant currency terms. Digital accounted for 61.0% of overall revenues, growing at 37.5% in constant currency. Net hiring was strong at 21,171. Operating margin for the quarter was 20.1%, with Free Cash Flow conversion at 95.2% of net profit.

“Our strong overall performance in Q1 amidst an uncertain economic environment is a testament to our innate resilience as an organization, our industry-leading digital capabilities and continued client-relevance. We continue to gain market share and see a significant pipeline driven by our Cobalt cloud capabilities and differentiated digital value proposition”, said **Salil Parekh, CEO and MD**. “We are investing in rapid talent expansion while ensuring rewarding careers for our employees, to better serve evolving market opportunities. This has resulted in a strong performance in Q1 and increase in FY 23 revenue guidance to 14%-16%”, he added.

37.5% YoY CC Digital growth	21.4% YoY 5.5% QoQ CC Revenue growth	20.0% Operating margin (\$ terms)	4.4% YoY Increase in EPS (₹ terms)	\$1.7 bn Large deal TCV
---------------------------------------	--	--	---	-----------------------------------

1. Key highlights for the quarter ended June 30, 2022

- Revenues in CC terms grew by 21.4% YoY and 5.5% QoQ
- Reported revenues at ₹34,470 crore, growth of 23.6% YoY
- Digital revenues at 61.0% of total revenues, YoY CC growth of 37.5%
- Operating margin at 20.1%, decline of 3.6% YoY and decline of 1.4% QoQ
- Basic EPS at ₹12.78, growth of 4.4% YoY
- FCF at ₹5,106 crore; FCF conversion at 95.2% of net profit

“We are fueling the strong growth momentum with strategic investments in talent through hiring and competitive compensation revisions. While this will impact margins in the immediate term, it is expected to reduce attrition levels and position us well for future growth. We continue to optimize various cost levers to drive efficiency in operations”, said **Nilanjan Roy, Chief Financial Officer**. “Continued high focus on cash led to strong FCF to net profit conversion at 95.2% and improvement in ROE to 31.0%”, he added

2. Client Wins & Testimonials

- Infosys and Rolls-Royce extended their strategic collaboration with the launch of a joint 'Aerospace Engineering and Digital Innovation Centre' in Bengaluru, India. Speaking about the new centre, **Kishore Jayaraman, President – India and South Asia, Rolls-Royce**, said, "Our strategic partnership with Infosys presents an exciting opportunity for both companies to leverage combined strengths in engineering and digital innovation to accelerate growth in the civil aerospace market. Given the aerospace sector is poised for revival and growth in India and across the world, this joint innovation centre will strengthen Rolls-Royce's global engineering ecosystem and position us well for the future."
- Infosys launched the Infosys Cobalt Financial Services Cloud, an industry cloud platform for enterprises across the financial services industry to accelerate business value in the cloud. **Dave Cosgrove, Global Head of Settlements & Middle Office, MarketAxess**, said, "MarketAxess is leveraging the Infosys Cobalt Financial Services Cloud platform for reconciliation as a service on cloud. This is helping us scale the reconciliation process on-demand while improving accuracy and transparency. Leveraging the reconciliation service on Infosys Cobalt Financial Services Cloud enabled us to go-live quickly without significant capex investments and ongoing maintenance thereby, bringing the power of cloud agility and usage-based pricing model to a critical business process."
- Infosys and Google Cloud have been selected by Backcountry to help them deliver seamless and secure digital experiences for outdoor enthusiasts. **Vismay Thakkar, VP of Technology, Backcountry**, said, "As we enter the Spring season and our customers embark on more outdoor adventures, we anticipate heightened demand for our products, which is why we're opening new brick-and-mortar stores to meet their needs in any format. Infosys offers the necessary skills and resources to deliver a secure and seamless customer experience, virtually or in-person, which is why our collaboration is proving to be so powerful."
- Infosys collaborated with TK Elevator to revamp their digital workplace management, network security, and IT infrastructure, powered by Infosys Cobalt. **Susan Poon, Global CIO at TK Elevator**, said, "At TK Elevator, IT infrastructure is the core of our digital initiatives, and we continuously strive to provide state-of-the-art user services. With Infosys as a strategic partner, we are confident to achieve our target of automation, innovation, and efficiency across the IT landscape."
- EisnerAmper, one of the largest accounting, tax, and business advisory firms in the U.S., selected RISE with SAP. **Sanjay Desai, CTO EisnerAmper** said, "Infosys is implementing a flexible and scalable solution like SAP S/4HANA Public Cloud to help EisnerAmper meet their growth ambitions over the coming years."

INDEPENDENT AUDITOR’S REPORT

TO THE BOARD OF DIRECTORS OF INFOSYS LIMITED

Report on the Audit of the Interim Condensed Consolidated Financial Statements

Opinion

We have audited the accompanying Interim condensed consolidated financial statements of **INFOSYS LIMITED** (the “Company”) and its subsidiaries (the Company and its subsidiaries together referred to as the “Group”), which comprise the Condensed Consolidated Balance Sheet as at June 30, 2022, the Condensed Consolidated Statement of Comprehensive Income, the Condensed Consolidated Statement of Changes in Equity and the Condensed Consolidated Statement of Cash Flows for the three months ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the “interim condensed consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid interim condensed consolidated financial statements give a true and fair view in conformity with International Accounting Standard 34 “Interim Financial Reporting” (“IAS 34”) as issued by the International Accounting Standards Board (“IASB”), of the consolidated state of affairs of the Group as at June 30, 2022, the consolidated profit and consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the three months ended on that date.

Basis for Opinion

We conducted our audit of the interim condensed consolidated financial statements in accordance with the Standards on Auditing (“SA”s) issued by the Institute of Chartered Accountants of India (“ICAI”). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the interim condensed consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the ICAI and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the interim condensed consolidated financial statements.

Management’s Responsibilities for the Interim Condensed Consolidated Financial Statements

The Company’s Board of Directors is responsible for the preparation and presentation of these interim condensed consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with IAS 34 as issued by the IASB. The respective Boards of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records for safeguarding assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were

operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective interim financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the interim condensed consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the interim condensed consolidated financial statements, the respective Boards of Directors of the companies included in the Group are responsible for assessing ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Boards of Directors either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Interim Condensed Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the interim condensed consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these interim condensed consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the interim condensed consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on effectiveness of the Company's internal financial controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the interim condensed consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the interim condensed consolidated financial statements, including the disclosures, and whether the interim condensed consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the interim condensed consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the interim condensed consolidated financial statements of which we are independent auditors.

Materiality is the magnitude of misstatements in the interim condensed consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the interim condensed consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the interim condensed consolidated financial statements.

We communicate with those charged with governance of the Company and such other entities included in the interim condensed consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Condensed Consolidated Statement of Cash Flows

Accounting Policy

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated. The Group considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

Infosys Limited and Subsidiaries

Overview and Notes to the Interim Condensed Consolidated Financial Statements

1. Overview

1.1 Company overview

Infosys Limited ('the Company' or Infosys) provides consulting, technology, outsourcing and next-generation digital services, to enable clients to execute strategies for their digital transformation. Infosys strategic objective is to build a sustainable organization that remains relevant to the agenda of clients, while creating growth opportunities for employees and generating profitable returns for investors. Infosys strategy is to be a navigator for our clients as they ideate, plan and execute on their journey to a digital future.

Infosys together with its subsidiaries and controlled trusts is herein after referred to as the "Group".

The company is a public limited company incorporated and domiciled in India and has its registered office at Electronics city, Hosur Road, Bengaluru 560100, Karnataka, India. The company has its primary listings on the BSE Ltd. and National Stock Exchange of India Limited in India. The company's American Depositary Shares (ADS) representing equity shares are listed on the New York Stock Exchange (NYSE).

The Group's interim condensed consolidated financial statements are authorized for issue by the company's Board of Directors on July 24, 2022.

1.2 Basis of preparation of financial statements

The interim condensed consolidated financial statements have been prepared in compliance with IAS 34, Interim Financial Reporting as issued by International Accounting Standards Board, under the historical cost convention on the accrual basis except for certain financial instruments which have been measured at fair values. Accordingly, these interim condensed consolidated financial statements do not include all the information required for a complete set of financial statements. These interim condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and related notes included in the company's Annual Report on Form 20-F for the year ended March 31, 2022. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1.3 Basis of consolidation

Infosys consolidates entities which it owns or controls. The interim condensed consolidated financial statements comprise the financial statements of the company, its controlled trusts and its subsidiaries. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation. The financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the company, are excluded.

1.4 Use of estimates and judgments

The preparation of the interim condensed consolidated financial statements in conformity with IFRS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the interim condensed consolidated financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note 1.5. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates and judgements are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the interim condensed consolidated financial statements.

Infosys Limited and Subsidiaries

Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The Group has considered the possible effects that may result from the COVID-19 pandemic in the preparation of these interim condensed consolidated financial statements including the recoverability of carrying amounts of financial and non-financial assets and does not expect any material impact on its recoverability.

1.5 Critical accounting estimates and judgements

a. Revenue recognition

The Group's contracts with customers include promises to transfer multiple products and services to a customer. Revenues from customer contracts are considered for recognition and measurement when the contract has been approved, in writing, by the parties to the contract, the parties to contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. The Group assesses the services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligations to determine the deliverables and the ability of the customer to benefit independently from such deliverables, and allocation of transaction price to these distinct performance obligations involves significant judgement.

Fixed price maintenance revenue is recognized ratably on a straight-line basis when services are performed through an indefinite number of repetitive acts over a specified period. Revenue from fixed price maintenance contract is recognized ratably using a percentage of completion method when the pattern of benefits from the services rendered to the customer and Group's costs to fulfil the contract is not even through the period of the contract because the services are generally discrete in nature and not repetitive. The use of method to recognize the maintenance revenues requires judgment and is based on the promises in the contract and nature of the deliverables.

The Group uses the percentage-of-completion method in accounting for other fixed-price contracts. Use of the percentage-of-completion method requires the Group to determine the actual efforts or costs expended to date as a proportion of the estimated total efforts or costs to be incurred. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. The estimation of total efforts or costs involves significant judgement and is assessed throughout the period of the contract to reflect any changes based on the latest available information.

Contracts with customers includes subcontractor services or third-party vendor equipment or software in certain integrated services arrangements. In these types of arrangements, revenue from sales of third-party vendor products or services is recorded net of costs when the Group is acting as an agent between the customer and the vendor, and gross when the Group is the principal for the transaction. In doing so, the Group first evaluates whether it controls the good or service before it is transferred to the customer. The Group considers whether it has the primary obligation to fulfil the contract, inventory risk, pricing discretion and other factors to determine whether it controls the goods or service and therefore, is acting as a principal or an agent.

Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract.

b. Income taxes

The Group's two major tax jurisdictions are India and the U.S., though the company also files tax returns in other overseas jurisdictions.

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

In assessing the realizability of deferred income tax assets, management considers whether some portion or all of the deferred income tax assets will not be realized. The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the scheduled reversals of deferred income tax liabilities, projected future taxable income and tax planning strategies in making this assessment. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, management believes that the group will realize the benefits of those deductible differences. The amount of the deferred income tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry forward period are reduced (Refer to note 2.12).

c. Business combinations and intangible assets

Business combinations are accounted for using IFRS 3 (Revised), Business Combinations. IFRS 3 requires us to fair value identifiable intangible assets and contingent consideration to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Estimates are required to be made in determining the value of contingent consideration, value of option arrangements and

Infosys Limited and Subsidiaries

intangible assets. These valuations are conducted by external valuation experts. These measurements are based on information available at the acquisition date and are based on expectations and assumptions that have been deemed reasonable by management. (refer to note 2.10)

d. Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology (Refer to note 2.7).

e. Impairment of Goodwill

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit (CGUs) is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs which benefit from the synergies of the acquisition and which represent the lowest level at which goodwill is monitored for internal management purposes.

The recoverable amount of CGUs is determined based on higher of value-in-use and fair value less cost to sell. Key assumptions in the cash flow projections are prepared based on current economic conditions and comprises estimated long term growth rates, weighted average cost of capital and estimated operating margins (Refer to note 2.9).

1.6 Recent accounting pronouncements

New and revised IFRS Standards in issue but not yet effective:

Amendments to IAS 8, Accounting Policies, Changes in Accounting Estimates and Errors	Definition of Accounting Estimates
Amendments to IAS 1 Presentation of Financial Statements	Disclosure of Accounting Policies
Amendments to IAS 12 Income Taxes	Deferred Tax related to Assets and Liabilities arising from a Single Transaction

Amendments to IAS 8

On February 12, 2021 International Accounting Standards Board (IASB) has issued amendments to IAS 8 Accounting Policies, Changes in Accounting estimates and Errors which introduced a definition of 'accounting estimates' and included amendments to IAS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates.

The effective date for adoption of this amendment is annual periods beginning on or after January 1, 2023, although early adoption is permitted. The Group has evaluated the amendment and there is no impact on its consolidated financial statements.

Amendments to IAS 1

On February 12, 2021 International Accounting Standards Board (IASB) has issued amendments to IAS 1 Presentation of Financial Statements and IFRS Practice Statement 2 Making Materiality Judgements which requires the entities to disclose their material accounting policies rather than their significant accounting policies.

The effective date for adoption of this amendment is annual periods beginning on or after January 1, 2023, although early adoption is permitted. The Group is in the process of evaluating the impact of the amendment.

Amendments to IAS 12

On May 7, 2021, International Accounting Standards Board (IASB) has issued amendment to IAS 12 Income Taxes which narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences.

The effective date for adoption of this amendment is annual periods beginning on or after January 1, 2023, although early adoption is permitted. The Group is in the process of evaluating the impact of the amendment.

Infosys Limited and Subsidiaries

2. Notes to the Interim Condensed Consolidated Financial Statements

2.1 Cash and cash equivalents

Cash and cash equivalents consist of the following:

Particulars	<i>(Dollars in millions)</i>	
	As at	
	June 30, 2022	March 31, 2022
Cash and bank deposits	1,416	1,840
Deposits with financial institutions	355	465
Total Cash and cash equivalents	1,771	2,305

Cash and cash equivalents as at June 30, 2022 and March 31, 2022 include restricted cash and bank balances of \$53 million and \$62 million, respectively. The restrictions are primarily on account of bank balances held by irrevocable trusts controlled by the company and bank balances held as margin money deposits against guarantees.

The deposits maintained by the Group with banks and financial institutions comprise of time deposits, which can be withdrawn by the Group at any point without prior notice or penalty on the principal.

Infosys Limited and Subsidiaries

2.2 Investments

The carrying value of investments are as follows:

Particulars	(Dollars in millions)	
	As at	
	June 30, 2022	March 31, 2022
(i) Current investments		
Amortized cost		
Quoted debt securities	28	29
Fair value through profit or loss		
Liquid Mutual funds units	213	266
Fair Value through Other comprehensive		
Quoted debt securities	217	133
Certificate of deposits	533	452
Commercial paper	36	-
Total current investments	1,027	880
(ii) Non-current investments		
Amortized cost		
Quoted debt securities	240	251
Fair value through Other comprehensive income		
Quoted debt securities	1,376	1,501
Unquoted equity and preference securities	26	26
Fair value through profit or loss		
Unquoted Preference securities	3	3
Unquoted Compulsorily convertible debentures	-	1
Others ⁽¹⁾	19	19
Total Non-current investments	1,664	1,801
Total investments	2,691	2,681
Investment carried at amortized cost	268	280
Investments carried at fair value through other comprehensive income	2,188	2,112
Investments carried at fair value through profit or loss	235	289

⁽¹⁾Uncalled capital commitments outstanding as on June 30, 2022 and March 31, 2022 was \$12 million and \$4 million, respectively.

Refer note 2.3 for accounting policies on financial instruments.

Method of fair valuation:
(Dollars in millions)

Class of investment	Method	Fair value	
		As at June 30, 2022	As at March 31, 2022
Liquid mutual fund units	Quoted price	213	266
Quoted debt securities- carried at amortized cost	Quoted price and market observable inputs	299	323
Quoted debt securities- carried at Fair value through other comprehensive income	Quoted price and market observable inputs	1,593	1,634
Commercial Paper	Market observable inputs	36	-
Certificate of deposits	Market observable inputs	533	452
Unquoted equity and preference securities carried at fair value through other comprehensive income	Discounted cash flows method, Market multiples method, Option pricing model	26	26
Unquoted equity and preference securities - carried at fair value through profit or loss	Discounted cash flows method, Market multiples method, Option pricing model	3	3
Unquoted compulsorily convertible debentures - carried at fair value through profit or loss	Discounted cash flows method	-	1
Others	Discounted cash flows method, Market multiples method, Option pricing model	19	19
		2,722	2,724

Certain quoted investments are classified as Level 2 in the absence of active market for such investments.

Infosys Limited and Subsidiaries

2.3 Financial instruments

Accounting Policy

2.3.1 Initial recognition

The group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

2.3.2 Subsequent measurement

a. Non-derivative financial instruments

(i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets carried at fair value through other comprehensive income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Group has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

(iii) Financial assets carried at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration and financial liability under option arrangements recognized in a business combination which is subsequently measured at fair value through profit or loss.

b. Derivative financial instruments

The group holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for such contracts is generally a bank.

(i) Financial assets or financial liabilities carried at fair value through profit or loss.

This category includes derivative financial assets or liabilities which are not designated as hedges.

Although the group believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under IFRS 9, Financial Instruments. Any derivative that is either not designated as hedge, or is so designated but is ineffective as per IFRS 9, is categorized as a financial asset or financial liability carried at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the statement of comprehensive income when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/ liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

(ii) Cash flow hedge

The group designates certain foreign exchange forward and options contracts as cash flow hedges to mitigate the risk of foreign exchange exposure on highly probable forecast cash transaction.

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedging reserve. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the net profit in the statement of comprehensive income. If the hedging instrument no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the forecasted transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the net profit in the statement of comprehensive income upon the occurrence of the related forecasted transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified to net profit in the condensed consolidated statement of comprehensive income.

2.3.3 Derecognition of financial instruments

The group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under IFRS 9. A financial liability (or a part of a financial liability) is derecognized from the group's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.3.4 Fair value of financial instruments

In determining the fair value of its financial instruments, the group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

Refer to table 'Financial instruments by category' below for the disclosure on carrying value and fair value of financial assets and liabilities. For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximate fair value due to the short maturity of these instruments.

2.3.5 Impairment

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets and unbilled revenue which are not fair valued through profit or loss. Loss allowance for trade receivables and unbilled revenues with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The Group determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Group considers current and anticipated future economic conditions relating to industries the Group deals with and the countries where it operates.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recorded is recognized as an impairment gain or loss in condensed consolidated statement of comprehensive income.

Infosys Limited and Subsidiaries

Financial instruments by category

The carrying value and fair value of financial instruments by categories as at June 30, 2022 were as follows:

							(Dollars in millions)
Particulars	Amortized cost	Financial assets/liabilities at fair value through profit or loss		Financial assets/liabilities at fair value through OCI		Total carrying value	Total fair value
		Designated upon initial recognition	Mandatory	Equity instruments designated upon initial recognition	Mandatory		
Assets:							
Cash and cash equivalents (Refer to Note 2.1)	1,771	-	-	-	-	1,771	1,771
Investments (Refer to Note 2.2)							
Liquid mutual fund units	-	-	213	-	-	213	213
Quoted debt securities	268	-	-	-	1,593	1,861	1,892
Certificate of deposits	-	-	-	-	533	533	533
Commercial Paper	-	-	-	-	36	36	36
Unquoted equity and preference securities	-	-	3	26	-	29	29
Unquoted investment others	-	-	19	-	-	19	19
Trade receivables	2,917	-	-	-	-	2,917	2,917
Unbilled revenues (Refer to Note 2.17) ⁽³⁾	954	-	-	-	-	954	954
Prepayments and other assets (Refer to Note 2.4)	550	-	-	-	-	550	537
Derivative financial instruments	-	-	5	-	8	13	13
Total	6,460	-	240	26	2,170	8,896	8,914
Liabilities:							
Trade payables	501	-	-	-	-	501	501

Derivative financial instruments	-	-	8	-	-	8	8
Financial liability under option arrangements (Refer to note 2.5)	-	-	86	-	-	86	86
Other liabilities including contingent consideration (Refer to note 2.5)	1,989	-	16	-	-	2,005	2,005
Total	3,256	-	110	-	-	3,366	3,366

⁽¹⁾ On account of fair value changes including interest accrued

⁽²⁾ Excludes interest accrued on quoted debt securities carried at amortized cost of \$12 million.

⁽³⁾ Excludes unbilled revenue for contracts where the right to consideration is dependent on completion of contractual milestones

For trade receivables and trade payables and other assets and payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Infosys Limited and Subsidiaries

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities as at June 30, 2022

(Dollars in millions)				
Particulars	As at June 30, 2022	Fair value measurement at end of the reporting period using		
		Level 1	Level 2	Level 3
Assets				
Investments in liquid mutual fund units (Refer to Note 2.2)	213	213	-	-
Investments in quoted debt securities (Refer to Note 2.2)	1,892	1,501	391	-
Investments in certificate of deposit (Refer to Note 2.2)	533	-	533	-
Investments in commercial paper (Refer to Note 2.2)	36	-	36	-
Investments in unquoted equity and preference securities (Refer to Note 2.2)	29	-	-	29
Investments in unquoted investments others (Refer to Note 2.2)	19	-	-	19
Derivative financial instruments - gain on outstanding foreign exchange forward and option contracts	13	-	13	-
Liabilities				
Derivative financial instruments - loss on outstanding foreign exchange forward and option contracts	28	-	28	-
Financial liability under option arrangements	81	-	-	81
Liability towards contingent consideration (Refer to note 2.5)*	13	-	-	13

*Discount rate pertaining to contingent consideration ranges from 9% to 15.5%

During the three months ended June 30, 2022, quoted debt securities of \$67 million were transferred from Level 2 to Level 1 of fair value hierarchy, since these were valued based on quoted price and quoted debt securities of \$234 million were transferred from Level 1 to Level 2 of fair value hierarchy, since these were valued based on market observable inputs.

Infosys Limited and Subsidiaries

The following table presents fair value hierarchy of assets and liabilities as at March 31, 2022

Particulars	As at March 31,	(Dollars in millions)		
		Fair value measurement at end of the reporting period using		
		Level 1	Level 2	Level 3
Assets				
Investments in liquid mutual fund units (Refer to Note 2.2)	266	266	-	-
Investments in quoted debt securities (Refer to Note 2.2)	1,957	1,721	236	-
Investments in unquoted equity and preference securities (Refer to Note 2.2)	29	-	-	29
Investments in certificate of deposit (Refer to Note 2.2)	452	-	452	-
Investments in unquoted investments others (Refer to Note 2.2)	19	-	-	19
Investments in unquoted compulsorily convertible debentures (Refer to Note 2.2)	1	-	-	1
Derivative financial instruments- gain on outstanding foreign exchange forward and option contracts	19	-	19	-
Liabilities				
Derivative financial instruments- loss on outstanding foreign exchange forward and option contracts	8	-	8	-
Financial liability under option arrangements (Refer to Note 2.5)	86	-	-	86
Liability towards contingent consideration (Refer to Note 2.5)*	16	-	-	16

*Discount rate pertaining to contingent consideration ranges from 8% to 14.5%

During the year ended March 31, 2022 quoted debt securities of \$76 million were transferred from Level 2 to Level 1 of fair value hierarchy, since these were valued based on quoted price and quoted debt securities of \$127 million were transferred from Level 1 to Level 2 of fair value hierarchy, since these were valued based on market observable inputs.

A one percentage point change in the unobservable inputs used in fair valuation of Level 3 assets and liabilities does not have a significant impact in its value.

Majority of investments of the Group are fair valued based on Level 1 or Level 2 inputs. These investments primarily include investment in liquid mutual fund units, quoted debt securities, certificates of deposit, commercial paper, quoted bonds issued by government and quasi government organizations. The Group invests after considering counterparty risks based on multiple criteria including Tier I Capital, Capital Adequacy Ratio, credit rating, profitability, NPA levels and deposit base of banks and financial institutions. These risks are monitored regularly as per Group's risk management program.

Total prepayment and other assets	1,590	1,462
Financial assets in prepayments and other assets	550	526

⁽¹⁾ Non financial assets

Withholding taxes and others primarily consist of input tax credits and Cenvat recoverable from Government of India.

Deposit with corporation represents amounts deposited to settle certain employee-related obligations as and when they arise during the normal course of business.

Includes technology assets taken over by the Group from a customer as a part of transformation project which is not considered as distinct goods or services and the control related to the assets is not transferred to the Group in accordance with IFRS 15 - Revenue from contract with customers. Accordingly, the same has been considered as a reduction to the total contract value and accounted as Deferred contract cost. The Group has entered in to financing arrangements with a third party for these assets. As at June 30, 2022, the financial liability pertaining to such arrangements amounts to \$109 million. During the three months ended June 30, 2022, \$2 million was settled directly by the third party to the customer on behalf of the Group and accordingly considered as non-cash transaction (Refer to note 2.5)

Infosys Limited and Subsidiaries

2.5 Other liabilities

Other liabilities comprise the following:

Particulars	As at	
	June 30, 2022	March 31, 2022
Current		
Accrued compensation to employees	599	536
Accrued defined benefit liability ⁽¹⁾	-	1
Accrued expenses	1,057	986
Withholding taxes and others ⁽¹⁾	368	374
Retention money	1	2
Liabilities of controlled trusts	27	28
Deferred income - government grants ⁽¹⁾	1	1
Liability towards contingent consideration	9	9
Capital creditors	34	57
Other financial liabilities [#]	235	176
Total Current other liabilities	2,331	2,170
Non-Current		
Liability towards contingent consideration	4	7
Accrued compensation to employees	1	1
Accrued expenses	127	125
Accrued defined benefit liability ⁽¹⁾	62	50
Deferred income - government grants ⁽¹⁾	8	8
Deferred income ⁽¹⁾	2	1
Financial liability under option arrangements	81	86
Other non financial liabilities ⁽¹⁾	1	1
Other financial liabilities [#]	68	77
Total Non-current other liabilities	354	356
Total other liabilities	2,685	2,526
Financial liabilities included in other liabilities	2,243	2,090
Financial liability towards contingent consideration on an undiscounted basis	15	17

⁽¹⁾ Non financial liabilities

Accrued expenses primarily relate to cost of technical sub-contractors, telecommunication charges, legal and professional charges, brand building expenses, overseas travel expenses and office maintenance.

Deferred contract cost (in note 2.4) includes technology assets taken over by the Group from a customer as a part of transformation project which is not considered as distinct goods or services and the control related to the assets is not transferred to the Group in accordance with IFRS 15 - Revenue from contract with customers. Accordingly, the same has been considered as a reduction to the total contract value and accounted as Deferred contract cost. The Group has entered in to financing arrangements with a third party for these assets. As at June 30, 2022, the financial liability pertaining to such arrangements amounts to \$109 million. During the three months ended June 30, 2022, \$2 million was settled directly by the third party to the customer on behalf of the Group and accordingly considered as non-cash transaction.

Infosys Limited and Subsidiaries

2.6 Provisions and other contingencies

Accounting Policy

Provisions

A provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Post sales client support

The Group provides its clients with a fixed-period post sales support for its fixed-price, fixed-timeframe contracts. Costs associated with such support services are accrued at the time related revenues are recorded and included in cost of sales. The Group estimates such costs based on historical experience and estimates are reviewed on a periodic basis for any material changes in assumptions and likelihood of occurrence.

Onerous contracts

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established the Group recognizes any impairment loss on the assets associated with that contract.

Provisions comprise the following:

Particulars	(Dollars in millions)	
	As at	
	June 30, 2022	March 31, 2022
Provision for post sales client support and other provisions	131	129
	131	129

Provision for post sales client support and other provisions majorly represents costs associated with providing sales support services which are accrued at the time of recognition of revenues and are expected to be utilized over a period of 1 year.

Provision for post sales client support and other provisions is included in cost of sales in the condensed consolidated statement of comprehensive income.

As at June 30, 2022 and March 31, 2022, claims against the Group, not acknowledged as debts, (excluding demands from income tax authorities- Refer to Note 2.12) amounted to \$85 million (₹675 crore) and \$84 million (₹640 crore), respectively.

Legal Proceedings

The Group is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Group's management reasonably expects that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Group's results of operations or financial condition.

Infosys Limited and Subsidiaries

2.7 Property, plant and equipment

Accounting Policy

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The charge in respect of periodic depreciation is derived at after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The group depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Building	22-25 years
Plant and machinery ⁽¹⁾	5 years
Computer equipment	3-5 years
Furniture and fixtures	5 years
Vehicles	5 years
Leasehold improvements	Lower of useful life of the asset or lease term

⁽¹⁾ includes solar plant with a useful life of 20 years

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end. The useful lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the statement of comprehensive income when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in net profit in the consolidated statement of comprehensive income.

Impairment

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in net profit in the statement of comprehensive income is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in net profit in the statement of comprehensive income if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

*During the three months ended June 30, 2022, certain assets which were old and not in use having gross book value of \$9 million (net book value: Nil) were retired. During the three months ended June 30, 2021, there were no assets which were retired.

The aggregate depreciation expense is included in cost of sales in the consolidated statement of comprehensive income.

The Group had contractual commitments for capital expenditure primarily comprising of commitments for infrastructure facilities and computer equipments aggregating to \$97 million and \$164 million as at June 30, 2022 and March 31, 2022, respectively.

