Myanmar's Ayeyarwady Farmers Development Bank Public Company Limited selects Intellect's eMACH.ai Core Banking to drive end-to-end transformation at the Bank

Yangon, Myanmar, April 24, 2026: [Intellect Design Arena Ltd.](#), a global leader in AI-First, enterprise-grade financial technology, along with ACE Data Systems, today announced its **strategic partnership with Ayeyarwady Farmers Development Bank Public Company Limited (A bank PCL)**, one of Myanmar's leading commercial banks.

Under the partnership, *A bank PCL* will modernise its banking capabilities by implementing Intellect's **eMACH.ai Core Banking**, delivering a highly agile, scalable, and resilient technology foundation. The bank also leverages **Intellect's PF Credit and AI First Lending solutions** to strengthen its credit processes for loan origination and servicing significantly. PF Credit is built on Purple Fabric - an enterprise-grade Open Business Impact AI platform that delivers secure, decision-grade intelligence by leveraging Enterprise Knowledge Garden, Enterprise Digital Experts, LLM Optimisation Hub and Enterprise Governance. ACE Data Systems will be the local implementation and support partner, ensuring a strong regional presence and execution in collaboration with Intellect.

Key benefits for *A bank PCL* through this strategic partnership include:

- **Faster go-to-market** with comprehensive offerings across core banking, lending, trade finance, and treasury, all built on microservices and API based architecture
- **High extensibility and control** through parameter-driven configuration and a low-code API platform, enabling faster launch of new banking products.
- **Improved business visibility** with 'look-ahead processing' and 'Turbo-EOD algorithm', resulting in faster End-of-Day, End-of-Month and End-of-Year reports
- **Better Compliance** through Myanmar-ready payment rails, local integrations and readily available regulatory reports
- **AI-powered efficiency** with PF Credit digital experts across loan origination, credit sanction and loan servicing, resulting in 10X faster loan origination and up to 70% improvement in Net Promoter Score
