## **Infosys Named 2022 Microsoft Security Modern Endpoint Management**

### **Partner of the Year Award Winner**

*Infosys also named Finalist in five other categories: Cloud Native App Development, Analytics, Dynamics 365 Supply Chain Management and Intelligent Order Management (IOM), Dynamics 365 Sales, and Dynamics 365 Commerce*

**New York – June 28, 2022:** [Infosys](#) (NYSE: INFY), a global leader in next-generation digital services and consulting, today announced it won Microsoft’s 2022 Modern Endpoint Management Partner of the Year Award. Showcasing Infosys’ diverse and comprehensive capabilities through [Infosys Cobalt](#) across Microsoft Cloud, Infosys also announced it was named Finalist in 5 additional [Microsoft Partner of the Year Award](#) categories, including:

- Cloud Native App Development
- Analytics
- Dynamics 365 Supply Chain Management and Intelligent Order Management (IOM)
- Dynamics 365 Sales
- Dynamics 365 Commerce

As the winner of Microsoft’s Modern Endpoint Management Partner of the Year, Infosys displayed excellence in modern workplace and security transformation. Infosys, in collaboration with Microsoft, created an agile, intelligent, and intuitive modern workplace that supports 80,000+ users at scale for a German client that had recently undergone a corporate merger. Infosys developed a truly hybrid modern workplace for the organization, highlighting its unique ability to leverage the Modern Endpoint Management and Security capabilities of Microsoft 365.

“Infosys and Microsoft have been longstanding strategic partners, and we have continued to expand our joint capabilities, especially through Infosys Cobalt, to help customers across industries accelerate their digital journeys,” said **Ravi Kumar S, President, Infosys**. “Being recognized as a Microsoft 2022 Partner of the Year Award winner is a defining moment in our valued relationship, signaling years of continued innovation together yet to come. This award not only reflects Infosys’ mastery of Microsoft implementation, but also showcases our diverse set of capabilities across the cloud.”

Infosys' Microsoft Cloud Business accelerates customers' digital journey with the power of cloud through innovation, agility and scale, while delivering specialized capabilities, industry solutions and services. The Microsoft practice at Infosys spans infrastructure, modern workplaces, business applications, data, and AI, all forming a part of [Infosys Cobalt](#), which is a set of services, solutions, and platforms for enterprises.

"I am honored to announce the winners and finalists of the 2022 Microsoft Partner of the Year Awards," said Nick Parker, corporate vice president of Global Partner Solutions at Microsoft. "These partners were outstanding among the exceptional pool of nominees, and I'm continuously impressed by their innovative use of Microsoft Cloud technologies and the impact for their customers."

The Microsoft Partner of the Year Awards acknowledge successes and innovations by Microsoft partners who have developed and delivered standout solutions for enterprise clients this past year. These competitive awards represent worldwide recognition of excellence among the thousands of Microsoft partners who submit entries within several distinct categories.

## Safe Harbor

Certain statements in this release concerning our future growth prospects, financial expectations and plans for navigating the COVID-19 impact on our employees, clients and stakeholders are forward-looking statements intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding COVID-19 and the effects of government and other measures seeking to contain its spread, risks related to an economic downturn or recession in India, the United States and other countries around the world, changes in political, business, and economic conditions, fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India and the US, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry and the outcome of pending litigation and government investigation. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2022. These filings are available at [www.sec.gov](http://www.sec.gov). Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
