Key Highlights

- **8% Net Revenue growth** registered in Q2 FY27**,** stood at Rs 686 cr as compared to Rs 638 cr in Q2FY26
- Margin stability supported by premiumisation and effective cost optimisation
- IIL remains focus on executing its strategic priorities amid otherwise muted demand conditions arising from weather related disruptions during first half of current financial year
- Increase in interest cost impacted growth in PAT with working capital days stood at 158 days in H1 FY27 as compared to 151 days in H1FY26
- **Innovation Drive:** We launched 2 new products, Granuvia and Spinoace in H1FY27, through our international collaborations
- **Capacity and Backward Integration:** Continued investments in manufacturing capabilities, particularly at Sotanala and Dahej, with a focus on capacity expansion, backward integration and enhancing manufacturing capabilities.
- **Demand Pull Initiatives:** Conducted over 18,000 farmer meetings, 9,000 field days and demonstrations, and 10 lakh farmers connect by direct field activities during H1 FY27. The IIL Crop Solutions (ICS) programme is being expanded to 16 states across four key crops

Commenting on the results and performance, Mr. Rajesh Kumar Aggarwal, MD of Insecticides (India) Ltd. said:

While the first half witnessed weather related disruptions across key agricultural regions, we remained focused on strengthening the building blocks of our long-term growth strategy. Our continued emphasis on **premiumisation and operating efficiencies** has supported constituency in margins. We are deepening farmer's engagement through a transition towards farmer-led demand generation model, while **KAEROS** continues to gain traction as an emerging platform to expand distribution footprint.

We continue to advance crop-based approach, offering **end-to-end solutions** covering all the major crops in India. Through our **IIL Crop Solutions (ICS)** programme, we are currently reaching farmers across 16 states, demonstrating tangible improvements in farm economics.

Looking ahead, we remain focus on internal priorities, profitable growth and improvement in cash flow generations. Our expanded capacities, strong product pipeline, strategic partnerships and increasing farmer outreach position us well to capitalize on future opportunities and create long-term value for all stakeholders.