Infosys Limited and Subsidiaries

2.8 Leases

Accounting Policy

The Group as a lessee

The Group's lease asset classes primarily consist of leases for land, buildings and computers. The group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether: (1) the contract involves the use of an identified asset (2) the group has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

As a lessee, the Group determines the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Infosys's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Infosys Limited and Subsidiaries

The Group as a lessor

Leases for which the group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Following are the changes in the carrying value of right of use assets for the three months ended June 30, 2022

(Dollars in millions)

Particulars	Category of ROU asset				
	Land	Buildings	Vehicle	Computer	Total

Current lease liabilities	112	115
Non-current lease liabilities	655	607
Total	767	722

Infosys Limited and Subsidiaries

2.9 Goodwill and intangible assets

2.9.1 Goodwill

Accounting Policy

Goodwill represents purchase consideration in excess of the Group's interest in the net fair value of identifiable assets, liabilities and contingent liabilities of the acquired entity. When the net fair value of the identifiable assets, liabilities and contingent liabilities acquired exceeds the purchase consideration, the fair value of net assets acquired is reassessed and the bargain purchase gain is recognized immediately in the net profit in the Statement of Comprehensive Income. Goodwill is measured at cost less accumulated impairment losses.

Impairment

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit (CGU) is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs which benefit from the synergies of the acquisition and which represents the lowest level at which goodwill is monitored for internal management purposes. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Impairment occurs when the carrying amount of a CGU including the goodwill, exceeds the estimated recoverable amount of the CGU. The recoverable amount of a CGU is the higher of its fair value less cost to sell and its value-in-use. Value-in-use is the present value of future cash flows expected to be derived from the CGU. Key assumptions in the cash flow projections are prepared based on current economic conditions and includes estimated long term growth rates, weighted average cost of capital and estimated operating margins.

Total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU. An impairment loss on goodwill is recognized in net profit in the Statement of Comprehensive Income and is not reversed in the subsequent period.

Following is a summary of changes in the carrying amount of goodwill:

Particulars	(Dollars in millions)	
	As at	
	June 30, 2022	March 31, 2022
Carrying value at the beginning	817	832
Goodwill on acquisition (Refer to Note 2.10)	23	-
Translation differences	(27)	(15)
Carrying value at the end	813	817

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the CGU or groups of CGUs, which benefit from the synergies of the acquisition.

2.9.2 Intangible Assets

Accounting policy

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

Research costs are expensed as incurred. Software product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Group has an intention and ability to complete and use or sell the software and the costs can be measured reliably. The costs which can be capitalized include the cost of material, direct labour, overhead costs that are directly attributable to prepare the asset for its intended use.

Impairment

Intangible assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the net profit in the statement of comprehensive income is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the net profit in the statement of comprehensive income if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization) had no impairment loss been recognized for the asset in prior years.

Infosys Limited and Subsidiaries

2.10 Business combinations

Accounting Policy

Business combinations have been accounted for using the acquisition method under the provisions of IFRS 3 (Revised), Business Combinations.

The purchase price in an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Group. The purchase price also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Contingent consideration is remeasured at fair value at each reporting date and changes in the fair value of the contingent consideration are recognized in the Consolidated Statement of Comprehensive Income.

The interest of non-controlling shareholders is initially measured either at fair value or at the non-controlling interests' proportionate share of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity of subsidiaries.

Business combinations between entities under common control is outside the scope of IFRS 3 (Revised), Business Combinations and is accounted for at carrying value of assets acquired and liabilities assumed.

The payments related to options issued by the Group over the non-controlling interests in its subsidiaries are accounted as financial liabilities and initially recognized at the estimated present value of gross obligations. Such options are subsequently measured at fair value in order to reflect the amount payable under the option at the date at which it becomes exercisable. In the event that the option expires unexercised, the liability is derecognised.

Transaction costs that the Group incurs in connection with a business combination such as finders' fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

Acquisition

On April 20, 2022, Infosys Germany GmbH (a wholly-owned subsidiary of Infosys Consulting Pte. Ltd) acquired 100% voting interests in Oddity GmbH, Oddity Group Services GmbH, Oddity Space GmbH, Oddity Jungle GmbH, Oddity Code GmbH and Oddity Waves GmbH (collectively known as Oddity), Germany-based digital marketing, experience, and commerce agency. This acquisition is expected to strengthen the Group's creative, branding and experience design capabilities in Germany and across Europe.

The purchase price is allocated to assets acquired and liabilities assumed based upon determination of fair values at the dates of acquisition as follows:

<i>(Dollars in millions)</i>			
Component	Acquiree's carrying amount	Fair value adjustments	Purchase price allocated
Net Assets ⁽¹⁾	6	-	6
Intangible assets –			
Customer contracts and relationships ⁽²⁾	-	13	13
Deferred tax liabilities on intangible assets	-	(4)	(4)
Total	6	9	15
Goodwill			23
Total purchase price			38

⁽¹⁾Includes cash and cash equivalents acquired of \$ 3 million.

⁽²⁾ The estimated useful life is around 5 years.

Goodwill is not tax-deductible.

The excess of the purchase consideration paid over the fair value of assets acquired has been attributed to goodwill. The primary items that generated this goodwill are the value of the acquired assembled workforce and estimated synergies neither of which qualify as an intangible asset.

Infosys Limited and Subsidiaries

The purchase consideration of \$ 38 million includes cash of \$ 32 million and contingent consideration with an estimated fair value of \$ 6 million as on the date of acquisition.

At the acquisition date, the key inputs used in determination of the fair value of contingent consideration are the probabilities assigned towards achievement of financial targets and discount rate of 12.5%. The undiscounted value of contingent consideration as of June 30, 2022 was \$7 million. Additionally, this acquisition has retention bonus payable to the employees of the acquiree over three years, subject to their continuous employment with the group along with achievement of financial targets for the respective years. Bonus is recognized in employee benefit expenses in the statement of comprehensive income over the period of service.

Fair value of trade receivables acquired, is \$5 million as of acquisition date and as of June 30, 2022 the amounts are substantially collected.

The transaction costs of less than a million related to the acquisition have been included under administrative expenses in the Consolidated Statement of comprehensive income for the quarter ended June 30, 2022.

Proposed Acquisition

On July 13, 2022, Infosys Consulting Pte. Ltd (a wholly owned subsidiary of Infosys Limited) entered into a definitive agreement to acquire BASE life science A/S, a consulting and technology firm in the life sciences industry in Europe for a total consideration of upto EUR 110 million (approximately \$115 million), which includes management incentives, bonuses and retention. This acquisition is expected to augment the Group's life sciences expertise, scale its digital transformation capabilities with cloud based industry solutions and expand its presence in Nordics region and across Europe.

Infosys Limited and Subsidiaries

2.11 Employees' Stock Option Plans (ESOP)

Accounting Policy

The Group recognizes compensation expense relating to share-based payments in net profit based on estimated fair-values of the awards on the grant date. The estimated fair value of awards is recognized as an expense in net profit in the consolidated statement of comprehensive income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share premium.

Infosys Expanded Stock Ownership Program 2019 (the 2019 Plan)

On June 22, 2019 pursuant to approval by the shareholders in the Annual General Meeting, the Board has been authorized to introduce, offer, issue and provide share-based incentives to eligible employees of the Company and its subsidiaries under the 2019 Plan. The maximum number of shares under the 2019 plan shall not exceed 50,000,000 equity shares. To implement the 2019 Plan, upto 45,000,000 equity shares may be issued by way of secondary acquisition of shares by Infosys Expanded Stock Ownership Trust. The Restricted Stock Units (RSUs) granted under the 2019 plan shall vest based on the achievement of defined annual performance parameters as determined by the administrator (Nomination and Remuneration Committee). The performance parameters will be based on a combination of relative Total Shareholder Return (TSR) against selected industry peers and certain broader market domestic and global indices and operating performance metrics of the company as decided by administrator. Each of the above performance parameters will be distinct for the purposes of calculation of quantity of shares to vest based on performance. These instruments will generally vest between a minimum of 1 to maximum of 3 years from the grant date.

2015 Stock Incentive Compensation Plan (the 2015 Plan) :

On March 31, 2016, pursuant to the approval by the shareholders through postal ballot, the Board was authorized to introduce, offer, issue and allot share-based incentives to eligible employees of the Company and its subsidiaries under the 2015 Plan. The maximum number of shares under the 2015 plan shall not exceed 24,038,883 equity shares (this includes 11,223,576 equity shares which are held by the trust towards the 2011 Plan as at March 31, 2016). The Company expects to grant the instruments under the 2015 Plan over the period of 4 years. The plan numbers mentioned above would further be adjusted for the September 2018 bonus issue.

The equity settled and cash settled RSUs and stock options would vest generally over a period of 4 years and shall be exercisable within the period as approved by the Nomination and Remuneration Committee (NARC). The exercise price of the RSUs will be equal to the par value of the shares and the exercise price of the stock options would be the market price as on the date of grant.

Controlled trust holds 13,193,290 and 13,725,712 shares as at June 30, 2022 and March 31, 2022, respectively under the 2015 plan. Out of these shares, 200,000 equity shares each have been earmarked for welfare activities of the employees as at June 30, 2022 and March 31, 2022.

The following is the summary of grants during three months ended June 30, 2022 and June 30, 2021

Particulars	2019 Plan		2015 Plan	
	Three months ended June 30,		Three months ended June 30,	
	2022	2021	2022	2021
Equity settled RSUs				
Key Managerial Personnel (KMPs)	176,893	73,962	-	101,697
Employees other than KMPs	370,960	-	-	-
	547,853	73,962	-	101,697

Infosys Limited and Subsidiaries

Notes on grants to KMP:

CEO & MD

Based on the recommendations of the Board and the approval of the shareholders at the AGM held on June 25, 2022, Salil Parekh has been reappointed as the CEO and MD of the Company for a term commencing on July 1, 2022 and ending on March 31, 2027. The remuneration is approved by the shareholders in the AGM. The revised employment agreement will be effective July 1, 2022.

Under the 2015 plan:

The Board, on April 13, 2022, based on the recommendations of the nomination and remuneration committee, in accordance with the terms of his employment agreement effective till June 30, 2022, approved the grant of performance-based RSUs of fair value of ₹13 crore for fiscal 2023 under the 2015 Plan. These RSUs will vest in line with the employment agreement based on achievement of certain performance targets. Accordingly, 84,361 performance based RSU's were granted effective May 2, 2022.

Under the 2019 plan:

The Board, on April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, approved performance-based grant of RSUs amounting to ₹10 crore for fiscal 2023 under the 2019 Plan. These RSUs will vest in line with the employment agreement effective till June 30, 2022 based on achievement of certain performance targets. Accordingly, 64,893 performance based RSU's were granted effective May 2, 2022.

Other KMP

Under the 2015 plan:

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, in accordance with employment agreement, the Board, approved performance-based grant of 5,616 RSUs to a KMP under the 2015 Plan. The grants were made effective May 2, 2022. The performance based RSUs will vest over three years based on certain performance targets.

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved time based grant of 11,990 RSUs to a KMP under the 2015 Plan. The grants were made effective May 2, 2022. These RSUs will vest over four years.

Under the 2019 plan:

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved performance based grants of 8,000 RSUs to a KMP under the 2019 plan. The grants were made effective May 2, 2022. These RSUs will vest over three years based on achievement of certain performance targets.

On May 21, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved performance based grants of 104,000 RSUs to other KMPs under the 2019 plan. The grants were made effective June 1, 2022. These RSUs will vest over three years based on achievement of certain performance targets.

The fair value of the awards are estimated using the Black-Scholes Model for time and non-market performance based options and Monte Carlo simulation model is used for TSR based options.

The inputs to the model include the share price at date of grant, exercise price, expected volatility, expected dividends, expected term and the risk free rate of interest. Expected volatility during the expected term of the options is based on historical volatility of the observed market prices of the Company's publicly traded equity shares during a period equivalent to the expected term of the options. Expected volatility of the comparative company have been modelled based on historical movements in the market prices of their publicly traded equity shares during a period equivalent to the expected term of the options. Correlation coefficient is calculated between each peer entity and the indices as a whole or between each entity in the peer group.

The fair value of each equity settled award is estimated on the date of grant using the following assumptions:

Particulars	For options granted in			
	Fiscal 2023- Equity Shares- RSU	Fiscal 2023- ADS-RSU	Fiscal 2022- Equity Shares- RSU	Fiscal 2022- ADS-RSU
Weighted average share price (₹) / (\$ ADS)	1,510	19.03	1,791	24.45
Exercise price (₹)/ (\$ ADS)	5.00	0.07	5.00	0.07
Expected volatility (%)	23-32	28-34	20-35	25-36
Expected life of the option (years)	1-4	1-4	1-4	1-4
Expected dividends (%)	2-3	2-3	2-3	2-3
Risk-free interest rate (%)	5-7	2-3	4-6	1-3
Weighted average fair value as on grant date (₹) / (\$ ADS)	1,191	13.89	1,548	20.82

The expected life of the RSU/ESOP is estimated based on the vesting term and contractual term of the RSU/ESOP, as well as expected exercise behavior of the employee who receives the RSU/ESOP.

Infosys Limited and Subsidiaries

2.12 Income taxes

Accounting policy

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the consolidated statement of comprehensive income except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity or other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year. Tax benefits of deductions earned on exercise of employee share options in excess of compensation charged to income are credited to equity.

Income tax expense in the consolidated statement of comprehensive income comprises:

(Dollars in millions)

Particulars	Three months ended June 30, 2022	Three months ended June 30, 2021
Current taxes		
Domestic taxes	215	196
Foreign taxes	87	67
	302	263
Deferred taxes		
Domestic taxes	4	15
Foreign taxes	(27)	(10)
	(23)	5
Income tax expense	279	268

Income tax expense for the three months ended June 30, 2022 and June 30, 2021 includes provisions (net of reversal) of \$4 million and reversal (net of provisions) of \$2 million, respectively. These provisions and reversals pertaining to prior periods are primarily on account of adjudication of certain disputed matters, upon filing of tax return and completion of assessments, across various jurisdictions.

Deferred income tax for the three months ended June 30, 2022 and June 30, 2021 substantially relates to origination and reversal of temporary differences.

The Company's Advanced Pricing Arrangement (APA) with the Internal Revenue Service (IRS) for US branch income tax expired in March 2021. The Company has applied for renewal of APA and currently the US taxable income is based on the Company's best estimate determined based on the expected value method.

Infosys Limited and Subsidiaries

As at June 30, 2022, claims against the Group not acknowledged as debts from the Income tax authorities amounted to \$510 million (₹4,025 crore).

As at March 31, 2022, claims against the Group not acknowledged as debts from the Income tax authorities amounted to \$528 million (₹4,001 crore).

Amount paid to statutory authorities against the tax claims amounted to \$764 million (₹6,029 crore) and \$791 million (₹5,996 crore) as at June 30, 2022 and March 31, 2022 respectively.

The claims against the group primarily represent demands arising on completion of assessment proceedings under the Income Tax Act, 1961. These claims are on account of multiple issues of disallowances such as disallowance of profits earned from STP Units and SEZ Units, disallowance of deductions in respect of employment of new employees under section 80JJAA, disallowance of expenditure towards software being held as capital in nature, payments made to Associated Enterprises held as liable for withholding of taxes.

These matters are pending before various Appellate Authorities and the management including its tax advisors expect that its position will likely be upheld on ultimate resolution and will not have a material adverse effect on the Group's financial position and results of operations.

2.13 Basic and diluted shares used in computing earnings per equity share

Accounting Policy

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

Infosys Limited and Subsidiaries

2.14 Related party transactions

Refer Note 2.20 "Related party transactions" in the Company's 2022 Annual Report on Form 20-F for the full names and other details of the Company's subsidiaries and controlled trusts.

Changes in Subsidiaries

During three months ended June 30, 2022, the following are the changes in the subsidiaries:

On April 20, 2022, Infosys Germany GmbH (formerly Kristall 247. GmbH ("Kristall")) (a wholly owned subsidiary of Infosys Consulting Pte. Ltd) acquired 100% of voting interests in Oddity Space GmbH, Oddity Jungle GmbH, Oddity Waves GmbH, Oddity Group Services GmbH, Oddity Code GmbH along with its subsidiary Oddity Code D.O.O, and Oddity GmbH along with its two subsidiaries Oddity (Shanghai) Co. Ltd., Oddity Limited(Taipei).

Infosys Consulting S.R.L. (Argentina) (formerly a wholly-owned subsidiary of Infosys Consulting Holding AG) became the wholly - owned subsidiary of Infosys Limited with effect from April 1, 2022.

Transactions with key management personnel

The table below describes the compensation to key management personnel which comprise directors and executive officers:

(Dollars in millions)

Particulars	Three months ended June 30, 2022	Three months ended June 30, 2021
Salaries and other employee benefits to whole-time directors and executive officers ⁽¹⁾⁽²⁾	4	5
Commission and other benefits to non-executive/ independent directors	-	-
Total	4	5

(1) Total employee stock compensation expense for the three months ended June 30, 2022 and June 30, 2021 includes a charge of \$2 million and \$2 million respectively, towards key managerial personnel. (Refer note 2.11)

(2) Does not include post-employment benefit based on actuarial valuation as this is done for the Company as a whole.

2.15 Segment Reporting

IFRS 8 Operating Segments establishes standards for the way that public business enterprises report information about operating segments and related disclosures about products and services, geographic areas, and major customers. The Group's operations predominantly relate to providing end-to-end business solutions to enable clients to enhance business performance.

The Chief Operating Decision Maker (CODM) evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments. Accordingly, information has been presented along business segments. The accounting principles used in the preparation of the financial statements are consistently applied to record revenue and expenditure in individual segments, and are as set out in the accounting policies.

Business segments of the Group are primarily enterprises in Financial Services and Insurance, enterprises in Manufacturing, enterprises in Retail, Consumer Packaged Goods and Logistics, enterprises in the Energy, Utilities, Resources and Services, enterprises in Communication, Telecom OEM and Media, enterprises in Hi-Tech, enterprises in Life Sciences and Healthcare and all other segments. The Financial services reportable segments has been aggregated to include the Financial Services operating segment and Finacle operating segment because of the similarity of the economic characteristics. All other segments represent the operating segments of businesses in India, Japan, China, Infosys Public Services & other enterprises in Public Services.

Revenue and identifiable operating expenses in relation to segments are categorized based on items that are individually identifiable to that segment. Revenue for 'all other segments' represents revenue generated by Infosys Public Services and revenue generated from customers located in India, Japan and China and other enterprises in public service. Allocated expenses of segments include expenses incurred for rendering services from the Group's offshore software development centres and on-site expenses, which are categorized in relation to the associated efforts of the segment. Certain expenses such as depreciation and amortization, which form a significant component of total expenses, are not specifically allocable to specific segments as the underlying assets are used interchangeably. The management believes that it is not practical to provide segment disclosures relating to those costs and expenses, and accordingly these expenses are separately disclosed as "unallocated" and adjusted against the total income of the Group.

Assets and liabilities used in the Group's business are not identified to any of the reportable segments, as these are used interchangeably between segments. Management believes that it is currently not practicable to provide segment disclosures relating to total assets and liabilities since a meaningful segregation of the available data is onerous.

Business segment revenue information is collated based on individual customers invoiced or in relation to which the revenue is otherwise recognized.

Disclosure of revenue by geographic locations is given in note 2.16 Revenue from operations

No client individually accounted for more than 10% of the revenues for the three months ended June 30, 2022 and June 30, 2021, respectively.

Infosys Limited and Subsidiaries

2.16 Revenue from Operations

Accounting Policy:

The Group derives revenues primarily from IT services comprising software development and related services, cloud and infrastructure services, maintenance, consulting and package implementation, licensing of software products and platforms across the Group's core and digital offerings (together called as "software related services") and business process management services. Contracts with customers are either on a time-and-material, unit of work, fixed-price or on a fixed-timeframe basis.

Revenues from customer contracts are considered for recognition and measurement when the contract has been approved in writing, by the parties, to the contract, the parties to contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. Revenue is recognized upon transfer of control of promised products or services ("performance obligations") to customers in an amount that reflects the consideration the Group has received or expects to receive in exchange for these products or services ("transaction price"). When there is uncertainty as to collectability, revenue recognition is postponed until such uncertainty is resolved.

The Group assesses the services promised in a contract and identifies distinct performance obligations in the contract. The Group allocates the transaction price to each distinct performance obligation based on the relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In the absence of such evidence, the primary method used to estimate standalone selling price is the expected cost plus a margin, under which the Group estimates the cost of satisfying the performance obligation and then adds an appropriate margin based on similar services.

The Group's contracts may include variable consideration including rebates, volume discounts and penalties. The Group includes variable consideration as part of transaction price when there is a basis to reasonably estimate the amount of the variable consideration and when it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved.

Revenue on time-and-material and unit of work based contracts, are recognized as the related services are performed. Fixed price maintenance revenue is recognized ratably either on a straight-line basis when services are performed through an indefinite number of repetitive acts over a specified period or ratably using a percentage of completion method when the pattern of benefits from the services rendered to the customer and Group's costs to fulfil the contract is not even through the period of contract because the services are generally discrete in nature and not repetitive. Revenue from other fixed-price, fixed-timeframe contracts, where the performance obligations are satisfied over time is recognized using the percentage-of-completion method. Efforts or costs expended are used to determine progress towards completion as there is a direct relationship between input and productivity. Progress towards completion is measured as the ratio of costs or efforts incurred to date (representing work performed) to the estimated total costs or efforts. Estimates of transaction price and total costs or efforts are continuously monitored over the term of the contracts and are recognized in net profit in the period when these estimates change or when the estimates are revised. Revenues and the estimated total costs or efforts are subject to revision as the contract progresses. Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract.

The billing schedules agreed with customers include periodic performance based billing and / or milestone based progress billings. Revenues in excess of billing are classified as unbilled revenue while billing in excess of revenues are classified as contract liabilities (which we refer to as unearned revenues).

In arrangements for software development and related services and maintenance services, by applying the revenue recognition criteria for each distinct performance obligation, the arrangements with customers generally meet the criteria for considering software development and related services as distinct performance obligations. For allocating the transaction price, the Group measures the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the Group is unable to determine the standalone selling price, the Group uses the expected cost plus margin approach in estimating the standalone selling price. For software development and related services, the performance obligations are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Certain cloud and infrastructure services contracts include multiple elements which may be subject to other specific accounting guidance, such as leasing guidance. These contracts are accounted in accordance with such specific accounting guidance. In such arrangements where the Group is able to determine that hardware and services are distinct performance obligations, it allocates the consideration to these performance obligations on a relative standalone selling price basis. In the absence of standalone selling price, the Group uses the

Infosys Limited and Subsidiaries

expected cost-plus margin approach in estimating the standalone selling price. When such arrangements are considered as a single performance obligation, revenue is recognized over the period and measure of progress is determined based on promise in the contract.

Revenue from licenses where the customer obtains a “right to use” the licenses is recognized at the time the license is made available to the customer. Revenue from licenses where the customer obtains a “right to access” is recognized over the access period.

Arrangements to deliver software products generally have three elements: license, implementation and Annual Technical Services (ATS). When implementation services are provided in conjunction with the licensing arrangement and the license and implementation have been identified as two distinct separate performance obligations, the transaction price for such contracts are allocated to each performance obligation of the contract based on their relative standalone selling prices. In the absence of standalone selling price for implementation, the Group uses the expected cost plus margin approach in estimating the standalone selling price. Where the license is required to be substantially customized as part of the implementation service the entire arrangement fee for license and implementation is considered to be a single performance obligation and the revenue is recognized using the percentage-of-completion method as the implementation is performed. Revenue from client training, support and other services arising due to the sale of software products is recognized as the performance obligations are satisfied. ATS revenue is recognized ratably on a straight line basis over the period in which the services are rendered.

Contracts with customers includes subcontractor services or third-party vendor equipment or software in certain integrated services arrangements. In these types of arrangements, revenue from sales of third-party vendor products or services is recorded net of costs when the Group is acting as an agent between the customer and the vendor, and gross when the Group is the principal for the transaction. In doing so, the group first evaluates whether it controls the good or service before it is transferred to the customer. The Group considers whether it has the primary obligation to fulfil the contract, inventory risk, pricing discretion and other factors to determine whether it controls the goods or service and therefore is acting as a principal or an agent.

The incremental costs of obtaining a contract (i.e., costs that would not have been incurred if the contract had not been obtained) are recognized as an asset if the Group expects to recover them.

Certain eligible, nonrecurring costs (e.g. set-up or transition or transformation costs) that do not represent a separate performance obligation are recognized as an asset when such costs (a) relate directly to the contract; (b) generate or enhance resources of the Company that will be used in satisfying the performance obligation in the future; and (c) are expected to be recovered.

Capitalized contract costs relating to upfront payments to customers are amortized to revenue and other capitalized costs are amortized to cost of sales over the respective contract life on a systematic basis consistent with the transfer of goods or services to customer to which the asset relates. Capitalized costs are monitored regularly for impairment. Impairment losses are recorded when present value of projected remaining operating cash flows is not sufficient to recover the carrying amount of the capitalized costs

The Group presents revenues net of indirect taxes in its condensed consolidated statement of comprehensive income.

Revenues for the three months ended June 30, 2022 and June 30, 2021 is as follows

Particulars	(Dollars in millions)	
	Three months ended June 30, 2022	Three months ended June 30, 2021
Revenue from software services	4,162	3,504
Revenue from products and platforms	282	278
Total revenue from operations	4,444	3,782

Infosys Limited and Subsidiaries

Disaggregated revenue information

The table below presents disaggregated revenues from contracts with customers by geography and offerings for each of our business segments. The Group believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of revenues and cash flows are affected by industry, market and other economic factors.

Infosys Limited and Subsidiaries

Digital Services

Digital Services comprise of service and solution offerings of the Group that enable our clients to transform their businesses. These include offerings that enhance customer experience, leverage AI-based analytics and big data, engineer digital products and IoT, modernize legacy technology systems, migrate to cloud applications and implement advanced cyber security systems.

Core Services

Core Services comprise traditional offerings of the Group that have scaled and industrialized over a number of years. These primarily include application management services, proprietary application development services, independent validation solutions, product engineering and management, infrastructure management services, traditional enterprise application implementation, support and integration services.

Products & platforms

The Group derives revenues from the sale of products and platforms including Finacle – core banking solution, Edge Suite of products, Panaya platform, Infosys Equinox, Infosys Applied AI, Stater digital platform and Infosys McCamish – insurance platform.

Trade Receivables and Contract Balances

The timing of revenue recognition, billings and cash collections results in receivables, unbilled revenue, and unearned revenue on the Group's Consolidated Balance Sheet. Amounts are billed as work progresses in accordance with agreed-upon contractual terms, either at periodic intervals (e.g., monthly or quarterly) or upon achievement of contractual milestones.

The Group's receivables are rights to consideration that are unconditional. Unbilled revenues comprising revenues in excess of billings from time and material contracts and fixed price maintenance contracts are classified as financial asset when the right to consideration is unconditional and is due only after a passage of time.

Invoicing to the clients for other fixed price contracts is based on milestones as defined in the contract and therefore the timing of revenue recognition is different from the timing of invoicing to the customers. Therefore, unbilled revenues for other fixed price contracts (contract asset) are classified as non-financial asset because the right to consideration is dependent on completion of contractual milestones.

Invoicing in excess of earnings are classified as unearned revenue.

Trade receivable and unbilled revenues are presented net of impairment in the consolidated statement of financial position.

2.17 Unbilled revenue

Particulars	(Dollars in millions)	
	As at	
	June 30, 2022	March 31, 2022
Unbilled financial asset ⁽¹⁾	954	838
Unbilled non financial asset ⁽²⁾	905	812
Total	1,859	1,650

(1) Right to consideration is unconditional and is due only after a passage of time.

(2) Right to consideration is dependent on completion of contractual milestones.

Infosys Limited and Subsidiaries

2.18 Break-up of expenses and other income, net

Accounting Policy

2.18.1 Gratuity and Pensions

The Group provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees majorly of Infosys and its Indian subsidiaries. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Group. The Company contributes Gratuity liabilities to the Infosys Limited Employees' Gratuity Fund Trust (the Trust). In case of Infosys BPM and EdgeVerve, contributions are made to the Infosys BPM Employees' Gratuity Fund Trust and EdgeVerve Systems Limited Employees' Gratuity Fund Trust, respectively. Trustees administer contributions made to the Trusts and contributions are invested in a scheme with the Life Insurance Corporation of India as permitted by Indian law.

The Group operates defined benefit pension plan in certain overseas jurisdictions, in accordance with the local laws. These plans are managed by third party fund managers. The plans provide for periodic payouts after retirement and/or for a lumpsum payment as set out in rules of each fund and includes death and disability benefits.

Liabilities with regard to these defined benefit plans are determined by actuarial valuation, performed by an external actuary, at each Balance Sheet date using the projected unit credit method. These defined benefit plans expose the Group to actuarial risks, such as longevity risk, currency risk, interest rate risk and market risk.

The Group recognizes the net obligation of a defined benefit plan in its Balance Sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income. The effect of any plan amendments is recognized in net profits in the condensed consolidated statement of comprehensive income.

2.18.2 Superannuation

Certain employees of Infosys and its Indian subsidiaries are participants in a defined contribution plan. The Group has no further obligations to the Plan beyond its monthly contributions which are periodically contributed to a trust fund, the corpus of which is invested with the Life Insurance Corporation of India.

2.18.3 Provident fund

Eligible employees of Infosys receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the company make monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary. The company contributes a portion of the contributions to the Infosys Limited Employees' Provident Fund Trust. The trust invests in specific designated instruments as permitted by Indian law. The remaining portion is contributed to the government administered pension fund. The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the Government of India. The company has an obligation to make good the shortfall, if any, between the return from the investments of the Trust and the notified interest rate.

