SERVICE STC

SPECIAL TERMS AND CONDITIONS

FOR OPERATION AND MAINTENANCE OF ELECTRICAL SYSTEM/ELECTRICAL INSTALLATION

1. Preamble

A. All Operation and Maintenance of Electrical System/ Electrical Installation Service contracts placed through GeM shall be governed by the following set of Terms and Conditions:

I. General terms and conditions for Goods and Services.

II. Service STC contained in this document

III. BID / Reverse Auction specific ATC

B. The above terms and conditions are in reverse order of precedence i.e. ATC supersedes Service specific STC which supersedes GTC, whenever there are any conflicting provisions.

C. This document represents the Special Terms and Conditions (STC) and the Service Level Agreement (SLA) governing the contract between the Buyer and Service Provider. The purpose of this document is to outline the scope of work, Stakeholder's obligation and terms and conditions of all services covered as mutually understood by the stakeholders.

2. Objectives and Goal

The objective of this document is to ensure that all the special terms and conditions are in place to ensure consistent delivery of services to the buyer by the service provider. The goal of this document is to:

- Provide clear reference to service ownership, accountability, roles and responsibilities of both parties.
- Present a clear, concise and measurable description of services offered to the buyer.
- Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified.
- To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons.

This document will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same.

3. Stakeholders

The main stakeholders associated are:

a. Buyer: The buyer is responsible to provide clear instructions, approvals and timely payments for the services availed as per the contractual terms.

b. Service Provider: The service provider is responsible to provide all the required services in a timely manner and to the satisfaction of buyer or its authorized representative. The service provider may also include seller/ supplier/ bidder/ contractor, any authorized agents, assignees, successors and nominees as per the context and as described in the document.

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses payment terms and penalties in case of non-adherence to the defined terms and conditions.

4. Service Scope

4.1 Introduction

The Operation and Maintenance of Electrical System/ Electrical Installation and its machines and equipment are required by the buyers for smooth working and performance of the Electrical System/ Electrical Installation and its machines and equipment. The work will comprise of regular maintenance/preventive maintenance of various electrical equipments and machines as mentioned by the buyer in the bid documents.

The operations of Electrical System/ Electrical Installation and its machines and equipment will be as per the requirement of buyer and might be required round-the-clock. Regular checking of parameters is required for the smooth operation of the plant. All measures should be taken to operate the plant satisfactorily.

4.2 Scope of Work

i. The scope of work includes operation (as applicable), servicing, repairing and maintenance of Electrical System/ Electrical Installation.

ii. Responsibility to maintain Electrical System/ Electrical Installation in a healthy state all the time, to plan and undertake preventive maintenance of Electrical System/ Electrical Installation at regular intervals and attend routine maintenance activity every day and other additional required duties mentioned in the bid.

iii. Adherence to various obligations as mentioned under service provider obligations

5. Terms and Conditions

5.1 Buyer's Obligations

i. The buyer shall nominate a Nodal Officer/Engineer in-Charge from its organization to coordinate with the service provider to facilitate operation and maintenance of Electrical System/ Electrical Installation

ii. The buyer shall provide access and adequate space to the authorized personnel of the service provider to work in the specified area.

iii. If needed the complete layout of site/location/building of Electrical System/ Electrical Installation and also complete diagram shall be provided to the service provider.

- iv. The items not included in scope of the service (i.e., to be provided by buyer), if any, shall be provided by the buyer in a timely manner for smooth running of O&M service.
- v. The buyer must notify to the designated representative of the service provider, as soon as possible after the buyer becomes aware of them;

- The payment will be made to the service provider as defined by the buyer on submission of the bill by the service provider and after deducting penalty amount, if any.

8. Formula Used

8.1 Total:-

Total Price = A*B*C

Where,

A = Price Quoted by the service provider (to be quoted by the service provider on per month basis)

B = Number of machines/equipment for which Operation and Maintenance Service is required (to be quoted by the buyer). This should be kept as 1 in case Operation and Maintenance Service is required for complete system.

C = Duration for which Operation and Maintenance Service is required (To be mentioned by the buyer in months)
