# Noel Tata seeks records of key Sept 17 Tata Sons board meet

**NO TRUST.** Questions ties of N Chandra and TVS's Venu Srinivasan, also a Tata Sons Director

**Aneesh Phadnis**
Mumbai

Tata Trusts Chairman Noel Tata has sought the records of the September 17 Tata Sons board meeting that approved N Chandrasekaran as Chairman for a third term and questioned his (Chandra) family's business relations with the TVS group, headed by fellow board member Venu Srinivasan.

Tata made the request in a letter to Company Secretary Suprakash Mukhopadhyay on Monday. The letter was copied to other members of the Tata Sons board.

The development escalates the tensions between Tata and Tata Sons board members that have come to the fore following the contentious board meeting of September 17.

**CONTESTED DRAFT**

"The draft minutes (of board meeting) are contested in material respects. The recording is the only neutral record of what transpired and there can be no legitimate reason to withhold it from a director who was present at the meeting and who has placed his objections on record," Tata wrote. He once again said the resolution reappointing Chandrasekaran was void and no selection committee was constituted under Article 118 of the Articles of Association for reappointment.

Noel Tata, Chairman, Tata Trusts

This is particularly significant since a request for constitution of a selection committee was there since August 13.

The affirmative vote of the directors was not obtained.

The dispute has also drawn questions over the reported commercial dealings between TVS Motor Company and Hanno One Warehousing Pvt Ltd, a company associated with members of Chandrasekaran's immediate family.

**'TIES NOT DISCLOSED'**

According to the letter, media reports indicated that TVS Motor entered into warehousing and industrial park arrangements with Hanno One. Tata argued that the relationship should have been disclosed to the Tata Sons board before the directors considered Chandrasekaran's continuation as Executive Chairman.

# Anthropic flags 'existential risks' in long-awaited IPO filing

**Bloomberg**

Artificial intelligence giant Anthropic filed for an IPO, warning that its technology carries existential risks even as it moved a step closer to being the first company focused primarily on developing the most advanced AI models to go public.

The company behind Claude expects to begin trading on the Nasdaq Global Select Market under the symbol ANT, a filing on Monday with the US Securities and Exchange Commission showed. Anthropic filed confidentially in June for a listing.

The IPO is being led the Goldman Sachs Group and Morgan Stanley, along with 20 other banks, the filing shows.

Anthropic and some of its shareholders are offering stock in the IPO, according to the filing. The amount of shares they're offering will be disclosed later.

**RISKS TO HUMANITY**

The company's debut has become a focal point for the world's hopes and fears over AI, which run the gamut from worries over job displacement and the substantial upfront spending the technology needs to other, more existential, questions: Anthropic's prospectus has flagged various "risks to humanity", including attempts to "resist shutdown" and "conceal or manipulate information".

Anthropic had an $80.7 billion net loss on revenue of $16.5 billion in the first six months of 2026 versus a $13-billion net loss on revenue of $1.2 billion in the same period last year, the filing shows.

**'EXISTENTIAL RISKS'**

Anthropic is seeking to tap the public market's ample funding capacity to maintain its lead over rivals, as AI companies burn hundreds of billions of dollars to continue advancing their so-called frontier models.

It is set to begin formally marketing for its IPO as early as the week of November 9, *Bloomberg News* reported.

The company and its rival OpenAI are also facing mounting public scrutiny over AI safety after a string of high-profile hacking incidents by rogue agents, ramping up concerns about the potential impact on Anthropic's market debut.

## Rupee Plunges to 95.18 Per Dollar on Elevated Oil Prices

The Indian rupee on Monday slid below the psychologically significant 95 per dollar mark, weighed down by higher oil prices. The rupee closed at 95.18, versus its previous close of 94.94, with importer dollar demand persisting despite higher hedging costs, traders said. The rupee traded in a wide range of 94.90 and 95.26 throughout the day, gaining in the first half, and eventually retracing back to levels south of 95 per dollar as importer dollar demand picked up. ▸▸ 9

DIESEL EXPORTS BRING WINDFALL

# Petro Shipments Earn India 50% More This April-Sept

Volumes fall 16% on-year but rising oil prices, weakness in currency push up rupee earnings

**Sanjeev Choudhary**

**New Delhi:** India's earnings from petroleum product exports surged nearly 50% year-on-year in rupee terms to Rs 2.59 lakh crore in April-September, as soaring international prices and a sharply weaker rupee boosted returns despite a 16% decline in shipment volume.

