Annexure-A

Sr. No.	Particulars	Details of Pune Centre (Porteus Medical LLP, a subsidiary of the Company)
1.	Existing capacity	The Company along with its subsidiaries currently operate 9 diagnostic centres and 1 centralised laboratory (Coexist with the centre).
2.	Existing capacity utilization	Capacity utilisation is not ascertainable in quantifiable terms, as the Company operates in the diagnostic services segment, which does not have a defined or standardised production capacity. The volume of services rendered varies based on patient inflow, test mix, diagnostic complexity, equipment usage duration and operating hours. Hence, capacity utilisation cannot be measured in conventional or numerical terms.
3.	Proposed capacity addition	This capacity addition pertains to the commencement of new diagnostic modalities, namely, MRI, Mammography, CT scan, Sonography (SONO), Pathology, TMT and X-Ray services, at the Pune Centre (Porteus Medical LLP, a subsidiary of the Company).
4.	Period within which the proposed capacity is to be added	Commercial Operations started on 30 June, 2026.
5.	Investment required	The investment is approximately ₹416 lakhs, which includes cost of equipment, installation and allied expenses.
6.	Mode of financing	Company Funds.
7.	Rationale	This commencement of diagnostic centre aligns with Invicta's long-term strategy to replicate its successful Mumbai operating model in high-potential urban markets, while partnering with reputed local clinicians to drive faster scale-up and deeper market penetration