In respect of Indian subsidiaries, eligible employees receive benefits from a provident fund, which is a defined contribution plan. Both the eligible employee and the respective companies make monthly contributions to this provident fund plan equal to a specified percentage of the covered employee's salary. Amounts collected under the provident fund plan are deposited in a government administered provident fund. The companies have no further obligation to the plan beyond its monthly contributions.

2.18.4 Compensated absences

The Group has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an external actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

Infosys Limited and Subsidiaries

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the entire Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect in entirety and will record any related impact in the period the Code becomes effective.

2.18.5 Other income, net

Other income is comprised primarily of interest income, dividend income, gain/loss on investment and exchange gain/loss on forward and options contracts and on translation of foreign currency assets and liabilities. Interest income is recognized using the effective interest method. Dividend income is recognized when the right to receive payment is established.

2.18.6 Foreign Currency

Functional currency

The functional currency of Infosys, Infosys BPM, EdgeVerve, Skava and controlled trusts is the Indian rupee. The functional currencies for foreign subsidiaries are their respective local currencies. These financial statements are presented in U.S. dollars (rounded off to the nearest million)

Transactions and translations

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are recognized in the Consolidated Statement of Comprehensive Income and reported within exchange gains/ (losses) on translation of assets and liabilities, net, except when deferred in Other Comprehensive Income as qualifying cash flow hedges. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction. The related revenue and expense are recognised using the same exchange rate.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash-flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

The translation of financial statements of the foreign subsidiaries to the presentation currency is performed for assets and liabilities using the exchange rate in effect at the Balance Sheet date and for revenue, expense and cash-flow items using the average exchange rate for the respective periods. The gains or losses resulting from such translation are included in currency translation reserves under other components of equity. When a subsidiary is disposed off, in full, the relevant amount is transferred to net profit in the Statement of Comprehensive Income. However, when a change in the parent's ownership does not result in loss of control of a subsidiary, such changes are recorded through equity.

Other Comprehensive Income, net of taxes includes translation differences on non-monetary financial assets measured at fair value at the reporting date, such as equities classified as financial instruments and measured at fair value through other comprehensive income (FVOCI).

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the exchange rate in effect at the Balance Sheet date.

2.18.7 Government grants

The Group recognizes government grants only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received. Government grants related to assets are treated as deferred income and are recognized in the net profit in the statement of comprehensive income on a systematic and rational basis over the useful life of the asset. Government grants related to revenue are recognized on a systematic basis in the statement of comprehensive income over the periods necessary to match them with the related costs which they are intended to compensate.

2.18.8 Operating Profits

Operating profit of the Group is computed considering the revenues, net of cost of sales, selling and marketing expenses and administrative expenses.

The table below provides details of break-up of expenses:

Cost of sales

(Dollars in millions)

Particulars	Three months ended	
	June 30, 2022	June 30, 2021
Employee benefit costs	2,146	1,849

Infosys Limited and Subsidiaries

2.19 Equity

Accounting policy

Ordinary Shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares, share options and buyback are recognized as a deduction from equity, net of any tax effects.

Treasury Shares

When any entity within the Group purchases the company's ordinary shares, the consideration paid including any directly attributable incremental cost is presented as a deduction from total equity, until they are cancelled, sold or reissued. When treasury shares are sold or reissued subsequently, the amount received is recognized as an increase in equity, and the resulting surplus or deficit on the transaction is transferred to/ from Share premium.

Description of reserves

Retained earnings

Retained earnings represent the amount of accumulated earnings of the Group.

Share premium

The amount received in excess of the par value has been classified as share premium. Additionally, share-based compensation recognized in net profit in the condensed consolidated statement of comprehensive income is credited to share premium. Amounts have been utilized for bonus issue and share buyback from share premium account.

Special Economic Zone Re-investment reserve

The Special Economic Zone Re-investment reserve has been created out of the profit of the eligible SEZ unit in terms of the provisions of Sec 10AA (1)(ii) of Income Tax Act, 1961. The reserve should be utilized by the Company for acquiring new plant and machinery for the purpose of its business in terms of the provisions of the Sec 10AA (2) of the Income Tax Act, 1961.

Capital Redemption Reserve

In accordance with section 69 of the Indian Companies Act, 2013, the Company creates capital redemption reserve equal to the nominal value of the shares bought back as an appropriation from general reserve.

Other components of equity

Other components of equity include currency translation, re-measurement of net defined benefit liability/asset, fair value changes of equity instruments fair valued through other comprehensive income, changes on fair valuation of investments, net of taxes.

Cash flow hedge reserve

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedging reserve. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the net profit in the consolidated Statement of Comprehensive Income upon the occurrence of the related forecasted transaction.

2.19.1 Capital Allocation Policy

Effective fiscal 2020, the company expects to return approximately 85% of the free cash flow cumulatively over a 5-year period through a combination of semi annual dividends and/or share buyback and/or special dividends, subject to applicable laws and requisite approvals, if any. Free cash flow is defined as net cash provided by operating activities less capital expenditure as per the consolidated statement of cash flows prepared under IFRS. Dividend and buyback include applicable taxes.

Infosys Limited and Subsidiaries

The Company's objective when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value. In order to maintain or achieve an optimal capital structure, the Company may adjust the amount of dividend payment, return capital to shareholders, issue new shares or buyback issued shares. As of June 30, 2022, the Company has only one class of equity shares and has no debt. Consequent to the above capital structure there are no externally imposed capital requirements.

2.19.2 Dividend

The final dividend on shares is recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors. Income tax consequences of dividends on financial instruments classified as equity will be recognized according to where the entity originally recognized those past transactions or events that generated distributable profits.

The Company declares and pays dividends in Indian rupees. Companies are required to pay / distribute dividend after deducting applicable taxes. The remittance of dividends outside India is governed by Indian law on foreign exchange and is also subject to withholding tax at applicable rates.

Amount of per share dividend recognized as distribution to equity shareholders:

Particulars	Three months ended June 30, 2022		Three months ended June 30, 2021	
	in ₹	in US Dollars	in ₹	in US Dollars
Final dividend for fiscal 2021	-	-	15.00	0.20
Final dividend for fiscal 2022	16.00	0.21	-	-

The Board of Directors in their meeting held on April 13, 2022 recommended a final dividend of ₹16/- per equity share for the financial year ended March 31, 2022. The same was approved by the shareholders in the Annual General Meeting (AGM) of the Company held on June 25, 2022 which resulted in a net cash outflow of \$856 million (excluding dividend paid on treasury shares).

2.19.3 Share capital and share premium

The Company has only one class of shares referred to as equity shares having a par value of ₹5/- each, 13,193,290 shares and 13,725,712 shares were held by controlled trust, as at June 30, 2022 and March 31, 2022, respectively.

INDEPENDENT AUDITOR’S REPORT

TO THE BOARD OF DIRECTORS OF INFOSYS LIMITED

Report on the Audit of the Interim Condensed Consolidated Financial Statements

Opinion

We have audited the accompanying interim condensed consolidated financial statements of **INFOSYS LIMITED** (the “Company”) and its subsidiaries (the Company and its subsidiaries together referred to as the “Group”), which comprise the Condensed Consolidated Balance Sheet as at June 30, 2022, the Condensed Consolidated Statement of Comprehensive Income, the Condensed Consolidated Statement of Changes in Equity and the Condensed Consolidated Statement of Cash Flows for the three months ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the “interim condensed consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid interim condensed consolidated financial statements give a true and fair view in conformity with International Accounting Standard 34 “Interim Financial Reporting” (“IAS 34”) as issued by the International Accounting Standards Board (“IASB”), of the consolidated state of affairs of the Group as at June 30, 2022, the consolidated profit and consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the three months ended on that date.

Basis for Opinion

We conducted our audit of the interim condensed consolidated financial statements in accordance with the Standards on Auditing (“SA”s) issued by the Institute of Chartered Accountants of India (“ICAI”). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Interim Condensed Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the ICAI, and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the interim condensed consolidated financial statements.

Management’s Responsibilities for the Interim Condensed Consolidated Financial Statements

The Company’s Board of Directors is responsible for the preparation and presentation of these interim condensed consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with IAS 34 as issued by the IASB. The respective Boards of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records for safeguarding assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of

adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective interim financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the interim condensed consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the interim condensed consolidated financial statements, the respective Boards of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Boards of Directors either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Interim Condensed Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the interim condensed consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these interim condensed consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the interim condensed consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on effectiveness of the Company's internal financial controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the interim condensed consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.

However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the interim condensed consolidated financial statements, including the disclosures, and whether the interim condensed consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the interim condensed consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the interim condensed consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the interim condensed consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the interim condensed consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the interim condensed consolidated financial statements.

We communicate with those charged with governance of the Company and such other entities included in the interim condensed consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Infosys Limited and subsidiaries
Condensed Consolidated Statement of Cash Flows
Accounting Policy

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated. The Group considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

Overview and Notes to the Interim Condensed Consolidated Financial Statements

1. Overview

1.1 Company overview

Infosys Limited ('the Company' or Infosys) provides consulting, technology, outsourcing and next-generation digital services, to enable clients to execute strategies for their digital transformation. Infosys strategic objective is to build a sustainable organization that remains relevant to the agenda of clients, while creating growth opportunities for employees and generating profitable returns for investors. Infosys strategy is to be a navigator for our clients as they ideate, plan and execute on their journey to a digital future.

Infosys together with its subsidiaries and controlled trusts is herein after referred to as the "Group".

The Company is a public limited company incorporated and domiciled in India and has its registered office at Electronics City, Hosur Road, Bengaluru -560100, Karnataka, India. The Company has its primary listings on the BSE Ltd. and National Stock Exchange of India Limited. The Company's American Depository Shares (ADS) representing equity shares are listed on the New York Stock Exchange (NYSE).

The Group's interim condensed consolidated financial statements are approved for issue by the Company's Board of Directors on July 24, 2022.

1.2 Basis of preparation of financial statements

These interim condensed consolidated financial statements have been prepared in compliance with IAS 34, Interim Financial Reporting as issued by International Accounting Standards Board, under the historical cost convention on accrual basis except for certain financial instruments which have been measured at fair values. Accordingly, these interim condensed consolidated financial statements do not include all the information required for a complete set of financial statements. These interim condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and related notes included in the Company's consolidated financial statements under IFRS in Indian rupee for the year ended March 31, 2022. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1.3 Basis of consolidation

Infosys consolidates entities which it owns or controls. The interim condensed consolidated financial statements comprise the financial statements of the Company, its controlled trusts and its subsidiaries. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The financial statements of the Group Companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the Company, are excluded.

1.4 Use of estimates and judgments

The preparation of the financial statements in conformity with IFRS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the interim condensed consolidated financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note 1.5. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates and judgments are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the interim condensed consolidated financial statements.

Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID 19):

The Group has considered the possible effects that may result from the COVID-19 pandemic in the preparation of these interim condensed consolidated financial statements including the recoverability of carrying amounts of financial and non-financial assets and does not expect any material impact on its recoverability.

1.5 Critical accounting estimates and judgments

a. Revenue recognition

The Group's contracts with customers include promises to transfer multiple products and services to a customer. Revenues from customer contracts are considered for recognition and measurement when the contract has been approved, in writing, by the parties to the contract, the parties to contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. The Group assesses the services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligations to determine the deliverables and the ability of the customer to benefit independently from such deliverables, and allocation of transaction price to these distinct performance obligations involves significant judgement.

Fixed price maintenance revenue is recognized ratably on a straight-line basis when services are performed through an indefinite number of repetitive acts over a specified period. Revenue from fixed price maintenance contract is recognized ratably using a percentage of completion method when the pattern of benefits from the services rendered to the customer and Group's costs to fulfil the contract is not even through the period of the contract because the services are generally discrete in nature and not repetitive. The use of method to recognize the maintenance revenues requires judgment and is based on the promises in the contract and nature of the deliverables.

The Group uses the percentage-of-completion method in accounting for other fixed-price contracts. Use of the percentage-of-completion method requires the Group to determine the actual efforts or costs expended to date as a proportion of the estimated total efforts or costs to be incurred. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. The estimation of total efforts or costs involves significant judgement and is assessed throughout the period of the contract to reflect any changes based on the latest available information.

Contracts with customers includes subcontractor services or third-party vendor equipment or software in certain integrated services arrangements. In these types of arrangements, revenue from sales of third-party vendor products or services is recorded net of costs when the Group is acting as an agent between the customer and the vendor, and gross when the Group is the principal for the transaction. In doing so, the Group first evaluates whether it controls the good or service before it is transferred to the customer. The Group considers whether it has the primary obligation to fulfil the contract, inventory risk, pricing discretion and other factors to determine whether it controls the goods or service and therefore, is acting as a principal or an agent.

Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract.

b. Income taxes

The Group's two major tax jurisdictions are India and the United States, though the Company also files tax returns in other overseas jurisdictions.

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

In assessing the realizability of deferred income tax assets, Management considers whether some portion or all of the deferred income tax assets will not be realized. The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the scheduled reversals of deferred income tax liabilities, projected future taxable income and tax planning strategies in making this assessment. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, management believes that the group will realize the benefits of those deductible differences. The amount of the deferred income tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry forward period are reduced. (Refer to Note 2.12)

c. Business combinations and intangible assets

Business combinations are accounted for using IFRS 3 (Revised), Business Combinations. IFRS 3 requires us to fair value identifiable intangible assets and contingent consideration to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Estimates are required to be made in determining the value of contingent consideration, value of option arrangements and intangible assets. These valuations are conducted by external valuation experts. These measurements are based on information available at the acquisition date and are based on expectations and assumptions that have been deemed reasonable by Management (Refer to Note 2.10).

d. Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by Management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. (Refer to Note 2.7).

e. Impairment of Goodwill

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit (CGUs) is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs which benefit from the synergies of the acquisition and which represent the lowest level at which goodwill is monitored for internal management purposes.

The recoverable amount of CGUs is determined based on higher of value-in-use and fair value less cost to sell. Key assumptions in the cash flow projections are prepared based on current economic conditions and comprises estimated long term growth rates, weighted average cost of capital and estimated operating margins. (Refer to note 2.9)

1.6 Recent accounting pronouncements

New and revised IFRS Standards in issue but not yet effective:

Amendments to IAS 8, Accounting Policies, Changes in Accounting Estimates and Errors
Amendments to IAS 1 Presentation of Financial Statements
Amendments to IAS 12 Income Taxes
Transaction

Definition of Accounting Estimates
Disclosure of Accounting Policies
Deferred Tax related to Assets and Liabilities arising from a Single

Amendments to IAS 8

On February 12, 2021 International Accounting Standards Board (IASB) has issued amendments to IAS 8 Accounting Policies, Changes in Accounting estimates and Errors which introduced a definition of 'accounting estimates' and included amendments to IAS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates.

The effective date for adoption of this amendment is annual periods beginning on or after January 1, 2023, although early adoption is permitted. The Group has evaluated the amendment and there is no impact on its consolidated financial statements.

Amendments to IAS 1

On February 12, 2021 International Accounting Standards Board (IASB) has issued amendments to IAS 1 Presentation of Financial Statements and IFRS Practice Statement 2 Making Materiality Judgements which requires the entities to disclose their material accounting policies rather than their significant accounting policies.

The effective date for adoption of this amendment is annual periods beginning on or after January 1, 2023, although early adoption is permitted. The Group is in the process of evaluating the impact of the amendment.

Amendments to IAS 12

On May 7, 2021, International Accounting Standards Board (IASB) has issued amendment to IAS 12 Income Taxes which narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences.

The effective date for adoption of this amendment is annual periods beginning on or after January 1, 2023, although early adoption is permitted. The Group is in the process of evaluating the impact of the amendment.

2. Notes to the Interim Condensed Consolidated Financial Statements

2.1 Cash and cash equivalents

Cash and cash equivalents consist of the following:

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
Cash and bank deposits	11,177	13,942
Deposits with financial institutions	2,805	3,530
Total Cash and cash equivalents	13,982	17,472

Cash and cash equivalents as at June 30, 2022 and March 31, 2022 include restricted cash and bank balances of ₹422 crore and ₹471 crore, respectively. The restrictions are primarily on account of bank balances held by irrevocable trusts controlled by the Company and bank balances held as margin money deposits against guarantees.

The deposits maintained by the Group with banks and financial institutions comprise of time deposits, which can be withdrawn by the Group at any point without prior notice or penalty on the principal.

2.2 Investments

The carrying value of the investments are as follows:

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
(i) Current Investments		
Amortized Cost		
Quoted debt securities	221	221
Fair Value through profit or loss		
Liquid mutual fund units	1,685	2,012
Fair Value through other comprehensive income		
Quoted Debt Securities	1,712	1,011
Commercial Papers	283	-
Certificates of Deposit	4,210	3,429
Total current investments	8,111	6,673
(ii) Non-current Investments		
Amortized Cost		
Quoted debt securities	1,899	1,901
Fair Value through other comprehensive income		
Quoted debt securities	10,862	11,373
Unquoted equity and preference securities	208	194
Fair Value through profit or loss		
Unquoted Preference securities	24	24
Unquoted compulsorily convertible debentures	-	7
Others ⁽¹⁾	148	152
Total non-current investments	13,141	13,651
Total investments	21,252	20,324
Investments carried at amortized cost	2,120	2,122
Investments carried at fair value through other comprehensive income	17,275	16,007
Investments carried at fair value through profit or loss	1,857	2,195

⁽¹⁾Uncalled capital commitments outstanding as at June 30, 2022 and March 31, 2022 was ₹98 crore and ₹28 crore, respectively.

Refer to note 2.3 for accounting policies on financial instruments.

Method of fair valuation:		(In ₹ crore)	
Class of investment	Method	Fair value as at	
		June 30, 2022	March 31, 2022
Liquid mutual fund units	Quoted price	1,685	2,012
Quoted debt securities- carried at amortized cost	Quoted price and market observable inputs	2,365	2,447
Quoted debt securities- carried at fair value through other comprehensive income	Quoted price and market observable inputs	12,574	12,384
Commercial Paper	Market observable inputs	283	-
Certificates of Deposit	Market observable inputs	4,210	3,429
Unquoted equity and preference securities - carried at fair value through other comprehensive income	Discounted cash flows method, Market multiples method, Option pricing model	208	194
Unquoted equity and preference securities - carried at fair value through profit or loss	Discounted cash flows method, Market multiples method, Option pricing model	24	24
Unquoted compulsorily convertible debentures - carried at fair value through profit or loss	Discounted cash flows method	-	7
Others	Discounted cash flows method, Market multiples method, Option pricing model	148	152
Total		21,497	20,649

Note: Certain quoted investments are classified as Level 2 in the absence of active market for such investments.

2.3 Financial instruments

Accounting Policy

2.3.1 Initial recognition

The Group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

2.3.2 Subsequent measurement

a. Non-derivative financial instruments

(i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets carried at fair value through other comprehensive income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Group has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

(iii) Financial assets carried at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration and financial liability under option arrangements recognized in a business combination which is subsequently measured at fair value through profit or loss.

b. Derivative financial instruments

The Group holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for such contracts is generally a bank.

(i) Financial assets or financial liabilities, carried at fair value through profit or loss

This category includes derivative financial assets or liabilities which are not designated as hedges.

Although the Group believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under IFRS 9, Financial Instruments. Any derivative that is either not designated as hedge, or is so designated but is ineffective as per IFRS 9, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the consolidated statement of comprehensive income when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/ liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the Balance Sheet date.

(ii) Cash flow hedge

The Group designates certain foreign exchange forward and options contracts as cash flow hedges to mitigate the risk of foreign exchange exposure on highly probable forecast cash transactions.

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedging reserve. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the net profit in the consolidated statement of comprehensive income. If the hedging instrument no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the forecasted transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the net profit in the consolidated statement of comprehensive income upon the occurrence of the related forecasted transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified to net profit in the consolidated statement of comprehensive income.

2.3.3 Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under IFRS 9. A financial liability (or a part of a financial liability) is derecognized from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.3.4 Fair value of financial instruments

In determining the fair value of its financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

Refer to table 'Financial instruments by category' below for the disclosure on carrying value and fair value of financial assets and liabilities. For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximate fair value due to the short maturity of these instruments.

2.3.5 Impairment

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets and unbilled revenue which are not fair valued through profit or loss. Loss allowance for trade receivables and unbilled revenues with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The Group determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Group considers current and anticipated future economic conditions relating to industries the Group deals with and the countries where it operates.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recorded is recognized as an impairment gain or loss in consolidated statement of comprehensive income.

Financial instruments by category

The carrying value and fair value of financial instruments by categories as at June 30, 2022 were as follows:

The carrying value and fair value of financial instruments by categories as at June 30, 2022 were as follows:

Particulars	Amortized cost	Financial assets / liabilities at fair value through profit or loss		Financial assets / liabilities at fair value through OCI		Total carrying value	Total fair value

⁽¹⁾ On account of fair value changes including interest accrued

⁽²⁾ Excludes interest accrued on quoted debt securities carried at amortized cost of ₹91 crore.

⁽³⁾ Excludes unbilled revenue for contracts where the right to consideration is dependent on completion of contractual milestones

For trade receivables and trade payables and other assets and payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities as at June 30, 2022:

(In ₹ crore)

Particulars	As at June 30, 2022	Fair value measurement at end of the reporting period using		
		Level 1	Level 2	Level 3
Assets				
Investments in liquid mutual fund units (Refer to note 2.2)	1,685	1,685	-	-
Investments in quoted debt securities (Refer to note 2.2)	14,939	11,849	3,090	-
Investments in unquoted equity and preference securities (Refer to note 2.2)	232	-	-	232
Investments in certificates of deposits (Refer to note 2.2)	4,210	-	4,210	-
Investments in commercial paper (Refer to note 2.2)	283	-	283	-
Investments in unquoted investments others (Refer to note 2.2)	148	-	-	148
Derivative financial instruments - gain on outstanding foreign exchange forward and option contracts	99	-	99	-
Liabilities				
Derivative financial instruments - loss on outstanding foreign exchange forward and option contracts	223	-	223	-
Financial liability under option arrangements (Refer to note 2.5)	639	-	-	639
Liability towards contingent consideration (Refer to note 2.5)*	105	-	-	105

* Discount rate pertaining to contingent consideration ranges from 9% to 15.5%

During the three months ended June 30, 2022, quoted debt securities of ₹533 crore were transferred from Level 2 to Level 1 of fair value hierarchy, since these were valued based on quoted price and quoted debt securities of ₹1849 crore were transferred from Level 1 to Level 2 of fair value hierarchy, since these were valued based on market observable inputs.

The following table presents fair value hierarchy of assets and liabilities as at March 31, 2022:

(In ₹ crore)

Particulars	As at March 31, 2022	Fair value measurement at end of the reporting period using		
		Level 1	Level 2	Level 3
Assets				
Investments in liquid mutual fund units (Refer to note 2.2)	2,012	2,012	-	-
Investments in quoted debt securities (Refer to note 2.2)	14,831	13,042	1,789	-
Investments in unquoted equity and preference securities (Refer to note 2.2)	218	-	-	218
Investments in certificates of deposits (Refer to note 2.2)	3,429	-	3,429	-
Investments in unquoted compulsorily convertible debentures (Refer to note 2.2)	7	-	-	7
Investments in unquoted investments others (Refer to note 2.2)	152	-	-	152
Derivative financial instruments- gain on outstanding foreign exchange forward and option contracts	143	-	143	-
Liabilities				
Derivative financial instruments- loss on outstanding foreign exchange forward and option contracts	61	-	61	-
Financial liability under option arrangements (Refer to note 2.5)	655	-	-	655
Liability towards contingent consideration (Refer to note 2.5)*	123	-	-	123

* Discount rate pertaining to contingent consideration ranges from 8% to 14.5%

During the year ended March 31, 2022, quoted debt securities of ₹576 crore were transferred from Level 2 to Level 1 of fair value hierarchy, since these were valued based on quoted price and quoted debt securities of ₹965 crore were transferred from Level 1 to Level 2 of fair value hierarchy, since these were valued based on market observable inputs.

A one percentage point change in the unobservable inputs used in fair valuation of Level 3 assets and liabilities does not have a significant impact in its value.

Majority of investments of the Group are fair valued based on Level 1 or Level 2 inputs. These investments primarily include investment in liquid mutual fund units, quoted debt securities, certificates of deposit, quoted bonds issued by government and quasi government organizations. The Group invests after considering counterparty risks based on multiple criteria including Tier I Capital, Capital Adequacy Ratio, credit rating, profitability, NPA levels and deposit base of banks and financial institutions. These risks are monitored regularly as per Group's risk management program.

2.4 Prepayments and other assets

Prepayments and other assets consist of the following:

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
Current		
Rental deposits	36	58
Security deposits	9	7
Loans to employees	280	248
Prepaid expenses ⁽¹⁾	2,479	1,996
Interest accrued and not due	286	362
Withholding taxes and others ⁽¹⁾	2,303	1,941
Advance payments to vendors for supply of goods ⁽¹⁾	234	193
Deposit with corporations*	2,345	2,177
Deferred contract cost ^{(1)#}		
Cost of obtaining a contract	1,013	858
Cost of fulfillment	119	91
Net investment in sublease of right of use asset	49	50
Other non financial assets ⁽¹⁾	335	325
Other financial assets	347	271
Total Current prepayment and other assets	9,835	8,577
Non-current		
Loans to employees	46	34
Deposit with corporations*	59	33
Rental deposits	212	186
Security deposits	48	47
Withholding taxes and others ⁽¹⁾	685	674
Deferred contract cost ^{(1)#}		
Cost of obtaining a contract	489	593
Cost of fulfillment	388	309
Prepaid expenses ⁽¹⁾	143	99
Net investment in sublease of right of use asset	331	322
Defined benefit plan assets ⁽¹⁾	24	20
Other financial assets	302	177
Total Non- current prepayment and other assets	2,727	2,494
Total prepayment and other assets	12,562	11,071
Financial assets in prepayments and other assets	4,350	3,972

⁽¹⁾ Non financial assets

Withholding taxes and others primarily consist of input tax credits and Cenvat recoverable from Government of India.

*Deposit with corporations represents amounts deposited to settle certain employee-related obligations as and when they arise during the normal course of business.

Includes technology assets taken over by the Group from a customer as a part of transformation project which is not considered as distinct goods or services and the control related to the assets is not transferred to the Group in accordance with IFRS 15 - Revenue from contract with customers. Accordingly, the same has been considered as a reduction to the total contract value and accounted as Deferred contract cost. The Group has entered into financing arrangements with a third party for these assets. As at June 30, 2022, the financial liability pertaining to such arrangements amounts to ₹861 crore. During the three months ended June 30, 2022, ₹14 crore was settled directly by the third party to the customer on behalf of the Group and accordingly considered as non-cash transaction (Refer to note 2.5)

2.5 Other liabilities

Other liabilities comprise the following :

(In ₹ crore)

Particulars	As at	
	June 30, 2022	March 31, 2022
Current		
Accrued compensation to employees	4,730	4,061
Accrued expenses	8,351	7,476
Withholding taxes and others ⁽¹⁾	2,908	2,834
Retention money	10	13
Liabilities of controlled trusts	211	211
Deferred income - government grants ⁽¹⁾	11	11
Accrued defined benefit liability ⁽¹⁾	4	5
Liability towards contingent consideration	70	67
Capital Creditors	271	431
Other non-financial liabilities ⁽¹⁾	3	4
Other financial liabilities [#]	1,842	1,335
Total current other liabilities	18,411	16,448
Non-current		
Liability towards contingent consideration	35	56
Accrued expenses	1,001	946
Accrued defined benefit liability ⁽¹⁾	486	367
Accrued compensation to employees	9	8
Deferred income - government grants ⁽¹⁾	64	64
Deferred income ⁽¹⁾	12	9
Other financial liabilities [#]	533	580
Other non-financial liabilities ⁽¹⁾	11	11
Financial liability under option arrangements	639	655
Total non-current other liabilities	2,790	2,696
Total other liabilities	21,201	19,144
Financial liabilities included in other liabilities	17,702	15,839
Financial liability towards contingent consideration on an undiscounted basis	122	132

⁽¹⁾ Non financial liabilities

[#] Deferred contract cost (Refer to note 2.4) includes technology assets taken over by the Group from a customer as a part of transformation project which is not considered as distinct goods or services and the control related to the assets is not transferred to the Group in accordance with IFRS 15 - Revenue from contract with customers. Accordingly, the same has been considered as a reduction to the total contract value and accounted as Deferred contract cost. The Group has entered into financing arrangements with a third party for these assets. As at June 30,2022, the financial liability pertaining to such arrangements amounts to ₹861 crore. During the three months ended June 30,2022, ₹14 crore was settled directly by the third party to the customer on behalf of the Group and accordingly considered as non-cash transaction.

Accrued expenses primarily relates to cost of technical sub-contractors, telecommunication charges, legal and professional charges, brand building expenses, overseas travel expenses and office maintenance.

2.6 Provisions and other contingencies

Accounting Policy

Provisions

A provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Post sales client support

The Group provides its clients with a fixed-period post sales support on its fixed-price, fixed-timeframe contracts. Costs associated with such support services are accrued at the time related revenues are recorded and included in cost of sales. The Group estimates such costs based on historical experience and estimates are reviewed on a periodic basis for any material changes in assumptions and likelihood of occurrence.

Onerous contracts

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established the Group recognizes any impairment loss on the assets associated with that contract.

Provisions comprise the following:

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
Provision for post sales client support and other provisions	1,032	975
	1,032	975

Provision for post sales client support and other provisions majorly represents cost associated with providing post sales support services which are accrued at the time of recognition of revenues and are expected to be utilized over a period of 1 year.