Earnings increased nearly 40% in dollar terms, according to petroleum and natural gas ministry data, reflecting a sharp rise in international fuel prices. Average regional benchmark prices for diesel and petrol climbed 83% and 54%, respectively, during the six months to September. The gains were amplified by the rupee's depreciation. The currency averaged 95.17 to the dollar in April-September, against 86.44 a year earlier—a slide of about nine rupees against the US currency.

Crude oil prices remained elevated over the past six months amid supply disruptions caused by the near-closure of the Strait of Hormuz. Diesel prices faced additional pressure from attacks on Russian refineries and tighter supply-demand conditions, pushing prices to record highs in some months.

Diesel, India's biggest petroleum product export, drove much of the earnings growth. Export earnings from the fuel increased 58% in rupee terms to about Rs 1.2 lakh crore despite a 19% decline in volume. In dollar terms, earnings increased 48%, while average regional diesel benchmark prices rose to $151 per barrel.

Petrol export earnings increased 21% in rupee terms to ₹58,000 crore and 13% in dollar terms, despite a 24% fall in volume. Average regional petrol benchmark prices increased to $120 per barrel. Diesel and petrol together accounted for nearly 70% of India's petroleum export earnings in rupee terms.

The decline in export volume reflects a tightening domestic surplus as demand expanded while production stagnated, an industry executive said. Domestic consumption remained strong despite geopolitical uncertainty and domestic price increases, leaving refiners with less fuel to sell overseas.

In the six months to September, diesel and petrol consumption grew 5% and 7%, respectively, while production fell 0.3% and 0.8%, respectively.

India primarily exports diesel, petrol, jet fuel, naphtha and fuel oil. Diesel made up 42% of petroleum product exports by volume, while petrol made up 23%.

# Dailyhunt Parent Value Cut by 90% on Revenue Blues

Baillie Gifford fund pegs VerSe valuation at $576 m against peak of $5 b in 2022

**Nikhil Patwardhan**

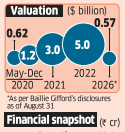

**Bengaluru:** A fund managed by British investment firm Baillie Gifford has slashed the fair value of news aggregator platform Dailyhunt's Bengaluru-based parent company, VerSe Innovation, by nearly 90% to about $576 million as of August 31, compared to its peak valuation of $5 billion in 2022.

The Schiehallion Fund pegged the fair value of its 1.3% holding in VerSe Innovation at $7.47 million, according to its portfolio disclosures reviewed by ET, implying a total company valuation of roughly $576 million. The markdown signifies a 27% decline since January and almost an 80% slide in 19 months, as per the disclosures. This is an extrapolation from the fund's investment mark rather than a price established through a fresh funding transaction.

VerSe Innovation's consolidated operating revenue fell 40% to ₹1,162 crore in 2025-26 from ₹1,930 crore a year ago, according to its latest financial statements. The decline follows an 88% surge in 2024-25, when acquisitions including Magzter and Valueleaf helped lift reported revenue.

Its consolidated net loss narrowed 28% to Rs 699 crore from Rs 976 crore, as total expenses fell 36% to Rs 1,946 crore from Rs 3,042 crore. Cash, other bank balances and current investments together declined 46% to Rs 410 crore as of March 31, from Rs 755 crore a year earlier. Crossover funds such as Baillie Gifford, which invest in both public and private companies, periodically review the value of their portfolio holdings.

**New Delhi:** The Election Commission Monday filed an affidavit in SC that the chief election commissioner and the two election commissioners had unanimously taken the decision on June 24, 2025 to conduct nationwide SIR of electoral rolls and that there was no difference of opinion.

The affidavit by deputy EC Bhanu Prakash Yeturu came with an unusual declaration that it was being filed with the approval of the CEC and the two ECs. "At the very outset, I state that the present affidavit has been approved for filing before the SC by a unanimous decision of the three members of the Election Commission, that is the 2 election commissioners and the chief election commissioner," the affidavit said.

