US team to visit India to finalise interim trade pact

New Delhi: A US team is visiting India from June 1-4 to discuss finalisation of the details for the interim trade pact and take forward negotiations under the broader bilateral trade agreement (BTA), said the Commerce Ministry on Wednesday. The US team will be led by its chief negotiator Brendan Lynch. The two sides are "proposed to finalise the details of the interim agreement and take forward the negotiations under the broader BTA on multiple areas such as market access, non-tariff measures, customs and trade facilitation, investment promotion and economic security alignment", it said. On February 7, India and the US issued a joint statement finalising the contours of the framework of the first phase of the BTA or an interim trade agreement. Now, both sides will have to finalise the legal text for that deal.

'Coal gasification push a structural shift for CIL'

ALL FIRED UP. With adequate coal available, the company is geared up to meet summer demand: Chairman and Managing Director B Sairam

bl.interview

Mithun Dasgupta
Kolkata

Coal behemoth Coal India Ltd (CIL), in pursuit of coal gasification, is making a structural shift from being primarily a producer and supplier to coal-in-chemicals and cleaner fuel. Integrated energy producer, says its Chairman and Managing Director B Sairam.

He said the company expects e-auction premiums to be between 40 and 45 per cent if the demand persists. The high prices of imported coal may contribute to increased premium this fiscal, he added.

You emphasised that increased coal production and improved quality supplies are the functional areas in meeting the energy demand of the country. What is Coal India's production and supply

Coal supplies are placed at the top because we began FY27 with around 130 mt of coal stock at our pitheads, which was 17 per cent of our entire output of 768 mt in FY26. Liquidation of this inventory is our major operational

We are strengthening our coal evacuation infra through first mile connectivity projects and a rail corridor

B SAIRAM
Chairman and Managing Director,
Coal India Ltd

This approach does not entail any change in our mining operations. We will, to the extent possible, sell fresh coal in the market, so our approach of production will be in consonance with the off-take.

As per demand we will produce so that some threshold levels of stock will always be there. Because we have to be ready to make good of the pent-up demand. Sometimes logistic and mining disruptions occur in the supply chain. What we are doing is we are liquidating our stock in FY27 so that we will maintain stock to a certain threshold level to keep some buffer.

What role will CIL play to boost gasification to channel domestic coal into cleaner industrial uses?

For the company, the gasification push represents a structural shift from being primarily a coal producer and supplier to emerging as a coal-in-chemicals and cleaner fuel integrated energy producer.

The aim is to cut import dependence on industrial

feedstock and natural gas. In this, our company is synergising its coal gasification efforts with three major CPSUs — BHEL, GAIL and BPCL.

The centre-piece of this push is a coal gasification-based ammonium nitrate project of 6.6 lakh tonnes per annum capacity at Lakshminagar under our Odisha-based subsidiary, Mahanadi Coalfields. This project, at around ₹25,000 crore, is being developed through Bharat Coal Gasification and Chemicals Ltd, which is a joint venture between Coal India and BHEL. This is CIL's first commercial scale downstream coal gasification venture.

Alongside, CIL is pursuing two coal-to-synthetic natural gas (SNG) projects, each with 633 million normal cubic metres per annum capacity, aimed at supplying cleaner fuel to fertiliser units and industrial consumers.

One is being planned in Bardhaman, West Bengal, through JV with GAIL under Coal Gas India Ltd, at an estimated investment of ₹13,000 crore. The second SNG facility is being planned

at Chandrapur in Maharashtra with BPCL at a capital outlay of around ₹12,200 crore. When commissioned, the three mega facilities could anchor India's coal-to-chemicals ecosystem and reshape the country's vast coal reserves while supporting energy security and industrial growth.

The E-auction price of coal increased 51 per cent over the notified prices in April. However, the quantity allocated through the e-auction decreased 11.64 per cent on a month-on-month basis. What is the outlook going forward?

Last financial year was an aberration for coal demand. Moderated summer temperatures and heavy rainfall were the principal causes for lukewarm demand. This led to our e-auction premiums settling down at 38 per cent.

With the onset of summer demand, the power sector is consuming increased volumes of coal. So, going forward in the current financial year, we expect the e-auction premiums (add-ons

over notified price) to be between 40 and 45 per cent if the demand continues at the similar trend.

Imported coal prices, which are currently high, hold a sway over our e-auction premiums. This may contribute to increased premiums this year if the imported prices continue to hold at higher levels. E-auction volumes and premiums are driven by the market demand dynamics, and we shall offer adequate quantities through the auction window.

What are the company's plans to meet the peak summer season demand?

With adequate coal available, the company is geared up to meet the summer demand. Coal stock at domestic coal-based power plants is around 48 mt. Coal inventories at our pitheads are at around 113 mt.

Further, 50 mt of in-situ coal within mines is ready for contraction and supply if the demand necessitates. We are also strengthening our coal evacuation infra through first mile connectivity projects and a rail corridor.

'India better positioned to offer RE for data centres'

Rishi Ranjan Kala
New Delhi

India, with the world's third-largest renewable energy (RE) installed capacity and expanding transmission infrastructure, is most suited to offer green energy to operate data centres in South and South-East Asia (SSEAs).

Moody's Ratings, in a report on South and South-East Asia (SSEAs), which is among the fastest-growing data centre markets globally, expects regional capacity to double by 2030, but the pace and distribution of growth will increasingly depend on power availability, grid stability and execution capability.