Provision for post sales client support and other provisions is included in cost of sales in the condensed consolidated statement of comprehensive income.

As at June 30, 2022 and March 31, 2022 claims against the Group, not acknowledged as debts, (excluding demands from income tax authorities - Refer to note 2.12) amounted to ₹675 crore and ₹640 crore respectively.

Legal proceedings

The Group is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Group's management reasonably expects that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Group's results of operations or financial condition.

2.7 Property, plant and equipment

Accounting Policy

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by Management. The charge in respect of periodic depreciation is derived at after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Group depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Building	22-25 years
Plant and machinery ⁽¹⁾	5 years
Computer equipment	3-5 years
Furniture and fixtures	5 years
Vehicles	5 years
Leasehold improvements	Lower of useful life of the asset or lease term

⁽¹⁾ Includes solar plant with a useful life of 20 years

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end. The useful lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the consolidated statement of comprehensive income when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in net profit in the consolidated statement of comprehensive income.

Impairment

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in net profit in the statement of comprehensive income is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in net profit in the statement of comprehensive income if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

Following are the changes in the carrying value of property, plant and equipment for the three months ended June 30, 2022:

(In ₹ crore)							
Particulars	Land	Buildings	Plant and machinery	Computer equipment	Furniture and fixtures	Vehicles	Total
Gross carrying value as at April 1, 2022	1,429	11,224	4,950	8,527	3,201	44	29,375

Carrying value as at April 1, 2021	1,397	6,890	1,364	2,003	894	12	13,623
Capital work-in progress as at June 30, 2021	-	-	-	-	-	-	919
Carrying value as at June 30, 2021	1,398	6,965	1,319	2,096	852	11	13,560

* During the three months ended June 30, 2022, certain assets which were old and not in use having gross book value of ₹68 crore (net book value: Nil), were retired. During the three months ended June 30, 2021, there were no assets which were retired.

The aggregate depreciation expense is included in cost of sales in the consolidated statement of comprehensive income.

The Group had contractual commitments for capital expenditure primarily comprising of commitments for infrastructure facilities and computer equipment aggregating to ₹767 crore and ₹1245 crore as at June 30, 2022 and March 31, 2022, respectively.

2.8 Leases

Accounting Policy

The Group as a lessee

The Group's lease asset classes primarily consist of leases for land, buildings and computers. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (1) the contract involves the use of an identified asset (2) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

As a lessee, the Group determines the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Infosys's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Group as a lessor

Leases for which the group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Following are the changes in the carrying value of right of use assets for the three months ended June 30, 2022:

Particulars	Category of ROU asset				(In ₹ crore)
	Land	Buildings	Vehicles	Computers	Total
Balance as of April 1, 2022	628	3,711	16	468	4,823
Additions ⁽¹⁾	-	419	1	352	772
Deletions	-	(1)	-	(76)	(77)
Depreciation	(1)	(162)	(3)	(59)	(225)
Translation difference	(1)	(10)	-	1	(10)
Balance as of June 30, 2022	626	3,957	14	686	5,283

⁽¹⁾ Net of adjustments on account of modifications and lease incentives

Following are the changes in the carrying value of right of use assets for the three months ended June 30, 2021:

Particulars	Category of ROU asset				(In ₹ crore)
	Land	Buildings	Vehicles	Computers	Total
Balance as of April 1, 2021	630	3,984	19	161	4,794
Additions ⁽¹⁾	-	(141)	1	46	(94)
Deletions	-	(4)	-	-	(4)
Depreciation	(2)	(155)	(2)	(13)	(172)
Translation difference	3	32	1	-	36
Balance as of June 30, 2021	631	3,716	19	194	4,560

⁽¹⁾ Net of adjustments on account of modifications and lease incentives

The aggregate depreciation expense on ROU assets is included in cost of sales in the consolidated statement of comprehensive income.

The following is the break-up of current and non-current lease liabilities as of June 30, 2022 and March 31, 2022:

Particulars	As at		(In ₹ crore)
	June 30, 2022	March 31, 2022	
Current lease liabilities	883	872	
Non-current lease liabilities	5,176	4,602	
Total	6,059	5,474	

2.9 Goodwill and Intangible assets

2.9.1 Goodwill

Accounting Policy

Goodwill represents the purchase consideration in excess of the Group's interest in the net fair value of identifiable assets, liabilities and contingent liabilities of the acquired entity. When the net fair value of the identifiable assets, liabilities and contingent liabilities acquired exceeds the purchase consideration, the fair value of net assets acquired is reassessed and the bargain purchase gain is recognized immediately in the net profit in the Statement of Comprehensive Income. Goodwill is measured at cost less accumulated impairment losses.

Impairment

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit (CGU) is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGU's which benefit from the synergies of the acquisition and which represents the lowest level at which goodwill is monitored for internal management purposes. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Impairment occurs when the carrying amount of a CGU including the goodwill, exceeds the estimated recoverable amount of the CGU. The recoverable amount of a CGU is the higher of its fair value less cost to sell and its value-in-use. Value-in-use is the present value of future cash flows expected to be derived from the CGU. Key assumptions in the cash flow projections are prepared based on current economic conditions and includes estimated long term growth rates, weighted average cost of capital and estimated operating margins.

Total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU. An impairment loss on goodwill is recognized in net profit in the Statement of Comprehensive Income and is not reversed in the subsequent period.

Following is a summary of changes in the carrying amount of goodwill:

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
Carrying value at the beginning	6,195	6,079
Goodwill on acquisitions (Refer to note 2.10)	178	-
Translation differences	51	116
Carrying value at the end	6,424	6,195

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the CGU or groups of CGUs, which benefit from the synergies of the acquisition.

2.9.2 Intangible assets

Accounting Policy

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

Research costs are expensed as incurred. Software product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the group has an intention and ability to complete and use or sell the software and the costs can be measured reliably. The costs which can be capitalized include the cost of material, direct labour, overhead costs that are directly attributable to prepare the asset for its intended use.

Impairment

Intangible assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in net profit in the statement of comprehensive income is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in net profit in the statement of comprehensive income if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization) had no impairment loss been recognized for the asset in prior years.

2.10 Business Combinations

Accounting policy

Business combinations have been accounted for using the acquisition method under the provisions of IFRS 3 (Revised), Business Combinations.

The purchase price in an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Group. The purchase price also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Contingent consideration is remeasured at fair value at each reporting date and changes in the fair value of the contingent consideration are recognized in the Consolidated Statement of Comprehensive Income.

The interest of non-controlling shareholders is initially measured either at fair value or at the non-controlling interests' proportionate share of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity of subsidiaries.

Business combinations between entities under common control is outside the scope of IFRS 3 (Revised), Business Combinations and is accounted for at carrying value of assets acquired and liabilities assumed.

The payments related to options issued by the Group over the non-controlling interests in its subsidiaries are accounted as financial liabilities and initially recognized at the estimated present value of gross obligations. Such options are subsequently measured at fair value in order to reflect the amount payable under the option at the date at which it becomes exercisable. In the event that the option expires unexercised, the liability is derecognized.

Transaction costs that the Group incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

Acquisition

On April 20, 2022, Infosys Germany GmbH (a wholly-owned subsidiary of Infosys Consulting Pte. Ltd) acquired 100% voting interests in Oddity GmbH, Oddity Group Services GmbH, Oddity Space GmbH, Oddity Jungle GmbH, Oddity Code GmbH and Oddity Waves GmbH (collectively known as Oddity), Germany-based digital marketing, experience, and commerce agency. This acquisition is expected to strengthen the Group's creative, branding and experience design capabilities in Germany and across Europe.

The purchase price is allocated to assets acquired and liabilities assumed based upon determination of fair values at the date of acquisition as follows:

(In ₹ crore)			
Component	Acquiree's carrying amount	Fair value adjustments	Purchase price allocated
Net Assets ⁽¹⁾	49	-	49
Intangible assets –			
Customer contracts and relationships [#]	-	99	99
Deferred tax liabilities on intangible assets	-	(30)	(30)
Total	49	69	118
Goodwill			178
Total purchase price			296

⁽¹⁾ Includes cash and cash equivalents acquired of ₹ 21 crore.

[#] The estimated useful life is around 5 years

The excess of the purchase consideration paid over the fair value of assets acquired has been attributed to goodwill. The primary items that generated this goodwill are the value of the acquired assembled workforce and estimated synergies neither of which qualify as an intangible asset.

Goodwill is not tax-deductible.

The purchase consideration of ₹ 296 crore includes cash of ₹ 251 crore and contingent consideration with an estimated fair value of ₹45 crore as on the date of acquisition.

At the acquisition date, the key inputs used in determination of the fair value of contingent consideration are the probabilities assigned towards achievement of financial targets and discount rate of 12.5%. The undiscounted value of contingent consideration as of June 30, 2022 was ₹52 crore. Additionally, this acquisition has retention bonus payable to the employees of the acquiree over three years, subject to their continuous employment with the Group along with achievement of financial targets for the respective years. Bonus is recognized in employee benefit expenses in the Statement of Comprehensive Income over the period of service.

Fair value of trade receivables acquired, is ₹39 crore as of acquisition date and as of June 30, 2022 the amounts are substantially collected.

The transaction costs of ₹4 crore related to the acquisition have been included under administrative expenses in the Consolidated Statement of Comprehensive Income for the quarter ended June 30, 2022.

Proposed Acquisition

On July 13, 2022, Infosys Consulting Pte. Ltd (a wholly owned subsidiary of Infosys Limited) entered into a definitive agreement to acquire BASE life science A/S, a consulting and technology firm in the life sciences industry in Europe for a total consideration of upto EUR 110 million (approximately ₹906 crore), which includes management incentives, bonuses and retention. This acquisition is expected to augment the Group's life sciences expertise, scale its digital transformation capabilities with cloud based industry solutions and expand its presence in Nordics region and across Europe.

2.11 Employees' Stock Option Plans (ESOP)

Accounting Policy

The Group recognizes compensation expense relating to share-based payments in net profit based on estimated fair-values of the awards on the grant date. The estimated fair value of awards is recognized as an expense in net profit in the consolidated statement of comprehensive income on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share premium.

Infosys Expanded Stock Ownership Program 2019 (the 2019 Plan)

On June 22, 2019 pursuant to the approval by the shareholders in the Annual General Meeting, the Board has been authorized to introduce, offer, issue and provide share-based incentives to eligible employees of the Company and its subsidiaries under the 2019 Plan. The maximum number of shares under the 2019 plan shall not exceed 50,000,000 equity shares. To implement the 2019 Plan, up to 45,000,000 equity shares may be issued by way of secondary acquisition of shares by the Infosys Expanded Stock Ownership Trust. The Restricted Stock Units (RSUs) granted under the 2019 plan shall vest based on the achievement of defined annual performance parameters as determined by the administrator (Nomination and Remuneration Committee). The performance parameters will be based on a combination of relative Total Shareholder Return (TSR) against selected industry peers and certain broader market domestic and global indices and operating performance metrics of the company as decided by administrator. Each of the above performance parameters will be distinct for the purposes of calculation of quantity of shares to vest based on performance. These instruments will generally vest between a minimum of 1 to maximum of 3 years from the grant date.

2015 Stock Incentive Compensation Plan (the 2015 Plan) :

On March 31, 2016, pursuant to the approval by the shareholders through postal ballot, the Board was authorized to introduce, offer, issue and allot share-based incentives to eligible employees of the Company and its subsidiaries under the 2015 Plan. The maximum number of shares under the 2015 plan shall not exceed 24,038,883 equity shares (this includes 11,223,576 equity shares which are held by the trust towards the 2011 Plan as at March 31, 2016). The Company expects to grant the instruments under the 2015 Plan over the period of 4 years. The plan numbers mentioned above would further be adjusted for the September 2018 bonus issue.

The equity settled and cash settled RSUs and stock options would vest generally over a period of 4 years and shall be exercisable within the period as approved by the Nomination and Remuneration Committee (NARC). The exercise price of the RSUs will be equal to the par value of the shares and the exercise price of the stock options would be the market price as on the date of grant.

Controlled trust holds 13,193,290 and 13,725,712 shares as at June 30, 2022 and March 31, 2022, respectively under the 2015 plan. Out of these shares 200,000 equity shares each have been earmarked for welfare activities of the employees as at June 30, 2022 and March 31, 2022.

The following is the summary of grants during the three months ended June 30, 2022 and June 30, 2021:

Particulars	2019 Plan		2015 Plan	
	Three months ended		Three months ended	
	June 30,		June 30,	
	2022	2021	2022	2021
Equity settled RSUs				
Key Managerial Personnel (KMPs)	176,893	73,962	101,967	101,697
Employees other than KMPs	370,960	-	-	-
Total Grants	547,853	73,962	101,967	101,697

Notes on grants to KMP:

CEO & MD

Based on the recommendations of the Board and the approval of the shareholders at the AGM held on June 25, 2022, Salil Parekh has been reappointed as the CEO and MD of the Company for a term commencing on July 1, 2022 and ending on March 31, 2027. The remuneration is approved by the shareholders in the AGM. The revised employment agreement will be effective July 1, 2022.

Under the 2015 plan:

The Board, on April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, in accordance with the terms of his employment agreement effective till June 30, 2022, approved the grant of performance-based RSUs of fair value of ₹13 crore for fiscal 2023 under the 2015 Plan. These RSUs will vest in line with the employment agreement based on achievement of certain performance targets. Accordingly, 84,361 performance based RSU's were granted effective May 2, 2022.

Under the 2019 plan:

The Board, on April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, approved performance-based grant of RSUs amounting to ₹10 crore for fiscal 2023 under the 2019 Plan. These RSUs will vest in line with the employment agreement effective till June 30, 2022 based on achievement of certain performance targets. Accordingly, 64,893 performance based RSU's were granted effective May 2, 2022.

Other KMPs

Under the 2015 plan:

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, in accordance with employment agreement, the Board, approved performance-based grant of 5,616 RSUs to a KMP under the 2015 Plan. The grants were made effective May 2, 2022. The performance based RSUs will vest over three years based on certain performance targets.

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved time based grant of 11,990 RSUs to a KMP under the 2015 Plan. The grants were made effective May 2, 2022. These RSUs will vest over four years.

Under the 2019 plan:

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved performance based grants of 8,000 RSUs to a KMP under the 2019 plan. The grants were made effective May 2, 2022. These RSUs will vest over three years based on achievement of certain performance targets.

On May 21, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved performance based grants of 1,04,000 RSUs to other KMPs under the 2019 plan. The grants were made effective June 1, 2022. These RSUs will vest over three years based on achievement of certain performance targets.

Break-up of employee stock compensation expense

Particulars	(in ₹ crore)	
	Three months ended	
	June 30,	
	2022	2021
<i>Granted to:</i>		
KMPs	17	17
Employees other than KMPs	115	93
Total ⁽¹⁾	132	110
⁽¹⁾ Cash settled stock compensation expense included in the above	(2)	7

The fair value of the awards are estimated using the Black-Scholes Model for time and non-market performance based options and Monte Carlo simulation model is used for TSR based options.

The inputs to the model include the share price at date of grant, exercise price, expected volatility, expected dividends, expected term and the risk free rate of interest. Expected volatility during the expected term of the options is based on historical volatility of the observed market prices of the Company's publicly traded equity shares during a period equivalent to the expected term of the options. Expected volatility of the comparative company have been modelled based on historical movements in the market prices of their publicly traded equity shares during a period equivalent to the expected term of the options. Correlation coefficient is calculated between each peer entity and the indices as a whole or between each entity in the peer group.

The fair value of each equity settled award is estimated on the date of grant using the following assumptions:

Particulars	For options granted in			
	Fiscal 2023- Equity Shares- RSU	Fiscal 2023- ADS-RSU	Fiscal 2022- Equity Shares- RSU	Fiscal 2022- ADS-RSU
Weighted average share price (₹) / (\$ ADS)	1,510	19.03	1,791	24.45
Exercise price (₹) / (\$ ADS)	5.00	0.07	5.00	0.07
Expected volatility (%)	23-32	28-34	20-35	25-36
Expected life of the option (years)	1-4	1-4	1-4	1-4
Expected dividends (%)	2-3	2-3	2-3	2-3
Risk-free interest rate (%)	5-7	2-3	4-6	1-3
Weighted average fair value as on grant date (₹) / (\$ ADS)	1,191	13.89	1,548	20.82

The expected life of the RSU/ESOP is estimated based on the vesting term and contractual term of the RSU/ESOP, as well as expected exercise behavior of the employee who receives the RSU/ESOP.

2.12 Income Taxes

Accounting policy

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the Consolidated Statement of Comprehensive income except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity or other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year. Tax benefits of deductions earned on exercise of employee share options in excess of compensation charged to income are credited to equity.

Income tax expense in the consolidated statement of comprehensive income comprises:

Particulars	(In ₹ crore)	
	Three months ended June 30,	2021
	2022	
Current taxes		
Domestic taxes	1,670	1,440
Foreign taxes	680	497
	2,350	1,937
Deferred taxes		
Domestic taxes	30	114
Foreign taxes	(208)	(76)
	(178)	38
Income tax expense	2,172	1,975

Income tax expense for the three months ended June 30, 2022 and June 30, 2021 includes provisions (net of reversal) of ₹35 crore and reversal (net of provisions) of ₹13 crore respectively. These provisions and reversals pertaining to prior periods are primarily on account of adjudication of certain disputed matters, upon filing of tax return and completion of assessments, across various jurisdictions.

Deferred income tax for the three months ended June 30, 2022 and June 30, 2021 substantially relates to origination and reversal of temporary differences.

The Company's Advanced Pricing Arrangement (APA) with the Internal Revenue Service (IRS) for US branch income tax expired in March 2021. The Company has applied for renewal of APA and currently the US taxable income is based on the Company's best estimate determined based on the expected value method.

As at June 30, 2022, claims against the Group not acknowledged as debts from the Income tax authorities amounted to ₹4,025 crore. As at March 31, 2022, claims against the Group not acknowledged as debts from the Income tax authorities amounted to ₹4,001 crore.

The amount paid to statutory authorities against the tax claims amounted to ₹6,029 crore and ₹5,996 crore as at June 30, 2022 and March 31, 2022, respectively.

The claims against the group primarily represent demands arising on completion of assessment proceedings under the Income Tax Act, 1961. These claims are on account of multiple issues of disallowances such as disallowance of profits earned from STP Units and SEZ Units, disallowance of deductions in respect of employment of new employees under section 80JJAA, disallowance of expenditure towards software being held as capital in nature, payments made to Associated Enterprises held as liable for withholding of taxes.

These matters are pending before various Appellate Authorities and the Management including its tax advisors expect that its position will likely be upheld on ultimate resolution and will not have a material adverse effect on the Group's financial position and results of operations.

2.13 Basic and diluted shares used in computing earnings per equity share

Accounting Policy

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.14 Related party transactions

Refer to note 2.14 "Related party transactions" in the Company's 2022 Consolidated financial statements under IFRS in Indian rupee for the full names and other details of the Company's subsidiaries and controlled trusts.

Changes in Subsidiaries

During the three months ended June 30, 2022, the following are the changes in the subsidiaries:

- On April 20, 2022, Infosys Germany GmbH (formerly Kristall 247. GmbH ("Kristall")) (a wholly owned subsidiary of Infosys Consulting Pte. Ltd) acquired 100% of voting interests in Oddity Space GmbH, Oddity Jungle GmbH, Oddity Waves GmbH, Oddity Group Services GmbH, Oddity Code GmbH along with its subsidiary Oddity Code D.O.O, and Oddity GmbH along with its two subsidiaries Oddity (Shanghai) Co. Ltd., Oddity Limited(Taipei).
- Infosys Consulting S.R.L. (Argentina) (formerly a wholly-owned subsidiary of Infosys Consulting Holding AG) became the wholly - owned subsidiary of Infosys Limited with effect from April 1, 2022.

Transactions with key management personnel

The table below describes the compensation to key management personnel which comprise directors and executive officers:

Particulars	(In ₹ crore)	
	Three months ended	
	June 30,	
	2022	2021
Salaries and other employee benefits to whole-time directors and executive officers ⁽¹⁾⁽²⁾	32	37
Commission and other benefits to non-executive/ independent directors	4	2
Total	36	39

⁽¹⁾ For the three months ended June 30, 2022 and June 30, 2021, includes a charge of ₹17 crore and ₹17 crore respectively, towards employee stock compensation expense. (Refer to note 2.11).

⁽²⁾ Does not include post-employment benefit based on actuarial valuation as this is done for the Company as a whole.

2.15 Segment reporting

IFRS 8 Operating Segments establishes standards for the way that public business enterprises report information about operating segments and related disclosures about products and services, geographic areas, and major customers. The Group's operations predominantly relate to providing end-to-end business solutions to enable clients to enhance business performance. The Chief Operating Decision Maker (CODM) evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments. Accordingly, information has been presented along business segments. The accounting principles used in the preparation of the financial statements are consistently applied to record revenue and expenditure in individual segments, and are as set out in the accounting policies.

Business segments of the Group are primarily enterprises in Financial Services and Insurance, enterprises in Manufacturing, enterprises in Retail, Consumer Packaged Goods and Logistics, enterprises in the Energy, Utilities, Resources and Services, enterprises in Communication, Telecom OEM and Media, enterprises in Hi-Tech, enterprises in Life Sciences and Healthcare and all other segments. The Financial services reportable segments has been aggregated to include the Financial Services operating segment and Finacle operating segment because of the similarity of the economic characteristics. All other segments represents the operating segments of businesses in India, Japan, China, Infosys Public Services & other enterprises in Public Services.

Revenue and identifiable operating expenses in relation to segments are categorized based on items that are individually identifiable to that segment. Revenue for 'all other segments' represents revenue generated by Infosys Public services and revenue generated from customers located in India, Japan and China and other enterprises in Public services. Allocated expenses of segments include expenses incurred for rendering services from the Group's offshore software development centers and on-site expenses, which are categorized in relation to the associated efforts of the segment. Certain expenses such as depreciation and amortization, which form a significant component of total expenses, are not specifically allocable to specific segments as the underlying assets are used interchangeably. The Management believes that it is not practical to provide segment disclosures relating to those costs and expenses, and accordingly these expenses are separately disclosed as "unallocated" and adjusted against the total income of the Group.

Assets and liabilities used in the Group's business are not identified to any of the reportable segments, as these are used interchangeably between segments. Management believes that it is currently not practicable to provide segment disclosures relating to total assets and liabilities since a meaningful segregation of the available data is onerous.

Business segment revenue information is collated based on individual customers invoiced or in relation to which the revenue is otherwise recognized.

Disclosure of revenue by geographic locations is given in note 2.16 Revenue from operations.

2.15.2 Significant clients

No client individually accounted for more than 10% of the revenues for the three months ended June 30, 2022 and June 30, 2021, respectively.

2.16 Revenue from Operations

Accounting Policy:

The Group derives revenues primarily from IT services comprising software development and related services, cloud and infrastructure services, maintenance, consulting and package implementation, licensing of software products and platforms across the Group's core and digital offerings (together called as "software related services") and business process management services. Contracts with customers are either on a time-and-material, unit of work, fixed-price or on a fixed-timeframe basis.

Revenues from customer contracts are considered for recognition and measurement when the contract has been approved in writing by the parties, to the contract, the parties to contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. Revenue is recognized upon transfer of control of promised products or services ("performance obligations") to customers in an amount that reflects the consideration the Group has received or expects to receive in exchange for these products or services ("transaction price"). When there is uncertainty as to collectability, revenue recognition is postponed until such uncertainty is resolved.

The Group assesses the services promised in a contract and identifies distinct performance obligations in the contract. The Group allocates the transaction price to each distinct performance obligation based on the relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In the absence of such evidence, the primary method used to estimate standalone selling price is the expected cost plus a margin, under which the Group estimates the cost of satisfying the performance obligation and then adds an appropriate margin based on similar services.

The Group's contracts may include variable consideration including rebates, volume discounts and penalties. The Group includes variable consideration as part of transaction price when there is a basis to reasonably estimate the amount of the variable consideration and when it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved.

Revenue on time-and-material and unit of work based contracts, are recognized as the related services are performed. Fixed price maintenance revenue is recognized ratably either on a straight-line basis when services are performed through an indefinite number of repetitive acts over a specified period or ratably using a percentage of completion method when the pattern of benefits from the services rendered to the customer and Group's costs to fulfil the contract is not even through the period of contract because the services are generally discrete in nature and not repetitive. Revenue from other fixed-price, fixed-timeframe contracts, where the performance obligations are satisfied over time is recognized using the percentage-of-completion method. Efforts or costs expended are used to determine progress towards completion as there is a direct relationship between input and productivity. Progress towards completion is measured as the ratio of costs or efforts incurred to date (representing work performed) to the estimated total costs or efforts. Estimates of transaction price and total costs or efforts are continuously monitored over the term of the contracts and are recognized in net profit in the period when these estimates change or when the estimates are revised. Revenues and the estimated total costs or efforts are subject to revision as the contract progresses. Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract.

The billing schedules agreed with customers include periodic performance based billing and / or milestone based progress billings. Revenues in excess of billing are classified as unbilled revenue while billing in excess of revenues are classified as contract liabilities (which we refer to as unearned revenues).

In arrangements for software development and related services and maintenance services, by applying the revenue recognition criteria for each distinct performance obligation, the arrangements with customers generally meet the criteria for considering software development and related services as distinct performance obligations. For allocating the transaction price, the Group measures the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the Group is unable to determine the standalone selling price, the Group uses the expected cost plus margin approach in estimating the standalone selling price. For software development and related services, the performance obligations are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Certain cloud and infrastructure services contracts include multiple elements which may be subject to other specific accounting guidance, such as leasing guidance. These contracts are accounted in accordance with such specific accounting guidance. In such arrangements where the Group is able to determine that hardware and services are distinct performance obligations, it allocates the consideration to these performance obligations on a relative standalone selling price basis. In the absence of standalone selling price, the Group uses the expected cost-plus margin approach in estimating the standalone selling price. When such arrangements are considered as a single performance obligation, revenue is recognized over the period and measure of progress is determined based on promise in the contract.

Revenue from licenses where the customer obtains a "right to use" the licenses is recognized at the time the license is made available to the customer. Revenue from licenses where the customer obtains a "right to access" is recognized over the access period.

Arrangements to deliver software products generally have three elements: license, implementation and Annual Technical Services (ATS). When implementation services are provided in conjunction with the licensing arrangement and the license and implementation have been identified as two distinct separate performance obligations, the transaction price for such contracts are allocated to each performance obligation of the contract based on their relative standalone selling prices. In the absence of standalone selling price for implementation, the Group uses the expected cost plus margin approach in estimating the standalone selling price. Where the license is required to be substantially customized as part of the implementation service the entire arrangement fee for license and implementation is considered to be a single performance obligation and the revenue is recognized using the percentage-of-completion method as the implementation is performed. Revenue from client training, support and other services arising due to the sale of software products is recognized as the performance obligations are satisfied. ATS revenue is recognized ratably on a straight line basis over the period in which the services are rendered.

Contracts with customers includes subcontractor services or third-party vendor equipment or software in certain integrated services arrangements. In these types of arrangements, revenue from sales of third-party vendor products or services is recorded net of costs when the Group is acting as an agent between the customer and the vendor, and gross when the Group is the principal for the transaction. In doing so, the group first evaluates whether it controls the good or service before it is transferred to the customer. The Group considers whether it has the primary obligation to fulfil the contract, inventory risk, pricing discretion and other factors to determine whether it controls the goods or service and therefore is acting as a principal or an agent.

The incremental costs of obtaining a contract (i.e., costs that would not have been incurred if the contract had not been obtained) are recognized as an asset if the Group expects to recover them.

Certain eligible, nonrecurring costs (e.g. set-up or transition or transformation costs) that do not represent a separate performance obligation are recognized as an asset when such costs (a) relate directly to the contract; (b) generate or enhance resources of the Group that will be used in satisfying the performance obligation in the future; and (c) are expected to be recovered.

Capitalized contract costs relating to upfront payments to customers are amortized to revenue and other capitalized costs are amortized to cost of sales over the respective contract life on a systematic basis consistent with the transfer of goods or services to customer to which the asset relates. Capitalized costs are monitored regularly for impairment. Impairment losses are recorded when present value of projected remaining operating cash flows is not sufficient to recover the carrying amount of the capitalized costs.

The Group presents revenues net of indirect taxes in its consolidated statement of comprehensive income.

Revenues for the three months June 30, 2022 and June 30, 2021 is as follows:

Particulars	(In ₹ crore)	
	Three months ended June 30,	
	2022	2021
Revenue from software services	32,278	25,847
Revenue from products and platforms	2,192	2,049
Total revenue from operations	34,470	27,896

Disaggregated revenue information

The table below presents disaggregated revenues from contracts with customers by geography and offerings for each of our business segments. The group believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of our revenues and cash flows are affected by industry, market and other economic factors.

⁽¹⁾ Financial Services include enterprises in Financial Services and Insurance

⁽²⁾ Retail includes enterprises in Retail, Consumer Packaged Goods and Logistics

⁽³⁾ Communication includes enterprises in Communication, Telecom OEM and Media

⁽⁴⁾ Life Sciences includes enterprises in Life sciences and Health care

⁽⁵⁾ Others include operating segments of businesses in India, Japan, China, Infosys Public Services & other enterprises in Public Services

* Geographical revenues are based on the domicile of customer.

Digital Services

Digital Services comprise of service and solution offerings of the Group that enable our clients to transform their businesses. These include offerings that enhance customer experience, leverage AI-based analytics and big data, engineer digital products and IoT, modernize legacy technology systems, migrate to cloud applications and implement advanced cyber security systems.