The assertion contradicts the charge that CEC Gyanesh Kumar, at Modi govt's instance, unilaterally decided to conduct SIR of electoral rolls — the mainstay of the opposition's "vote chori" campaign.

The affidavit was filed in response to petitions, including one filed by Rahul Gandhi and other opposition netas, following a news report that the two ECs — S S Sandhu and Vivek Joshi — had approached the cabinet secretary because of their differences with the CEC over SIR-related issues.

"Allegations based on the communication between ECs and the cabinet secretary are misconceived," the EC said, adding that the letters by Sandhu and Joshi pertained to administrative matters.

### Make quitting MLAs pay poll costs: Plea

SC will examine whether legislators who resign voluntarily and contest in ensuing by-polls should bear the entire expenses incurred by EC in conducting the previous polls. ### SC: No action on deleted voters using Form 6

**New Delhi:** No one will be prosecuted for using Form 6 to reenter their name in electoral rolls, the Supreme Court verbally assured electors on Monday, reports **Dhananjay Mahapatra**. It allayed fears that use of Form 6, which asks applicants to declare they are fresh voters, for re-inclusion in draft electoral rolls could invite prosecution for false declaration.

The statement came from a bench of CJI Surya Kant and Justices Joymalya Bagchi and V Mohan while hearing a PIL against large-scale exclusion of names from Maharashtra's draft electoral roll and as a response to senior advocate Aravind Datar's plea that using Form 6 for re-inclusion would amount to lying under oath.

# Brazil bucks regional shift to right, brings back Lula

Brazilian voters have denied Latin America's resurgent right its ultimate prize, snapping a streak of seven straight conservative presidential victories in 18 months. The stunning triumph of President Luiz Inácio Lula da Silva over Flávio Bolsonaro on Sunday, two days before his 81st birthday, with 51.8% of the vote to 48.2%, limits US President Donald Trump's drive to tighten his grip on the Western Hemisphere and cements Latin America's most populous country and largest economy as a counterweight to Washington.

A Bolsonaro victory would have left Mexico's Claudia Sheinbaum as the only progressive president among the region's powerhouses.

By Monday morning, with his ally Flávio Bolsonaro, following his father's lead, refusing to concede and calling for the result to be annulled, Trump had yet to publicly acknowledge Lula's re-election, even as congratulations poured in from around the world. PM Modi congratulated Lula on his "remarkable re-election victory" and said he is looking forward to working closely with him.

For US, which has wielded tariffs, sanctions and military force to reassert its dominance in the region, Lula's victory complicates its campaign to enlist Brazil in its military coalition against cartels. AGENCIES

## SC to UP police: Educate officers on investigation

**New Delhi:** In a severe indictment of Uttar Pradesh police for carrying out a "slipshod investigation" that resulted in a man being in custody for six years when there was no evidence against him, Supreme Court Monday said the state cannot shirk its responsibility to protect citizens and directed it to pay a compensation of Rs 6 lakh to him, **reports Amit Anand Choudhary**.

"This is a classic case of how an investigation should not be proceeded with, resulting in the prosecution putting into jeopardy a person's life and liberty," SC noted at the outset of its verdict.

On Sept 30, in a separate matter, the top court had slammed UP police for not naming the accused in a road accident case.

# Just 3k turn up at last spl SIR camp for inclusion of names in voter rolls

**AlokKNMishra**@timesofindia.com

**New Delhi:** The last round of special camps organised at nearly 15,000 polling stations across Delhi on Sunday under the ongoing special intensive revision (SIR) of electoral rolls drew a tepid response, with only 3,000-odd people submitting Form-6 applications for inclusion of their names in the rolls.

Around 1,000 applications were received together through Form 7, for deletion of existing entries, including those of deceased voters, and Form 8, used for corrections in name, address etc, said officials.

The camps were organised to provide additional opportunities to eligible voters whose names were deleted from the draft electoral rolls published on Aug 31. As many as 47.6 lakh out of 1.4 crore voters were deleted from the draft SIR rolls.

Against this number, only 2.6 lakh Form-6 applications for inclusion of names have been received between Aug 31 and Oct 25, shows latest data released by the office of the chief electoral officer.

