PRESS RELEASE

Update on India's single largest wind order

- **Inox Wind had signed a 1,500 MW framework agreement with a subsidiary of CESC Ltd., Purvah Green Private Ltd.**
- **Of the 1,500 MW, execution of the turnkey part – 990 MW – is in full swing with commissioning expected from FY26 onwards**

Noida, April 21, 2025: Inox Wind Limited (IWL), India's leading wind energy solutions provider, updated today that the execution of the 990 MW turnkey order out of the 1,500 MW framework agreement signed is in full swing across multiple locations in the states of Gujarat, Rajasthan and Madhya Pradesh. IWL has received all the advances related to these projects and commissioning is expected in phases from FY26 onwards. This order from Purvah Green Private Limited, a subsidiary of CESC Ltd., is the single largest wind order awarded by an IPP in India to any wind OEM.

Commenting on this occasion, **Mr. Kailash Tarachandani, Group CEO, Inox Wind Ltd.**, said, "We are pleased to announce that we are now executing the entire 990 MW of turnkey project for Purvah across multiple locations. We will commence the commissioning of the project in a phased manner starting FY26. This is a milestone order for Inox Wind from an esteemed customer and we are confident of deepening our relationship further."

Mr. Sandeep Kashyap, CEO – Renewables Business at RPSG Group, said "We are pleased with the progress which we have achieved on this project. Our partnership with Inox Wind will be a strong catalyst in our quest to achieve multi-fold growth in our renewable portfolio over the next few years. This is an important project for us, which will significantly contribute to achieve our green ambitions."

ABOUT PURVAH GREEN PRIVATE LIMITED:

Purvah Green Private Limited is a subsidiary of CESC Limited, the flagship company of RP-Sanjiv Goenka Group. Purvah is developing a large renewable portfolio of wind and solar power projects across various states in India including Gujarat, Rajasthan, Madhya Pradesh, Andhra Pradesh and Karnataka.

ABOUT INOX WIND:

Inox Wind Limited (IWL) is India's leading wind energy solutions provider servicing IPPs, Utilities, PSUs & Corporate investors. IWL is a part of the US\$ ~ 12 BN INOXGFL Group which has a legacy of over nine decades and is primarily focused on two business verticals - chemicals and renewable energy. IWL is a fully integrated player in the wind energy market with four state-of-the-art manufacturing plants in Gujarat, Himachal Pradesh and Madhya Pradesh, where Blades, Tubular Towers, as well as Hubs & Nacelles are manufactured. With its state-of-the-art 3 MW series WTG offering, IWL's manufacturing capacity stands at ~ 2.5 GW per annum.

IWL's subsidiary, Inox Green Energy Services Ltd., is the only listed wind O&M services company in India, having a strong portfolio of ~ 3.5 GW and a multi-fold growth path ahead.

Through its other subsidiary, Inox Renewable Solutions Ltd. (formerly Resco Global Wind Services Pvt. Ltd.), IWL provides EPC services for wind projects and develops common infrastructure, including power evacuation infrastructure, for renewable projects.

IWL offers end-to-end wind energy solutions from concept to commissioning to O&M, manufacturing key components of WTGs, using the most advanced technology, in-house, to maintain high quality, reliability and cost competitiveness. IWL has ISO 9001:2008, ISO 14001:2004, OHSAS 18001 and ISO 3834 certifications for its management systems pertaining to the manufacturing, installation, commissioning and O&M of wind turbines. With strong promoter backing, healthy balance sheet, robust stakeholder relationships, and bright macro prospects, IWL is embarking on an exciting journey of growth and profitability.