Core Services

Core Services comprise traditional offerings of the Group that have scaled and industrialized over a number of years. These primarily include application management services, proprietary application development services, independent validation solutions, product engineering and management, infrastructure management services, traditional enterprise application implementation, support and integration services.

Products & platforms

The Group derives revenues from the sale of products and platforms including Finacle – core banking solution, Edge Suite of products, Panaya platform, Infosys Equinox, Infosys Applied AI, Stater digital platform and Infosys McCamish – insurance platform.

Trade Receivables and Contract Balances

The timing of revenue recognition, billings and cash collections results in Receivables, Unbilled Revenue, and Unearned Revenue on the Group's Consolidated Balance Sheet. Amounts are billed as work progresses in accordance with agreed-upon contractual terms, either at periodic intervals (e.g., monthly or quarterly) or upon achievement of contractual milestones.

The Group's Receivables are rights to consideration that are unconditional. Unbilled revenues comprising revenues in excess of billings from time and material contracts and fixed price maintenance contracts are classified as financial asset when the right to consideration is unconditional and is due only after a passage of time.

Invoicing to the clients for other fixed price contracts is based on milestones as defined in the contract and therefore the timing of revenue recognition is different from the timing of invoicing to the customers. Therefore unbilled revenues for other fixed price contracts (contract asset) are classified as non-financial asset because the right to consideration is dependent on completion of contractual milestones.

Invoicing in excess of earnings are classified as unearned revenue.

Trade receivables and unbilled revenues are presented net of impairment in the consolidated statement of financial position.

2.17 Unbilled Revenue

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
Unbilled financial asset ⁽¹⁾	7,539	6,354
Unbilled non financial asset ⁽²⁾	7,145	6,155
Total	14,684	12,509

⁽¹⁾ Right to consideration is unconditional and is due only after a passage of time.

⁽²⁾ Right to consideration is dependent on completion of contractual milestones.

2.18 Break-up of expenses and other income, net

a. Accounting policy

Gratuity and Pensions

The Group provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees majorly of Infosys and its Indian subsidiaries. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Group. The Company contributes Gratuity liabilities to the Infosys Limited Employees' Gratuity Fund Trust (the Trust). In case of Infosys BPM and EdgeVerve, contributions are made to the Infosys BPM Employees' Gratuity Fund Trust and EdgeVerve Systems Limited Employees' Gratuity Fund Trust, respectively. Trustees administer contributions made to the Trusts and contributions are invested in a scheme with the Life Insurance Corporation of India as permitted by Indian law.

The Group operates defined benefit pension plan in certain overseas jurisdictions, in accordance with the local laws. These plans are managed by third party fund managers. The plans provide for periodic payouts after retirement and/or for a lumpsum payment as set out in rules of each fund and includes death and disability benefits.

Liabilities with regard to these defined benefit plans are determined by actuarial valuation, performed by an external actuary, at each Balance Sheet date using the projected unit credit method. These defined benefit plans expose the Group to actuarial risks, such as longevity risk, currency risk, interest rate risk and market risk.

The Group recognizes the net obligation of a defined benefit plan in its Balance Sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability / (asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income. The effect of any plan amendments is recognized in net profit in the condensed Consolidated Statement of Comprehensive Income.

Provident fund

Eligible employees of Infosys receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the Company make monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary. The Company contributes a portion to the Infosys Limited Employees' Provident Fund Trust. The trust invests in specific designated instruments as permitted by Indian law. The remaining portion is contributed to the government administered pension fund. The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the Government of India. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the trust and the notified interest rate.

In respect of Indian subsidiaries, eligible employees receive benefits from a provident fund, which is a defined contribution plan. Both the eligible employee and the respective companies make monthly contributions to this provident fund plan equal to a specified percentage of the covered employee's salary. Amounts collected under the provident fund plan are deposited in a government administered provident fund. The Companies have no further obligation to the plan beyond its monthly contributions.

Superannuation

Certain employees of Infosys and its Indian subsidiaries are participants in a defined contribution plan. The Group has no further obligations to the plan beyond its monthly contributions which are periodically contributed to a trust fund, the corpus of which is invested with the Life Insurance Corporation of India.

Compensated absences

The Group has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each Balance Sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the Balance Sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the entire Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect in entirety and will record any related impact in the period the Code becomes effective.

Other income, net

Other income is comprised primarily of interest income, dividend income, gain/loss on investment and exchange gain/loss on forward and options contracts and on translation of foreign currency assets and liabilities. Interest income is recognized using the effective interest method. Dividend income is recognized when the right to receive payment is established.

Foreign currency

Functional currency

The functional currency of Infosys, Infosys BPM, EdgeVerve and Skava and controlled trusts is the Indian rupee. The functional currencies for foreign subsidiaries are their respective local currencies. These financial statements are presented in Indian rupees (rounded off to crore; one crore equals ten million).

Transactions and translations

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are recognized in the Consolidated Statement of Comprehensive Income and reported within exchange gains/ (losses) on translation of assets and liabilities, net, except when deferred in Other Comprehensive Income as qualifying cash flow hedges. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction. The related revenue and expense are recognized using the same exchange rate.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash-flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

The translation of financial statements of the foreign subsidiaries to the presentation currency is performed for assets and liabilities using the exchange rate in effect at the Balance Sheet date and for revenue, expense and cash-flow items using the average exchange rate for the respective periods. The gains or losses resulting from such translation are included in currency translation reserves under other components of equity. When a subsidiary is disposed off, in full, the relevant amount is transferred to net profit in the statement of comprehensive income. However when a change in the parent's ownership does not result in loss of control of a subsidiary, such changes are recorded through equity.

Other Comprehensive Income, net of taxes includes translation differences on non-monetary financial assets measured at fair value at the reporting date, such as equities classified as financial instruments and measured at fair value through other comprehensive income (FVOCI).

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the exchange rate in effect at the Balance Sheet date.

Government grants

The Group recognizes government grants only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received. Government grants related to assets are treated as deferred income and are recognized in the net profit in the statement of comprehensive income on a systematic and rational basis over the useful life of the asset. Government grants related to revenue are recognized on a systematic basis in the statement of comprehensive income over the periods necessary to match them with the related costs which they are intended to compensate.

Operating Profits

Operating profit of the Group is computed considering the revenues, net of cost of sales, selling and marketing expenses and administrative expenses.

b. The table below provides details of break-up of expenses:

Cost of sales

Particulars	(In ₹ crore)	
	Three months ended June 30,	
	2022	2021
Employee benefit costs	16,621	13,637
Depreciation and amortization	950	829
Travelling costs	254	119
Cost of technical sub-contractors	3,909	2,454
Cost of software packages for own use	406	330
Third party items bought for service delivery to clients	1,976	946
Short-term leases (Refer to note 2.8)	7	7
Consultancy and professional charges	28	24
Communication costs	88	76
Repairs and maintenance	109	90
Provision for post-sales client support	12	1
Others	9	(7)
Total	24,369	18,506

Selling and marketing expenses

Particulars	(In ₹ crore)	
	Three months ended June 30,	
	2022	2021
Employee benefit costs	1,126	1,059
Travelling costs	76	6
Branding and marketing	222	114
Short-term leases (Refer to note 2.8)	1	1
Communication costs	3	2
Consultancy and professional charges	29	46
Others	36	20
Total	1,493	1,248

Administrative expenses

Particulars	(In ₹ crore)	
	Three months ended June 30,	
	2022	2021
Employee benefit costs	590	534
Consultancy and professional charges	399	326
Repairs and maintenance	217	213
Power and fuel	39	33
Communication costs	79	69
Travelling costs	46	8
Impairment loss recognized/(reversed) under expected credit loss model	44	44
Rates and taxes	74	63
Insurance charges	41	41

Commission to non-whole time directors	4	2
Contribution towards Corporate Social Responsibility	60	145
Others	91	52
Total	1,694	1,539

Other income consists of the following:

Particulars	(In ₹ crore)	
	Three months ended June 30,	
	2022	2021
Interest income on financial assets carried at amortized cost	239	328
Interest income on financial assets carried at fair value through other comprehensive income	240	158
Gain/(loss) on investments carried at fair value through profit or loss	8	24
Gain/(loss) on investments carried at fair value through other comprehensive income	1	-
Exchange gains / (losses) on forward and options contracts	(290)	(77)
Exchange gains / (losses) on translation of other assets and liabilities	417	128
Others	61	61
Total	676	622

2.19 Equity

Accounting policy

Ordinary Shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares, share options and buyback are recognized as a deduction from equity, net of any tax effects.

Treasury Shares

When any entity within the Group purchases the company's ordinary shares, the consideration paid including any directly attributable incremental cost is presented as a deduction from total equity, until they are cancelled, sold or reissued. When treasury shares are sold or reissued subsequently, the amount received is recognized as an increase in equity, and the resulting surplus or deficit on the transaction is transferred to/ from Share premium.

Description of reserves

Retained earnings

Retained earnings represent the amount of accumulated earnings of the Group.

Share premium

The amount received in excess of the par value has been classified as share premium. Additionally, share-based compensation recognized in net profit in the condensed consolidated statement of comprehensive income is credited to share premium. Amounts have been utilized for bonus issue and share buyback from share premium account.

Special Economic Zone Re-investment reserve

The Special Economic Zone Re-investment reserve has been created out of the profit of the eligible SEZ unit in terms of the provisions of Sec 10AA (1)(ii) of Income Tax Act, 1961. The reserve should be utilized by the Company for acquiring new plant and machinery for the purpose of its business in terms of the provisions of the Sec 10AA (2) of the Income Tax Act, 1961.

Capital Redemption Reserve

In accordance with section 69 of the Indian Companies Act, 2013, the Company creates capital redemption reserve equal to the nominal value of the shares bought back as an appropriation from general reserve.

Other components of equity

Other components of equity include currency translation, re-measurement of net defined benefit liability/asset, fair value changes of equity instruments fair valued through other comprehensive income, changes on fair valuation of investments, net of taxes.

Cash flow hedge reserve

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedging reserve. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the net profit in the consolidated Statement of Comprehensive Income upon the occurrence of the related forecasted transaction.

2.19.1 Dividend

The final dividend on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors. Income tax consequences of dividends on financial instruments classified as equity will be recognized according to where the entity originally recognized those past transactions or events that generated distributable profits.

The Company declares and pays dividends in Indian rupees. Companies are required to pay / distribute dividend after deducting applicable taxes. The remittance of dividends outside India is governed by Indian law on foreign exchange and is also subject to withholding tax at applicable rates.

Amount of per share dividend recognized as distribution to equity shareholders:-

Particulars	(In ₹)	
	Three months ended June 30,	
	2022	2021
Final dividend for fiscal 2021	-	15.00
Final dividend for fiscal 2022	16.00	-

The Board of Directors in their meeting held on April 13, 2022 recommended a final dividend of ₹16/- per equity share for the financial year ended March 31, 2022. The same was approved by the shareholders in the Annual General Meeting (AGM) of the Company held on June 25, 2022 which resulted in a net cash outflow of ₹6,711 crore (excluding dividend paid on treasury shares).

2.19.2 Capital allocation policy

Effective fiscal 2020, the company expects to return approximately 85% of the free cash flow cumulatively over a 5-year period through a combination of semi-annual dividends and/or share buyback and/or special dividends, subject to applicable laws and requisite approvals, if any. Free cash flow is defined as net cash provided by operating activities less capital expenditure as per the consolidated statement of cash flows prepared under IFRS. Dividend and buyback include applicable taxes.

The Company's objective when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value. In order to maintain or achieve an optimal capital structure, the Company may adjust the amount of dividend payment, return capital to shareholders, issue new shares or buy back issued shares. As at June 30, 2022, the Company has only one class of equity shares and has no debt. Consequent to the above capital structure there are no externally imposed capital requirements.

2.19.3 Share capital and share premium

The Company has only one class of shares referred to as equity shares having a par value of ₹5/- each. 13,193,290 shares and 13,725,712 shares were held by controlled trust, as at June 30, 2022 and March 31, 2022, respectively.

INDEPENDENT AUDITOR’S REPORT

TO THE BOARD OF DIRECTORS OF INFOSYS LIMITED

Report on the Audit of the Interim Condensed Standalone Financial Statements

Opinion

We have audited the accompanying interim condensed standalone financial statements of **INFOSYS LIMITED** (the “Company”), which comprise the Condensed Balance Sheet as at June 30, 2022, the Condensed Statement of Profit and Loss (including Other Comprehensive Income), the Condensed Statement of Changes in Equity and the Condensed Statement of Cash Flows for the three months ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the “interim condensed standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid interim condensed standalone financial statements give a true and fair view in conformity with Indian Accounting Standard 34 “Interim Financial Reporting” (“Ind AS 34”) prescribed under section 133 of the Companies Act, 2013 (the “Act”), read with relevant rules issued thereunder and other accounting principles generally accepted in India, of the state of affairs of the Company as at June 30, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the three months ended on that date.

Basis for Opinion

We conducted our audit of the interim condensed standalone financial statements in accordance with the Standards on Auditing (“SA”s) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Interim Condensed Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the interim condensed standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the interim condensed standalone financial statements.

Management’s Responsibilities for the Interim Condensed Standalone Financial Statements

The Company’s Board of Directors is responsible for the preparation and presentation of these interim condensed standalone financial statements that give a true and fair view of the financial position, financial performance, including total comprehensive income, changes in equity and cash flows of the Company in accordance with Ind AS 34 and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate

accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the interim condensed standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the interim condensed standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Interim Condensed Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the interim condensed standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these interim condensed standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the interim condensed standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on effectiveness of the Company's internal financial controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the interim condensed standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the interim condensed standalone financial statements, including the disclosures, and whether the interim condensed standalone

financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the interim condensed standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the interim condensed standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the interim condensed standalone financial statements.

We also communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Condensed Statement of Cash Flows

Accounting Policy

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

INFOSYS LIMITED

Overview and Notes to the Interim Condensed Standalone Financial Statements

1. Overview

1.1 Company overview

Infosys Limited ('the Company' or Infosys) provides consulting, technology, outsourcing and next-generation digital services, to enable clients to execute strategies for their digital transformation. Infosys strategic objective is to build a sustainable organization that remains relevant to the agenda of clients, while creating growth opportunities for employees and generating profitable returns for investors. Infosys strategy is to be a navigator for our clients as they ideate, plan and execute on their journey to a digital future.

The Company is a public limited company incorporated and domiciled in India and has its registered office at Electronics City, Hosur Road, Bengaluru 560100, Karnataka, India. The company has its primary listings on the BSE Ltd. and National Stock Exchange of India Limited. The Company's American Depositary Shares (ADS) representing equity shares are listed on the New York Stock Exchange (NYSE).

The interim condensed standalone financial statements are approved for issue by the Company's Board of Directors on July 24, 2022.

1.2 Basis of preparation of financial statements

These interim condensed standalone financial statements are prepared in accordance with Indian Accounting Standard (Ind AS) 34 Interim Financial Reporting, under the historical cost convention on accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ("the Act") (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). Accordingly, these interim condensed standalone financial statements do not include all the information required for a complete set of financial statements. These interim condensed standalone financial statements should be read in conjunction with the standalone financial statements and related notes included in the Company's Annual Report for the year ended March 31, 2022. The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1.3 Use of estimates and judgments

The preparation of the interim condensed standalone financial statements in conformity with Ind AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the interim condensed standalone financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note no. 1.4. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates and judgements are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the interim condensed standalone financial statements.

Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The Company has considered the possible effects that may result from the COVID-19 pandemic in the preparation of these interim condensed standalone financial statements including the recoverability of carrying amounts of financial and non financial assets and does not expect any material impact on its recoverability.

1.4 Critical accounting estimates and judgments

a. Revenue recognition

The Company's contracts with customers include promises to transfer multiple products and services to a customer. Revenues from customer contracts are considered for recognition and measurement when the contract has been approved, in writing, by the parties to the contract, the parties to contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligations to determine the deliverables and the ability of the customer to benefit independently from such deliverables, and allocation of transaction price to these distinct performance obligations involves significant judgement.

Fixed price maintenance revenue is recognized ratably on a straight-line basis when services are performed through an indefinite number of repetitive acts over a specified period. Revenue from fixed price maintenance contract is recognized ratably using a percentage of completion method when the pattern of benefits from the services rendered to the customer and Company's costs to fulfil the contract is not even through the period of the contract because the services are generally discrete in nature and not repetitive. The use of method to recognize the maintenance revenues requires judgment and is based on the promises in the contract and nature of the deliverables.

The Company uses the percentage-of-completion method in accounting for other fixed-price contracts. Use of the percentage-of-completion method requires the Company to determine the actual efforts or costs expended to date as a proportion of the estimated total efforts or costs to be incurred. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. The estimation of total efforts or costs involves significant judgement and is assessed throughout the period of the contract to reflect any changes based on the latest available information.

Contracts with customers includes subcontractor services or third-party vendor equipment or software in certain integrated services arrangements. In these types of arrangements, revenue from sales of third-party vendor products or services is recorded net of costs when the Company is acting as an agent between the customer and the vendor, and gross when the Company is the principal for the transaction. In doing so, the Company first evaluates whether it controls the good or service before it is transferred to the customer. The Company considers whether it has the primary obligation to fulfil the contract, inventory risk, pricing discretion and other factors to determine whether it controls the goods or service and therefore, is acting as a principal or an agent.

Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract.

b. Income taxes

The Company's two major tax jurisdictions are India and the U.S., though the Company also files tax returns in other overseas jurisdictions.

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

In assessing the realizability of deferred income tax assets, management considers whether some portion or all of the deferred income tax assets will not be realized. The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the scheduled reversals of deferred income tax liabilities, projected future taxable income and tax planning strategies in making this assessment. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, management believes that the company will realize the benefits of those deductible differences. The amount of the deferred income tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry forward period are reduced. (Refer to note 2.16 and note 2.21)

c. Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. (Refer to note 2.1)

2. Notes to the Interim Condensed Standalone Financial Statements

2.1 PROPERTY, PLANT AND EQUIPMENT

Accounting Policy

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the management. The charge in respect of periodic depreciation is derived at after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Building ⁽¹⁾	22-25 years
Plant and machinery ^{(1) (2)}	5 years
Office equipment	5 years
Computer equipment ⁽¹⁾	3-5 years
Furniture and fixtures ⁽¹⁾	5 years
Vehicles ⁽¹⁾	5 years
Leasehold improvements	Lower of useful life of the asset or lease term

⁽¹⁾ Based on technical evaluation, the management believes that the useful lives as given above best represent the period over which management expects to use these assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

⁽²⁾ Includes Solar plant with a useful life of 20 years.

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end. The useful lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

Impairment

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

The changes in the carrying value of property, plant and equipment for the three months ended June 30, 2022 are as follows:

(In ₹ crore)									
Particulars	Land-Freehold	Buildings ⁽¹⁾⁽²⁾	Plant and machinery ⁽²⁾	Office Equipment ⁽²⁾	Computer equipment ⁽²⁾	Furniture and fixtures ⁽²⁾	Leasehold Improvements	Vehicles	Total

Carrying value as at June 30, 2021	1,398	6,147	512	293	1,726	485	399	11	10,971

⁽¹⁾ Buildings include ₹250/- being the value of five shares of ₹50/- each in Mittal Towers Premises Co-operative Society Limited.

⁽²⁾ Includes certain assets provided on cancellable operating lease to subsidiaries.

The aggregate depreciation has been included under depreciation and amortization expense in the interim condensed statement of Profit and Loss.

2.2 GOODWILL AND INTANGIBLE ASSETS

2.2.1 Goodwill

Following is a summary of changes in the carrying amount of goodwill:

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
Carrying value at the beginning	211	167
Goodwill on business transfer	-	44
Carrying value at the end	211	211

2.2.2 Intangible Assets:

Accounting Policy

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

Research costs are expensed as incurred. Software product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Company has an intention and ability to complete and use or sell the software and the costs can be measured reliably. The costs which can be capitalized include the cost of material, direct labor, overhead costs that are directly attributable to prepare the asset for its intended use.

2.3 LEASES

Accounting Policy

The Company as a lessee

The Company's lease asset classes consist of leases for land, buildings and computers. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of year or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

As a lessee, the Company determines the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Infosys's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Following are the changes in the carrying value of right of use assets for the three months ended June 30, 2022:

Particulars	Category of ROU asset			(In ₹ crore)
	Land	Buildings	Computers	Total
Balance as at April 1, 2022	552	2,621	138	3,311
Additions ⁽¹⁾	-	348	20	368
Deletion	-	(1)	(17)	(18)
Depreciation	(1)	(107)	(12)	(120)
Balance as at June 30, 2022	551	2,861	129	3,541

⁽¹⁾ Net of adjustments on account of modifications and lease incentives

Following are the changes in the carrying value of right of use assets for the three months ended June 30, 2021:

Particulars	Category of ROU asset			(In ₹ crore)
	Land	Buildings	Computers	Total
Balance as at April 1, 2021	556	2,766	113	3,435
Additions ⁽¹⁾	-	(111)	-	(111)
Deletion	-	-	-	-
Depreciation	(1)	(99)	(7)	(107)
Balance as at June 30, 2021	555	2,556	106	3,217

⁽¹⁾ Net of adjustments on account of modifications and lease incentives

The aggregate depreciation expense on ROU assets is included under depreciation and amortization expense in the interim condensed statement of Profit and Loss.

The following is the break-up of current and non-current lease liabilities as at June 30, 2022 and March 31, 2022:

Particulars	As at		(In ₹ crore)
	June 30, 2022	March 31, 2022

Deferred contract cost ⁽³⁾		
Cost of obtaining a contract	408	350
Cost of fulfillment	65	40
Withholding taxes and others	1,775	1,589
Other receivables	269	234
Total current other assets	10,074	8,935
Total other assets	11,729	10,351

⁽¹⁾ Includes dues from subsidiaries

⁽²⁾ Classified as non financial asset as the contractual right to consideration is dependent on completion of contractual milestones.

⁽³⁾ Includes technology assets taken over by the Company from a customer as a part of transformation project which is not considered as distinct goods or services and the control related to the assets is not transferred to the Company in accordance with Ind AS 115 - Revenue from contract with customers. Accordingly, the same has been considered as a reduction to the total contract value and accounted as Deferred contract cost. The Company has entered into a financing arrangement with a third party for these assets which has been considered as financial liability. (Refer to note 2.12)

Withholding taxes and others primarily consist of input tax credits and Cenvat recoverable from Government of India.

2.10 FINANCIAL INSTRUMENTS

Accounting Policy

2.10.1 Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

2.10.2 Subsequent measurement

a. Non-derivative financial instruments

(i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss.

(v) Investment in subsidiaries

Investment in subsidiaries is carried at cost in the separate financial statements.

b. Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for such contracts is generally a bank.

(i) Financial assets or financial liabilities, at fair value through profit or loss.

This category includes derivative financial assets or liabilities which are not designated as hedges.

Although the Company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated as hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/ liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the Balance Sheet date.

(ii) Cash flow hedge

The Company designates certain foreign exchange forward and options contracts as cash flow hedges to mitigate the risk of foreign exchange exposure on highly probable forecast cash transactions.

When a derivative is designated as a cash flow hedge instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedge reserve. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the net profit in the Statement of Profit and Loss. If the hedging instrument no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedge reserve till the period the hedge was effective remains in cash flow hedge reserve until the forecasted transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedge reserve is transferred to the net profit in the Statement of Profit and Loss upon the occurrence of the related forecasted transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedge reserve is reclassified to net profit in the Statement of Profit and Loss.

2.10.3 Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.10.4 Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

Refer to table 'Financial instruments by category' below for the disclosure on carrying value and fair value of financial assets and liabilities. For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximate fair value due to the short maturity of these instruments.

2.10.5 Impairment

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets and unbilled revenues which are not fair valued through profit or loss. Loss allowance for trade receivables and unbilled revenues with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considers current and anticipated future economic conditions relating to industries the Company deals with and the countries where it operates.

The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recorded is recognized as an impairment gain or loss in statement of profit and loss.

Financial instruments by category

The carrying value and fair value of financial instruments by categories as at June 30, 2022 are as follows:

Particulars	Amortized cost	(In ₹ crore)				Total carrying value	Total fair value

Total	16,539	-	8	-	3	16,550	16,550

⁽¹⁾ On account of fair value changes including interest accrued

⁽²⁾ Excludes interest accrued on tax free bonds and government bonds carried at amortized cost of ₹91 crore

⁽³⁾ Excludes unbilled revenue on contracts where the right to consideration is dependent on completion of contractual milestones

For trade receivables and trade payables and other assets and payables maturing within one year from the Balance Sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at June 30, 2022 is as follows:

Particulars	As at June 30, 2022	(In ₹ crore)		
		Fair value measurement at end of the reporting period using		
		Level 1	Level 2	Level 3
Assets				
Investments in tax free bonds (Refer to note 2.4)	2,344	1,443	901	-
Investments in government bonds (Refer to note 2.4)	13	13	-	-
Investments in liquid mutual fund units (Refer to note 2.4)	928	928	-	-
Investments in certificates of deposit (Refer to note 2.4)	3,726	-	3,726	-
Investments in non convertible debentures (Refer to note 2.4)	3,560	1,780	1,780	-
Investments in government securities (Refer to note 2.4)	7,670	7,597	73	-
Investments in equity instruments (Refer to note 2.4)	2	-	-	2
Investments in preference securities (Refer to note 2.4)	206	-	-	206
Investments in commercial papers (Refer to Note 2.4)	260	-	260	-
Other investments (Refer to note 2.4)	79	-	-	79
Derivative financial instruments - gain on outstanding foreign exchange forward and option contracts (Refer to note 2.6)	81	-	81	-
Liabilities				
Derivative financial instruments - loss on outstanding foreign exchange forward and option contracts (Refer to note 2.12)	101	-	101	-

During the three months ended June 30, 2022, tax free bonds of ₹533 crore were transferred from Level 2 to Level 1 of fair value hierarchy since these were valued based on quoted price. Further tax free bonds, non-convertible debentures and government securities of ₹1,694 crore were transferred from Level 1 to Level 2 of fair value hierarchy, since these were valued based on market observable inputs.

The fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at March 31, 2022 was as follows:

Particulars	As at March 31, 2022	(In ₹ crore)		
		Fair value measurement at end of the reporting period using		
		Level 1	Level 2	Level 3
Assets				
Investments in tax free bonds (Refer to note 2.4)	2,425	1,238	1,187	-
Investments in government bonds (Refer to note 2.4)	13	13	-	-
Investments in liquid mutual fund units (Refer to note 2.4)	1,337	1,337	-	-
Investments in certificate of deposit (Refer to note 2.4)	3,141	-	3,141	-
Investments in non convertible debentures (Refer to note 2.4)	3,873	3,472	401	-
Investments in government securities (Refer to note 2.4)	7,215	7,177	38	-
Investments in equity instruments (Refer to note 2.4)	2	-	-	2
Investments in preference securities (Refer to note 2.4)	192	-	-	192
Investments in compulsorily convertible debentures (Refer to note 2.4)	7	-	-	7
Other investments (Refer to note 2.4)	76	-	-	76
Derivative financial instruments - gain on outstanding foreign exchange forward and option contracts (Refer to note 2.6)	131	-	131	-
Liabilities				
Derivative financial instruments - loss on outstanding foreign exchange forward and option contracts (Refer note 2.12)	11	-	11	-

During the year ended March 31, 2022, tax free bonds of ₹576 crore was transferred from Level 2 to Level 1 of fair value hierarchy since these were valued based on quoted price. Further tax free bonds, non-convertible debentures and government securities of ₹890 crore were transferred from Level 1 to Level 2 of fair value hierarchy, since these were valued based on market observable inputs.

A one percentage point change in the unobservable inputs used in fair valuation of Level 3 assets and liabilities does not have a significant impact in its value.

Majority of investments of the Company are fair valued based on Level 1 or Level 2 inputs. These investments primarily include investment in liquid mutual fund units, tax free bonds, certificates of deposit, commercial paper, treasury bills, government securities, quoted bonds issued by government and quasi-government organizations and non-convertible debentures. The Company invests after considering counterparty risks based on multiple criteria including Tier I capital, Capital Adequacy Ratio, Credit Rating, Profitability, NPA levels and Deposit base of banks and financial institutions. These risks are monitored regularly as per Company's risk management program.

2.11 EQUITY

Accounting policy

Ordinary Shares

Ordinary shares are classified as equity share capital. Incremental costs directly attributable to the issuance of new ordinary shares, share options and buyback are recognized as a deduction from equity, net of any tax effects.

Description of reserves

Capital redemption reserve

In accordance with section 69 of the Indian Companies Act, 2013, the Company creates capital redemption reserve equal to the nominal value of the shares bought back as an appropriation from general reserve.

Retained earnings

Retained earnings represent the amount of accumulated earnings of the Company.

Securities premium

The amount received in excess of the par value of equity shares has been classified as securities premium. Amounts have been utilized for bonus issue and share buyback from share premium account.

Share options outstanding account

The Share options outstanding account is used to record the fair value of equity-settled share based payment transactions with employees. The amounts recorded in share options outstanding account are transferred to securities premium upon exercise of stock options and transferred to general reserve on account of stock options not exercised by employees.

Special Economic Zone Re-investment reserve

The Special Economic Zone Re-investment reserve has been created out of the profit of the eligible SEZ unit in terms of the provisions of Sec 10AA (1)(ii) of Income Tax Act, 1961. The reserve should be utilized by the Company for acquiring new plant and machinery for the purpose of its business in terms of the provisions of the Sec 10AA (2) of the Income Tax Act, 1961.