# 4 of family among 5 killed in Guwahati hotel shooting

**Prabin.Kalita**@timesofindia.com

**Guwahati:** Four members of a family were among five people fatally shot and a sixth was wounded in indiscriminate firing by a lone gunman in the reception area of a hotel at Lachit Nagar on Guwahati's central GS Road around 9pm Monday.

Ghanakanta Gogoi, the assailant who went on a shooting spree at Hotel Bilas Inn, was arrested within an hour of the killings, city police commissioner Partha Sarathi Mahanta confirmed. A licensed .32 bore pistol was found on him.

Investigators suspect a property dispute triggered the brazen attack, reminiscent of violence in public places in Northeast's largest city during the peak of militancy in Assam almost two decades ago. The family that lost four members in the shooting owns the hotel, Mahanta said.

# A cooling-off period for MPs, MLAs who quit? SC to decide

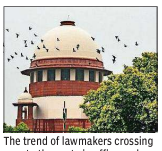

## SC Also To Examine If Candidates Should Be Made To Bear Cost If They Contest Bypolls Post Resignations

**Dhananjay.Mahapatra** @timesofindia.com

**New Delhi:** In a development that could impact politics of shifting loyalties, SC on Monday agreed to examine whether an MLA or an MP, who contests a by-election caused by their voluntary resignation, be made to bear the entire expense incurred in conducting the previous election by EC.

This question, raised by senior advocate Shoeb Alam before a bench of CJI Surya Kant and Justices Joymalya Bagchi and V Mohana, was based on the fact that six persons elected on an ADMK ticket to Tamil Nadu assembly had resigned in May and June soon after the declaration of results and defected to TVK. Two of them resigned, causing by-elections which they went on to win, this time as TVK candidates. Appearing for petitioner K Suthan, Alam said the court is also required to examine whether a person who resigned voluntarily as an MLA or MP be barred for five years from contesting MP or MLA election. The bench issued notices to Union govt, EC and the six ADMK MLAs who resigned and defected to TVK.

The trend of lawmakers crossing over to the party in power and quitting their seats to avoid disqualification and also because of the calculation that they would win again and be part of the ruling dispensation has caught on. The petitioner has asked for legislative or regulatory measures "to create a mechanism for ensuring financial accountability of elected representatives who voluntarily and prematurely resign from their seats without legally recognised compelling circumstances, including introduction of an 'election expenditure security' to recover the cost of the re-

The trend of lawmakers crossing over to the party in office and quitting their seats to avoid disqualification has caught on

sultant bye-elections."

He has requested the court to direct the Centre and EC to examine and initiate "necessary legislative and/or regulatory measures to introduce a statutory disqualification or a reasonable cooling-off period to prevent elected representatives who voluntarily and prematurely resign from contesting subsequent elections for a prescribed period." Suthan has suggested a five-year cooling-off period.

The petitioner contended that none of the vacancies in the six assembly constituencies were caused by death, permanent disability, disqualification or any other compelling circumstances and required the conduct of a by-poll, which would be funded from public exchequer. "Public should not be made to pay twice for the elections to the same constituency because of an individual's personal or political choice to resign," he said.

Refusing to entertain Suthan's petition, a Madras HC bench led by CJ S A Dharmadhikari had said, "We are being asked to design a punitive and financial regime that would operate as a fresh disqualification under the Constitution and would curtail the statutory right to contest an election. In our opinion, the same is a matter of legislative policy, not of judicial direction."

"The right to resign a legislative seat is itself a facet of the constitutional scheme governing membership of a House and cannot be burdened with extra-statutory conditions by judicial order, however sound the underlying concern may be," HC had said, refusing to entertain the plea of imposing a five-year cooling-off period against MPs and MLAs who voluntarily resign from their seats in the House.

# China has intruded 50km into Arunachal, says state Cong chief

**Prabin.Kalita** @timesofindia.com

**Guwahati:** Chinese troops have occupied strategic high ground in Arunachal Pradesh's Upper Subansiri district and advanced 40-50km into Indian land, restricting access to traditional hunting and grazing grounds, Congress state president Bosiram Siram alleged Monday and urged Centre to investigate reports from border residents. CM Pema Khandu said he did not believe an incursion was taking place.