INDIA GROWTH STORY
SSEAs accounts for over 3.5 GW of operational data centre capacity, which will double by 2030. Growth is shifting to India and Indonesia to serve rapidly expanding domestic demand, it added.

India is among the fastest-

scaling data centre markets globally and overwhelmingly dominates the South Asia landscape, accounting for more than 90 per cent of installed capacity in the subregion workloads.

INFRA INVESTORS
Installed capacity is estimated around 1.2 GW of IT load, with a broadly similar pipeline under construction or announced, reflecting sustained commitments from global hyperscalers and infrastructure investors.

Power availability is the main constraint on data centre capacity expansion. In SSEAs, Malaysia and India benefit from available power and transmission, supporting rapid scaling to date.

"Less than 2 per cent of generation capacity in India was used to meet data centre demand, while energy consumed by the sector was less than 1 per cent of the market total. Even if data centre capacity were to grow at the upper end of the range contemplated by market parti-

cipants to 9 GW by 2032, energy consumed will likely remain below 5 per cent of market at that point," said Moody's Ratings. This is due to the robust growth expected from other parts of the economy, as well as the substantial size of India's power market, with over 520 GW of installed capacity at the end of March 2025.

Assam Assembly passes UCC Bill amid dissent by Oppn.

Rahul Karmakar
GUWAHATI

The 126-member Assam Assembly on Wednesday passed the Uniform Civil Code (UCC) Bill, 2026, which proposes a common civil framework governing marriage, divorce, inheritance, and live-in relationships in the State.

The Bill was passed by voice vote with the support of MLAs from the ruling Bharatiya Janata Party (BJP) and its allies, while three Opposition parties – Congress, Rajiv Dal, and Trinamool Congress – opposed it.

The legislation excludes the Scheduled Tribes (STs).

Assam CM Himanta Biswa Sarma arriving at the Assembly in Guwahati on Wednesday.

also demanded that the proposed legislation be referred to a Select Committee for detailed examination.

Defending the legislation, Chief Minister Himanta Biswa Sarma accused the Congress of being indifferent to Hindu sentiments.

Opposing the Bill, Congress Legislature Party leader Wazed Ali Choudhury said enforcing the UCC would infringe upon personal liberties and create social and religious tensions.

Rajiv Dal MLA Akhil Gogoi said the Bill could "allow surveillance of people's private lives".

Arguing in favour of the Bill, members of the ruling parties said it would "empower and honour women". Opposition members said it was "unnecessary" and had been introduced "without consulting the minority organisations".

मिलने के बहाने मायके से बुलाकर पत्नी की हत्या, चेहरे पर कई वार

ऐशवाग में ईदगाह के पीछे सुनसान गली में घटना को दिया अंजाम

जागरण टीम * लखनऊ : ऐशवाग में ईदगाह के पीछे सुनसान गली में बुधवार की दोपहर पति ने मायके से मिलने के बहाने बुलाकर 26 वर्षीय पत्नी चांदनी की धारदार हथियार से हमला कर हत्या कर दी। आरोपित ने सिर और चेहरे पर कई वार किए और मौके से फरार हो गया।

आसपास के लोगों ने पुलिस को सूचना देकर महिला को ट्रामा सेंटर पहुंचाया जहां चिकित्सकों ने उसे मृत घोषित कर दिया। चांदनी के पिता शम्भू ने बाजारखाला थाने में आरोपित के खिलाफ हत्या का मुकदमा दर्ज कराया है।

को देखने के लिए जा रही थी। इसी दौरान शहीद ने फोन कर उसे मिलने बुलाया। चांदनी एक परिचित की स्कूटी से वहां पहुंची थी।

ईदगाह के पीछे पोलो कालोनी की एक गली में वह चांदनी को लेकर गया और पुरानी बातों को लेकर झगड़ने लगा। वह वापस आने लगी तो शहीद ने धारदार हथियार से ताबड़तोड़ कई वार कर दिए। हमले में उसके सिर और चेहरे पर गहरी चोट आई। शोर मचाते हुए लड़लुहान चांदनी वहीं गिर गई।

आसपास के लोग मौके पर पहुंचे और बाजारखाला पुलिस को सूचना दी गई। चांदनी को ट्रामा सेंटर पहुंचाया गया जहां उन्हें मृत

नौ जून को होनी थी दोनों की काउंसिलिंग

परिवार के लोगों ने बताया कि चांदनी और शहीद के बीच तलाक की बात चल रही थी। आगामी नौ जून को इनकी काउंसिलिंग होनी थी। कुछ दिनों पहले दोनों ने विवाह हुआ और मामला थाने तक पहुंचा लेकिन दोनों पक्षों में समझौता हो गया। शहीद ने भविष्य में विवाह न करने की बात भी कही थी। इस पर दोनों पक्ष वापस आ गए थे। हालांकि, चांदनी तब से मायके में ही थी। परिवार का कहना है कि शहीद चांदनी पर शक करता था, इस वजह से ही उसने हत्या कर दी।

घोषित कर दिया गया। पिता को तहरीर पर आरोपित के खिलाफ बाजारखाला थाने में मुकदमा दर्ज किया गया है। पुलिस उपायुक्त पश्चिम कमलेश दक्षिण ने बताया कि आरोपित को पुलिस टीम ने पकड़ लिया है। फिलहाल, पुलिस उससे पूछताछ कर हत्या के कारण का पता लगा रही है।