Other components of equity

Other components of equity include remeasurement of net defined benefit liability / asset, equity instruments fair valued through other comprehensive income, changes on fair valuation of investments and changes in fair value of derivatives designated as cash flow hedges, net of taxes.

Cash flow hedge reserve

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedging reserve. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Statement of Profit and Loss upon the occurrence of the related forecasted transaction.

2.11.1 EQUITY SHARE CAPITAL

(In ₹ crore, except as otherwise stated)

Particulars	As at	
	June 30, 2022	March 31, 2022
Authorized		
Equity shares, ₹5/- par value		
4,80,00,00,000 (4,80,00,00,000) equity shares	2,400	2,400
Issued, Subscribed and Paid-Up		
Equity shares, ₹5/- par value ⁽¹⁾	2,104	2,103
4,20,76,20,719 (4,20,67,38,641) equity shares fully paid-up	2,104	2,103

(1) Refer to note 2.20 for details of basic and diluted shares

Forfeited shares amounted to ₹1,500/- (₹1,500/-)

The Company has only one class of shares referred to as equity shares having a par value of ₹5/-. Each holder of equity shares is entitled to one vote per share. The equity shares represented by American Depository Shares (ADS) carry similar rights to voting and dividends as the other equity shares. Each ADS represents one underlying equity share.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the company in proportion to the number of equity shares held by the shareholders, after distribution of all preferential amounts. However, no such preferential amounts exist currently.

For details of shares reserved for issue under the employee stock option plan of the Company, refer to the note below.

The reconciliation of the number of shares outstanding and the amount of share capital as at June 30, 2022 and March 31, 2022 is set out below:

(in ₹ crore, except as stated otherwise)

Particulars	As at June 30, 2022		As at March 31, 2022	
	Number of shares	Amount	Number of shares	Amount
As at the beginning of the period	4,20,67,38,641	2,103	4,26,06,60,846	2,130
Add: Shares issued on exercise of employee stock options	8,82,078	-	18,85,132	1
Less: Shares bought back	-	-	5,58,07,337	28
As at the end of the period	4,20,76,20,719	2,103	4,20,67,38,641	2,103

Capital allocation policy

Effective fiscal 2020, the company expects to return approximately 85% of the free cash flow cumulatively over a 5-year period through a combination of semi annual dividends and/or share buyback and/or special dividends, subject to applicable laws and requisite approvals, if any. Free cash flow is defined as net cash provided by operating activities less capital expenditure as per the consolidated statement of cash flows prepared under IFRS. Dividend and buyback include applicable taxes.

The Company's objective when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value. In order to maintain or achieve an optimal capital structure, the Company may adjust the amount of dividend payment, return capital to shareholders, issue new shares or buy back issued shares. As at June 30, 2022, the Company has only one class of equity shares and has no debt. Consequent to the above capital structure there are no externally imposed capital requirements.

2.11.2 DIVIDEND

The final dividend on shares is recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors. Income tax consequences of dividends on financial instruments classified as equity will be recognized according to where the entity originally recognized those past transactions or events that generated distributable profits.

The Company declares and pays dividends in Indian rupees. Companies are required to pay/distribute dividend after deducting applicable taxes. The remittance of dividends outside India is governed by Indian law on foreign exchange and is also subject to withholding tax at applicable rates.

The amount of per share dividend recognized as distribution to equity shareholders in accordance with Companies Act 2013 is as follows:-

Particulars	(in ₹)	
	Three months ended June 30,	
	2022	2021
Final dividend for fiscal 2022	16.00	-
Final dividend for fiscal 2021	-	15.00

The Board of Directors in their meeting on April 13, 2022 recommended a final dividend of ₹16/- per equity share for the financial year ended March 31, 2022. The same was approved by the shareholders in the Annual General Meeting (AGM) of the Company held on June 25, 2022 which resulted in a net cash outflow of approximately ₹6,732 crore.

2.11.3 Employee Stock Option Plan (ESOP):

Accounting Policy

The Company recognizes compensation expense relating to share-based payments in net profit based on estimated fair-values of the awards on the grant date. The estimated fair value of awards is recognized as an expense in the statement of profit and loss on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding account.

Infosys Expanded Stock Ownership Program 2019 (the 2019 Plan) :

On June 22, 2019 pursuant to approval by the shareholders in the Annual General Meeting, the Board has been authorized to introduce, offer, issue and provide share-based incentives to eligible employees of the Company and its subsidiaries under the 2019 Plan. The maximum number of shares under the 2019 plan shall not exceed 5,00,00,000 equity shares. To implement the 2019 Plan, up to 4,50,00,000 equity shares may be issued by way of secondary acquisition of shares by Infosys Expanded Stock Ownership Trust. The Restricted Stock Units (RSUs) granted under the 2019 plan shall vest based on the achievement of defined annual performance parameters as determined by the administrator (Nomination and Remuneration Committee). The performance parameters will be based on a combination of relative Total Shareholders Return (TSR) against selected industry peers and certain broader market domestic and global indices and operating performance metrics of the company as decided by administrator. Each of the above performance parameters will be distinct for the purposes of calculation of quantity of shares to vest based on performance. These instruments will generally vest between a minimum of 1 to maximum of 3 years from the grant date.

2015 Stock Incentive Compensation Plan (the 2015 Plan) :

On March 31, 2016, pursuant to the approval by the shareholders through postal ballot, the Board was authorized to introduce, offer, issue and allot share-based incentives to eligible employees of the Company and its subsidiaries under the 2015 Plan. The maximum number of shares under the 2015 plan shall not exceed 2,40,38,883 equity shares (this includes 1,12,23,576 equity shares which are held by the trust towards the 2011 Plan as at March 31, 2016). The Company expects to grant the instruments under the 2015 Plan over the period of 4 years. The plan numbers mentioned above would further be adjusted for the September 2018 bonus issue.

The equity settled and cash settled RSUs and stock options would vest generally over a period of 4 years and shall be exercisable within the period as approved by the Nomination and Remuneration Committee (NARC). The exercise price of the RSUs will be equal to the par value of the shares and the exercise price of the stock options would be the market price as on the date of grant.

Controlled trust holds 13,193,290 and 13,725,712 shares as at June 30, 2022 and March 31, 2022, respectively under the 2015 plan. Out of these shares, 2,00,000 equity shares each have been earmarked for welfare activities of the employees as at June 30, 2022 and March 31, 2022.

The following is the summary of grants during the three months ended June 30, 2022 and June 30, 2021:

Particulars	2019 plan		2015 plan	
	Three months ended June 30,		Three months ended June 30,	
	2022	2021	2022	2021
Equity settled RSUs				
Key Managerial Personnel (KMPs)	176,893	73,962	101,967	101,697
Employees other than KMPs	370,960	-	-	-
Total Grants	547,853	73,962	101,967	101,697

Notes on grants to KMP:

CEO & MD

Based on the recommendations of the Board and the approval of the shareholders at the AGM held on June 25, 2022, Salil Parekh has been reappointed as the CEO and MD of the Company for a term commencing on July 1, 2022 and ending on March 31, 2027. The remuneration is approved by the shareholders in the AGM. The revised employment agreement will be effective July 1, 2022.

Under the 2015 plan:

The Board, on April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, in accordance with the terms of his employment agreement effective till June 30, 2022, approved the grant of performance-based RSUs of fair value of ₹13 crore for fiscal 2023 under the 2015 Plan. These RSUs will vest in line with the employment agreement based on achievement of certain performance targets. Accordingly, 84,361 performance based RSU's were granted effective May 2, 2022.

Under the 2019 plan:

The Board, on April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, approved performance-based grant of RSUs amounting to ₹10 crore for fiscal 2023 under the 2019 Plan. These RSUs will vest in line with the employment agreement effective till June 30, 2022 based on achievement of certain performance targets. Accordingly, 64,893 performance based RSU's were granted effective May 2, 2022.

Other KMPs**Under the 2015 plan:**

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, in accordance with employment agreement, the Board, approved performance-based grant of 5,616 RSUs to a KMP under the 2015 Plan. The grants were made effective May 2, 2022. The performance based RSUs will vest over three years based on certain performance targets.

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved time based grant of 11,990 RSUs to a KMP under the 2015 Plan. The grants were made effective May 2, 2022. These RSUs will vest over four years.

Under the 2019 plan:

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved performance based grant of 8,000 RSUs to a KMP under the 2019 Plan. The grants were made effective May 2, 2022. These RSUs will vest over three years based on achievement of certain performance targets.

On May 21, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved performance based grant of 1,04,000 RSUs to other KMPs under the 2019 Plan. The grants were made effective June 1, 2022. These RSUs will vest over three years based on achievement of certain performance targets.

The break-up of employee stock compensation expense is as follows:

Particulars	(in ₹ crore)	
	Three months ended March 31,	
	2022	2021
Granted to:		
KMP	17	17
Employees other than KMP	101	80
Total ⁽¹⁾	118	97
⁽¹⁾ Cash settled stock compensation expense included in the above	(2)	5

The fair value of the awards are estimated using the Black-Scholes Model for time and non-market performance based options and Monte Carlo simulation model is used for TSR based options.

The inputs to the model include the share price at date of grant, exercise price, expected volatility, expected dividends, expected term and the risk free rate of interest. Expected volatility during the expected term of the options is based on historical volatility of the observed market prices of the Company's publicly traded equity shares during a period equivalent to the expected term of the options. Expected volatility of the comparative company have been modelled based on historical movements in the market prices of their publicly traded equity shares during a period equivalent to the expected term of the options. Correlation coefficient is calculated between each peer entity and the indices as a whole or between each entity in the peer group.

The fair value of each equity settled award is estimated on the date of grant using the following assumptions:

Particulars	For options granted in			
	Fiscal 2023- Equity Shares- RSU	Fiscal 2023- ADS-RSU	Fiscal 2022- Equity Shares- RSU	Fiscal 2022- ADS-RSU
Weighted average share price (₹) / (\$ ADS)	1,510	19.03	1,791	24.45
Exercise price (₹) / (\$ ADS)	5.00	0.07	5.00	0.07
Expected volatility (%)	23-32	28-34	20-35	25-36
Expected life of the option (years)	1-4	1-4	1-4	1-4
Expected dividends (%)	2-3	2-3	2-3	2-3
Risk-free interest rate (%)	5-7	2-3	4-6	1-3
Weighted average fair value as on grant date (₹) / (\$ ADS)	1,191	13.89	1,548	20.82

The expected life of the RSU/ESOP is estimated based on the vesting term and contractual term of the RSU/ESOP, as well as expected exercise behavior of the employee who receives the RSU/ESOP.

2.12 OTHER FINANCIAL LIABILITIES

(In ₹ crore)

Particulars	As at	
	June 30, 2022	March 31, 2022
Non-current		
Others		
Compensated absences	74	86
Accrued compensation to employees ⁽¹⁾	9	8
Accrued expenses ⁽¹⁾⁽⁴⁾	598	503
Other payables ⁽¹⁾⁽⁶⁾	102	79

Total current other liabilities	7,026	7,381
Total other liabilities	7,506	7,741

2.15 PROVISIONS

Accounting Policy

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

a. Post-sales client support

The Company provides its clients with a fixed-period post sales support on its fixed-price, fixed-timeframe contracts. Costs associated with such support services are accrued at the time related revenues are recorded in the Statement of Profit and Loss. The Company estimates such costs based on historical experience and estimates are reviewed on a periodic basis for any material changes in assumptions and likelihood of occurrence.

b. Onerous contracts

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognizes any impairment loss on the assets associated with that contract.

Provision for post-sales client support and other provisions

Particulars	As at	
	June 30, 2022	March 31, 2022
Current		
Others		
Post-sales client support and others	948	920
Total provisions	948	920

Provision for post sales client support and other provisions majorly represents costs associated with providing sales support services which are accrued at the time of recognition of revenues and are expected to be utilized over a period of 1 year.

2.16 INCOME TAXES

Accounting Policy

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity or other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year. Tax benefits of deductions earned on exercise of employee share options in excess of compensation charged to income are credited to equity.

Income tax expense in the Statement of Profit and Loss comprises:

Particulars	Three months ended June 30,	
	2022	2021
Current taxes	2,032	1,697
Deferred taxes	(31)	73
Income tax expense	2,001	1,770

Income tax expense for the three months ended June 30, 2022 and June 30, 2021 includes provisions (net of reversal) of ₹19 crore and reversal (net of provisions) of ₹21 crore, respectively. These provisions and reversals pertaining to prior periods are primarily on account of adjudication of certain disputed matters, upon filing of tax return and completion of assessments, across various jurisdictions.

Deferred income tax for the three months ended June 30, 2022 and June 30, 2021 substantially relates to origination and reversal of temporary differences.

The Company's Advanced Pricing Arrangement (APA) with the Internal Revenue Service (IRS) for US branch income tax expired in March 2021. The Company has applied for renewal of APA and currently the US taxable income is based on the Company's best estimate determined based on the expected value method.

2.17 REVENUE FROM OPERATIONS

Accounting Policy

The Company derives revenues primarily from IT services comprising software development and related services, cloud and infrastructure services, maintenance, consulting and package implementation, licensing of software products and platforms across the Company's core and digital offerings (together called as "software related services"). Contracts with customers are either on a time-and-material, unit of work, fixed-price or on a fixed-timeframe basis.

Revenues from customer contracts are considered for recognition and measurement when the contract has been approved in writing, by the parties, to the contract, the parties to contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. Revenue is recognized upon transfer of control of promised products or services ("performance obligations") to customers in an amount that reflects the consideration the Company has received or expects to receive in exchange for these products or services ("transaction price"). When there is uncertainty as to collectability, revenue recognition is postponed until such uncertainty is resolved.

The Company assesses the services promised in a contract and identifies distinct performance obligations in the contract. The Company allocates the transaction price to each distinct performance obligation based on the relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In the absence of such evidence, the primary method used to estimate standalone selling price is the expected cost plus a margin, under which the Company estimates the cost of satisfying the performance obligation and then adds an appropriate margin based on similar services.

The Company's contracts may include variable consideration including rebates, volume discounts and penalties. The Company includes variable consideration as part of transaction price when there is a basis to reasonably estimate the amount of the variable consideration and when it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved.

Revenue on time-and-material and unit of work based contracts, are recognized as the related services are performed. Fixed price maintenance revenue is recognized ratably either on a straight-line basis when services are performed through an indefinite number of repetitive acts over a specified period or ratably using a percentage of completion method when the pattern of benefits from the services rendered to the customer and Company's costs to fulfil the contract is not even through the period of contract because the services are generally discrete in nature and not repetitive. Revenue from other fixed-price, fixed-timeframe contracts, where the performance obligations are satisfied over time is recognized using the percentage-of-completion method. Efforts or costs expended are used to determine progress towards completion as there is a direct relationship between input and productivity. Progress towards completion is measured as the ratio of costs or efforts incurred to date (representing work performed) to the estimated total costs or efforts. Estimates of transaction price and total costs or efforts are continuously monitored over the term of the contracts and are recognized in net profit in the period when these estimates change or when the estimates are revised. Revenues and the estimated total costs or efforts are subject to revision as the contract progresses. Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract.

The billing schedules agreed with customers include periodic performance based billing and / or milestone based progress billings. Revenues in excess of billing are classified as unbilled revenue while billing in excess of revenues are classified as contract liabilities (which we refer to as "unearned revenues").

In arrangements for software development and related services and maintenance services, by applying the revenue recognition criteria for each distinct performance obligation, the arrangements with customers generally meet the criteria for considering software development and related services as distinct performance obligations. For allocating the transaction price, the Company measures the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the Company is unable to determine the standalone selling price, the Company uses the expected cost plus margin approach in estimating the standalone selling price. For software development and related services, the performance obligations are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Certain cloud and infrastructure services contracts include multiple elements which may be subject to other specific accounting guidance, such as leasing guidance. These contracts are accounted in accordance with such specific accounting guidance. In such arrangements where the Company is able to determine that hardware and services are distinct performance obligations, it allocates the consideration to these performance obligations on a relative standalone selling price basis. In the absence of standalone selling price, the Company uses the expected cost-plus margin approach in estimating the standalone selling price. When such arrangements are considered as a single performance obligation, revenue is recognized over the period and measure of progress is determined based on promise in the contract.

Revenue from licenses where the customer obtains a "right to use" the licenses is recognized at the time the license is made available to the customer. Revenue from licenses where the customer obtains a "right to access" is recognized over the access period.

Arrangements to deliver software products generally have three elements: license, implementation and Annual Technical Services (ATS). When implementation services are provided in conjunction with the licensing arrangement and the license and implementation have been identified as two distinct separate performance obligations, the transaction price for such contracts are allocated to each performance obligation of the contract based on their relative standalone selling prices. In the absence of standalone selling price for implementation, the Company uses the expected cost plus margin approach in estimating the standalone selling price. Where the license is required to be substantially customized as part of the implementation service the entire arrangement fee for license and implementation is considered to be a single performance obligation and the revenue is recognized using the percentage-of-completion method as the implementation is performed. Revenue from client training, support and other services arising due to the sale of software products is recognized as the performance obligations are satisfied. ATS revenue is recognized ratably on a straight line basis over the period in which the services are rendered.

Contracts with customers includes subcontractor services or third-party vendor equipment or software in certain integrated services arrangements. In these types of arrangements, revenue from sales of third-party vendor products or services is recorded net of costs when the Company is acting as an agent between the customer and the vendor, and gross when the Company is the principal for the transaction. In doing so, the Company first evaluates whether it controls the good or service before it is transferred to the customer. The Company considers whether it has the primary obligation to fulfil the contract, inventory risk, pricing discretion and other factors to determine whether it controls the goods or service and therefore is acting as a principal or an agent.

The incremental costs of obtaining a contract (i.e., costs that would not have been incurred if the contract had not been obtained) are recognized as an asset if the Company expects to recover them.

Certain eligible, nonrecurring costs (e.g. set-up or transition or transformation costs) that do not represent a separate performance obligation are recognized as an asset when such costs (a) relate directly to the contract; (b) generate or enhance resources of the Company that will be used in satisfying the performance obligation in the future; and (c) are expected to be recovered.

Capitalized contract costs relating to upfront payments to customers are amortized to revenue and other capitalized costs are amortized to expenses over the respective contract life on a systematic basis consistent with the transfer of goods or services to customer to which the asset relates. Capitalized costs are monitored regularly for impairment. Impairment losses are recorded when present value of projected remaining operating cash flows is not sufficient to recover the carrying amount of the capitalized costs.

The Company presents revenues net of indirect taxes in its Statement of Profit and Loss.

Revenue from operations for the three months ended June 30, 2022 and June 30, 2021 is as follows:

(In ₹ crore)

Particulars	Three months ended June 30,	
	2022	2021
Revenue from software services	29,487	23,596
Revenue from products and platforms	40	118
Total revenue from operations	29,527	23,714

Disaggregated revenue information

The table below presents disaggregated revenues from contracts with customers by offerings for the three months ended June 30, 2022 and June 30, 2021 respectively. The Company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of our revenues and cash flows are affected by industry, market and other economic factors.

(In ₹ crore)

Particulars	Three months ended June 30,	
	2022	2021
Revenue by offerings		
Core	11,109	10,737
Digital	18,418	12,977
Total	29,527	23,714

Digital Services

Digital Services comprise of service and solution offerings of the company that enable our clients to transform their businesses. These include offerings that enhance customer experience, leverage AI-based analytics and big data, engineer digital products and IoT, modernize legacy technology systems, migrate to cloud applications and implement advanced cyber security systems.

Core Services

Core Services comprise traditional offerings of the Company that have scaled and industrialized over a number of years. These primarily include application management services, proprietary application development services, independent validation solutions, product engineering and management, infrastructure management services, traditional enterprise application implementation, support and integration services.

Products & platforms

The Company derives revenues from the sale of products and platforms including Infosys Applied AI which applies next-generation AI and machine learning.

Trade receivables and Contract Balances

The timing of revenue recognition, billings and cash collections results in receivables, unbilled revenue, and unearned revenue on the Company's Balance Sheet. Amounts are billed as work progresses in accordance with agreed-upon contractual terms, either at periodic intervals (e.g., monthly or quarterly) or upon achievement of contractual milestones.

The Company's receivables are rights to consideration that are unconditional. Unbilled revenues comprising revenues in excess of billings from time and material contracts and fixed price maintenance contracts are classified as financial asset when the right to consideration is unconditional and is due only after a passage of time.

Invoicing to the clients for other fixed price contracts is based on milestones as defined in the contract and therefore the timing of revenue recognition is different from the timing of invoicing to the customers. Therefore unbilled revenues for other fixed price contracts (contract asset) are classified as non-financial asset because the right to consideration is dependent on completion of contractual milestones.

Invoicing in excess of earnings are classified as unearned revenue.

Trade receivables and unbilled revenues are presented net of impairment in the Balance Sheet.

2.18 OTHER INCOME, NET

2.18.1 Other income - Accounting Policy

Other income is comprised primarily of interest income, dividend income, gain / loss on investments and exchange gain/loss on forward and options contracts and on translation of foreign currency assets and liabilities. Interest income is recognized using the effective interest method. Dividend income is recognized when the right to receive payment is established.

2.18.2 Foreign currency - Accounting Policy

Functional currency

The functional currency of the Company is the Indian rupee. These financial statements are presented in Indian rupees (rounded off to crore; one crore equals ten million).

Transactions and translations

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are recognized in the Statement of Profit and Loss and reported within exchange gains/(losses) on translation of assets and liabilities, net, except when deferred in Other Comprehensive Income as qualifying cash flow hedges. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction. The related revenue and expense are recognized using the same exchange rate.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash-flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

Other Comprehensive Income, net of taxes includes translation differences on non-monetary financial assets measured at fair value at the reporting date, such as equities classified as financial instruments and measured at fair value through other comprehensive income (FVOCI).

Government grant

The Company recognizes government grants only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received. Government grants related to assets are treated as deferred income and are recognized in the net profit in the Statement of Profit and Loss on a systematic and rational basis over the useful life of the asset. Government grants related to revenue are recognized on a systematic basis in the net profit in the Statement of Profit and Loss over the periods necessary to match them with the related costs which they are intended to compensate.

Other income for the three months ended June 30, 2022 and June 30, 2021 is as follows:

Particulars	(In ₹ crore)	
	Three months ended June 30,	
	2022	2021
Interest income on financial assets carried at amortized cost		
Tax free bonds and government bonds	37	38
Deposit with Bank and others	169	239
Interest income on financial assets fair valued through other comprehensive income		
Non-convertible debentures, commercial papers, certificates of deposit and government securities	219	147
Income on investments carried at fair value through other comprehensive income	1	-
Income on investments carried at fair value through profit or loss		
Dividend income on liquid mutual funds	-	-

2.19 EXPENSES

Accounting Policy

2.19.1 Gratuity and Pension

The Company provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible Indian employees of Infosys. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The Company contributes Gratuity liabilities to the Infosys Limited Employees' Gratuity Fund Trust (the Trust). Trustees administer contributions made to the Trusts and contributions are invested in a scheme with the Life Insurance Corporation of India as permitted by Indian law.

The Company operates defined benefit pension plan in certain overseas jurisdictions, in accordance with the local laws. These plans are managed by third party fund managers. The plans provide for periodic payouts after retirement or for a lumpsum payment as set out in rules of each fund and includes death and disability benefits.

Liabilities with regard to these defined benefit plans are determined by actuarial valuation, performed by an external actuary, at each Balance Sheet date using the projected unit credit method. These defined benefit plans expose the Company to actuarial risks, such as longevity risk, currency risk, interest rate risk and market risk.

The Company recognizes the net obligation of a defined benefit plan in its Balance Sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income. The effect of any plan amendments is recognized in net profit in the Statement of Profit and Loss.

2.19.2 Provident fund

Eligible employees of Infosys receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the Company make monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary. The Company contributes a portion to the Infosys Limited Employees' Provident Fund Trust. The trust invests in specific designated instruments as permitted by Indian law. The remaining portion is contributed to the government administered pension fund. The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the Government. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the Trust and the notified interest rate.

2.19.3 Superannuation

Certain employees of Infosys are participants in a defined contribution plan. The Company has no further obligations to the Plan beyond its monthly contributions which are periodically contributed to a trust fund, the corpus of which is invested with the Life Insurance Corporation of India.

2.19.4 Compensated absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each Balance Sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the Balance Sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the entire Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect in entirety and will record any related impact in the period the Code becomes effective.

2.20 BASIC AND DILUTED SHARES USED IN COMPUTING EARNINGS PER EQUITY SHARE

Accounting Policy

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.21 CONTINGENT LIABILITIES AND COMMITMENTS

Accounting Policy

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
Contingent liabilities :		
Claims against the Company, not acknowledged as debts ⁽¹⁾	4,275	4,245
[Amount paid to statutory authorities ₹5,617 crore (₹5,617 crore)]		
Commitments :		
Estimated amount of contracts remaining to be executed on capital contracts and not provided for	637	1,092
(net of advances and deposits) ⁽²⁾		
Other Commitments*	8	11

*Uncalled capital pertaining to investments

⁽¹⁾ As at June 30, 2022 and March 31, 2022, claims against the Company not acknowledged as debts in respect of income tax matters amounted to ₹3,924 crore and ₹3,898 crore, respectively.

The claims against the Company primarily represent demands arising on completion of assessment proceedings under the Income Tax Act, 1961. These claims are on account of multiple issues of disallowances such as disallowance of profits earned from STP Units and SEZ Units, disallowance of deductions in respect of employment of new employees under section 80JJAA, disallowance of expenditure towards software being held as capital in nature, payments made to Associated Enterprises held as liable for withholding of taxes. These matters are pending before various Appellate Authorities and the management including its tax advisors expect that its position will likely be upheld on ultimate resolution and will not have a material adverse effect on the Company's financial position and results of operations.

Amount paid to statutory authorities against the tax claims amounted to ₹5,607 crore and ₹5,607 crore as at June 30, 2022 and March 31, 2022, respectively.

⁽²⁾ Capital contracts primarily comprises of commitments for infrastructure facilities and computer equipments.

Legal Proceedings

The Company is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Company's management reasonably expects that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Company's results of operations or financial condition.

2.22 RELATED PARTY TRANSACTIONS

Refer to the Company's Annual Report for the year ended March 31, 2022 for the full names and other details of the Company's subsidiaries and controlled trusts.

Changes in Subsidiaries

During the three months ended June 30, 2022, the following are the changes in the subsidiaries:

- On April 20, 2022, Infosys Germany GmbH (formerly Kristall 247. GmbH ("Kristall")) (a wholly owned subsidiary of Infosys Consulting Pte. Ltd) acquired 100% of voting interests in Oddity Space GmbH, Oddity Jungle GmbH, Oddity Waves GmbH, Oddity Group Services GmbH, Oddity Code GmbH along with its subsidiary Oddity Code D.O.O, and Oddity GmbH alongwith its two subsidiaries Oddity (Shanghai) Co. Ltd., Oddity Limited(Taipei).
- Infosys Consulting S.R.L. (Argentina) (formerly a wholly-owned subsidiary of Infosys Consulting Holding AG) became the wholly - owned subsidiary of Infosys Limited with effect from April 1, 2022.

The Company's related party transactions during the three months ended June 30, 2022 and June 30, 2021 and outstanding balances as at June 30, 2022 and March 31, 2022 are with its subsidiaries with whom the Company generally enters into transactions which are at arms length and in the ordinary course of business.

Transactions with key management personnel

The table below describes the compensation to key managerial personnel which comprise directors and executive officers:

Particulars	(In ₹ crore)	
	Three months ended June 30,	
	2022	2021
Salaries and other employee benefits to whole-time directors and executive officers ⁽¹⁾⁽²⁾	32	37
Commission and other benefits to non-executive / independent directors	4	2
Total	36	39

⁽¹⁾Total employee stock compensation expense for the three months ended June 30, 2022 and June 30, 2021 includes a charge of ₹17 crore and ₹17 crore, respectively, towards key managerial personnel. (Refer to note 2.11)

⁽²⁾ Does not include post-employment benefit based on actuarial valuation as this is done for the Company as a whole.

2.23 SEGMENT REPORTING

The Company publishes this financial statement along with the interim condensed consolidated financial statements. In accordance with Ind AS 108, Operating Segments, the Company has disclosed the segment information in the interim condensed consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

TO THE BOARD OF DIRECTORS OF INFOSYS LIMITED

Report on the Audit of the Interim Condensed Consolidated Financial Statements

Opinion

We have audited the accompanying interim condensed consolidated financial statements of **INFOSYS LIMITED** (the "Company"), and its subsidiaries (the Company and its subsidiaries together referred to as the "Group"), which comprise the Condensed Consolidated Balance Sheet as at June 30, 2022, the Condensed Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Condensed Consolidated Statement of Changes in Equity and the Condensed Consolidated Statement of Cash Flows for the three months ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the "interim condensed consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid interim condensed consolidated financial statements give a true and fair view in conformity with the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34") prescribed under section 133 of the Companies Act, 2013 (the "Act"), read with relevant rules issued thereunder and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at June 30, 2022, the consolidated profit and consolidated total comprehensive income, changes in equity and its cash flows for the three months ended on that date.

Basis for Opinion

We conducted our audit of the interim condensed consolidated financial statements in accordance with the Standards on Auditing ("SA's") specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Interim Condensed Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the interim condensed consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the interim condensed consolidated financial statements.