Former education minister Siram said a Congress delegation led by him visited border areas from Aug 26 to 29 and spoke to residents. The delegation included Congress working president and former home minister Tanga Byaling and Upper Subansiri MP Jarodum Kri.

"Chinese PLA have already advanced 40km to 50km into Indian territory. Today, Chinese PLA personnel are stationed up there, at intervals. You can see their army. They are on top of the mountains, while we are down below," Siram said.

Union minister Rijiju had earlier rejected claims of intrusion but acknowledged increased Chinese activity on ridges

He alleged that entire areas had disappeared from online maps and come under Chinese control, including Asaphila and strategically important high ground.

In June, Nah Welfare Society claimed PLA had expanded its presence near Taksing, but the Indian Army called the claim "incorrect and without any basis". In Aug, a People's Party of Arunachal team alleged Indian patrols were being denied access to key points near the British-era McMahon Line, which now forms Line of Actual Control (LAC) between the two nations.

Union minister Kiren Rijiju rejected a claim of a 60km intrusion but acknowledged increased Chinese activity on high ridges. "If no intrusion or aggressive activity has occurred on the border, why are residents repeatedly raising these complaints?" Siram asked, calling for a thorough, impartial investigation. He also cited recent remarks by ITBP director general Shatrujit Singh Kapoor on face-off locations.

Siram urged govt to strengthen roads and communication networks, address residents' grievances and protect border security and traditional land use.

# Release doctor arrested for Odisha mining project clash: Kin, villagers

**Satyanarayan Pattnaik** | TNN

**Koraput:** The arrest of Dr Randall Sequeira who spent years treating tribal communities in remote Odisha villages has become the focus of a growing anti-mining protest, with his family demanding his release and police citing eight criminal intimidation cases against him.

Sequeira was arrested on Oct 16 for his alleged role in an April clash over a proposed bauxite mining-linked road project in Rayagada district. His arrest, along with that of tribal activist Laxman Naik, has triggered protests across the mining belt.

Hundreds of villagers under the Niyamgiri Suraksha Samiti banner rallied outside Muniguda tehsil office

Dr Randall Sequeira's parents and activists at rally on Monday

Monday, demanding the men's release, withdrawal of cases against tribal activists and an end to alleged efforts to facilitate mining in the Niyamgiri hills.

A rally is planned on Tuesday in Sijimali bauxite mining region. Maa Mati Mali Suraksha Manch, which has spearheaded anti-mining protests, alleged the arrests were intended to weaken opposition from locals.

The doctor's father Alex Sequeira, who travelled from Mumbai to meet him in Rayagada jail, said Monday that his 39-year-old son "has done nothing wrong but has been arrested merely because he is perceived to be sympathetic towards those opposing mining activities".

Expressing faith in the judiciary, he said the family hoped his son would be released at the earliest.

Sequeira moved from Mumbai to southern Odisha about nine years ago and travelled by motorcycle to remote villages, providing free diagnostics, treatment and medicines. His mother Nancy appealed for his release, saying remote communities depended on his services.

# *Latur's new pattern: District's drought-resistant, fodder-only jowar gets govt approval for rollout*

**Prasad.Joshi** @timesofindia.com

**Chhatrapati Sambhajinagar:** After revolutionising education with the famed 'Latur Pattern', the district has now offered Maharashtra a new template for drought resilience and farm income generation, approved by govt for rollout across the state.

Conceptualised by Latur collector Bharat Bastewad, the model combines wage support under Viksit Bharat – Guarantee for Rozgar and Ajeevika Mission (Gramin) with free high-quality fodder seed supplied through the district annual plan.

PARCHED STATE

Pic for representation

Farmers can earn up to Rs 1.5L per acre through fodder sale, said Latur collector Bharat Bastewad, who conceptualised the model

The aim is to ensure fodder availability while guaranteeing income for farmers during drought conditions.

▶ Related reports, P 10

"The model is straightforward. Govt invests and farmers earn, with no out-of-pocket cost to cultivators. Under the initiative, farmers receive nearly Rs 1.21 lakh per acre, including Rs 84,956 for wages and Rs 36,859 for fertilisers and other material," Bastewad said.