Management's Responsibilities for the Interim Condensed Consolidated Financial Statements

The Company's Board of Directors is responsible for the preparation and presentation of these interim condensed consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with Ind AS 34 and other accounting principles generally accepted in India. The respective Boards of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and

completeness of the accounting records, relevant to the preparation and presentation of the respective interim financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the interim condensed consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the interim condensed consolidated financial statements, the respective Boards of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Boards of Directors either intend to liquidate their own respective entities or to cease operations, or have no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Interim Condensed Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the interim condensed consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these interim condensed consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the interim condensed consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on effectiveness of the Company's internal financial controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the interim condensed consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the interim condensed consolidated financial statements, including the disclosures, and whether the interim condensed consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the interim condensed consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the interim condensed consolidated financial statements of which we are independent auditors.

Materiality is the magnitude of misstatements in the interim condensed consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the interim condensed consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the interim condensed consolidated financial statements.

We communicate with those charged with governance of the Company and such other entities included in the interim condensed consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Condensed Consolidated Statement of Cash Flows

Accounting policy

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated. The Group considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

(In ₹ crore)

INFOSYS LIMITED AND SUBSIDIARIES

Overview and notes to the Interim Condensed Consolidated Financial Statements

1. Overview

1.1 Company overview

Infosys Limited ('the Company' or Infosys) provides consulting, technology, outsourcing and next-generation digital services, to enable clients to execute strategies for their digital transformation. Infosys strategic objective is to build a sustainable organization that remains relevant to the agenda of clients, while creating growth opportunities for employees and generating profitable returns for investors. Infosys strategy is to be a navigator for our clients as they ideate, plan and execute on their journey to a digital future.

Infosys together with its subsidiaries and controlled trusts is hereinafter referred to as 'the Group'.

The Company is a public limited company incorporated and domiciled in India and has its registered office at Electronics city, Hosur Road, Bengaluru 560100, Karnataka, India. The Company has its primary listings on the BSE Ltd. and National Stock Exchange of India Limited. The Company's American Depositary Shares (ADS) representing equity shares are listed on the New York Stock Exchange (NYSE).

The Group's interim condensed consolidated financial statements are approved for issue by the Company's Board of Directors on July 24, 2022.

1.2 Basis of preparation of financial statements

These interim condensed consolidated financial statements are prepared in accordance with Indian Accounting Standard (Ind AS) 34 Interim Financial Reporting, under the historical cost convention on accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). Accordingly, these interim condensed consolidated financial statements do not include all the information required for a complete set of financial statements. These interim condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and related notes included in the Company's Annual Report for the year ended March 31, 2022. The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

1.3 Basis of consolidation

Infosys consolidates entities which it owns or controls. The interim condensed consolidated financial statements comprise the financial statements of the Company, its controlled trusts and its subsidiaries. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the Company, are excluded.

1.4 Use of estimates and judgments

The preparation of the interim condensed consolidated financial statements in conformity with Ind AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the interim condensed consolidated financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in *Note no. 1.5*. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates and judgements are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the interim condensed consolidated financial statements.

Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The Group has considered the possible effects that may result from the COVID-19 pandemic in the preparation of these interim condensed consolidated financial statements including the recoverability of carrying amounts of financial and non-financial assets and does not expect any material impact on its recoverability.

1.5 Critical accounting estimates and judgments

a. Revenue recognition

The Group's contracts with customers include promises to transfer multiple products and services to a customer. Revenues from customer contracts are considered for recognition and measurement when the contract has been approved, in writing, by the parties to the contract, the parties to contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. The Group assesses the services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligations to determine the deliverables and the ability of the customer to benefit independently from such deliverables, and allocation of transaction price to these distinct performance obligations involves significant judgment.

Fixed price maintenance revenue is recognized ratably on a straight-line basis when services are performed through an indefinite number of repetitive acts over a specified period. Revenue from fixed price maintenance contract is recognized ratably using a percentage of completion method when the pattern of benefits from the services rendered to the customer and the Group's costs to fulfil the contract is not even through the period of the contract because the services are generally discrete in nature and not repetitive. The use of method to recognize the maintenance revenues requires judgment and is based on the promises in the contract and nature of the deliverables.

The Group uses the percentage-of-completion method in accounting for other fixed-price contracts. Use of the percentage-of-completion method requires the Group to determine the actual efforts or costs expended to date as a proportion of the estimated total efforts or costs to be incurred. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. The estimation of total efforts or costs involves significant judgment and is assessed throughout the period of the contract to reflect any changes based on the latest available information.

Contracts with customers includes subcontractor services or third-party vendor equipment or software in certain integrated services arrangements. In these types of arrangements, revenue from sales of third-party vendor products or services is recorded net of costs when the Group is acting as an agent between the customer and the vendor, and gross when the Group is the principal for the transaction. In doing so, the Group first evaluates whether it controls the good or service before it is transferred to the customer. The Group considers whether it has the primary obligation to fulfil the contract, inventory risk, pricing discretion and other factors to determine whether it controls the goods or service and therefore, is acting as a principal or an agent.

Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract.

b. Income taxes

The Group's two major tax jurisdictions are India and the United States, though the Company also files tax returns in other overseas jurisdictions.

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions.

In assessing the realizability of deferred income tax assets, the Management considers whether some portion or all of the deferred income tax assets will not be realized. The ultimate realization of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the scheduled reversals of deferred income tax liabilities, projected future taxable income and tax planning strategies in making this assessment. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, the Management believes that the Group will realize the benefits of those deductible differences. The amount of the deferred income tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry forward period are reduced (*Refer to Notes 2.15 and 2.21*).

c. Business combinations and intangible assets

Business combinations are accounted for using Ind AS 103, Business Combinations. Ind AS 103 requires the identifiable intangible assets and contingent consideration to be fair valued in order to ascertain the net fair value of identifiable assets, liabilities and contingent liabilities of the acquiree. Estimates are required to be made in determining the value of contingent consideration, value of option arrangements and intangible assets. These valuations are conducted by external valuation experts. These measurements are based on information available at the acquisition date and are based on expectations and assumptions that have been deemed reasonable by the Management (*Refer to Note 2.1*).

d. Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Group. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Group's assets are determined by the Management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology (*Refer to Note 2.2*) .

e. Impairment of Goodwill

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit (CGUs) is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs which benefit from the synergies of the acquisition and which represent the lowest level at which goodwill is monitored for internal management purposes.

The recoverable amount of CGUs is determined based on higher of value-in-use and fair value less cost to sell. Key assumptions in the cash flow projections are prepared based on current economic conditions and comprises estimated long term growth rates, weighted average cost of capital and estimated operating margins (*Refer to Note 2.3*) .

2. Notes to the Interim Condensed Consolidated Financial Statements

2.1 BUSINESS COMBINATIONS

Accounting policy

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations.

The purchase price in an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Group. The purchase price also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Contingent consideration is remeasured at fair value at each reporting date and changes in the fair value of the contingent consideration are recognized in the Consolidated Statement of Profit and Loss.

The interest of non-controlling shareholders is initially measured either at fair value or at the non-controlling interests' proportionate share of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity of subsidiaries.

Business combinations between entities under common control is accounted for at carrying value of the assets acquired and liabilities assumed in the Group's consolidated financial statements.

The payments related to options issued by the Group over the non-controlling interests in its subsidiaries are accounted as financial liabilities and initially recognized at the estimated present value of gross obligations. Such options are subsequently measured at fair value in order to reflect the amount payable under the option at the date at which it becomes exercisable. In the event that the option expires unexercised, the liability is derecognized.

Transaction costs that the Group incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

Acquisition

On April 20, 2022, Infosys Germany GmbH (a wholly-owned subsidiary of Infosys Consulting Pte. Ltd) acquired 100% voting interests in Oddity GmbH, Oddity Group Services GmbH, Oddity Space GmbH, Oddity Jungle GmbH, Oddity Code GmbH and Oddity Waves GmbH (collectively known as Oddity), Germany-based digital marketing, experience, and commerce agency. This acquisition is expected to strengthen the Group's creative, branding and experience design capabilities in Germany and across Europe.

The purchase price is allocated to assets acquired and liabilities assumed based upon determination of fair values at the date of acquisition as follows:

(In ₹ crore)			
Component	Acquiree's carrying amount	Fair value adjustments	Purchase price allocated
Net Assets ⁽¹⁾	49	—	49
Intangible assets –			
Customer contracts and relationships [#]	—	99	99
Deferred tax liabilities on intangible assets	—	(30)	(30)
Total	49	69	118
Goodwill			178
Total purchase price			296

⁽¹⁾ Includes cash and cash equivalents acquired of ₹ 21 crore.

[#] The estimated useful life is around 5 years

The excess of the purchase consideration paid over the fair value of assets acquired has been attributed to goodwill. The primary items that generated this goodwill are the value of the acquired assembled workforce and estimated synergies neither of which qualify as an intangible asset.

Goodwill is not tax-deductible.

The purchase consideration of ₹296 crore includes cash of ₹251 crore and contingent consideration with an estimated fair value of ₹45 crore as on the date of acquisition.

At the acquisition date, the key inputs used in determination of the fair value of contingent consideration are the probabilities assigned towards achievement of financial targets and discount rate of 12.5%. The undiscounted value of contingent consideration as of June 30, 2022 was ₹52 crore. Additionally, these acquisition have retention bonus payable to the employees of the acquiree over three years, subject to their continuous employment with the Group along with achievement of financial targets for the respective years. Bonus is recognized in employee benefit expenses in the Statement of Profit and Loss over the period of service.

Fair value of trade receivables acquired, is ₹39 crore as of acquisition date and as of June 30, 2022 the amounts are substantially collected.

The transaction costs of ₹4 crore related to the acquisition have been included under administrative expenses of Consolidated Statement of Profit and Loss for the quarter ended June 30, 2022.

Proposed Acquisition

On July 13, 2022, Infosys Consulting Pte. Ltd (a wholly owned subsidiary of Infosys Limited) entered into a definitive agreement to acquire BASE life science A/S, a consulting and technology firm in the life sciences industry in Europe for a total consideration of up to EUR 110 million (approximately ₹906 crore), which includes management incentives, bonuses and retention. This acquisition is expected to augment the Group's life sciences expertise, scale its digital transformation capabilities with cloud based industry solutions and expand its presence in Nordics region and across Europe.

2.2 PROPERTY, PLANT AND EQUIPMENT

Accounting policy

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by the Management. The charge in respect of periodic depreciation is derived at after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The Group depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets are as follows:

Buildings ⁽¹⁾	22-25 years
Plant and machinery ⁽¹⁾⁽²⁾	5 years
Office equipment	5 years
Computer equipment ⁽¹⁾	3-5 years
Furniture and fixtures ⁽¹⁾	5 years
Vehicles ⁽¹⁾	5 years
Leasehold improvements	Lower of useful life of the asset or lease term

⁽¹⁾ Based on technical evaluation, the Management believes that the useful lives as given above best represent the period over which the Management expects to use these assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013

⁽²⁾ Includes Solar plant with a useful life of 20 years

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end. The useful lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in the Consolidated Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Consolidated Statement of Profit and Loss.

Impairment

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Consolidated Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Consolidated Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

The changes in the carrying value of property, plant and equipment for the three months ended June 30, 2022 are as follows:

Particulars	(In ₹ crore)							
	Land - Freehold	Buildings ⁽¹⁾	Plant and machinery	Office Equipment	Computer equipment	Furniture and fixtures	Leasehold Improvements	Vehicles

Carrying value as at June 30, 2021	1,400	6,965	840	317	2,096	533	479	11

⁽¹⁾ Buildings include ₹250/- being the value of five shares of ₹50/- each in Mittal Towers Premises Co-operative Society Limited.

* During the three months ended June 30, 2022, certain assets which were old and not in use having gross book value of ₹68 crore (net book value: Nil) were retired. During the three months ended June 30, 2021, there were no assets which were retired.

The aggregate depreciation has been included under depreciation and amortization expense in the Consolidated Statement of Profit and Loss.

2.3 GOODWILL AND INTANGIBLE ASSETS

2.3.1 Goodwill

Accounting policy

Goodwill represents the purchase consideration in excess of the Group's interest in the net fair value of identifiable assets, liabilities and contingent liabilities of the acquired entity. When the net fair value of the identifiable assets, liabilities and contingent liabilities acquired exceeds purchase consideration, the fair value of net assets acquired is reassessed and the bargain purchase gain is recognized in capital reserve. Goodwill is measured at cost less accumulated impairment losses.

Impairment

Goodwill is tested for impairment on an annual basis and whenever there is an indication that the recoverable amount of a cash generating unit (CGU) is less than its carrying amount. For the impairment test, goodwill is allocated to the CGU or groups of CGUs which benefit from the synergies of the acquisition and which represents the lowest level at which goodwill is monitored for internal management purposes. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Impairment occurs when the carrying amount of a CGU including the goodwill, exceeds the estimated recoverable amount of the CGU. The recoverable amount of a CGU is the higher of its fair value less cost to sell and its value-in-use. Value-in-use is the present value of future cash flows expected to be derived from the CGU. Key assumptions in the cash flow projections are prepared based on current economic conditions and includes estimated long term growth rates, weighted average cost of capital and estimated operating margins.

Total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU. An impairment loss on goodwill is recognized in the Consolidated Statement of Profit and Loss and is not reversed in the subsequent period.

Following is a summary of changes in the carrying amount of goodwill:

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
Carrying value at the beginning	6,195	6,079
Goodwill on acquisitions (Refer to Note 2.1)	178	—
Translation differences	51	116
Carrying value at the end	6,424	6,195

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to the CGU or groups of CGUs, which benefit from the synergies of the acquisition.

2.3.2 Intangible Assets

Accounting policy

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. Amortization methods and useful lives are reviewed periodically including at each financial year end.

Research costs are expensed as incurred. Software product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, future economic benefits are probable, the Group has an intention and ability to complete and use or sell the software and the costs can be measured reliably. The costs which can be capitalized include the cost of material, direct labour, overhead costs that are directly attributable to prepare the asset for its intended use.

Impairment

Intangible assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Consolidated Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Consolidated Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization) had no impairment loss been recognized for the asset in prior years.

2.4 INVESTMENTS

Balances with banks in unpaid dividend accounts	35	36
Deposit with more than 12 months maturity	1,616	1,616
Balances with banks held as margin money deposits against guarantees	1	1

Cash and cash equivalents as at June 30, 2022 and March 31, 2022 include restricted cash and bank balances of ₹422 crore and ₹471 crore, respectively. The restrictions are primarily on account of bank balances held by irrevocable trusts controlled by the company and bank balances held as margin money deposits against guarantees.

The deposits maintained by the Group with banks and financial institutions comprise of time deposits, which can be withdrawn by the Group at any point without prior notice or penalty on the principal.

2.9 OTHER ASSETS

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
Non Current		
Capital advances	87	88
Advances other than capital advances		
Others		
Withholding taxes and others	685	674
Unbilled revenues #	417	246
Defined benefit plan assets	24	20
Prepaid expenses	143	99
Deferred Contract Cost *		
Cost of obtaining a contract	489	593
Cost of fulfillment	388	309
Total Non-Current other assets	2,233	2,029
Current		
Advances other than capital advances		
Payment to vendors for supply of goods	234	193
Others		
Unbilled revenues #	6,728	5,909
Withholding taxes and others	2,303	1,941
Prepaid expenses	2,479	1,996
Deferred Contract Cost *		
Cost of obtaining a contract	1,013	858
Cost of fulfillment	119	91
Other receivables	335	325
Total Current other assets	13,211	11,313
Total other assets	15,444	13,342

Classified as non financial asset as the contractual right to consideration is dependent on completion of contractual milestones.

*Includes technology assets taken over by the Group from a customer as a part of transformation project which is not considered as distinct goods or services and the control related to the assets is not transferred to the Group in accordance with IFRS 15 - Revenue from contract with customers. Accordingly, the same has been considered as a reduction to the total contract value and accounted as Deferred contract cost. The Group has entered into financing arrangements with a third party for these assets. As at June 30, 2022, the financial liability pertaining to such arrangements to ₹861 crore. During the three months ended June 30, 2022, ₹14 crore was settled directly by the third party to the customer on behalf of the Group and accordingly considered as non-cash transaction (Refer to Note 2.12)

Withholding taxes and others primarily consist of input tax credits and Cenvat recoverable from Government of India.

2.10 FINANCIAL INSTRUMENTS

Accounting policy

2.10.1 Initial recognition

The Group recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

2.10.2 Subsequent measurement

a. Non-derivative financial instruments

(i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Group has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

(iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

(iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration and financial liability under option arrangements recognized in a business combination which is subsequently measured at fair value through profit or loss.

b. Derivative financial instruments

The Group holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for such contracts is generally a bank.

(i) Financial assets or financial liabilities, at fair value through profit or loss.

This category includes derivative financial assets or liabilities which are not designated as hedges.

Although the Group believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated as hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the Consolidated Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/ liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the Balance Sheet date.

(ii) Cash flow hedge

The Group designates certain foreign exchange forward and options contracts as cash flow hedges to mitigate the risk of foreign exchange exposure on highly probable forecast cash transactions.

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedging reserve. Any ineffective portion of changes in the fair value of the derivative is recognized immediately in the net profit in the Consolidated Statement of Profit and Loss. If the hedging instrument no longer meets the criteria for hedge accounting, then hedge accounting is discontinued prospectively. If the hedging instrument expires or is sold, terminated or exercised, the cumulative gain or loss on the hedging instrument recognized in cash flow hedging reserve till the period the hedge was effective remains in cash flow hedging reserve until the forecasted transaction occurs. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the net profit in the Consolidated Statement of Profit and Loss upon the occurrence of the related forecasted transaction. If the forecasted transaction is no longer expected to occur, then the amount accumulated in cash flow hedging reserve is reclassified to net profit in the Consolidated Statement of Profit and Loss.

2.10.3 Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Group's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

2.10.4 Fair value of financial instruments

In determining the fair value of its financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

Refer to table 'Financial instruments by category' below for the disclosure on carrying value and fair value of financial assets and liabilities. For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximates fair value due to the short maturity of these instruments.

2.10.5 Impairment

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets and unbilled revenue which are not fair valued through profit or loss. Loss allowance for trade receivables and unbilled revenues with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

The Group determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Group considers current and anticipated future economic conditions relating to industries the Group deals with and the countries where it operates.

The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recorded is recognized as an impairment gain or loss in Consolidated Statement of Profit and Loss.

Financial instruments by category

The carrying value and fair value of financial instruments by categories as at June 30, 2022 are as follows:

⁽³⁾ Excludes unbilled revenue on contracts where the right to consideration is dependent on completion of contractual milestones

For trade receivables and trade payables and other assets and payables maturing within one year from the Balance Sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

Fair value hierarchy

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

Fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at June 30, 2022 is as follows:

					(In ₹ crore)
Particulars	As at June 30, 2022	Fair value measurement at end of the reporting period using			
		Level 1	Level 2	Level 3	
Assets					
Investments in liquid mutual funds (Refer to Note 2.4)	1,685	1,685	—	—	
Investments in tax free bonds (Refer to Note 2.4)	2,344	1,443	901	—	
Investments in government bonds (Refer to Note 2.4)	21	21	—	—	
Investments in non convertible debentures (Refer to Note 2.4)	3,930	2,050	1,880	—	
Investment in government securities (Refer to Note 2.4)	8,644	8,335	309	—	
Investments in equity instruments (Refer to Note 2.4)	2	—	—	2	
Investments in preference securities (Refer to Note 2.4)	230	—	—	230	
Investments in commercial paper (Refer to Note 2.4)	283	—	283	—	
Investments in certificates of deposit (Refer to Note 2.4)	4,210	—	4,210	—	
Other investments (Refer to Note 2.4)	148	—	—	148	
Derivative financial instruments - gain on outstanding foreign exchange forward and option contracts (Refer to Note 2.6)	99	—	99	—	
Liabilities					
Derivative financial instruments - loss on outstanding foreign exchange forward and option contracts (Refer to Note 2.12)	223	—	223	—	
Financial liability under option arrangements (Refer to Note 2.12)	639	—	—	639	
Liability towards contingent consideration (Refer to Note 2.12) ⁽¹⁾	105	—	—	105	

⁽¹⁾ Discount rate pertaining to contingent consideration ranges from 9% to 15.5%

During the three months ended June 30, 2022, tax free bonds of ₹533 crore was transferred from Level 2 to Level 1 of fair value hierarchy, since these were valued based on quoted price. Further, tax free bonds, non-convertible debentures and government securities of ₹1,849 crore were transferred from Level 1 to Level 2 of fair value hierarchy, since these were valued based on market observable inputs.

Fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as at March 31, 2022 was as follows:

(In ₹ crore)

Particulars	As at March 31, 2022	Fair value measurement at end of the reporting period using		
		Level 1	Level 2	Level 3
Assets				
Investments in liquid mutual funds (Refer to Note 2.4)	2,012	2,012	—	—
Investments in tax free bonds (Refer to Note 2.4)	2,425	1,238	1,187	—
Investments in government bonds (Refer to Note 2.4)	22	22	—	—
Investments in non convertible debentures (Refer to Note 2.4)	4,213	3,736	477	—
Investment in government securities (Refer to Note 2.4)	8,171	8,046	125	—
Investments in equity instruments (Refer to Note 2.4)	2	—	—	2
Investments in preference securities (Refer to Note 2.4)	216	—	—	216
Investments in certificates of deposit (Refer to Note 2.4)	3,429	—	3,429	—
Investments in compulsorily convertible debentures (Refer to Note 2.4)	7	—	—	7
Other investments (Refer to Note 2.4)	152	—	—	152
Derivative financial instruments - gain on outstanding foreign exchange forward and option contracts (Refer to Note 2.6)	143	—	143	—
Liabilities				
Derivative financial instruments - loss on outstanding foreign exchange forward and option contracts (Refer to Note 2.12)	61	—	61	—
Financial liability under option arrangements (Refer to Note 2.12)	655	—	—	655
Liability towards contingent consideration (Refer to Note 2.12) ⁽¹⁾	123	—	—	123

⁽¹⁾ Discount rate pertaining to contingent consideration ranges from 8% to 14.5%

During the year ended March 31, 2022, tax free bonds and non-convertible debentures of ₹576 crore were transferred from Level 2 to Level 1 of fair value hierarchy, since these were valued based on quoted price. Further, tax free bonds and non-convertible debentures of ₹965 crore was transferred from Level 1 to Level 2 of fair value hierarchy, since these were valued based on market observable inputs.

A one percentage point change in the unobservable inputs used in fair valuation of Level 3 assets and liabilities does not have a significant impact in its value.

Majority of investments of the Group are fair valued based on Level 1 or Level 2 inputs. These investments primarily include investment in liquid mutual fund units, tax free bonds, certificates of deposit, commercial paper, treasury bills, government securities, quoted bonds issued by government and quasi-government organizations and non-convertible debentures. The Group invests after considering counterparty risks based on multiple criteria including Tier I capital, Capital Adequacy Ratio, Credit Rating, Profitability, NPA levels and Deposit base of banks and financial institutions. These risks are monitored regularly as per Group's risk management program.

2.11 EQUITY

Accounting policy

Ordinary Shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares, share options and buyback are recognized as a deduction from equity, net of any tax effects.

Treasury Shares

When any entity within the Group purchases the company's ordinary shares, the consideration paid including any directly attributable incremental cost is presented as a deduction from total equity, until they are cancelled, sold or reissued. When treasury shares are sold or reissued subsequently, the amount received is recognized as an increase in equity, and the resulting surplus or deficit on the transaction is transferred to / from securities premium.

Description of reserves

Capital Redemption Reserve

In accordance with section 69 of the Indian Companies Act, 2013, the Company creates capital redemption reserve equal to the nominal value of the shares bought back as an appropriation from general reserve.

Retained earnings

Retained earnings represent the amount of accumulated earnings of the Group.

Securities premium

The amount received in excess of the par value has been classified as securities premium. Amounts have been utilized for bonus issue and share buyback from share premium account.

Share options outstanding account

The share options outstanding account is used to record the fair value of equity-settled share based payment transactions with employees. The amounts recorded in share options outstanding account are transferred to securities premium upon exercise of stock options and transferred to general reserve on account of stock options not exercised by employees.

Special Economic Zone Re-investment reserve

The Special Economic Zone Re-investment reserve has been created out of the profit of the eligible SEZ unit in terms of the provisions of Sec 10AA (1)(ii) of Income Tax Act, 1961. The reserve should be utilized by the Company for acquiring new plant and machinery for the purpose of its business in terms of the provisions of the Sec 10AA (2) of the Income Tax Act, 1961.

Other components of equity

Other components of equity include currency translation, remeasurement of net defined benefit liability / asset, equity instruments fair valued through other comprehensive income, changes on fair valuation of investments and changes in fair value of derivatives designated as cash flow hedges, net of taxes.

Currency translation reserve

The exchange differences arising from the translation of financial statements of foreign subsidiaries with functional currency other than Indian rupees is recognized in other comprehensive income and is presented within equity.

Cash flow hedge reserve

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognized in other comprehensive income and accumulated in the cash flow hedging reserve. The cumulative gain or loss previously recognized in the cash flow hedging reserve is transferred to the Consolidated Statement of Profit and Loss upon the occurrence of the related forecasted transaction.

EQUITY SHARE CAPITAL

Particulars	<i>(In ₹ crore, except as otherwise stated)</i>	
	As at	
	June 30, 2022	March 31, 2022
Authorized		
Equity shares, ₹5 par value		
480,00,00,000 (480,00,00,000) equity shares	2,400	2,400
Issued, Subscribed and Paid-Up		
Equity shares, ₹5 par value ⁽¹⁾	2,098	2,098
4,19,44,27,429 (4,19,30,12,929) equity shares fully paid-up ⁽²⁾		
	2,098	2,098

Note: Forfeited shares amounted to ₹1,500 (₹1,500)

⁽¹⁾ Refer to Note 2.20 for details of basic and diluted shares

⁽²⁾ Net of treasury shares 1,31,93,290 (1,37,25,712)

The Company has only one class of shares referred to as equity shares having a par value of ₹5/-. Each holder of equity shares is entitled to one vote per share. The equity shares represented by American Depositary Shares (ADS) carry similar rights to voting and dividends as the other equity shares. Each ADS represents one underlying equity share.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the Company in proportion to the number of equity shares held by the shareholders, after distribution of all preferential amounts. However, no such preferential amounts exist currently, other than the amounts held by irrevocable controlled trusts. For irrevocable controlled trusts, the corpus would be settled in favor of the beneficiaries.

For details of shares reserved for issue under the employee stock option plan of the Company refer to the note below.

The reconciliation of the number of shares outstanding and the amount of share capital as at June 30, 2022 and March 31, 2022 are as follows:

Particulars	<i>(In ₹ crore, except as stated otherwise)</i>			
	As at June 30, 2022		As at March 31, 2022	
	Number of shares	Amount	Number of shares	Amount
As at the beginning of the period	419,30,12,929	2,098	424,51,46,114	2,124
Add: Shares issued on exercise of employee stock options	14,14,500	—	36,74,152	2
Less: Shares bought back	—	—	55,807,337	28
As at the end of the period	4,194,427,429	2,098	419,30,12,929	2,098

Capital allocation policy

Effective fiscal 2020, the Company expects to return approximately 85% of the free cash flow cumulatively over a 5-year period through a combination of semi-annual dividends and/or share buyback and/or special dividends, subject to applicable laws and requisite approvals, if any. Free cash flow is defined as net cash provided by operating activities less capital expenditure as per the Consolidated Statement of Cash Flows prepared under IFRS. Dividend and buyback include applicable taxes.

The Company's objective when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value. In order to maintain or achieve an optimal capital structure, the Company may adjust the amount of dividend payment, return capital to shareholders, issue new shares or buy back issued shares. As at June 30, 2022, the Company has only one class of equity shares and has no debt. Consequent to the above capital structure there are no externally imposed capital requirements.

Dividend

The final dividend on shares is recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors. Income tax consequences of dividends on financial instruments classified as equity will be recognized according to where the entity originally recognized those past transactions or events that generated distributable profits.

The Company declares and pays dividends in Indian rupees. Companies are required to pay/distribute dividend after deducting applicable taxes. The remittance of dividends outside India is governed by Indian law on foreign exchange and is also subject to withholding tax at applicable rates.

The amount of per share dividend recognized as distribution to equity shareholders in accordance with Companies Act 2013 is as follows:

Particulars	(in ₹)	
	Three months ended June 30, 2022	2021
Final dividend for fiscal 2021		15.00
Final dividend for fiscal 2022	16.00	—

The Board of Directors in their meeting held on April 13, 2022 recommended a final dividend of ₹16/- per equity share for the financial year ended March 31, 2022. The same was approved by the shareholders in the Annual General Meeting (AGM) of the Company held on June 25, 2022 which resulted in a net cash outflow of ₹6711 crore (excluding dividend paid on treasury shares).

Employee Stock Option Plan (ESOP): Accounting policy

The Group recognizes compensation expense relating to share-based payments in net profit based on estimated fair values of the awards on the grant date. The estimated fair value of awards is recognized as an expense in the statement of profit and loss on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding account.

Infosys Expanded Stock Ownership Program 2019 (the 2019 Plan) :

On June 22, 2019 pursuant to approval by the shareholders in the Annual General Meeting, the Board has been authorized to introduce, offer, issue and provide share-based incentives to eligible employees of the Company and its subsidiaries under the 2019 Plan. The maximum number of shares under the 2019 Plan shall not exceed 5,00,00,000 equity shares. To implement the 2019 Plan, up to 4,50,00,000 equity shares may be issued by way of secondary acquisition of shares by Infosys Expanded Stock Ownership Trust. The Restricted Stock Units (RSUs) granted under the 2019 Plan shall vest based on the achievement of defined annual performance parameters as determined by the administrator (Nomination and Remuneration Committee). The performance parameters will be based on a combination of relative Total Shareholder Return (TSR) against selected industry peers and certain broader market domestic and global indices and operating performance metrics of the Company as decided by administrator. Each of the above performance parameters will be distinct for the purposes of calculation of quantity of shares to vest based on performance. These instruments will generally vest between a minimum of 1 to maximum of 3 years from the grant date.