He said, "High-quality seeds are provided free under the district annual plan, so farmers don't have to spend anything. Fast returns are driven by the crop choice. The district has selected Mahabeej's 'Speed Feed' jowar, a fodder-only variety grown for green fodder and not grain."

Mahabeej's 'Speed Feed' jowar delivers its first harvest within 55-60 days of sowing. The crop regenerates twice more, allowing three fodder cuttings from a single sowing within four months. "Farmers can earn up to Rs 1.5 lakh per acre through the sale of green fodder, with govt support covering activities from land preparation to harvesting," the collector said. The model is open to any farmer with assured irrigation during the rabi period (Nov-Jan), regardless of whether they own livestock. Farmers can create an additional income stream. "Nearly 20,000 farmers in Latur have shown interest," the official said. The soil and water conservation department has approved a model expenditure of Rs 1.21 lakh for 0.40 hectare of fodder cultivation on farmers' lands.

## 100 சதவீதம் எத்தனாலில் இயங்கும் வாகனங்களுக்கு மத்திய அரசு அனுமதி

**புதுடில்லி, அக். 27-**

நூறு சதவீதம் வரை எத்தனால் கொண்ட, 'இ100' எரிபொருளில் இயங்கும் வாகனங்களுக்கு அனுமதி அளித்து, மோட்டார் வாகன விதிகளில் மத்திய சாலை போக்குவரத்து அமைச்சகம் திருத்தம் செய்துள்ளது.

இதன்படி, அதிக அளவு எத்தனால் கலந்த எரிபொருளில் இயங்கும் வகையில் வடிவமைக்கப்பட்டு, உரிய சான்றிதழ் பெற்ற வாகனங்கள் இ100 எரிபொருளை பயன்படுத்தலாம்.

எனினும், தற்போது பயன்பாட்டில் உள்ள, 'இ20' (20 சதவீதம் எத்தனால், 80 சதவீதம் பெட்ரோல்) எரிபொருளில் இயங்கும் வாகனங்கள், 'இ85' அல்லது இ100 எரிபொருளை பயன்படுத்த முடியாது என, அமைச்சக அதிகாரி ஒருவர் தெரிவித்துள்ளார்.

இ20 அல்லது வழக்கமான பெட்ரோலில் இயங்கும் வாகனங்களுக்கு, இந்த புதிய விதிகள் பொருந்தாது.

அதிக எத்தனால் கலப்பு எரிபொருளை பயன்படுத்தும் வகையில் பிரத்யேகமாக வடிவமைக்கப்பட்ட வாகனங்களுக்கு மட்டுமே இந்த அனுமதி வழங்கப்பட்டுள்ளது.

மேலும், வாகனங்களின் வகைப்பாடு, எரிபொருள் தரம், மாசு உமிழ்வு சோதனை தொடர்பான தொழில் நுட்ப விதிகளிலும் திருத்தங்கள் செய்யப்பட்டுள்ளன.

இந்தியாவில் எத்தனால் கலந்த பெட்ரோல் பயன்பாட்டை அதிகரிப்பதன் வாயிலாக, வெளிநாடுகளில் இருந்து கச்சா எண்ணெய் இறக்குமதி செய்வதை குறைக்க மத்திய அரசு நடவடிக்கை எடுத்து வருகிறது.

தற்போது, 20 சதவீத எத்தனால் கலந்த இ20 பெட்ரோல் நாடுமுழுதும் அமல்படுத்தப்பட்டு உள்ளது.

சாதாரண பெட்ரோல் வாகனங்களை போல் இல்லாமல், 'ஃப்ளக்ஸி ஃபியூல்' எனப்படும் பல வகை எரிபொருளில் இயங்கும் வாகனங்கள், இ85 மற்றும் இ100 போன்ற அதிக எத்தனால் கலப்பு எரிபொருளிலும் இயங்கும் வகையில் வடிவமைக்கப்படுகின்றன.

கடந்த ஜூலை மாதம், 'மாருதி சுசுகி' நிறுவனம், இ20 முதல் இ100 வரையிலான எரிபொருளிலும் இயங்கும் காரை அறிமுகப்படுத்தியது.

அதேபோல், 'ஹோண்டா, டொயோட்டா, டாடா மோட்டார்ஸ்' நிறுவனங்களும் உருவாக்கி வருகின்றன.