2015 Stock Incentive Compensation Plan (the 2015 Plan) :

On March 31, 2016, pursuant to the approval by the shareholders through postal ballot, the Board was authorized to introduce, offer, issue and allot share-based incentives to eligible employees of the Company and its subsidiaries under the 2015 Plan. The maximum number of shares under the 2015 Plan shall not exceed 2,40,38,883 equity shares (this includes 1,12,23,576 equity shares which are held by the trust towards the 2011 Plan as at March 31, 2016). The Company expects to grant the instruments under the 2015 Plan over the period of 4 years. The plan numbers mentioned above would further be adjusted for the September 2018 bonus issue.

The equity settled and cash settled RSUs and stock options would vest generally over a period of 4 years and shall be exercisable within the period as approved by the Nomination and Remuneration Committee (NARC). The exercise price of the RSUs will be equal to the par value of the shares and the exercise price of the stock options would be the market price as on the date of grant.

Controlled trust holds 1,31,93,290 and 1,37,25,712 shares as at June 30, 2022 and March 31, 2022, respectively, under the 2015 Plan. Out of these shares, 200,000 equity shares each have been earmarked for welfare activities of the employees as at June 30, 2022 and March 31, 2022.

The following is the summary of grants during the three months ended June 30, 2022 and June 30, 2021:

Particulars	2019 Plan		2015 Plan	
	Three months ended June 30, 2022	2021	Three months ended June 30, 2022	2021
Equity Settled RSUs				
Key Managerial Personnel (KMPs)	176,893	73,962	101,967	101,697
Employees other than KMPs	370,960	—	—	—
Total Grants	547,853	73,962	101,967	101,697

Notes on grants to KMP:

CEO & MD

Based on the recommendations of the Board and the approval of the shareholders at the AGM held on June 25, 2022, Salil Parekh has been reappointed as the CEO and MD of the Company for a term commencing on July 1, 2022 and ending on March 31, 2027. The remuneration is approved by the shareholders in the AGM. The revised employment agreement will be effective July 1, 2022.

Under the 2015 Plan:

The Board, on April 13, 2022, based on the recommendations of the nomination and remuneration committee, in accordance with the terms of his employment agreement effective till June 30, 2022, approved the grant of performance-based RSUs of fair value of ₹13 crore for fiscal 2023 under the 2015 Plan. These RSUs will vest in line with the employment agreement based on achievement of certain performance targets. Accordingly, 84,361 performance based RSU's were granted effective May 2, 2022.

Under the 2019 Plan:

The Board, on April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, approved performance-based grant of RSUs amounting to ₹10 crore for fiscal 2023 under the 2019 Plan. These RSUs will vest in line with the employment agreement effective till June 30, 2022 based on achievement of certain performance targets. Accordingly, 64,893 performance based RSU's were granted effective May 2, 2022.

Other KMPs

Under the 2015 Plan:

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, in accordance with employment agreement, the Board, approved performance-based grant of 5,616 RSUs to a KMP under the 2015 Plan. The grants were made effective May 2, 2022. The performance based RSUs will vest over three years based on certain performance targets.

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved time based grant of 11,990 RSUs to a KMP under the 2015 Plan. The grants were made effective May 2, 2022. These RSUs will vest over four years.

Under the 2019 Plan:

On April 13, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved performance based grant of 8,000 RSUs to a KMP under the 2019 Plan. The grants were made effective May 2, 2022. These RSUs will vest over three years based on achievement of certain performance targets.

On May 21, 2022, based on the recommendations of the Nomination and Remuneration Committee, the Board, approved performance based grant of 1,04,000 RSUs to other KMPs under the 2019 Plan. The grants were made effective June 1, 2022. These RSUs will vest over three years based on achievement of certain performance targets.

Break-up of employee stock compensation expense:

Particulars	(in ₹ crore)	
	Three months ended June 30,	
	2022	2021
Granted to:		
KMP	17	17
Employees other than KMP	115	93
Total ⁽¹⁾	132	110
(1) Cash-settled stock compensation expense included in the above	(2)	7

The fair value of the awards are estimated using the Black-Scholes Model for time and non-market performance based options and Monte Carlo simulation model is used for TSR based options.

The inputs to the model include the share price at date of grant, exercise price, expected volatility, expected dividends, expected term and the risk free rate of interest. Expected volatility during the expected term of the options is based on historical volatility of the observed market prices of the Company's publicly traded equity shares during a period equivalent to the expected term of the options. Expected volatility of the comparative company have been modelled based on historical movements in the market prices of their publicly traded equity shares during a period equivalent to the expected term of the options. Correlation coefficient is calculated between each peer entity and the indices as a whole or between each entity in the peer group.

The fair value of each equity settled award is estimated on the date of grant using the following assumptions:

Particulars	For options granted in			
	Fiscal 2023- Equity Shares- RSU	Fiscal 2023- ADS-RSU	Fiscal 2022- Equity Shares- RSU	Fiscal 2022- ADS-RSU
Weighted average share price (₹) / (\$ ADS)	1,510	19.03	1,791	24.45
Exercise price (₹) / (\$ ADS)	5.00	0.07	5.00	0.07
Expected volatility (%)	23-32	28-34	20-35	25-36
Expected life of the option (years)	1-4	1-4	1-4	1-4
Expected dividends (%)	2-3	2-3	2-3	2-3
Risk-free interest rate (%)	5-7	2-3	4-6	1-3
Weighted average fair value as on grant date (₹) / (\$ ADS)	1,191	13.89	1,548	20.82

The expected life of the RSU/ESOP is estimated based on the vesting term and contractual term of the RSU/ESOP, as well as expected exercise behavior of the employee who receives the RSU/ESOP.

2.12 OTHER FINANCIAL LIABILITIES

(In ₹ crore)

Particulars	As at	
	June 30, 2022	March 31, 2022
Non-current		
Others		
Accrued compensation to employees ⁽¹⁾	9	8
Accrued expenses ⁽¹⁾	1,001	946

⁽¹⁾ Financial liability carried at amortized cost	16,958	15,061
⁽²⁾ Financial liability carried at fair value through profit or loss	959	836
⁽³⁾ Financial liability carried at fair value through other comprehensive income	8	3
Contingent consideration on undiscounted basis	122	132

⁽⁴⁾ Deferred contract cost in (Refer to Note 2.9) includes technology assets taken over by the Group from a customer as a part of transformation project which is not considered as distinct goods or services and the control related to the assets is not transferred to the Group in accordance with IFRS 15 - Revenue from contract with customers. Accordingly, the same has been considered as a reduction to the total contract value and accounted as Deferred contract cost. The Group has entered into financing arrangements with a third party for these assets. As at June 30, 2022, the financial liability pertaining to such arrangements amounts to ₹861 crore. During the three months ended June 30, 2022, ₹14 crore was settled directly by the third party to the customer on behalf of the Group and accordingly considered as non-cash transaction.

2.13 OTHER LIABILITIES

(In ₹ crore)

Withholding taxes and others	2,908	2,834
Accrued defined benefit liability	4	5
Deferred income - government grants	11	11
Others	3	4
Total current other liabilities	9,245	9,178
Total other liabilities	9,818	9,629

2.14 PROVISIONS

Accounting policy

A provision is recognized if, as a result of a past event, the Group has a present legal or constructive obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

a. Post sales client support

The Group provides its clients with a fixed-period post sales support on its fixed-price, fixed-timeframe contracts. Costs associated with such support services are accrued at the time related revenues are recorded and included in Consolidated Statement of Profit and Loss. The Group estimates such costs based on historical experience and estimates are reviewed on a periodic basis for any material changes in assumptions and likelihood of occurrence.

b. Onerous contracts

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established the Group recognizes any impairment loss on the assets associated with that contract.

Provision for post-sales client support and other provisions:

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
Current		
Others		
Post-sales client support and other provisions	1,032	975
Total provisions	1,032	975

Provision for post sales client support and other provisions majorly represents costs associated with providing sales support services which are accrued at the time of recognition of revenues and are expected to be utilized over a period of 1 year.

2.15 INCOME TAXES

Accounting policy

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the Consolidated Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in equity or other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred income taxes are not provided on the undistributed earnings of subsidiaries and branches where it is expected that the earnings of the subsidiary or branch will not be distributed in the foreseeable future.

The Group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The income tax provision for the interim period is made based on the best estimate of the annual average tax rate expected to be applicable for the full financial year. Tax benefits of deductions earned on exercise of employee share options in excess of compensation charged to income are credited to equity.

Income tax expense in the Consolidated Statement of Profit and Loss comprises:

Particulars	(In ₹ crore)	
	Three months ended June 30,	
	2022	2021
Current taxes	2,350	1,937
Deferred taxes	(178)	38
Income tax expense	2,172	1,975

Income tax expense for the three months ended June 30, 2022 and June 30, 2021 includes provisions (net of reversal) of ₹35 crore and reversal (net of provisions) of ₹13 crore, respectively. These provisions and reversals pertaining to prior periods are primarily on account of adjudication of certain disputed matters, upon filing of tax return and completion of assessments, across various jurisdictions.

Deferred income tax for the three months ended June 30, 2022 and June 30, 2021 substantially relates to origination and reversal of temporary differences.

The Company's Advanced Pricing Arrangement (APA) with the Internal Revenue Service (IRS) for US branch income tax expired in March 2021. The Company has applied for renewal of APA and currently the US taxable income is based on the Company's best estimate determined based on the expected value method.

2.16 REVENUE FROM OPERATIONS

Accounting policy

The Group derives revenues primarily from IT services comprising software development and related services, cloud and infrastructure services, maintenance, consulting and package implementation, licensing of software products and platforms across the Group's core and digital offerings (together called as "software related services") and business process management services. Contracts with customers are either on a time-and-material, unit of work, fixed-price or on a fixed-timeframe basis.

Revenues from customer contracts are considered for recognition and measurement when the contract has been approved in writing by the parties, to the contract, the parties to contract are committed to perform their respective obligations under the contract, and the contract is legally enforceable. Revenue is recognized upon transfer of control of promised products or services ("performance obligations") to customers in an amount that reflects the consideration the Group has received or expects to receive in exchange for these products or services ("transaction price"). When there is uncertainty as to collectability, revenue recognition is postponed until such uncertainty is resolved.

The Group assesses the services promised in a contract and identifies distinct performance obligations in the contract. The Group allocates the transaction price to each distinct performance obligation based on the relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In the absence of such evidence, the primary method used to estimate standalone selling price is the expected cost plus a margin, under which the Group estimates the cost of satisfying the performance obligation and then adds an appropriate margin based on similar services.

The Group's contracts may include variable consideration including rebates, volume discounts and penalties. The Group includes variable consideration as part of transaction price when there is a basis to reasonably estimate the amount of the variable consideration and when it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved.

Revenue on time-and-material and unit of work based contracts, are recognized as the related services are performed. Fixed price maintenance revenue is recognized ratably either on a straight-line basis when services are performed through an indefinite number of repetitive acts over a specified period or ratably using a percentage of completion method when the pattern of benefits from the services rendered to the customer and the Group's costs to fulfil the contract is not even through the period of contract because the services are generally discrete in nature and not repetitive. Revenue from other fixed-price, fixed-timeframe contracts, where the performance obligations are satisfied over time is recognized using the percentage-of-completion method. Efforts or costs expended are used to determine progress towards completion as there is a direct relationship between input and productivity. Progress towards completion is measured as the ratio of costs or efforts incurred to date (representing work performed) to the estimated total costs or efforts. Estimates of transaction price and total costs or efforts are continuously monitored over the term of the contracts and are recognized in net profit in the period when these estimates change or when the estimates are revised. Revenues and the estimated total costs or efforts are subject to revision as the contract progresses. Provisions for estimated losses, if any, on incomplete contracts are recorded in the period in which such losses become probable based on the estimated efforts or costs to complete the contract.

The billing schedules agreed with customers include periodic performance based billing and / or milestone based progress billings. Revenues in excess of billing are classified as unbilled revenue while billing in excess of revenues are classified as contract liabilities (which we refer to as unearned revenues).

In arrangements for software development and related services and maintenance services, by applying the revenue recognition criteria for each distinct performance obligation, the arrangements with customers generally meet the criteria for considering software development and related services as distinct performance obligations. For allocating the transaction price, the Group measures the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. In cases where the Group is unable to determine the standalone selling price, the Group uses the expected cost plus margin approach in estimating the standalone selling price. For software development and related services, the performance obligations are satisfied as and when the services are rendered since the customer generally obtains control of the work as it progresses.

Certain cloud and infrastructure services contracts include multiple elements which may be subject to other specific accounting guidance, such as leasing guidance. These contracts are accounted in accordance with such specific accounting guidance. In such arrangements where the Group is able to determine that hardware and services are distinct performance obligations, it allocates the consideration to these performance obligations on a relative standalone selling price basis. In the absence of standalone selling price, the Group uses the expected cost-plus margin approach in estimating the standalone selling price. When such arrangements are considered as a single performance obligation, revenue is recognized over the period and measure of progress is determined based on promise in the contract.

Revenue from licenses where the customer obtains a "right to use" the licenses is recognized at the time the license is made available to the customer. Revenue from licenses where the customer obtains a "right to access" is recognized over the access period.

Arrangements to deliver software products generally have three elements: license, implementation and Annual Technical Services (ATS). When implementation services are provided in conjunction with the licensing arrangement and the license and implementation have been identified as two distinct separate performance obligations, the transaction price for such contracts are allocated to each performance obligation of the contract based on their relative standalone selling prices. In the absence of standalone selling price for implementation, the Group uses the expected cost plus margin approach in estimating the standalone selling price. Where the license is required to be substantially customized as part of the implementation service the entire arrangement fee for license and implementation is considered to be a single performance obligation and the revenue is recognized using the percentage-of-completion method as the implementation is performed. Revenue from client training, support and other services arising due to the sale of software products is recognized as the performance obligations are satisfied. ATS revenue is recognized ratably on a straight line basis over the period in which the services are rendered.

Contracts with customers includes subcontractor services or third-party vendor equipment or software in certain integrated services arrangements. In these types of arrangements, revenue from sales of third-party vendor products or services is recorded net of costs when the Group is acting as an agent between the customer and the vendor, and gross when the Group is the principal for the transaction. In doing so, the group first evaluates whether it controls the good or service before it is transferred to the customer. The Group considers whether it has the primary obligation to fulfil the contract, inventory risk, pricing discretion and other factors to determine whether it controls the goods or service and therefore is acting as a principal or an agent.

The incremental costs of obtaining a contract (i.e., costs that would not have been incurred if the contract had not been obtained) are recognized as an asset if the Group expects to recover them.

Certain eligible, nonrecurring costs (e.g. set-up or transition or transformation costs) that do not represent a separate performance obligation are recognized as an asset when such costs (a) relate directly to the contract; (b) generate or enhance resources of the Group that will be used in satisfying the performance obligation in the future; and (c) are expected to be recovered.

Capitalized contract costs relating to upfront payments to customers are amortized to revenue and other capitalized costs are amortized to expenses over the respective contract life on a systematic basis consistent with the transfer of goods or services to customer to which the asset relates. Capitalized costs are monitored regularly for impairment. Impairment losses are recorded when present value of projected remaining operating cash flows is not sufficient to recover the carrying amount of the capitalized costs.

The Group presents revenues net of indirect taxes in its Consolidated Statement of Profit and Loss.

Revenue from operation for the three months ended June 30, 2022 and June 30, 2021 are as follows:

Particulars	(In ₹ crore)	
	Three months ended	
	June 30,	
	2022	2021
Revenue from software services	32,278	25,847
Revenue from products and platforms	2,192	2,049
Total revenue from operations	34,470	27,896

Disaggregated revenue information

The table below presents disaggregated revenues from contracts with customers by geography and offerings for each of our business segments. The Group believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of our revenues and cash flows are affected by industry, market and other economic factors.

For the three months ended June 30, 2022 and June 30, 2021:

* Geographical revenues are based on the domicile of customer

Digital Services

Digital Services comprise of service and solution offerings of the Group that enable our clients to transform their businesses. These include offerings that enhance customer experience, leverage AI-based analytics and big data, engineer digital products and IoT, modernize legacy technology systems, migrate to cloud applications and implement advanced cyber security systems.

Core Services

Core Services comprise traditional offerings of the Group that have scaled and industrialized over a number of years. These primarily include application management services, proprietary application development services, independent validation solutions, product engineering and management, infrastructure management services, traditional enterprise application implementation, support and integration services.

Products & platforms

The Group derives revenues from the sale of products and platforms including Finacle – core banking solution, Edge Suite of products, Panaya platform, Infosys Equinox, Infosys Applied AI, Stater digital platform and Infosys McCamish – insurance platform.

Trade Receivables and Contract Balances

The timing of revenue recognition, billings and cash collections results in receivables, unbilled revenue, and unearned revenue on the Group's Consolidated Balance Sheet. Amounts are billed as work progresses in accordance with agreed-upon contractual terms, either at periodic intervals (e.g., monthly or quarterly) or upon achievement of contractual milestones.

The Group's receivables are rights to consideration that are unconditional. Unbilled revenues comprising revenues in excess of billings from time and material contracts and fixed price maintenance contracts are classified as financial asset when the right to consideration is unconditional and is due only after a passage of time.

Invoicing to the clients for other fixed price contracts is based on milestones as defined in the contract and therefore the timing of revenue recognition is different from the timing of invoicing to the customers. Therefore unbilled revenues for other fixed price contracts (contract asset) are classified as non-financial asset because the right to consideration is dependent on completion of contractual milestones.

Invoicing in excess of earnings are classified as unearned revenue.

Trade receivables and unbilled revenues are presented net of impairment in the consolidated Balance Sheet.

2.17 OTHER INCOME, NET

Accounting policy

Other income is comprised primarily of interest income, dividend income, gain/loss on investment and exchange gain/loss on forward and options contracts and on translation of foreign currency assets and liabilities. Interest income is recognized using the effective interest method. Dividend income is recognized when the right to receive payment is established.

Foreign currency

Accounting policy

Functional currency

The functional currency of Infosys, Infosys BPM, EdgeVerve, Skava and controlled trusts is the Indian rupee. The functional currencies for foreign subsidiaries are their respective local currencies. These financial statements are presented in Indian rupees (rounded off to crore; one crore equals ten million).

Transactions and translations

Foreign-currency denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are recognized in the Consolidated Statement of Profit and Loss and reported within exchange gains/ (losses) on translation of assets and liabilities, net, except when deferred in Other Comprehensive Income as qualifying cash flow hedges. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction. The related revenue and expense are recognized using the same exchange rate.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash-flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

The translation of financial statements of the foreign subsidiaries to the presentation currency is performed for assets and liabilities using the exchange rate in effect at the Balance Sheet date and for revenue, expense and cash-flow items using the average exchange rate for the respective periods. The gains or losses resulting from such translation are included in currency translation reserves under other components of equity. When a subsidiary is disposed off, in full, the relevant amount is transferred to net profit in the Consolidated Statement of Profit and Loss. However when a change in the parent's ownership does not result in loss of control of a subsidiary, such changes are recorded through equity.

Other Comprehensive Income, net of taxes includes translation differences on non-monetary financial assets measured at fair value at the reporting date, such as equities classified as financial instruments and measured at fair value through other comprehensive income (FVOCI).

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the exchange rate in effect at the Balance Sheet date.

Government grant

The Group recognizes government grants only when there is reasonable assurance that the conditions attached to them shall be complied with, and the grants will be received. Government grants related to assets are treated as deferred income and are recognized in net profit in the Consolidated Statement of Profit and Loss on a systematic and rational basis over the useful life of the asset. Government grants related to revenue are recognized on a systematic basis in net profit in the interim condensed consolidated Statement of Profit and Loss over the periods necessary to match them with the related costs which they are intended to compensate.

Other income for the three months ended June 30, 2022 and June 30, 2021 is as follows:

Particulars	(In ₹ crore)	
	Three months ended June 30,	
	2022	2021
Interest income on financial assets carried at amortized cost		
Tax free bonds and Government bonds	37	38
Deposit with Bank and others	202	290
Interest income on financial assets carried at fair value through other comprehensive income		
Non-convertible debentures, commercial paper, certificates of deposit and government securities	240	158
Income on investments carried at fair value through profit or loss:		
Dividend income on liquid mutual funds	—	—
Gain / (loss) on liquid mutual funds and other investments	8	24
Income on investments carried at fair value through other comprehensive income	1	—
Exchange gains / (losses) on forward and options contracts	(290)	(77)
Exchange gains / (losses) on translation of other assets and liabilities	417	128
Miscellaneous income, net	61	61
Total other income	676	622

2.18 EXPENSES

Accounting policy

Gratuity and Pensions

The Group provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees majorly of Infosys and its Indian subsidiaries. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Group. The Company contributes Gratuity liabilities to the Infosys Limited Employees' Gratuity Fund Trust (the Trust). In case of Infosys BPM and EdgeVerve, contributions are made to the Infosys BPM Employees' Gratuity Fund Trust and EdgeVerve Systems Limited Employees' Gratuity Fund Trust, respectively. Trustees administer contributions made to the Trusts and contributions are invested in a scheme with the Life Insurance Corporation of India as permitted by Indian law.

The Group operates defined benefit pension plan in certain overseas jurisdictions, in accordance with the local laws. These plans are managed by third party fund managers. The plans provide for periodic payouts after retirement and/or for a lumpsum payment as set out in rules of each fund and includes death and disability benefits.

Liabilities with regard to these defined benefit plans are determined by actuarial valuation, performed by an external actuary, at each Balance Sheet date using the projected unit credit method. These defined benefit plans expose the Group to actuarial risks, such as longevity risk, currency risk, interest rate risk and market risk.

The Group recognizes the net obligation of a defined benefit plan in its Balance Sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability / (asset) are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognized in other comprehensive income. The effect of any plan amendments is recognized in net profit in the Consolidated Statement of Profit and Loss.

Provident fund

Eligible employees of Infosys receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the Company make monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary. The Company contributes a portion to the Infosys Limited Employees' Provident Fund Trust. The trust invests in specific designated instruments as permitted by Indian law. The remaining portion is contributed to the government administered pension fund. The rate at which the annual interest is payable to the beneficiaries by the trust is being administered by the Government of India. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the trust and the notified interest rate.

In respect of Indian subsidiaries, eligible employees receive benefits from a provident fund, which is a defined contribution plan. Both the eligible employee and the respective companies make monthly contributions to this provident fund plan equal to a specified percentage of the covered employee's salary. Amounts collected under the provident fund plan are deposited in a government administered provident fund. The Companies have no further obligation to the plan beyond its monthly contributions.

Superannuation

Certain employees of Infosys and its Indian subsidiaries are participants in a defined contribution plan. The Group has no further obligations to the plan beyond its monthly contributions which are periodically contributed to a trust fund, the corpus of which is invested with the Life Insurance Corporation of India.

Compensated absences

The Group has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each Balance Sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the Balance Sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the entire Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect in entirety and will record any related impact in the period the Code becomes effective.

2.19 Leases

Accounting Policy

The Group as a lessee

The Group's lease asset classes primarily consist of leases for land, buildings and computers. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether: (1) the contract involves the use of an identified asset (2) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

As a lessee, the Group determines the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Infosys's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Group as a lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Following are the changes in the carrying value of right of use assets for the three months ended June 30, 2022:

Particulars	Category of ROU asset				Total
	Land	Buildings	Vehicles	Computers	
Balance as of April 1, 2022	628	3,711	16	468	4,823
Additions ⁽¹⁾	—	419	1	352	772
Deletions	—	(1)	—	(76)	(77)
Depreciation	(1)	(162)	(3)	(59)	(225)
Translation difference	(1)	(10)	—	1	(10)
Balance as of June 30, 2022	626	3,957	14	686	5,283

⁽¹⁾ Net of adjustments on account of modifications and lease incentives.

Following are the changes in the carrying value of right of use assets for the three months ended June 30, 2021:

Particulars	Category of ROU asset				Total
	Land	Buildings	Vehicles	Computers	
Balance as of April 1, 2021	630	3,984	19	161	4,794
Additions ⁽¹⁾	—	(141)	1	46	(94)
Deletions	—	(4)	—	—	(4)
Depreciation	(2)	(155)	(2)	(13)	(172)
Translation difference	3	32	1	—	36
Balance as of June 30, 2021	631	3,716	19	194	4,560

⁽¹⁾ Net of adjustments on account of modifications and lease incentives.

The aggregate depreciation expense on ROU assets is included under depreciation and amortization expense in the interim condensed Consolidated Statement of Profit and Loss.

The following is the break-up of current and non-current lease liabilities:

Particulars	As at	
	June 30, 2022	March 31, 2022
Current lease liabilities	883	872
Non-current lease liabilities	5,176	4,602
Total	6,059	5,474

2.20 BASIC AND DILUTED SHARES USED IN COMPUTING EARNINGS PER EQUITY SHARE

Accounting policy

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the Group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as at the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

2.21 CONTINGENT LIABILITIES AND COMMITMENTS

Accounting policy

Contingent liability is a possible obligation arising from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Particulars	(In ₹ crore)	
	As at	
	June 30, 2022	March 31, 2022
Contingent liabilities :		
Claims against the Group, not acknowledged as debts ⁽¹⁾	4,700	4,641
[Amount paid to statutory authorities ₹6,040 crore (₹6,006 crore)]		
Commitments :		
Estimated amount of contracts remaining to be executed on capital contracts and not provided for (net of advances and deposits) ⁽²⁾	767	1,245
Other commitments*	98	28

* Uncalled capital pertaining to investments

⁽¹⁾ As at June 30, 2022 and March 31, 2022, claims against the Group not acknowledged as debts in respect of income tax matters amounted to ₹4,025 crore and ₹4,001 crore, respectively.

The claims against the Group primarily represent demands arising on completion of assessment proceedings under the Income Tax Act, 1961. These claims are on account of multiple issues of disallowances such as disallowance of profits earned from STP Units and SEZ Units, disallowance of deductions in respect of employment of new employees under section 80JJAA, disallowance of expenditure towards software being held as capital in nature, payments made to Associated Enterprises held as liable for withholding of taxes. These matters are pending before various Appellate Authorities and the Management including its tax advisors expect that its position will likely be upheld on ultimate resolution and will not have a material adverse effect on the Group's financial position and results of operations.

Amount paid to statutory authorities against the tax claims amounted to ₹6,029 crore and ₹5,996 crore as at June 30, 2022 and March 31, 2022, respectively.

⁽²⁾ Capital contracts primarily comprises of commitments for infrastructure facilities and computer equipments.

Legal Proceedings

The Group is subject to legal proceedings and claims, which have arisen in the ordinary course of business. The Group's management reasonably expects that these legal actions, when ultimately concluded and determined, will not have a material and adverse effect on the Group's results of operations or financial condition.

2.22 RELATED PARTY TRANSACTIONS

Refer to the Company's Annual Report for the year ended March 31, 2022 for the full names and other details of the Company's subsidiaries and controlled trusts.

Changes in Subsidiaries

(2) Does not include post-employment benefit based on actuarial valuation as this is done for the Company as a whole.

2.23 SEGMENT REPORTING

Ind AS 108, Operating segments, establishes standards for the way that public business enterprises report information about operating segments and related disclosures about products and services, geographic areas, and major customers. The Group's operations predominantly relate to providing end-to-end business solutions to enable clients to enhance business performance. The Chief Operating Decision Maker (CODM) evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments. Accordingly, information has been presented along business segments. The accounting principles used in the preparation of the financial statements are consistently applied to record revenue and expenditure in individual segments, and are as set out in the accounting policies.

Business segments of the Group are primarily enterprises in Financial Services and Insurance, enterprises in Manufacturing, enterprises in Retail, Consumer Packaged Goods and Logistics, enterprises in the Energy, Utilities, Resources and Services, enterprises in Communication, Telecom OEM and Media, enterprises in Hi-Tech, enterprises in Life Sciences and Healthcare and all other segments. The Financial services reportable segments has been aggregated to include the Financial Services operating segment and Finacle operating segment because of the similarity of the economic characteristics. All other segments represent the operating segments of businesses in India, Japan, China, Infosys Public Services & other enterprises in Public Services.

Revenue and identifiable operating expenses in relation to segments are categorized based on items that are individually identifiable to that segment. Revenue for 'all other segments' represents revenue generated by Infosys Public services and revenue generated from customers located in India, Japan and China and other enterprises in Public services. Allocated expenses of segments include expenses incurred for rendering services from the Group's offshore software development centers and on-site expenses, which are categorized in relation to the associated efforts of the segment. Certain expenses such as depreciation and amortization, which form a significant component of total expenses, are not specifically allocable to specific segments as the underlying assets are used interchangeably. The Management believes that it is not practical to provide segment disclosures relating to those costs and expenses, and accordingly these expenses are separately disclosed as "unallocated" and adjusted against the total income of the Group.

Assets and liabilities used in the Group's business are not identified to any of the reportable segments, as these are used interchangeably between segments. The Management believes that it is currently not practicable to provide segment disclosures relating to total assets and liabilities since a meaningful segregation of the available data is onerous.

Business segment revenue information is collated based on individual customers invoiced or in relation to which the revenue is otherwise recognized.

Disclosure of revenue by geographic locations is given in note 2.16 Revenue from operations.

Business Segments

Three months ended June 30, 2022 and June 30, 2021:

Three months ended June 30, 2022 and June 30, 2021:
